3. Approval of Agenda [discussion and action]

Agenda edit: #6 AliahThink Tool to be included as part of #5 agenda item

Michelle motions to approve agenda with edit. Tiffany seconds. Agenda is approved with edit.

4. General Public Comment - No public comment

Larry – infrastructure subcommittee members are government employees, want to note to other SDDTAC members would like for there to be a balance on subcommittee and for others to consider joining infrastructure subcommittee if time allows.

5. House Keeping [discussion and possible action]

- a. Mayor's SDDT Budget Allocations

Staff reviews finalized SDDT FY 22-23 and FY 23-24 budget since SDDTAC did not meet in July when the budget was released.

Member seeks clarification regarding breastfeeding line, allocated from last FY at \$175K. Staff responds that awards have not been made yet and deadline for applications was happening when budget numbers were being released. Funding is to support current programming around lactation support and to bring together and staff breastfeeding coalition. Priti Rane noted that some of the organizations that applied

might not be interested in applying if it is only funded for 1 year. There is discussion in that realm and doing more advocacy around this.

Member adds it is also important to be clear, the description of budget categories, part of the confusion. Whatever we decide, description is important to have as we go through next phase. There should be someone responsible for reviewing each budget category and definitions to ensure that it is reflective of SDDTAC recommendations. The SDDTAC does not know why certain recommendations/shifts are made by the Mayor's Office, as a body it is assumed that the budget descriptions are used as a way of making their final allocations.

Member asked about the infrastructure support. Staff responds that the current fiscal year, DPH is able to keep its budget as usual, due to salary savings. The next fiscal year allocations will not hold true for next year and if so, will need to decrease funds for evaluation.

b. AliahThink Tool Budget Pilot [discussion and possible action]

Staff has been able to participate in a couple trainings with the creators of AliahThink tool. It has become clear to staff that the point we are making regarding the budget descriptions and have recognized that members do not need to stick to the previous budget categories. Staff recommends going through all budget category descriptions and to compare the sub elements of the categories. The SDDTAC would benefit from AliahThink tool process in one day to get clarity and better acquainted to surface any other areas that the SDDTAC is interested in making recommendations on.

Staff will present to SDDTAC and move forward with a date. Important to dig deep into the data and work off of facts to make sound decisions.

6. Review of SDDT funded organizations survey [discussion and possible action]

Staff provides high level overview of SDDT funded organizations and whether or not organizations were able to spend down their funding last fiscal year. 5 responses were received (did not include city funded organizations). Most responded were on track on spending down their funding. When looking at CBO healthy food purchasing supplement grantees on track for full expenditures. Recreation and Parks Department – on track for the expenditures of funds. OEWD – funds moved to TNDC and expenditures on track. Oral health – challenges still remained with respect being able to hire dental hygienist to apply sealants. Breastfeeding –not be able to expend funds last fiscal year but carried over into current fiscal year. As for the 5 PSE grantees, only 1 organization will be carrying forward a significant amount of their funding, due to staffing turnover and changes. The 11 Healthy Communities SDDT grantees, 3 will be carrying forward about 20% of their budget to the current fiscal year. Overall organizations have been able to spend down most of their funding consistently.

Member notes that this type of information is important to know and will be helpful with the AliahThink tool process.

7. Discuss possible agenda items for September Meeting [discussion and possible action]

- One day retreat – AliahThink tool
- Community member seats as part of Infrastructure subcommittee discussion

8. Announcements

- Larry – Small business event at Bayview Opera House hosted by National Coalition of 100 Black Women designed for black women entrepreneurs and all are welcome; August 13, 2022 at 10am – 2pm; share widely and food will be served.

	<b>Budget Descriptions: SDDTAC recommends investing in strategies that support mental health and wellbeing and workforce pathways for impacted/priority populations.</b>
<b>COMMUNITY-BASED GRANTS</b>	City Departments should contract directly with CBOs through an RFP process managed through the Community Health Equity and Promotion (CHEP) Branch of the Department of Public Health. CBG should support community-based programs and services that address the health inequities of those most targeted by the beverage industry. Funding should go to Community Based Organizations (CBOs) and Faith Based Organizations (FBOs) for the following strategies:
Health education, food security, physical activity	<ol style="list-style-type: none"> <li>1. Health Education activities including, chronic disease prevention, healthy eating and active living, tap water promotion, oral/dental health</li> <li>2. Physical Activity opportunities, including: a) Dance and movement, sports, yoga, walking groups, biking, etc.; b) Changes to the built environment (ie sidewalks, streets, parks, buildings, etc) or safety of the built environment that facilitates increased physical activity and walking and biking for utilitarian trips, sometimes referred to as active transportation</li> <li>3. Food Security, including: a) Community-based pantries, community-based hot meals, community kitchens and community home delivery services; b) Increased financial resources (i.e. wages, income, government nutrition supplements, vouchers, etc.); c) Changes to the built environment that facilitate food security; and d) Pursuit of institutional or local policies that facilitate food security.</li> <li>4. Water Promotion, such as support for Spa Water Supplies, station maintenance/beautification, refillable water bottles to distribute to communities, water testing</li> <li>5. Community Based Participatory Research</li> </ol>
Food As Medicine MediCal Waiver Program	One time infrastructure and capacity building grants for community based food organizations to prepare them to contract with health plans, use medical coding and billing, share confidential patient information, and other areas needed to access Medi-Cal funding for meals and groceries and nutrition services rendered.
CBOs working with SFUSD	Recommend 3% of all CBO funding go towards CBOs implementing programs/initiatives that take place in school settings. Funding to issue grants to CBOs should follow the guidelines above.

<b>SFUSD</b>	
School Food, Nutrition Ed	To improve the quality and appeal of school meals and support nutrition education to increase participation in school meal programs (for example: cooking and serving equipment, staff professional development, and innovative procurement and menu strategies to increase freshly prepared food). Funding will target schools with the largest populations of high-risk students that are disproportionately targeted by the sugary drinks industry.
Student Led Action	Support student led efforts to decrease consumption of sugary drinks and increase awareness of sugary drinks consumption among students, with focus on schools with the largest populations of high-risk students that are disproportionately targeted by the sugary drinks industry. SFUSD should provide to SDDTAC a proposal of how funding will be spent through student led action. Funding to also support adequate staffing for implementation.
Educational Investments	Educational investments across lifespan. Scholarships and other supports in higher education in health field for Priority Populations.
<b>FOOD ACCESS</b>	
Healthy Food Purchasing Supplement	Support programs that increase financial resources to purchase healthy food such as vouchers and food purchasing incentives. These funds should be RFPed out to CBOs and FBOs. Funding should support programs and services that increase financial resources to purchase healthy food; access to healthy fruits and vegetables while minimizing processed foods for high-risk communities; food that are affordable and convenient; and programs that support the consumption of healthy foods including the ability to prepare and store meals and the knowledge of basic nutrition, food safety and cooking. Priority programs should incorporate a community-based food security perspective and have demonstrated increased ability of food insecure residents to purchase, access, and consume consumption of healthy, fresh, low-to-no cost and culturally appropriate foods, including but not limited to food vouchers/incentives, transportation and delivery and prepared foods.
Healthy Retail	Supporting small business to increase healthy food access in high risk and impacted communities and neighborhoods by: 1) supporting business operations; 2) promoting community engagement; and 3) improving the retail environment.
<b>ORAL HEALTH</b>	
Community task forces	Support development of community infrastructure such as oral health community task forces that incorporate diverse stakeholders for outreach, education, and interventions to address the oral health needs of children in high risk populations.
School-based sealant application	Support school-based and school-linked preventive oral health programs within SFUSD schools serving high risk target populations. This should also support SFUSD dedicated oral health staffing.
School-based education and case management	
<b>INFRASTRUCTURE</b>	
Marketing/Promotion/Outreach	Funds to DPH/CBOs/Private media firms to support media and communications that include 1) grassroots, community-driven awareness campaigns about the intent of the SDDT and the impact of the allocated funds; 2) city-wide communications campaign highlighting the impact and importance of the SDDT; 3) communications materials for merchants; and 4) and communicate the harmful impact of sugary drinks and healthy alternatives. Examples include community-driven, messaging, print, online, and social media campaigns. This also includes regular communication to SF Board of Supervisors, Mayor's Office, Board of Education and other elected officials via newsletters and other mechanisms.

DPH Infrastructure	<p><b>A. Personnel</b></p> <p>1) Backbone staffing to support SDDTAC a. A program manager to provide backbone staffing to the SDDTAC, including: i) Staffing full committee and 3 subcommittees in compliance with Sunshine and Brown Acts; ii) Coordinating among city agencies and funded CBOs to promote collective impact; iii) Help guide vision and strategy of SDDTAC, support aligned activities; manage SDDTAC work and timeline; and iv) Working with evaluation team to establish shared measurement practices b. Manage citywide/soda tax impact media. c. Manage development/production of SDDTAC Annual Report d. Manage SDDTAC biennial nominations process</p> <p>2) Staffing to support DPH SDDT implementation of community based grants a. Manage work of contractors, including: i) develop and implement CBO RFP process; ii) provide technical assistance for CBOs and merchants; iii) promote collective impact in coordination with SDDTAC backbone staff and City Agencies; and iv) work with evaluator and SDDTAC backbone staff to develop and implement evaluation plan and evaluation technical assistance.</p> <p>3) Staffing to support research/evaluation of SDDT impact, including data purchases as necessary a. At least 1.0 FTE epidemiologist; b. Support data analysis for annual report; c. Manage data purchases; d. participate in development and implementation of SDDT evaluation</p> <p><b>B. Professional services</b> including: i) technical assistance for funded CBO and FBO; ii) evaluation to develop framework and evaluate city agencies, CBO and FBO, and process evaluation from applicants, etc., iii) city attorney to provide ongoing technical consultation; iv) project management agency to offset fiscal intermediary costs.</p> <p><b>C. Materials/Supplies</b> for meetings and printing costs</p> <p><b>D. Training</b> to support staff development</p> <p><b>E. Data</b> for collection (pricing), analysis (Nielsen) and purchase (IRI)</p>
<b>WATER ACCESS</b>	
Water Access - SFUSD	SFUSD water station installation. Also, invest in signage and art to 3 stations to pilot evidence-based community informed model for what designs should be and water education. Allows for comparison of usage between pilot stations with art work/education and those without.
Water Access - Public Spaces	Public water station installation. Also, invest in signage and art to 3 stations to pilot-evidence based community informed model for what designs should be and water education. Allows for comparison of usage between pilot stations with artwork/education and those without.
<b>RECREATION &amp; PARKS PHYSICAL ACTIVITY &amp; WELLNESS</b>	
Peace Parks	To support staffing and supplies, including healthy food, for Peace Parks programs in target populations.
SVIP: Peace Parks Transportation	Transportation for Peace Parks participants
REQUITY: Outreach, Scholarships, recreation equity	Requity offers free dynamic, engaging, and culturally-relevant recreation programming to youth under 18 living in shelters, foster care, public housing, or in housing developments. Through a combination of onsite and hyper-local program, coupled with extensive outreach, Requity increases access to and participation in RPD's existing programs and scholarships by educating and informing families on what RPD can offer them.
<b>BREASTFEEDING</b>	To fund a breastfeeding coalition to organize collective efforts across San Francisco to enable increased breastfeeding among Priority Populations. This coalition will mobilize action on policy, systems and environmental (PSE) changes to increase breastfeeding rates and duration, leveraging community strengths, and tackling structural barriers to reduce inequities to breastfeeding support. This would include funding for backbone support to: engage community stakeholders in a strategic planning and engagement process to develop a framework for short and long term goals embedding in principles of equity; help align breastfeeding support services in San Francisco including hospital, outpatient, and community based services to improve access to breastfeeding support; and provide technical assistance to partnering agencies (such as child care centers and businesses with less than 50 employees) to operationalize and implement breastfeeding friendly policies and practices. Funding will also support community-based organizations that are already supporting breastfeeding.

\* Funding should support programs and services that increase financial resources to purchase healthy food; access to healthy fruits and vegetables while minimizing processed foods for high-risk communities; foods that are affordable and convenient; and programs that support the consumption of healthy foods including the ability to prepare and store meals and the knowledge of basic nutrition, food safety and cooking. Priority programs should incorporate a community-based food security perspective and have demonstrated increased ability of food insecure residents to purchase, access, and consume consumption of healthy, fresh, low-to-no cost and culturally appropriate foods, including but not limited to food vouchers/incentives, transportation and delivery and prepared foods.
