What I Value About WISF Membership

• Gaining insight into the city’s workforce system and developing an appreciation for the relationship between steady employment and the challenges San Francisco must overcome for all citizens to thrive.
• Hearing about the incredible success stories that community organizations have shared!

Opportunities for Collaboration

• Working with the various organizations that provide training and development programs for people interested in the hospitality industry. From schools to adult training centers to homeless shelters.
• Findings ways to attract people to the hospitality industry for the hidden career opportunities the industry offers.
