Monthly Statistics Report

• The Juvenile Probation Department is engaged in efforts to generate more comprehensive, accurate, and meaningful metrics.

• This report compiles data through the month before last (September 2021).
  • A small selection of the most recent month’s statistics are included: Admissions, Releases, Average Daily Population (ADP), and Out-of-Home Placement
  • A recent daily snapshot of the Juvenile Hall population will be included for the Commission meeting.

• Starting on page 5, each chart slide is preceded by a definition/methodology slide explaining the chart’s content.
  • A few metrics have shifted from last day of the month snapshots to average daily population to provide a more accurate representation of the Juvenile Hall population.

• Time periods range depending on data availability and are noted on each chart.

Juvenile Hall Chart 4.1:
Demographic Trends in Average Length of Stay

Charts 4.1 is a new table that describes trends in ALOS (mean and median) over time for: (1) youth released each month and (2) youth in custody on the last day of the month by gender and race.

- Note: Due to the small number of youth in Juvenile Hall, averages by demographics are often skewed by outliers. This is especially true for girls and non-Black youth, who account for a smaller percentage of the Juvenile Hall population than boys and Black youth. To help account for this, both means and medians are provided.

**Trends**

In September 2021:

- The median length of stay for girls was slightly longer than boys for youth released (6 days versus 3 days) and was shorter for youth in custody (30 days versus 74 days).

- The median length of stay was shorter for Black youth than for non-Black youth for youth released (1 day versus 9 days) and youth in custody (36 days versus 99 days).

Juvenile Hall Chart 5:
Admissions by Primary Detention Reason

• Chart 5 displays Juvenile Hall admissions by primary detention reason for the entire month.

• Law mandates that youth brought into custody for the following must be detained until they can appear before a judge:

    offense listed in Welfare and Institutions Code section 707(b).
  • Youth brought into custody pursuant to a court order, bench warrant, or arrest warrant.
  • Youth transferred in custody from another jurisdiction.

• Non-mandatory detentions include new law violations that are non-707(b) and/or felonies involving the use of
  a firearm, and detentions for technical violations—where the DRI outcome recommends detention, or where
  there was a DRI override.

Trends

In September 2021, there were 13 admissions to Juvenile Hall.

• 77% were mandatory: 3 for mandatory new law violations, 7 warrants/court orders
• 23% were non-mandatory:
  • 2 DRI score ≥ 11: firearm possession; 1 automatic detention: placement return or failure with non-secure option unavailable
