

Hi Barbara. I forgot to mention that Section 17 (pages 9 and 10) of the text of the ballot measure does refer to additional costs.

Thanks,
Aubrey Freedman

Thank you. We will share this with the members of the Committee for discussion at their meeting on Thursday.

Hi Barbara. We took a look at the housing bond measure and would like to suggest two changes:

1. Under the section "The City could use the funds to:" 5th bullet, we think it would be more impartial to change the word "teachers" back to "educators" as listed in Section 2, line 19; Section 3, line 23; and Section 8, line 10 of the text of the measure. Since the funds will be used to help administrative staff as well as actual teachers on the frontline, it seems more balanced to stick with the broader term listed in the actual text.
2. In the following section "Proposition A would allow an increase in the property tax to pay for the bonds, if needed," we suggest the addition of a few extra words to reflect the additional costs that always accompany the sale of bonds. Please consider adding the words "interest, legal expenses, and bond fees," before "if needed."

Thanks,

P.S. I have attached a printout of the current wording where I handwrote in the suggested changes.
