The image shows the silhouettes of several people sitting at a table in a room with large windows. They are looking out at a cityscape. The most prominent building in the background is a large, classical-style building with a prominent dome, likely a state capitol building. Other buildings of varying heights and styles are visible in the background. The scene is dimly lit, with the primary light source being the natural light coming through the windows, which creates the silhouettes of the people in the foreground.
