	11:55:05 AM	BSM Operations: Send Tech. FED called and said BSM is making a beeping noise. The machine is plugged in and has 100% battery. Voters can still vote on the machine. Everything appears to be working but continues to beep. Voting continues.	12:28:56 PM	Tech confirmed it is plugged in on AC power plug and is at 100%. It is a light beep sound but is still accepting ballots so closing out. Might just be a power level in the garage causing it from the rain. Voting continues.
	12:00:00 PM	<i>Technician Contacted: Tech contacted, ETA 15-20, voting continues</i>		
	12:20:11 PM	<i>Technician Contacted: Tech arrived, looking at machine.</i>		
	12:26:58 PM	<i>Technician Contacted: Tech confirmed it is plugged in on AC power plug and is at 100%. It is a light beep sound but is still accepting ballots so closing out. Might just be a power level in the garage causing it from the rain. Voting continues.</i>
