

## Entertainment Commission

*City and County of San Francisco*

### **JAM to BAM Agenda Setting Criteria:**

Upon receipt of a JAM to BAM permit application, the Deputy Director, or their designee, shall review the application and determine that the application will be on the **regular permit agenda** when the proposed application has **any** of the following characteristics:

1. A change or enhancement to existing programming plans. Examples include, but are not limited to, requesting increased hours of outdoor entertainment and/or amplified sound, or changing the location of the permitted activity; or
2. EC Staff receive neighborhood opposition in response to the permit application; or
3. Unresolved compliance issues with current JAM permit conditions. This includes recent unmitigated Notices of Violation or Citations. Please note: applicants with historical compliance issues may be added to the *consent agenda* if the applicant has since taken steps to mitigate these issues and has proven compliance with JAM permit conditions at follow-up EC site visits; or
4. If the Director, or their designee, determines that the application warrants further review by the Entertainment Commission.

Alternatively, upon receipt of a JAM to BAM permit application, the Deputy Director, or their designee, shall review the application and determine that the application will be on the **consent permit agenda** when the proposed application has **all** of the following characteristics:

1. Brick and mortar permit application proposes the same outdoor programming as the JAM permit currently allows. This includes type of activation (amplified sound and/or entertainment), location of programming, and hours of proposed activity; and
2. EC Staff do not receive neighborhood opposition in response to the permit application; and
3. The business holds an existing ongoing JAM permit that is in good-standing. Good-standing means there are no current compliance issues including no active Notices of Violation or Citations. Please note: applicants with historical compliance issues may be added to the *consent agenda* if the applicant has since taken steps to mitigate these issues and has proven compliance with JAM permit conditions at follow-up EC site visits.

**Adopted by the Entertainment Commission:** February 7, 2023
