August 2023

**TABLE
1A-E**

The following fees apply to all permits issued on and after **August 28, 2023**.

Permit applicants are required to itemize the proposed scope of work and select the appropriate category and fee amount.

Separate permits are required for each structure, condominium unit, existing dwelling unit (except in R3 occupancies), common area, commercial office floor or individual tenant space.

Standard hourly permit issuance and inspection rates shall apply for installations not covered by this fee schedule.

Fees shall be paid in full prior to obtaining: occupancy approval, job card signature, permission to energize, or final sign-off, as applicable.

For the purpose of fee calculation: appliances and utilization equipment each count as one outlet or device in addition to receptacles, switches, and light outlets.

All permit fees related to reviewing the installation of pedestrian level lighting are hereby waived for any permit issued for such activities for Small Business Enterprises during the month of May. For purposes of this Section, a Small Business Enterprise shall be a business that has 100 or fewer employees. The Planning Department and the Department of Building Inspection shall establish process by which those two departments will certify that an applicant is a Small Business Enterprise for the purpose of this Section and Section 355 of the Planning Code.

See Table 1A-R for refund policy.

See Table 1A-J for permit extensions.
