

SAN FRANCISCO CLEAN ENERGY ACT

August 4th, 2008

To the SF Ballot Simplification Committee,

Thank you for your diligent work to ensure a ballot that accurately and simply reflects the content of legislation on the November ballot.

I am writing to officially submit a request for reconsideration of the language you developed describing the San Francisco Clean Energy Act.

I look forward to suggesting edits that will aid your process and help identify the most appropriate language possible.

Sincerely,

Julian Davis
Chair, SF Clean Energy Campaign
