

COVID-19 Update

Grant Colfax, MD
Director of Health

November 2, 2021

SAN FRANCISCO DEPARTMENT OF PUBLIC HEALTH

SF COVID cases per 100,000 residents

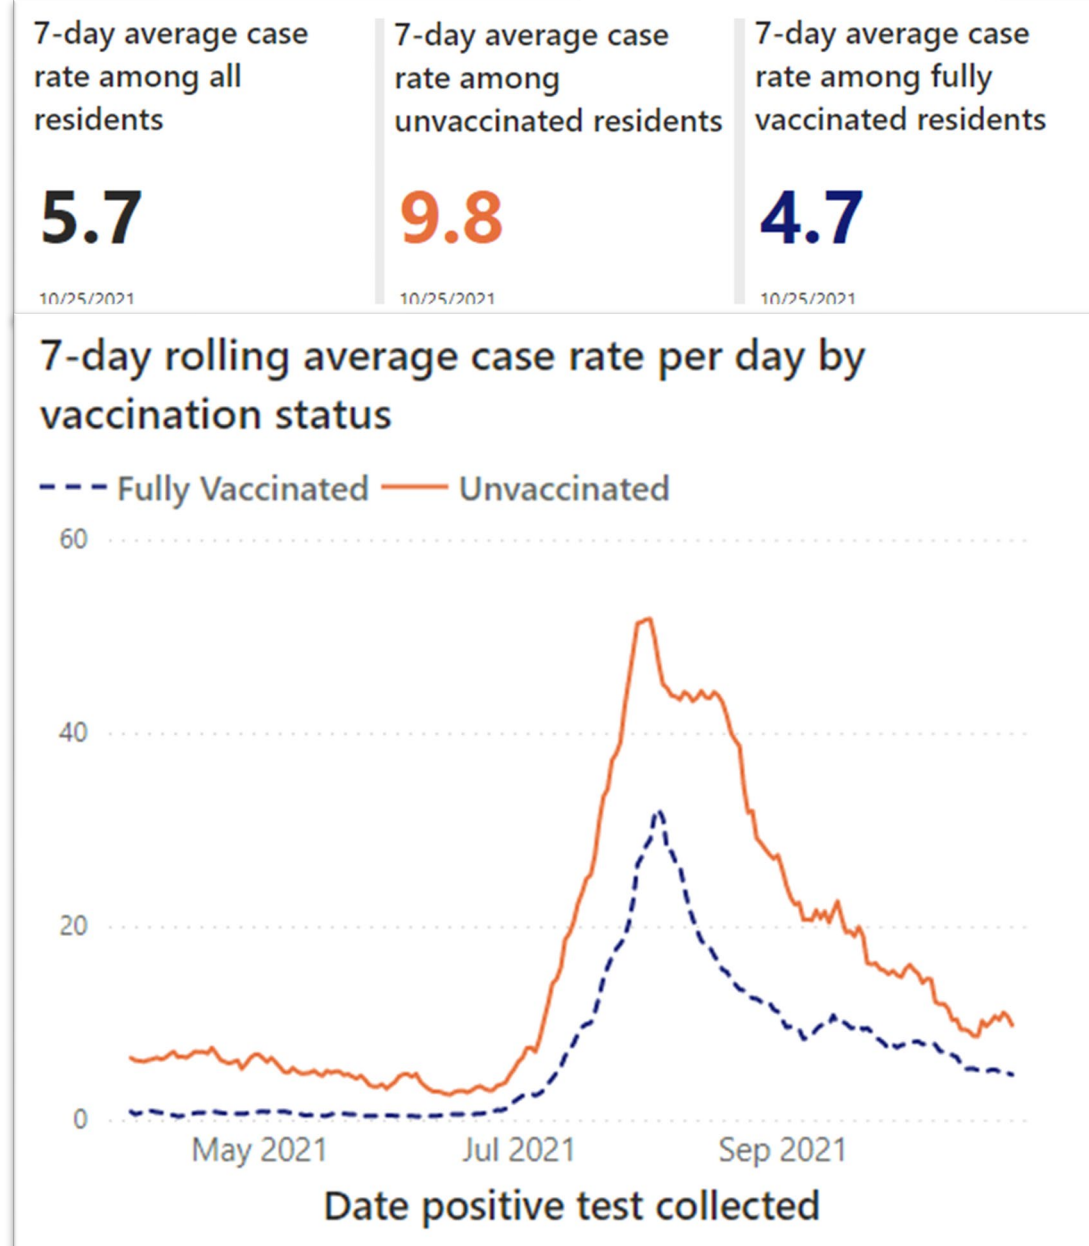

COVID+ Cases per 100,000 Population (7-day Average)

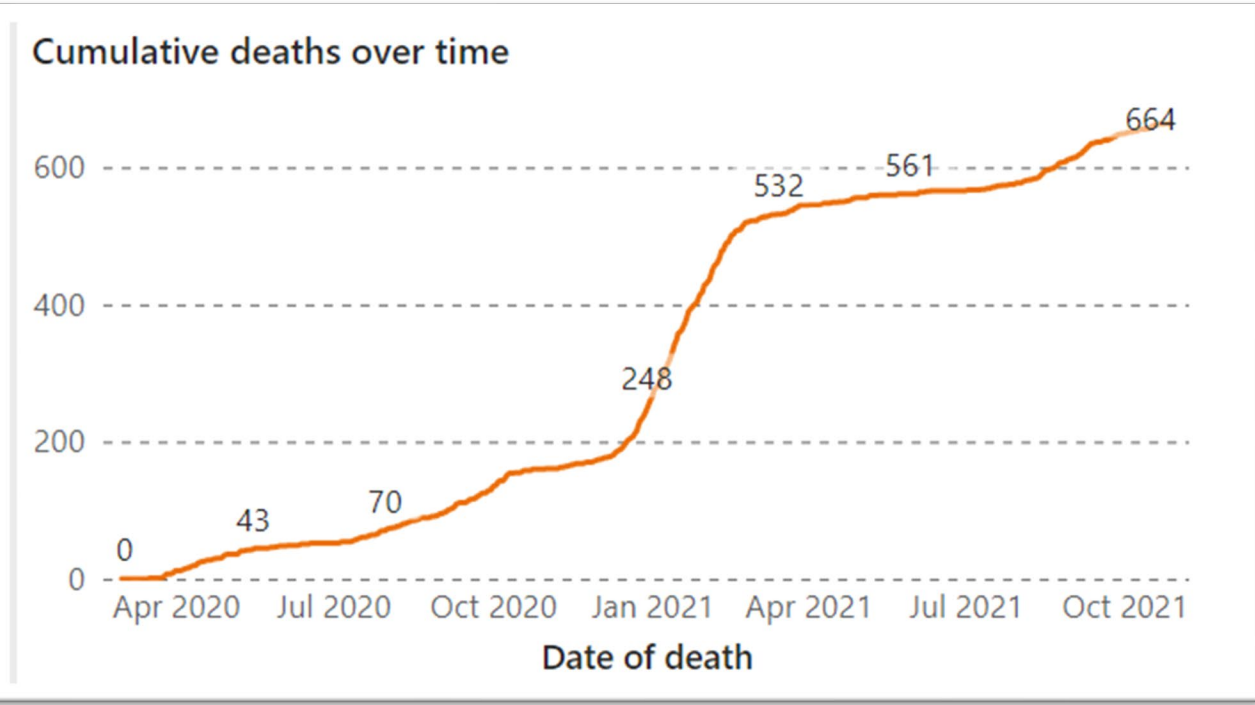

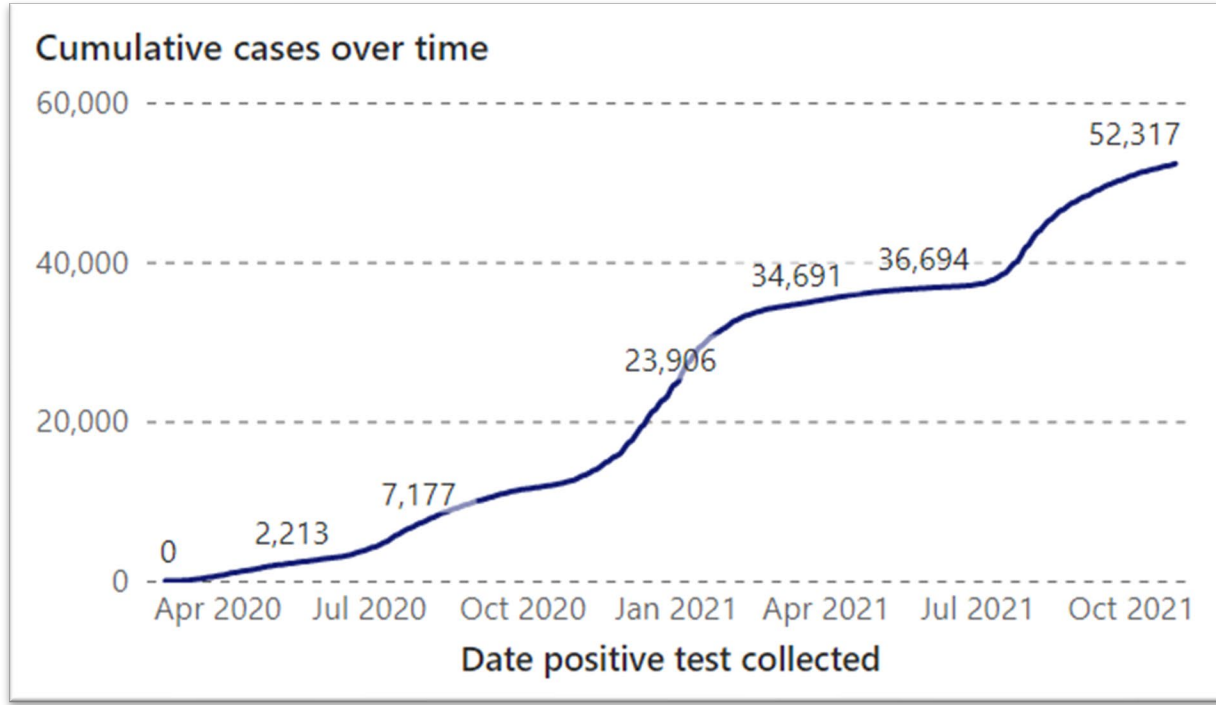

New cases by vaccination status

Cumulative COVID Cases and Deaths: SF

Reproductive Rate Still Under 1.0

Effective Reproduction Number

R_t as of 2021-10-16 = 0.81

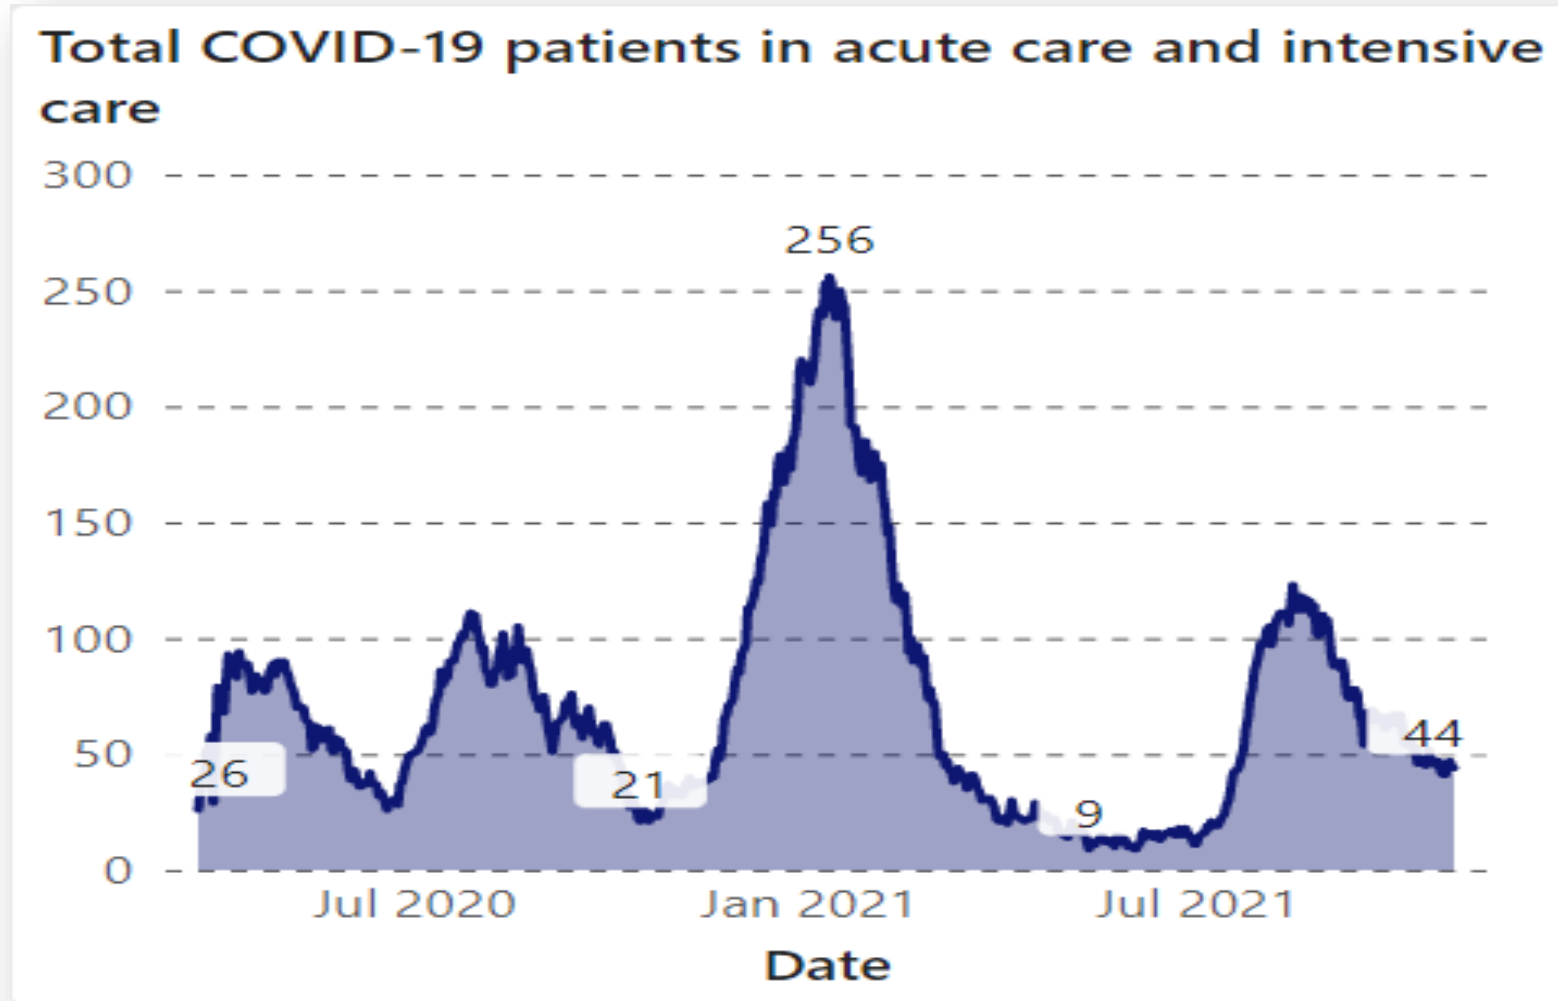

0.81

SF Hospitalizations

44 individuals on 10/29/2021, includes 11 in ICU

Data represented on the above chart is lagged by 4 days

Vaccine Administration

Population	Population Size	# Received 1 st dose	% of Population Received 1 st dose	# Received 2 nd dose	% of Population Received 2 nd dose
SF Residents all ages	874,787	706,966	81%	663,095	76%
SF Residents >12 yo	791,131	706,966	89%	663,095	84%
SF Residents 65+	135,027	131,100	>90%	124,115	>90%
SF Residents 75+	60,907	53,789	88%	50,670	83%

Vaccinations by Race/Ethnicity: Full Vaccine Series

Race/Ethnicity	Estimated percent with complete vaccine series
American Indian or Alaska Native	83%
Asian	78%
Black or African American	67%
Hispanic or Latino/a, all races	77%
Native Hawaiian or Other Pacific Islander	>90%
White	66%

Source: <https://sf.gov/resource/2021/covid-19-data-and-reports>

*For race/ethnicity groups with smaller populations, population size estimates may not be precise. If the true population is larger than the estimate we use here, then the true vaccination rate will be lower than reported above. Because of this uncertainty, we only report vaccinations rates up to 90%

Schools Data

As of 10/25

SFUSD:

- ~52,000 students and ~10,000 staff
- Cumulative student AND staff cases since August 16: 451

Private, Parochial, Charter Schools:

- ~22,500 students and ~5,000 staff
- Cumulative student AND staff cases since August 16: 166

In-school transmissions and outbreaks (for all SF schools):

- In-school transmissions: 30
- Outbreaks: 9
- All cases were either mild to moderate illness and none of these required hospitalization. A maximum of 6 cases or less of students and staff were involved in each school outbreak.
