LAND ACKNOWLEDGEMENT

The San Francisco Arts Commission acknowledges that we are on the unceded ancestral homeland of the Ramaytush Ohlone who are the original inhabitants of the San Francisco Peninsula. As the indigenous stewards of this land and in accordance with their traditions, the Ramaytush Ohlone have never ceded, lost nor forgotten their responsibilities as the caretakers of this place, as well as for all peoples who reside in their traditional territory. As guests, we recognize that we benefit from living and working on their traditional homeland. We wish to pay our respects by acknowledging the ancestors, elders and relatives of the Ramaytush Community and by affirming their sovereign rights as First Peoples. As a department dedicated to promoting a diverse and equitable Arts and Culture environment in San Francisco, we are committed to supporting the traditional and contemporary evolution of the American Indian community.

Freedom's Threshold

To honor Harriet Tubman's rich legacy, I have designed a free standing sculpture in metal and glass. Drawing on the traditional architecture of Harriet Tubman's home, we see Harriet standing in the doorway, giving us the physical reminder not to be bound by convention and to step into freedom.

The sculpture is 12 ft tall, rising from a 4 ft footprint as specified in the RFP. The 8 ft image of Harriet Tubman is constructed out of 10" x 10" glass tiles. These dimensions were designed to give Harriet Tubman presence but still be relatable to human scale. The overall 12 ft height of the sculpture was designed to work in relationship to the surrounding new buildings with 16 ft doorways.
