

# Surveillance Impact Report

War Memorial  
Security Cameras

---

As required by San Francisco Administrative Code, Section 19B, departments must submit a Surveillance Impact Report for each surveillance technology to the Committee on Information Technology ("COIT") and the Board of Supervisors.

The Surveillance Impact Report details the benefits, costs, and potential impacts associated with the Department's use of the Veterans Building Surveillance Camera System.

## DESCRIPTION OF THE TECHNOLOGY

The San Francisco War Memorial & Performing Arts Center manages, maintains and operates safe, accessible, world-class venues to promote cultural, educational, and entertainment opportunities in a cost-effective manner for enjoyment by the public, while best serving the purposes and beneficiaries of the War Memorial Trust.

In line with its mission, the War Memorial Security Division utilizes the Veterans Building Surveillance Camera System to increase security officer capacity directly related to public safety. The technology enhances the Department's ability to provide a safe and welcoming environment to patrons, visitors and staff.

War Memorial shall use the Veterans Building Surveillance Camera System only for the following authorized purposes:

### *Authorized Use(s):*

1. Live monitoring.
2. Recording of video and images in the event of an incident.
3. Reviewing camera footage.
4. Providing video footage/images to law enforcement or other authorized persons following an incident.

Prohibited use cases include any uses not stated in the Authorized Use Case section.

Further, processing of personal data revealing racial or ethnic origin, political opinions, religious or philosophical beliefs, trade union membership, gender, gender identity, disability status, or an individual person's sex life or sexual orientation, and the processing of genetic data and/or biometric data for the purpose of uniquely identifying an individual person shall be prohibited.

---

## Surveillance Oversight Review Dates

COIT Review: March 18, 2021

Board of Supervisors Review: TBD

## Technology Details

War Memorial surveillance cameras are located in public areas of all floors in the Veterans Building. Additional cameras are planned for public interior and exterior areas of the Veterans Building.

The following is a product description of the Veterans Building Surveillance Camera System:

Cameras: Mobotix S15D FlexMount Dual Camera

Server: Rasilent ApplianceStor90

Software: Avigilon Control Center Server v6.8.6.4.

### A. How It Works

The technology's primary functions are to provide live views and record video footage to a dedicated, secure server. The system is comprised of multiple cameras connected by data cables and infrastructure to the server. The footage is recorded on the server and stored for a limited amount of time.

Data collected or processed by the Veterans Building Surveillance Camera System will not be handled or stored by an outside provider or third-party vendor on an ongoing basis. The Department will remain the sole Custodian of Record.

## IMPACT ASSESSMENT

The impact assessment addresses the conditions for surveillance technology approval, as outlined by the Standards of Approval in San Francisco Administrative Code, Section 19B:

1. The benefits of the surveillance technology outweigh the costs.
2. The Department's Policy safeguards civil liberties and civil rights.
3. The uses and deployments of the surveillance technology are not based upon discriminatory or viewpoint-based factors and do not have a disparate impact on any community or Protected Class.

The Department's use of the surveillance technology is intended to support and benefit the residents of San Francisco while minimizing and mitigating all costs and potential civil rights and liberties impacts of residents.

### A. Benefits

The Department's use of security cameras has the following benefits for the residents of the City and County of San Francisco:

- Education
- Community Development

X

Health

Protect safety of staff, patrons, and facilities while promoting an open and welcoming environment.

- Environment

X Criminal Justice

Review video footage after a security incident; provide video evidence to law enforcement or the public upon request by formal process, order, or subpoena.

- Jobs
- Housing
- Other

### B. Civil Rights Impacts and Safeguards

The Department has considered the potential impacts and has identified the technical, administrative, and physical protections as mitigating measures:

The Department has considered the potential impacts and has identified the technical, administrative, and physical protections as mitigating measures:

War Memorial believes the Veterans Building Surveillance Camera System poses potential risks to civil liberties in respect to dignity loss and loss of liberty.

An individual could be embarrassed or experience emotional distress if cameras capture behaviors, appearances, or circumstances by which they might feel humiliated. Examples include views of someone exhibiting an emotional outburst, a person's clothing or hair being disheveled, or someone having their physique ridiculed or leered at. Risks for loss of dignity are reduced by restricting access to live views, as well as recorded footage, to a limited number of trained Security staff. In addition, the cameras do not pan, tilt or zoom, thus removing possible temptation for system operators to use those features to follow or enhance views of individuals. Audio is also not recorded or enabled.

Loss of liberty could potentially occur if a person were to be misidentified as the perpetrator of a crime or other incident, making them subject to wrongful arrest. An innocent person might be similar in appearance to someone who committed an offense. Surveillance images could reinforce other circumstantial evidence tying the wrong person to a criminal incident. As an example, someone might be wearing clothing like clothing worn by someone seen leaving an office where a theft had just occurred. Loss of liberty risks due to misidentification of a subject in surveillance video is mitigated by restricting access to live views and recorded footage to a limited number of trained personnel.

### C. Fiscal Analysis of Costs and Benefits

The Department's use of surveillance cameras yields the following business and operations benefits:

<b>Benefit</b>	<b>Description</b>
X Financial Savings	Department Security Camera Systems will save on building or patrol officers.
X Time Savings	Department Security Camera Systems will run 24/7, thus eliminating building or patrol officer supervision

X Staff Safety Security cameras help identify violations of Department Patron Code of Conduct and provide assurance that staff safety is emphasized and will be protected at their place of employment.

X Data Quality Security cameras run 24/7/365 so full-time staffing is not required to subsequently review footage of security incidents. Data resolution can be set by level and is currently set to high resolution.

Number of FTE (new & existing)	.25 of 1 8207's time 2.5% of 1 1093's time (est. 1 hour per week)	
Classification	8207 and 1093	
	<b>Annual Cost</b>	<b>One-Time Cost</b>
Total Salary & Fringe	\$32,697	
Software		\$4,260
Hardware/Equipment		\$14,730
Professional Services		\$5,520
Training		\$570
Other		\$140,000
<b>Total Cost</b>		<b>\$197,777</b>

The Department funds its use and maintenance of the surveillance technology through

The Veterans Building Surveillance Camera System is an existing system that was installed during the Veterans Building Seismic Retrofit and Renovation Project completed in 2015. A subsequent project to upgrade the Surveillance Camera server and software was completed in 2018. Of the Total Cost of \$197,777, \$165,080 has already been expended. Salary & Fringe costs of \$32,697 are ongoing annual costs. The War Memorial funds the ongoing costs associated with this system through its Annual Operating Budget.

### **COMPARISON TO OTHER JURISDICTIONS**

Surveillance Cameras are currently utilized by other governmental entities for similar purposes.

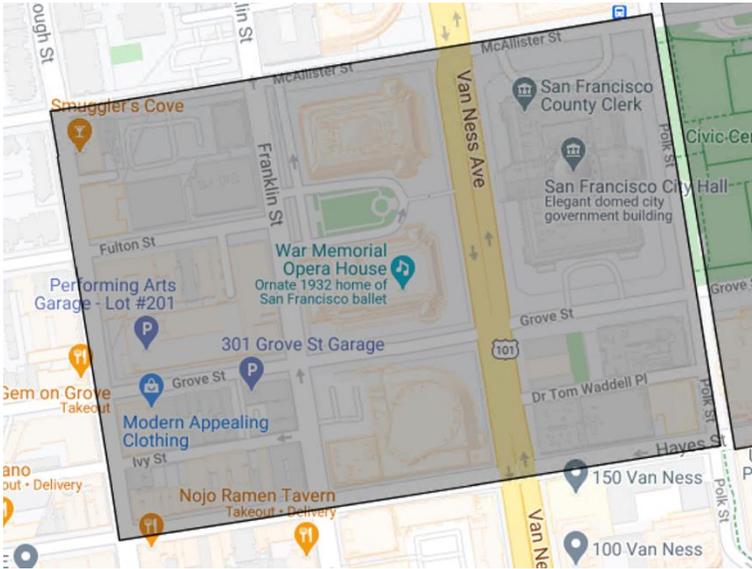

## Appendix A: Crime Statistics

Department: War Memorial

Section 19B requires each department in their Surveillance Impact Report to respond to the following question if applicable, "the general location(s) [of the surveillance technology] may be deployed and crime statistics for any location(s)."

The War Memorial Department operates a total of 27 Security Cameras at the following location:

- 401 Van Ness Ave, San Francisco, CA 94102

[Image description: The image shows a screenshot of a mapped area around the War Memorial building.]

Incident Category	Number of SFPD Incidents	Percent
	1	0.001701
