Program Report

Nella Goncalves, Co-Executive Director

June 2024

- **Food Pantry**

One TI continues to serve an average of 200 households in the new year and has had to request an increase in our food delivery. We will continue to monitor our numbers as more housing developments come online.

- **One Treasure Island Programming:**

CTP 18 is midway and graduation is on Saturday, June 29th at 11:30 AM. There are 17 participants in the CTP currently.

- **Outreach & Social Media**

Community engagement continues through social media posts, posts on Next Door Treasure Island, fliers on the community boards, weekly pantry bags, mass emailing, and partnerships with the TI housing providers.

One TI continues to partner with the housing providers to outreach to the TI community on future housing opportunities in the Star View Court housing development. We have also begun to support Home Rise with the planning of the transition of their units to Catholic Charities and the John Stewart Company.

- **Community Engagement & Events**

The Juneteenth celebration planning is going well. We are working with community members and housing providers to plan the event. Please join us on 6/15 from 12-3 to celebrate Juneteenth.

The Ship Shape Community Center refresh is underway and we are excited to present a new and improved community center to the community in mid-August. We are so excited to report that this project is really an example of a community project. We are partnering with Job Corps, PCL Construction and the YMCA to make sure this project is a success. Please stay tuned for an invite.

One TI is partnering with the Life Learning Academy to host a Veterans Appreciation Supper series to feed veterans living at Maceo May over the summer. This pilot program is focused on providing youth the opportunity to give back to the Treasure Island veteran community.

TIDA Support

- **Working with the Team:** MOHCD, One Treasure Island, Catholic Charities, Mercy Housing, the Star View Court Management Team, Treasure Island Development Group, Greystar, Wilson Meany, and Lennar
- **Key Activities:** Online resource folder, email notices, one-on-one office hour sessions, Preliminary Award Notices (PANs) to Star View Court Volunteers, DAHLIA application lottery, on-island office hours

Resident Engagement

TI Advisors worked closely with the Mayor's Office of Housing and Community Development (MOHCD) to verify DAHLIA applications submitted by current Island residents holding Treasure Island Resident (TIR) numbers. Through this verification process, they ensured that Legacy and Vested Residents received priority for affordable units at Star View Court (SVC) thus offering a fair and transparent allocation of housing opportunities for current Treasure Island residents.

TI Advisors held numerous virtual one-on-one sessions, each tailored to address residents' unique housing needs. In total, 37 scheduled virtual sessions were conducted, during which residents received guidance on the next steps and assistance with their housing situations. These one-on-one meetings with TI Advisors addressed residents' unique concerns. They provided support for residents who received a move notice or those interested in the upcoming affordable opportunities on the Island.

On May 22, TI Advisors held on-island office hours to enhance accessibility for residents. Notifications informed residents that office-hour sessions were available in English and Spanish, and walk-ins were welcomed from 9:30 a.m. to 3:30 p.m. During this session, nine residents engaged with TI Advisors, benefiting from the in-person assistance and guidance provided.

In response to feedback, TI Advisors are working with the SVC management team to simplify the SVC application process. Prioritizing the feedback received last month, TI Advisors are collaborating with the Star View Court Management team to streamline and adapt the application process for Legacy Residents. They also facilitate the scheduling of one-on-one sessions between households and the management team, ensuring that all conversations are documented, and follow-ups occur to enhance transparency and support.

TI Advisors initiated pre-marketing efforts for Isle House by developing multilingual materials. The team translated the pre-marketing flyer into Spanish and Chinese and created an informational door hanger and email in English, Spanish, and Chinese. These materials were delivered to doors of 326 Villages Households, broadening accessibility, and raising awareness about the upcoming market and below-market-rate (BMR) housing opportunities at Isle House.

What information is available?

All correspondence, flyers and informational documents are easily accessible online: Residents have access to an online resource folder where they can find this information at their convenience.

TI Advisors have an electronic calendar link: this link is included in all communications making it easy and convenient to schedule a meeting time with a TI Advisor: calendly.com/tiadvisor/meeting

Monthly Summary

In May, TI Advisors prioritized responding to feedback from last month's engagement. Recognizing that Legacy Residents' application process has been lengthy, they focused on working with the Star View Court Management team to simplify it. With the 60-day notice approaching for Legacy Households eligible for Transition Units, TI Advisors increased their outreach effort. Several households have reported changes in who resides in the unit in response to the Notices to Move and TI Advisor requests to Certify Occupancy. In some cases, this has altered the household's benefit eligibility or Transition Unit entitlement.

Following MOHCD's DAHLIA lottery for Star View Court on May 15, TI Advisors received numerous emails from residents asking about the results. TI Advisors have connected with each resident to walk them through their lottery ranking and help them understand the outcomes. This support will continue as the Star View Court Management team begins the lease-up process with each household.

Many island residents were eager to learn more about the Market Rate and Below Market Rate housing available at the Isle House. TI Advisors collaborated with the Gray Star Management team to ensure residents received up-to-date information and support to qualify for these units. TI Advisors are working closely with households who have received 120 Day Notices to move to make them aware of the opportunities available at Isle House, Hawkins, 390 Avenue of the Palms as well as at Star View Court.

The TI Advisor dedicated to Early in-lieu claims saw an increase in payment applications this month, with four in-lieu Claims initiated and processed in May.

Overall, in May, TI Advisors ensured residents were well-informed about their housing options as their final move-out dates quickly approached and MOHCD released the DAHLIA lottery outcomes.

Challenges faced:

TI Advisors had many conversations with island residents in May. A summary of Resident concerns is captured here.

Some of these households expressed their opinion that the Transition Units at Star View Court do not meet what they believe should be standards for Transition Housing. Residents have expressed displeasure with the square footage of the units, limited parking, that the property is a high-rise rather than a townhome, and that the property is an affordable development.

Others expressed concerns about the number of bedrooms Legacy Households were offered in a Transition Unit or that the loss of square footage and bedrooms created a hardship for them. Others noted that the loss of easily accessible, multi-vehicle parking would be a significant challenge for them as they relied upon their vehicles for commuting to jobs, schools, health care, and shopping.

TI Advisors listened to all concerns and addressed any immediately solvable issues. TI Advisors directed residents to Star View Court property management to address any Reasonable Accommodation Requests related to bedroom count, unit modifications, and parking priorities. TI Advisors provided information about TIDA's interim parking option available at cost for one vehicle. TI Advisors also provided information on the in-lieu payment option should they ultimately conclude that the Transition Unit doesn't meet their future housing needs and preferences.

Treasure Island Museum

Report to TIDA ~ June, 2024

Since the last update, our staff and community volunteers have:

- reinstated [TREASURED STORIES](#), an exhibition featuring the oral histories of long-time island residents and business owners, created in partnership with One Treasure Island.
- hired summer interns to assist in the development of education programs and online content based on our current exhibition.
- posted videos and images from our collection on social media to build community and foster public interest in what the island offers today.
- sent representatives to community events, presented free history-based presentations to new and diverse audiences, and strengthened our partnerships with like-minded organizations.
- published several editions of our digital newsletter.
- offered guided tours of the island.

We opened a special exhibition in our free public gallery:

RESILIENCE tracks the history of Treasure Island and illuminates how its current redevelopment anticipates and addresses climate change, seismic activity, and sea level rise.

Combining an exhibition in our gallery with [online content](#) and concurrent public programs, **RESILIENCE** highlights the extraordinary measures being taken to secure Treasure Island's future while preserving significant aspects of its past.

RESILIENCE is produced with support from our members, corporate sponsors, and California Humanities.

We expanded our archives and updated how artifacts are stored:

Office furniture donated by our friends at [PCL Construction](#) and [Stantec](#) expanded our storage capacity and improved how we ensure the safekeeping of artifacts under our stewardship. Our collection of art and artifacts from the island's past continues to grow. The three original Golden Gate International Exposition posters above were part of a significant recent donation.

Our service to the Treasure Island Community continues:

Treasure Island Museum is proud to be among the cultural, intellectual, and artistic hubs on the revitalized island.

We host an ongoing series of community concerts and education programs, bringing musicians, artists, and writers to the island for pay-only-what-you-can-afford events.

Our organization's long history of community service and engagement, our open-access online content, and our free public gallery in Building One are all an integral part of what Treasure Island offers to both residents and tourists.
