RE: Goettingen Steps Project

Dear Ms. Henriquez:

This letter is written in support of the Goettingen Neighbors Group (GNG) application for a Community Challenge Grant. The group's project would focus on the ongoing development of the Goettingen Steps. Specifically, the installation of tiles on the steps of the stairway.

Since 2018, the group has hosted monthly cleanup events around the steps. This includes litter pickup, gardening, and graffiti abatement efforts. The GNG's commitment does not just start there. In 2017, they secured nearly \$60,000 in ad-back funding from the Supervisors office to install benches and retaining walls. To sustain these projects, they have held plant and garage sales, raised funds at Neighborfest block parties, and even hosted a Drag themed Bingo Night.

The group has a track record of successfully project managing developments. In the past, they have collaborated with Public Works to improve the stairway handrail and install a gate to create a public space on the hillside.

In terms of representing their community, this group is made up of about thirteen core residents. They include San Francisco natives and recent additions to the neighborhood, people of multi-racial backgrounds, and multi-generational age groups. They worked together to create a public space where one did not exist before. Once the tile is in place, the end project will be highly visible and be an instant landmark to the Portola neighborhood.

In preparation for their CCG grant, Public Works pledges to repair the exposed rebar and other safety hazards on the concrete stairs. We would also provide no parking and street space use permits / signage for the group to construct the projects. We anticipate these are the only permits required for this project.

On behalf of San Francisco Public Works, I fully endorse the GNG's vision and application to the Community Challenge Grant program. If you have any questions, please feel free to contact me or my staff, Ramses Alvarez, at [ramses.alvarez@sfdpw.org](mailto:ramses.alvarez@sfdpw.org) or

# Steps to Wisdom

A journey ending in self-reflection

Mockup of stairway

Examples of *Words of Wisdom* customized ceramic tiles, interspersed throughout the stairway design.

Mockup of final set of stairs with mirrored tiles

As visitors ascend the stairs, they can read the *Words of Wisdom* tiles; messages and advice elicited from the neighborhood on love, self, friendship, family, and community.

This journey of self-reflection up the stairs end in a fully mirrored set of stairs, where the visitors are greeted with a literal reflection of themselves.

The stairway not only serves to beautify, but to also evoke an experience.

Lanita Henriquez, Director  
Community Challenge Grant Program  
One Dr. Carlton B. Goodlett Place Room 362  
San Francisco, CA 94102

Dear Director Henriquez,

I am the Supervisor of District 9, which includes the Portola District. I am writing to express my support for a San Francisco Community Challenge Grant to the Goettingen Neighbors Group.

I have worked on the Goettingen Stairs Hillside with the Goettingen Neighbors Group for many years, and advocated alongside them as they painstakingly built walls, benches, lighting, benches, and a handrail in this shared community space. Community members have held monthly clean ups and maintenance to keep the space safe and clean.

The Goettingen Neighbors Group is now ready to beautify the 63 steps along the stairway with custom tiling that will not only enhance the neighborhood, but also illuminate it. The Goettingen Stairs is at one of the many dead-end streets in the Portola, and these stairs allow my constituents to traverse the surrounding hills more easily.

The proposed stairway design was developed by Portola artist, Phillip Hua, who came up with the practical solution to use mirrored and reflective surfaces to illuminate the stairway. This new design project will keep the stairway safe, increase pedestrian flows, and lighten and beautify the steps. The custom tiles will be made by Ailene Barr and Collette Crutcher, who have worked on several tiled stairways in San Francisco.

I have full faith that the Goettingen Neighbors Group, in partnership with the San Francisco Parks Alliance and Public Workers, will see this project come to fruition. Please consider the Goettingen Neighbors Group Stair Project for a Community Challenge Grant award for the Fall 2020 grant cycle.

Please feel free to call my aide Jennifer Li at 917-573-1488 or email her at [Jennifer.Li-D9@sfgov.org](mailto:Jennifer.Li-D9@sfgov.org) with any questions. Thank you for your consideration.

Sincerely,

Dear Ms. Henriquez:

The Portola Neighborhood Association has had a long working relationship with the individuals who make up the Goettingen Neighbors Group (GNG) and, at times, have worked in collaboration with them for the mutual benefit to the Portola at large.

We applaud the work they have already done and support their efforts to continue building on the improvements they have made to what was once an easement next to a hillside full of weeds and trash and prone to erosion with every rainy season, spilling mud into the street. This area is now a beautifully landscaped and cared for public space.

We feel the GNG is a strong candidate for a Community Challenge Grant because they have a proven track record of maintaining and building on what they create. Since the group is largely made up of established homeowners committed to the Portola for the long term, whatever funding is granted to them will not only be well spent, but also have lasting value.

I would be happy to say more about this well-established and unified group. Please do not hesitate to call me for further information.

Yours,

Re: Goettingen Neighbors Group's Stair Project Community Challenge Grant application

Dear Ms, Henriquez:

I am writing on behalf of the Friends of 770 Woolsey Street, a San Francisco non-profit group made up of Portola residents that has worked for several years to preserve the neighborhood's history of urban agriculture at the very last of the 21 former nurseries that used to dominate this neighborhood's landscape. As a non-profit that works on community open spaces and greening, we wholeheartedly support the efforts of the Goettingen Neighbors Group to create a tiled stairway at the Goettingen garden hillside.

The addition of a tiled stairway in the midst of the beautiful Goettingen public garden space would complement the neighborhood's small but growing public art presence. The Portola has coalesced its personal and artistic identity around gardening. The City has designated this neighborhood as San Francisco's Garden District, and we hold that title proudly. In addition to the large sign at Highway 101 announcing this designation to all who drive past our neighborhood, there are numerous murals throughout the neighborhood depicting the neighborhood's agricultural history, and the flowers that used to be grown there. These stairs will be a welcome addition to the neighborhood's public art.

The Goettingen Neighbors Group has been a longtime presence in the neighborhood, steadily maintaining the hillside garden for many years. The Friends of 770 Woolsey Street admire the longtime commitment of its members for over a decade, and fully support the Goettingen Neighbors Group Stair Project for a Community Challenge Grant award for the 2020 grant cycle.

Sincerely,

("the Work") for the City artist agrees to waive and does hereby waive voluntarily all rights to attribution and integrity with respect to the Work and any and all claims as may arise under the Visual Artists Rights Act of 1990, 17 U.S.C. §§106A and 113(d) ("VARA"), the California Art Preservation Act (Cal. Civ. Code §§987 and 989) ("CAPA"), or any other local, state, foreign or international law, as currently drafted or as may be hereafter amended, that conveys the same or similar rights ("Moral Rights Laws"), with respect to the Work, its display, removal from display, exhibition, installation, conservation, storage, study, alteration and any other activities conducted by the City, its officers, employees, agents, contractors, licensees, successors or assigns. If the Work is incorporated into a building such that the Work cannot be removed from the building without physical defacement, mutilation, alternation, distortion, destruction, or other modification (collectively, "Modification") of the Work, artist waives any and all such claims under any Moral Rights Laws arising out of or against any current or future owners of the site, and its agents, officers and employees, for Modification of the Work.

The City has the absolute right to change, modify, destroy, remove, relocate, move, replace, transport, repair or restore the Work, in whole or in part, in City's sole discretion.

The City has no obligation to pursue claims against third parties for modifications or damage to the Work done without the City's authorization. However, the City may pursue claims against third parties for modifications or damage or to restore the Work if the work has been modified without the City's authorization. In the event that the City pursues such a claim, it shall notify the Artist, and Artist shall cooperate with the City's efforts to prosecute such claims.

If the City modifies the Artwork without the Artist's consent in a manner that is prejudicial to Artist's reputation, Artist retains the right to disclaim authorship of the Artwork in accordance with 17 U.S.C. § 106A (a) (2).

Artist bears the sole responsibility for providing the City with any changes to the Artist's Address for Notice. Notice of changes must be mailed to the Arts Commission, 401 Van Ness Avenue, Suite 325, San Francisco, CA 94102 AND to the City Agency with jurisdiction over the property.
