

# Special Public Comment

December 4 – December 18

- Both 6.01 and 4040 went out Immediate Release in September (effective date October 1, 2024)
- Immediate Release requires public comment at later date
- Additional non-immediate release but substantial clean-up work has since occurred for both 6.01 and 4040
- Immediate Release provisions are highlighted in yellow (current policy as of October 1, 2024)
- Non-immediate release provisions added in teal (not current, but proposed policy additions)
- Versions with and without redlines are added (for ease of readability)
- In order to best incorporate your feedback, if you have comments that need policy language changes please provide suggested text
