

Reimagining Food Coordination in SF

A Subcommittee of the SF Food Security Task Force

August 7, 2024

Proposed Food Security Landscape - Roles and Responsibilities

Office of Food

- Create and oversee implementation of a citywide integrated plan
- Facilitate systems coordination to address food insecurity in SF
- Influence city policy, resource allocation, and enforcement
- Build infrastructure for information and referral for food services
- Track data about SF's food systems
- Staff Food Advisory Council

Food Advisory Council

- Advise on and ensure accountability of city plans and processes related to food security
- Make resolutions and recommendation for food-related policies or procedures
- Provide input and oversight into the City's food security data and reporting, as well as budget
- Advise policymakers in SF
- Meet with Mayor's Office regularly
- Ensure community input into recommendations put forth
- Advise on issues related to food security and food sovereignty

Next Steps

- August/September 2024: Create a 2 - 3 proposal brief and slides
- Fall 2024: Meet with stakeholders to educate on proposal, provide background, and best practices and research from across the country
- Food Security Task Force to formally dissolve subcommittee once work is complete
