Women in IT (WIT)

Focus

Women in IT

Purpose

The purpose of Women in IT (WIT) is to support women in career growth and leadership roles in the Information Technology department at San Francisco Department of Public Health (DPH). Women are underrepresented in management positions, senior leadership and certain job classifications with better career paths. This group strives to find opportunities to welcome more women candidates at all levels and help women obtain more challenging positions/projects, including management roles.

Sui Generis - Sexual Minorities

Focus

LGBT+ (Lesbian, Gay, Bisexual, Transgender, +)

Purpose

Sui Generis is a group to share thoughts and experiences, strategize proactive and innovative ways to highlight and foster diversity, equity, and inclusion, and create opportunities for staff to connect and get to know one another.

Sui Generis also promotes personal and professional growth in many ways through peer support and information to overcome barriers to engagement and advancement, cultural recognition that ensures employees feel welcomed and can bring their full selves to their work, information sharing that helps their members use available resources, and assistance with communicating employee needs to department leadership.

Additionally, the Sui Generis group may give staff the opportunity to advocate for the needs of their communities, adding meaning and relevance to their work.
