Dear Sir/Madam

This is Siddique from Tony's Mk at 2751 24th street. San Francisco,ca-94110. I'm requesting to waive my suspension for Tobacco sales. I have been in the business for about a decade and never did anything illegal. Unfortunately, I had two pieces of electronic cigarettes that have been seating on my shelves for a long time before they got banned. I didn't realize that was Banned. Few months back an office name Mary Joanne B.F. Freitas Came to the shop for an inspection and she found those two pieces of electrical cigarettes. I explained to her that those cigarettes were seating on the sleeves for a while and I forgot to remove them. I apologized to her and said it won't happen again. Few days ago I got a call from her and she was yelling at me about why I didn't reply her letter. I'm so sorry that, I missed the letter. I have been working my self all day long just to stay in the business. My business is been very very slow and it's 50% down right now. I don't know how can I stay in the business. I have two kids. So, please I'm requesting you to remove my suspension. It will be a very difficult to stay in the business without tobacco.because, it's bring some customers in a daily base. Again I apologize and It won't happen again.

Thank you so much.

Siddique.

Dear Alec,

I will stand by on my previous statement that I submitted .however, I would like to add one more thing that,

my business is slow down about 50% than before. If I get a suspension on tobacco it will be a big impact on my business. It will be hard for me to stay in business. So, I strongly request that, could you please waive my suspension and let me sell tobacco I will highly appreciate it. I promise you it won't happen again.

Thank you so much Siddique.

despite multiple opportunities to remove all unapproved electronic cigarette products from the establishment. Because Appellant does not offer evidence rebutting any of the violation of the Health Code, the Department's rules and regulations requires the Department and the hearing officer to impose a 20-day suspension. The Board of Appeal should uphold that suspension.

#### BACKGROUND

On December 5, 2017, the Department issued a tobacco sales permit to Appellant (Exhibit A to Declaration of Inspector Michelle Vega ["Vega Decl"], ¶ 3).

On February 12, 2020, the Department mailed a fact sheet about the City's ban on the sale or distribution of electronic cigarettes lacking a Pre-Market authorization by the FDA to every tobacco sales permit holder including Appellant. The fact sheet included website and contact information with additional restricted electronic cigarette sale information (Exhibit B to Vega Decl., ¶ 4).

In November 2020, The Department mailed a Tobacco Retailer Booklet to every tobacco sales permit holder including the Appellant. The booklet included information on the City's Retail Tobacco and Smoking Laws and provided education on products that cannot be sold including restricted electronic cigarettes (Exhibit C to Vega Decl., ¶ 5).

On May 6, 2022, Inspector Joanna Huber conducted a compliance check at Tony's Market & Liquor, saw electronic cigarettes without FDA premarket authorization, and issued Appellant a Notice of Correction. Appellant signed a compliance notification acknowledging its responsibilities under the prohibited sale of restricted electronic cigarettes and potential consequences (Exhibit D to Vega Decl., ¶ 6).

On April 30, 2024, Inspector Maribel Rodriguez conducted a compliance check at Tony's Market & Liquor and again, found electronic cigarettes without FDA premarket authorization and

issued Appellant a Notice of Violation (Exhibit E to Vega Decl., ¶ 8).

On October 10, 2024, Senior Inspector MaryJoanne Freitas issued a Notice of Initial Determination ("NOID") to Appellant, determining that Appellant was in violation of Article 19R of the San Francisco Health Code based on the prohibited sale of restricted electronic cigarettes documented on May 6, 2022 and April 30, 2024 (Exhibit A to Declaration of Inspector MaryJoanne Freitas ["Freitas Decl"], ¶ 3). The NOID states the basis for the Department's initial determination which includes acts that constitute the basis for the 20-day suspension. Appellant was advised that the NOID would be deemed final and would go into effect 15 days after the NOID was issued if Appellant does not request a hearing during that time.

On November 6, 2024, the Department submitted a declaration to the hearing officer appointed by the Director of Health that the Department had not received a request for hearing (attached to the NOID as "Director's Hearing Request Form") from Appellant, which was 28 days since the Department had issued the NOID. Therefore, on November 25, 2024, the hearing officer issued a Director's Hearing Order determined that the Department properly served Appellant with the NOID via USPS Certified mail, Appellant had failed to submit the within 15 days from the date that the NOID is received, and so the hearing officer determined that Appellant had waived their right and issued an order upholding the findings stated in the NOID to be true. The order mandated the Appellant to stop all sales of restricted electronic cigarettes and suspend Appellant's tobacco sales permit for 20-days and warned that any further prohibited tobacco sales would result in at least a 40-day suspension. Appellant appeals that Order (Exhibit H to Vega Decl, ¶ 11).

#### **ARGUMENT**

I Appellant Does Not Dispute the Multiple Violations of San Francisco Health Code Section 19R Cited by the Department

San Francisco Health Code (SFHC), Article 19, Section 19R prohibits the sale or distribution of

electronic cigarettes lacking Food and Drug Administration premarket approval. Appellant does not dispute in their Preliminary Statement of Appeal [or in their Appellant's Brief] that its employees sold or distributed restricted electronic cigarette products in violation of this law. The Department has thoroughly educated Appellant since the law went into effect in 2020. The Department conducted compliance checks on 2 separate occasions after the educational outreach from May 2022 through April 2024 and each time found prohibited products onsite. Appellant does not challenge the compliance checks, nor does Appellant deny violating the Article 19R.2 by stocking and selling restricted electronic cigarettes at the establishment. Since Appellant does not deny stocking and selling restricted electronic cigarettes, no evidentiary basis exists for the Board to overturn the Director's determination that Appellant violated San Francisco Health Code, Section 19R.2.

# II. The Department May Enforce a Suspension Based on a Single Violation of the Health Code

Violations of SFHC, Article 19R are enforceable through the provisions in Article 19H. (*See* Health Code § 19R.4.) In particular, Section 19H.14-3 provides that "[u]pon a decision by the Director that the Permittee or the Permittee's agent or employee has engaged in *any conduct* that violates Health Code Section 19R.2 (Sale or Distribution of Electronic Cigarettes Lacking Food and Drug Administration Premarket Order of Approval Prohibited), the Director may suspend a Tobacco Sales permit as set forth in Section 19H.19." (Health Code § 19H.14-3(a) [emphasis added].) And, Section 19H.19 allows the Director to suspend a permit for a maximum of 90 days for a first violation. (Health Code § 9H.19(a).) As described above, Appellant has repeatedly violated Article 19R despite notice and education from the Department. After each instance during which the Department prohibited restricted electronic cigarettes, Appellant would temporarily comply the Department's directive to cease selling restricted electronic cigarettes. But invariably, the Department would return to identify new products in violation of the Health Code.

Appellant's notice of appeal appears to argue that Appellant was unaware of the ban on the sale of restricted electronic cigarettes but was clearly and repeatedly educated on the sale and distribution of restricted electronic cigarettes. The 20-day suspension imposed by the Director is the length of suspension for a second violation. Appellant admits to receiving the NOID and clearly neglected to act upon what was outlined on the notice and never requested to dispute the notice until after a Director's Order was issued.

#### III. Appellant's 20-Day Suspension is Authorized by the Department's Rules and Regulations

San Francisco Health Code Section 19H.14-3(a) authorizes the Department to suspend a retail tobacco sales permit of a permittee that violated the sale of restricted electronic cigarettes. Section 19R.3 authorizes the Director to adopt rules, regulations, or guidelines for the implementation and enforcement of Article 19R. (Health Code § 19R.3.) The Director has issued rules and regulations pursuant to Section 19R.3 that allow permittees who violate Article 19R for the second time to serve a suspension period of 20 days.

Appellant does not challenge the Department's authority to impose a 20-day permit suspension. Nor does Appellant argue that the Department otherwise failed to follow the requisite suspension process. Rather, Appellant seeks reconsideration of the suspension. Given that Appellant failed to stop the sale of restricted electronic cigarettes, Appellant's request should be denied. Consistent with this public health initiative and to protect the health and safety of City youth, imposition of a 20-day suspension is appropriate.

#### **CONCLUSION**

For the reasons set forth above, the Department requests that the Board of Appeals uphold the 20-day suspension of Appellant's retail tobacco sales permit. No basis exists for the Board to conclude that the Department and the hearing officer acted other than in accordance with City law. 5 Dated: December 30, 2024

#### **2020 Annual Tobacco Retailer Mailing**

#### December 1, 2020

Dear Tobacco Retailer,

Thank you for complying with San Francisco and California tobacco sales policies. Your commitment to adherence to tobacco laws is greatly appreciated and important to community safety.

Many San Francisco businesses have been deeply impacted by the coronavirus (COVID-19) pandemic. If your business has been impacted, there are resources (such as financial support and personal protective equipment) available through the Office of Economic and Workforce Development (OEWD) programs. Please visit: https://oewd.org/businesses-impacted-covid-19 or call 415-554-6134 for more information.

To assist you in complying with tobacco sales laws, we have provided the enclosed booklet "Responsibilities of a Tobacco Retail License Holder." This booklet may answer any questions retailers may have regarding tobacco product sales. Please read it carefully and completely. Please be informed of the changes in the laws related to the sale of tobacco products:

- San Francisco Health Code Articles 19R and 19S are fully in effect and prohibit the sale of electronic cigarettes that require, but have not received, an order from the Food and Drug Administration (FDA) approving their marketing, including flavored tobacco products. An E-cigarette is any device or delivery system sold in combination with nicotine for a single price which can be used to deliver to a person nicotine in aerosolized or vaporized form. An E-cigarettes may also be known as e-cigar, e-pipe, vape pen, or e-hookah or other names. The definition of E-cigarettes includes any liquid or substance containing nicotine, whether sold separately or sold in combination with any device that could be used to deliver to a person nicotine in aerosolized or vaporized form.
- Please note that displaying any flavored tobacco products (including e-cigarettes) for sale and selling those products to anyone are both violations of the local ordinance and may result in suspension of your Health Permit to sell tobacco products to anyone in San Francisco. In most cases it is clear what a flavored product is, as the product may feature word(s) indicating a flavor on the package and/or has a recognizable aroma. If you are unsure if a product is flavored, please contact your distributor and request documentation from them that a specific product does not have a Characterizing Flavor.

As a reminder, tobacco product "means (1) any product containing, made, or derived from tobacco or nicotine that is intended for human consumption, whether smoked, heated, chewed, absorbed, dissolved, inhaled, snorted, or sniffed, or ingested by any other means, including, but not limited to, **cigarettes**, **cigars**, **little cigars**, **chewing tobacco**, **pipe tobacco**, **bidis or snuff**; (2) any device or component, part, or accessory that delivers nicotine alone or combined with other substances to the person using the device including but

not limited to electronic cigarettes, cigars, or pipes, whether or not the device or component is sold separately." Anyone purchasing any of these products in San Francisco must be 21 years of age or older, regardless of military service.

The Department will support safe re-openings through compliance inspections and continue to monitor for the presence of illegal products (e.g., flavored tobacco and nicotine products, and e-cigarettes without FDA pre-market approval).

Information on how to obtain non-smoking and tobacco sales signs, more detail about tobacco sales laws, and an overview of the permit process in San Francisco can be accessed at the SFDPH website at <a href="https://www.sfdph.org/dph/EH/Tobacco/">https://www.sfdph.org/dph/EH/Tobacco/</a>. 3. **Tobacco Tax:** Effective April, 1 2017, a tax increase to \$2.87 per pack of 20 cigarettes is applied in California. This tax increase is applied to the distributor and not to the retailer.

### How is this Law Enforced?

California and San Francisco enforcement agencies use under age youth decoys to check and see if stores sell tobacco to anyone under 21 years old.

# What happens if an employee sells to someone under 21?

### **Under California Law:**

Employee or person selling tobacco products can be subject to:

- Criminal action or misdemeanor;
- Criminal fine of up to \$6000;
- Suspension or revocation of license.

### **Under San Francisco Law**

Tobacco permit can be suspended up to:

- 90 days for the first violation;
- 180 days for the second violation;
- 365 days (1 year) for the third violation.

Employers are responsible for everything that happens at their business. Train your employees to follow the law so that your store does not lose customers or profit.

# San Francisco Laws that Impact Tobacco Retailers

### 6. Tobacco Permit Density Cap

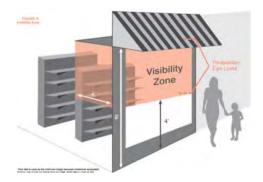

New SFDPH Tobacco Sales Permits can only be approved in San Francisco Supervisorial Districts that contain less than 45 Tobacco Sales Permits and the location meets strict density requirements.

### **More information at SF Dept of Public Health:**

www.sfdph.org/dph/EH/tobacco www.sftobaccofree.org/density

### 7. Storefront Transparency Law

Storefronts must be transparent at eye level between 4 ft to 8 ft in height and be 75% open to view 4 ft inside the store from the window. This keeps you and your customers safe.

# More information at SF Planning Department: Read the Guidelines:

http://default.sfplanning.org/publications\_reports/Guidelines\_Storefront\_Transparency-112513.pdf

# How to Train Employees Annually To Comply with Laws

#### WHEN SHOULD I TRAIN MY EMPLOYEES?

New employees: Before they start working at your store and selling products.

### Existing employees: Once a year.

Each year in the spring, San Francisco Department of Public Health sends mailings to all tobacco retailers about new and existing laws related to selling tobacco products. We suggest that you train and review with your employees each year after you receive this packet.

**HOW LONG SHOULD THE TRAINING BE?** 30 minutes.

#### WHAT SHOULD THE TRAINING COVER?

- 1. What is a tobacco product (page 3).
- 2. Laws that relate to selling tobacco products (pages 9-20).
- 3. How to make sure the customer buying tobacco products is 21 years or older (page 21).
- 4. How to refuse selling tobacco products to a customer under age 21 (page 22).
- 5. Common mistakes people make resulting in selling to an underage customer (page 23).

## HOW DO I SHOW THAT MY EMPLOYEES ARE TRAINED?

- 1. Every year after employees complete the training, ask them to sign and date the training verification form on pages 25-26. Maintain this record in your files for up to 4 years.
- FDA also recommends that the store owner does their own check to make sure your employees are not selling to minors.

# Minimum Age to Purchase Tobacco is 21

In 2016, the minimum age to purchase tobacco products increased from 18 to 21 years of age (Health Code 19P) in San Francisco. Similarly, California State law (SBX17) also raised the minimum age to purchase tobacco products to 21 years of age, effective June 9, 2016. Anyone attempting to purchase tobacco products must be 21 or older. Anyone selling tobacco products must check a valid ID to ensure a buyer is 21 years old or older before selling. The minimum age to purchase tobacco and alcohol in California is 21 years old.

San Francisco and the State of California does not exempt military personnel under 21 years of age

Tobacco products are the number one cause of death in the United States and worldwide. Tobacco products can lead to all forms of cancer, heart disease, stroke, and many other diseases. All this could

be prevented by not using tobacco products.

Almost all (9 out of 10) adult smokers started smoking by the age of 18. Increasing the minimum age to purchase tobacco from 18 to 21 can prevent people from becoming lifelong users of tobacco products. Youth 15-17 years old will have a more difficult time buying tobacco products underage. Raising the minimum age to purchase tobacco protects youth from the harms of tobacco products and ensures that they can have healthier lives that contribute to their family and community.

## No Sale of E-Cigarettes

### SF Health Code 19R and 19S Restrict the Sale, Manufacture, and Distribution of Tobacco Products, Including Electronic Cigarettes

The legislation was passed by the San Francisco Board of Supervisors and approved by the Mayor on June 28, 2019. Starting on January 29, 2020 retailers must stop selling or distributing restricted tobacco products.

### How do we define "E-cigarette"?

An E-cigarette is any device or delivery system sold in combination with nicotine for a single price which can be used to deliver to a person nicotine in aerosolized or vaporized form. An E-cigarette may also be known as e-cigar, e-pipe, vape pen, e-hookah or other names. The definition of E-cigarettes includes any liquid or substance containing nicotine, whether sold separately or sold in combination with any device that could be used to deliver to a person nicotine in aerosolized or vaporized form.

### **Examples of E-cigarettes are:**

- Nicotine Pod or E-liquid (sold without device)
- Vape Starter Kit with Nicotine (sold together under a single price)

### Electronic cigarettes do not include:

 Any device not sold in combination with any liquid or substance containing nicotine (Example – Vape Pen without nicotine).

### **More information at SF Dept of Public Health:**

Vape Starter Kit with Nicotine

Sold together under a single price

Nicotine Pods or E-liquids

Sold without the device

# As of January 7, 2020, there are only two Electronic Cigarettes products approved to be sold in San Francisco:

- 1. Philip Morris Products S.A., Marlboro Heatsticks
- 2. Philip Morris Products S.A., IQOS System Holder and Charger

# No Sale of Flavored Tobacco Products

# San Francisco Health Code 19Q prohibits the sale of all flavored tobacco products.

The voters affirmed the decision to prohibit the sale of all flavored tobacco products in San Francisco in 2018.

### What is a flavored tobacco product?

A flavored tobacco product includes menthol cigarettes, flavored e-cigarette liquids, flavored blunt wraps, flavored chewing tobacco, and other flavored tobacco products.

### How can retailers comply?

- 1. No flavored product should be allowed on the shelf for sale.
- 2. Selling, displaying, or offering flavored tobacco constitutes a license violation and can result in a suspension.
- 3. Refuse flavored products from distributors and do not allow flavored products on your premises.
- 4. Inform customers that San Francisco law does not permit the sale of flavored tobacco. Continue to abide by all other laws and responsibilities of retailers.

Health inspections are conducted annually. Remember that the sale of a flavored tobacco product to anyone under the age of 21 would constitute two violations of San Francisco law, and may result in a suspension.

**Optional:** Post the Flavored Tobacco flyer visible to customers to inform them of the new law

- 2. I am an Environmental Health Inspector with the San Francisco Department of Public Health ("DPH"). I have held this position for 8 years. Since January 2024, I have worked in DPH's Tobacco Program, where I review and process applications for tobacco sales permits and conduct inspections to confirm compliance with Articles 19H (permits for the sale of tobacco), 19Q (prohibiting the sale/distribution of flavored tobacco products) and 19R (prohibiting the sale/distribution of restricted e-cigarette products) of the San Francisco Health Code.
- 3. On October 10, 2024, I issued a Notice of Initial Determination ("NOID") to Owner based on the April 30, 2024 Notice of Violation ("NOV") that was issued to the business for a violation of the San Francisco Health Code Article 19R. Attached hereto as Exhibit A is the NOID. The NOID required Owner to immediately remove restricted e-cigarettes from the establishment, cease sales of any restricted e-cigarettes, and serve a permit suspension of 20 days, and other related findings. The NOID also advised Owner that they had the right to request a hearing by submitting the attached Director's Hearing Request Form.
