**Renovation of Playgrounds, Walking Trails, and Athletic Fields**  
(working title only, subject to change)

**THE WAY IT IS NOW:**

The City Charter grants the Recreation and Park Department the power to construct, operate, maintain and renovate parks and park facilities. These renovations can include installing synthetic turf and nighttime lighting on athletic fields.

**THE PROPOSAL:**

Proposition \_\_\_ would amend the Park Code to require allowing the Recreation and Park Department to renovate any children's playground, walking trail, or athletic field if the renovation satisfies the following conditions:

- an environmental impact report has documented that the renovation would double the public's use; and
- an environmental impact report has been certified, if conducting one was required by law.

Proposition \_\_\_\_\_ does not provide any funding for these renovations.

These renovations could include installing synthetic turf and nighttime lighting on athletic fields.

This ordinance would apply retroactively and require the renovations to take place, such as the artificial turf and nighttime lighting project at the Beach Chalet Soccer Fields in Golden Gate Park.

The Board of Supervisors could by a two-thirds' vote amend this ordinance without voter approval.

If Proposition [ ] passes with more votes than Proposition [ ], Golden Gate Park Athletic Fields, Proposition [ ] would be rendered void and without any legal effect.

**A "YES" VOTE MEANS:** If you vote "yes," you want to add the above requirements to the Park Code.

**A "NO" VOTE MEANS:** If you vote "no," you do not want to add the above requirements to the Park Code.
