Various members of this team have been working in the COVID response since January 2021 while maintaining the LHH and ZSFG Supply Chain regular operations. Their work in Logistics Section in the COVID response only intensified as each month passed, and continues to expand daily given the monumental tasks they complete in mitigating the current surge. People in this Unit have stretched themselves in ways they probably did not know was possible, all the while supporting one another through transitions, staffing challenges, shut-downs, demobilization and 4 surges. The team members developed innovative systems to manage the millions of units of PPE and other non-scarce supplies distributed across SF each week. They are the unsung heroes of emergency response- This team has saved thousands of lives.
