re: 2017 SFJPD Annual Statistical Report

Dear Colleagues and Friends:

The San Francisco Juvenile Probation Department 2017 Annual Statistical Report is now available. This report reflects referrals to our juvenile justice system and the outcomes of the youths brought to our attention as a result of allegations of criminal conduct in the community. The investments and trust of the community directly supports the work of the juvenile justice system in the furtherance of our commitment to better outcomes for youth and their families.

Overall reductions in referrals to juvenile probation, and reductions in our juvenile hall population, have allowed us to continue our focus toward re-purposing vacant units in favor of the development of vocational opportunities that further enhance the knowledge, skills, and competencies of detained youth. Our community-based probation service partnerships allow youths to reside in their neighborhoods, linked to programs and services that provide meaningful opportunities for engagement, treatment, guidance and support.

This year, the Juvenile Probation Department will implement *Augustus*, a new case and information management system that will improve and enhance our capacity to collect and analyze information regarding the youths and families we serve. As 2018 brings forth the implementation of a new case management system, we eagerly anticipate the depth and scope of information that we can provide to the public helping to meet our goals toward increased transparency.

I hope that this report will provide you with valuable information and serve as a useful analytical tool.

Sincerely,

A handwritten signature in blue ink, appearing to read "Allen A. Nance".

The total number of outcome (court dispositions) will not agree with the number of petitions and referrals since some petitions filed in 2017 will be decided in 2018 and multiple petitions are combined with one final outcome only. Not all referrals resulted in a petition filed.

Terms and Definitions

Juvenile Probation Referrals - All cases referred to the probation department for purposes of screening. These referrals may or may not result in a booking or petition for adjudication of wardship.

Juvenile Hall Referrals - All cases referred to Juvenile Hall for booking purposes. A youth may or may not be booked into juvenile hall depending on their score on the DRI (Detention Risk Instrument) or other exclusions.

Juvenile Hall Bookings - All youth booked into Juvenile Hall.

Petition - A formal statement by the District Attorney's Office alleging that the juvenile is delinquent for committing specified offense.

Petition Sustained - Charges are found true.

Court Disposition (Outcome)

The court has a number of "dispositional" alternatives. They can dismiss the case, transfer to jurisdiction of residence, make the youth a ward of the court, place him/her on informal probation or non-ward probation. More stringent alternatives could be a commitment to out of home placement, Log Cabin Ranch or the Department of Juvenile Justice (DJJ).

San Francisco Juvenile Justice System Terms:

Arrest: The taking of a minor into custody by the police, when the police believe that the minor has committed a violation of a criminal law. A minor may also be taken into custody by the police for an alleged probation violation or pursuant to a warrant issued by a court. While the use of the term arrest is commonplace, technically minors are not arrested; they are detained or taken into temporary custody by the police.

Case: The opening of a file by any agency for a minor who is being processed by that agency because the minor is alleged to have committed an act that violated a criminal law or an act that is illegal only for minors.

Citation: The issuance of a written document to a minor by the police, informing the minor of an offense that the minor is alleged to have committed and ordering the minor to appear before a probation officer on a certain date and time. The minor will not be kept in the custody of the police after the citation is issued.

Detention (secure): When a minor is placed in secure custody at Juvenile Hall and is remains overnight (technically, is arrested on one day and remains in JH at 6 a.m. the next).

Home Detention (non-secure): When a minor is released to her or his home, rather than put into secure detention, but with strict conditions placed on the minor by the Juvenile Court or the Juvenile Probation Department.

Dismissal: When formal charges against a minor, contained in a petition to the Juvenile Court, are dismissed and therefore the minor is not brought under the formal jurisdiction of the Court.

Disposition: A decision by the Juvenile Court with respect to what placement/supervision a minor who is made a ward of the Court will receive. A minor placed under the formal supervision of the Court is made "a ward of the Court."

Law violation: A charge that a minor has committed an act that would be a criminal act if committed by an adult.

Booking: The process of admitting a person to Juvenile Hall.

Referral: The Juvenile Probation Department counts as a referral all separate instances when a minor is cited or brought to the JPD. It uses the term *contact* interchangeably with referral and indicates that each contact represents a "unit of work" for the Department. Referrals include contacts beyond those related to arrests, citations, bookings, or cases.

Petition: A formal statement by the District Attorney's Office alleging that the juvenile is delinquent for committing specified offense. **Petition Sustained:** Charges are found true.

Most serious charge: Of all the charges on the petition, the charge ranked most serious by the California Department of Justice hierarchy, which carries the most jail time.
