

Request for Reconsideration, submitted by Supervisor Aaron Peskin via e-mail on August 7:

Dear Ms. Carr,

I respectfully request reconsideration of one sentence in the language for the Historic Preservation Commission language as I believe it would be more accurate.

The sentence on page two currently reads as follows:

"Decisions regarding historic preservation could be appealed."

I propose that the language be changed to:

"Historic Preservation Commission decisions could be appealed."

I am available to present this to the Ballot Simplification Committee tomorrow.

Sincerely,

Aaron Peskin
