Update on (Non) Closure of Juvenile Hall

Presentation to SF Health Commission,
Community & Public Health Committee

5-21-24

Farahnaz K. Farahmand, Ph.D., Director BHS-CYF
Mona Tahsini, LMFT, Director SPY & AIIIM Higher

Juvenile Hall Closure Update and Current Efforts

- There are no current plans to close Juvenile Hall
- DPH continues to provide services at Juvenile Hall
- JPD hired a consultant to create a conceptual design for the current Juvenile Justice Center located at 375 Woodside Ave
- It included a review of information gathered through the Close Juvenile Hall Work Group (CJHWG) process and feedback from youth and stakeholders, including DPH
- The city has not confirmed next steps for this redesign
- JPD has already begun updating many of the housing units

Special Programs for Youth (SPY) DPH Clinic inside JJC

- Staffed by a multi-disciplinary team dedicated to providing trauma-informed, culturally-relevant and accessible health services to all youth
- Primary medical care, behavioral health services, dental care, and health education, as well as coordination of subspecialty services and screening for sexually transmitted infections (STI)
- On-site medical and behavioral health services available 24/7
- Despite right-sizing staffing model, services continue to exceed minimum standards of Title 15 of the California Correctional Standards Authority for juvenile detainees
- New Function: Supporting the linkage of justice involved youth to community-based intensive behavioral health services

**SPECIAL PROGRAMS
FOR YOUTH**

SPY Current Priorities and Highlights

- CalAIM: Medi-Cal Reform
 - Justice Involved Initiatives
- EPIC Transition
- Intensive Services Practice Model for Community-Based Juvenile Justice Providers
- Highlights / Shout Outs
