DESIGN CONCEPT

Please provide a succinct description of the design concept or idea (not functional goals). Attach additional page if needed.

Concrete platform and guardrail to host informational plaques memorializing the Irish Great Famine at Lincoln Park. The platform will be 320-sqft in size. The foundation footing will be set along the northern perimeter of the platform at a maximum 15-ft depth. Additional piles will be installed up to 12-ft depths along the perimeter of the platform. The entrance to the platform will be set at a ~2-ft depth into the hillside.

ADDITIONAL INFORMATION

Is this project on a City designated landmark or in a City designated historic district? If yes, please contact Tim Frye of the Historic Preservation Commission to determine whether a certificate of appropriateness or other steps are required.

COMMUNITY OUTREACH

It is your obligation to notify the community (by mail or email) that there is opportunity for public comment at the Civic Design Review Meeting. This is an important part of the public process. What has been done in this regard?

To date, limited outreach has been conducted, but we are planning a targeted approach moving forward. Our outreach strategy includes online notifications via the SF Rec & Park website/blog & virtual community meeting(s), as well as physical postings at the project site to ensure broad visibility and public awareness.
