**Subject: Painting Murals on 241 SFMTA Traffic Signal Cabinets citywide**

Dear Meredith,

This letter is in response to your request to decorate approximately 241 SFMTA-maintained signal cabinets in the City of San Francisco with painted murals. Prior to submitting a proposal for the San Francisco Arts Commission to review and approve, you must first obtain a letter from the appropriate city agency for permission to paint the cabinets, which in this case is the San Francisco Municipal Transportation Agency (SFMTA). I am writing to confirm that SFMTA is in support of our cabinets being painted (per the list of 241 locations listed on the next few pages), and do not foresee any major issues with the painting of our cabinets. Therefore, your Arts Commission review can begin. However, final approval and authorization to proceed with painting our cabinets will be contingent upon working with SFMTA on an agreement/permit that SFMTA and Building 180 must sign. Because it will take time to obtain the SFMTA permit and for Arts Commission approval, we are providing this letter so that both approval processes can start and proceed concurrently.

I look forward to working with you on the SFMTA permit. Previous art installations on our cabinets have helped to beautify neighborhoods and make San Francisco a wonderful place to live.

Sincerely,

A handwritten signature in black ink, appearing to read 'Dusson Yeung'.

Dusson Yeung  
Associate Engineer – Streets Division  
San Francisco Municipal Transportation Agency

Dear Craig and the SF Arts Commission,

As the Executive Director of ArtSpan, a leading advocate for San Francisco's vibrant arts community, I am writing to express my support for the continuation of the Paint the City project facilitated by Paint The Void and funded by the Civic Space Foundation. As an organization dedicated to connecting and enriching our local communities through art, ArtSpan sees credible value in Paint the City's commissioning artists to create murals on utility boxes. These efforts beautify our city and compensate artists for their creative labor.

During the pandemic, Paint the Void demonstrated a worthy ability to transform shuttered urban structures into vibrant, uplifting works of art. Their proposal to now reimagine utility boxes as captivating murals—turning functional city infrastructure into unforgettable works of art—is a testament to their continued commitment to supporting artists while infusing everyday urban environments with creativity and inspiration. Under the leadership of Shannon Riley and Meredith Winner, the Paint the City initiative is guided by passionate and skilled public arts organizers. Their dedication ensures that this project not only succeeds but also provides invaluable opportunities for artists to showcase their talents in highly visible and impactful public spaces.

ArtSpan appreciates Paint the Void's dedication to making art a cornerstone of everyday life in San Francisco. We believe that their continued efforts will further enhance the city's cultural landscape and inspire both residents and visitors alike, while supporting the livelihood of local artists through civic ventures.

Thank you for considering this letter of support.

Sincerely,

Joen Madonna  
Executive Director

RE: Letter of Reference for Building 180, Shannon Riley and Meredith Winner

To Whom it May Concern

I have had the opportunity to work with Shannon Riley and Meredith Winner on an art installation in Union Square in the heart of the retail district in San Francisco. They were acting as a connection between a donor and the artist Marco Cochrane. The project was a high profile installation that required extensive review, agreements with City agencies, coordination with the Union Square Alliance, structural and other technical considerations and responsiveness to a wide range of stakeholders.

They were professional, thorough and thoughtful in their work. They worked through challenging conditions and were able to get consensus with all parties.

I served as the original landscape architect prime on the Union Square Project and a member of the Union Square Alliance Board and the Union Square Foundation Board. I continue to be involved with them as we work out the installation logistics for the art piece.

Their upcoming work, Paint the City, will bring color, life and interest to utility boxes and add a spark of life to the streets as well as supporting local artists. I support it as a landscape architect with RHAA.

We look forward to working with them on the continued installation of this interesting project.

Sincerely,

**To Whom It May Concern,**

I am writing on behalf of Polk District Merchants, to recommend the expansion of Paint the City facilitated by Paint the Void in partnership with the Civic Space Foundation. This initiative has not only transformed the visual landscape of our community but also invigorated the local economy and bolstered civic pride.

Our collaboration with Paint the Void began in 2020 during a critical time when our district needed a revitalizing force. The continued success of this organization is evident in the vibrant murals that now adorn our streets and the positive feedback from local businesses and community members.

The artists selected by Paint the Void demonstrate exceptional skill and sensitivity to the cultural and historical context of our area. Their commitment to enhancing public spaces through art aligns perfectly with our vision for a dynamic and inclusive community.

We are proud of what we have achieved together and are eager to see the continued positive impact of our collective efforts.

Thank you for considering this endorsement of a truly transformative project. We look forward to future opportunities to partner with Paint the Void.

Sincerely,
