Dear Ms. Carr:

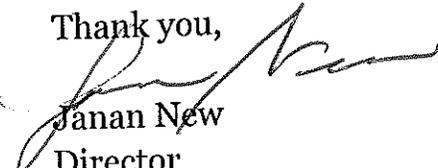

The Ballot Simplification Committee's meeting to discuss, and consider for adoption, the draft digest materials for the proposed "Renters Economic Relief" ballot measure is currently scheduled for tomorrow, March 3, at 9AM. The draft digest materials are to be made available to the public for review and comment prior to the meeting. We have contacted you numerous times since last week for a copy of the proposed language, but the language was not ready until 1:30PM today.

As it is impossible to comment on draft ballot materials that are not received prior to the Ballot Simplification Committee's meeting, we request that the meeting scheduled for tomorrow morning be rescheduled to allow at least two days before the meeting for the public to review the draft materials and provide comments.

Please let us know if this meeting will be rescheduled and the new meeting date.

We look forward to hearing from you.

Thank you,

Janan New
Director
