Dear Colleagues and Friends:

I am pleased to announce the release of the 2016 San Francisco Juvenile Probation Department (SFJPD) Annual Statistical Report. We hope you will find this report useful and informative. While there has been a slight increase in the number of referrals between 2015 and 2016, the Juvenile Justice system has continued to experience an overall decline in the number of youths referred to the juvenile court as well as reductions in the average daily population in our Juvenile Hall and at Log Cabin Ranch from 2012-2016. At the same time, the complexity and breadth of youth needs continues to expand. We are grateful for the opportunity to serve the youth and families of our community and eager to engage in best practices that continue to drive down the numbers of youth we see each year. In addition, the partnerships of juvenile justice practitioners and community agencies continues to be the centerpiece of the success our County experiences. We cannot afford to rest on the progress made thus far, as there is still much work to be done. Youth of color are still disproportionately represented in our juvenile justice system when compared to the percentages of these youths by race and ethnicity represented in our community at large. We also believe that there are opportunities for us to consider the impact of implicit bias on our case processing decisions and develop mechanisms to reduce the adverse impacts that can result when racial and ethnic disparities exist.

As we continue to experience reductions in the number of bed days served by detainees, this also presents an opportunity to repurpose unused detention space to create recreational, social development, and vocational training programs. This year, we converted one of the vacant units to a Merit Center. This new recreational space allows the department to focus on ways to incentivize positive behavior in our youth so they are motivated to earn the opportunity to access this fun and socially stimulating environment, while detained in juvenile hall. In partnership with the San Francisco Unified School District, we have further expanded the garden program in the outside yard to a true living classroom and interactive learning space. We are also seeking to repurpose an additional vacant unit to create a culinary arts training program designed to help youths develop marketable job and work readiness skills. All of these initiatives made possible as a result of the continuing support and investment of our community, and the tireless efforts of our staff and agency partners. We look forward to further advancing our efforts to serve youth and families, develop effective partnerships, and enhance public safety.

Sincerely,

Allen A. Nance
Chief Juvenile Probation Officer

The total number of outcome (court dispositions) will not agree with the number of petitions and referrals since some petitions filed in 2016 will be decided in 2017 and multiple petitions are combined with one final outcome only. Not all referrals resulted in a petition filed.

Terms and Definitions

Juvenile Probation Referrals - All cases referred to the probation department for purposes of screening. These referrals may or may not result in a booking or petition for adjudication of wardship.

Juvenile Hall Referrals - All cases referred to Juvenile Hall for booking purposes. A youth may or may not be booked into juvenile hall depending on their score on the DRI (Detention Risk Instrument) or other exclusions.

Juvenile Hall Bookings - All youth booked into Juvenile Hall.

Petition - A formal statement by the District Attorney's Office alleging that the juvenile is delinquent for committing specified offense.

Petition Sustained - Charges are found true.

Court Disposition (Outcome)

The court has a number of "dispositional" alternatives. They can dismiss the case, transfer to jurisdiction of residence, make the youth a ward of the court, place him/her on informal probation or non-ward probation. More stringent alternatives could be a commitment to out of home placement, Log Cabin Ranch or the Department of Juvenile Justice (DJJ).

San Francisco Juvenile Justice System Terms:

Arrest: The taking of a minor into custody by the police, when the police believe that the minor has committed a violation of a criminal law. A minor may also be taken into custody by the police for an alleged probation violation or pursuant to a warrant issued by a court. While the use of the term arrest is commonplace, technically minors are not arrested; they are detained or taken into temporary custody by the police.

Case: The opening of a file by any agency for a minor who is being processed by that agency because the minor is alleged to have committed an act that violated a criminal law or an act that is illegal only for minors.

Citation: The issuance of a written document to a minor by the police, informing the minor of an offense that the minor is alleged to have committed and ordering the minor to appear before a probation officer on a certain date and time. The minor will not be kept in the custody of the police after the citation is issued.

Detention (secure): When a minor is placed in secure custody at Juvenile Hall and is remains overnight (technically, is arrested on one day and remains in JH at 6 a.m. the next).

Home Detention (non-secure): When a minor is released to her or his home, rather than put into secure detention, but with strict conditions placed on the minor by the Juvenile Court or the Juvenile Probation Department.

Dismissal: When formal charges against a minor, contained in a petition to the Juvenile Court, are dismissed and therefore the minor is not brought under the formal jurisdiction of the Court.

Disposition: A decision by the Juvenile Court with respect to what placement/supervision a minor who is made a ward of the Court will receive. A minor placed under the formal supervision of the Court is made "a ward of the Court."

Law violation: A charge that a minor has committed an act that would be a criminal act if committed by an adult.

Booking: The process of admitting a person to Juvenile Hall.

Referral: The Juvenile Probation Department counts as a referral all separate instances when a minor is cited or brought to the JPD. It uses the term *contact* interchangeably with referral and indicates that each contact represents a "unit of work" for the Department. Referrals include contacts beyond those related to arrests, citations, bookings, or cases.

Petition: A formal statement by the District Attorney's Office alleging that the juvenile is delinquent for committing specified offense. **Petition Sustained:** Charges are found true.

Most serious charge: Of all the charges on the petition, the charge ranked most serious by the California Department of Justice hierarchy, which carries the most jail time.
