**The Way It Is Now:** City College of San Francisco has nine campuses. City voters elect a seven-member Board of Trustees that governs the college. The college is funded in a variety of ways, including a parcel tax and voter-approved bonds.

**The Proposal:** Proposition \_\_ is a measure that would allow the college to borrow up to \$845 million by issuing bonds to:

- Repair, construct or acquire buildings, sites and equipment;
- Make earthquake safety improvements; and
- Upgrade energy efficiency and increase the use of renewable energy.

Proposition \_\_ would require the creation of a citizens' oversight committee to review how the bond funds are spent.

If needed, Proposition \_\_\_ would allow an increase in the property tax to pay for the bonds.

**A "YES" Vote Means:** If you vote "yes," you want City College of San Francisco to borrow up to \$845 million by issuing bonds to repair, construct or acquire buildings, sites and equipment; make earthquake safety improvements; and upgrade energy efficiency and increase the use of renewable energy.

**A "NO" Vote Means:** If you vote "no," you do not want City College of San Francisco to issue these bonds.
