

JJC INTAKE UNIT (UNIT 1) PROTOCOL

5.22.2020

- All new intakes will be housed on the Intake Unit effective 5/22/2020.
- Youths on the Intake Unit are not to leave the unit except to go to court or the medical clinic (NO gym, EC, Merit Center).
- If there are more than one youth on the unit at the same time, new admits are restricted to their rooms until their admissions COVID-19 test result comes back as negative. (Exceptions are phone calls, shower, and LMA in milieu.)
- Medical will inform the OD and unit staff when youths are no longer required to be on room restriction.
- Youths cannot leave the Intake Unit except to go to court or to the medical clinic.
- Youths must eat their meals inside their rooms while on the Intake Unit.
- Youths are to be given disinfectant wipes to clean the shower handle and anything else that they touched after showering.
- Youths should be instructed to wash their hands with soap and water before leaving and after entering their rooms.
- Common areas, especially high-touch areas, should be cleaned and disinfected multiple times a day.
- All youths and staff should exercise good hand hygiene, physical distancing, and universal masking.
- Youths will be tested for COVID-19 again on day 13th of their detention; only when their second test comes back negative can they then be transferred to a regular unit.
