# COMMUNITY LISTENING SESSION

African American  
Art & Culture Complex  
762 Fulton Street

Tuesday

**8TH**

November 2022

5:30pm to  
7:00pm

SFPD is rewriting its rules around 'pretextual traffic stops,' or traffic stops that quickly escalate from a check of a minor violation to an investigation that impacts the rights of those involved.

SFHRC is leading a series of sessions for community to weigh in. Join in this process and share your experiences.

Meetings are in person; feedback can also be shared via email, phone, or community survey.
