Be it ordained by the People of the City and County of San Francisco:

Section 1. Chapter 30, Article I, of the Administrative Code is hereby amended by revising Sections 30.1-30.4, adding new Sections 30.5 and 30.6, and re-designating former Section 30.5 as Section 30.7, to read as follows:

SEC. 30.1. FINDINGS.

The Board of Supervisors finds and declares the following:
(a) In order to create jobs in the City, assist employers to find and keep skilled workers, and assist the unemployed and underemployed to become economically self-sufficient, the City provides workforce development programs that are administered by many City departments.
(b) Local, state, and federal, and private funds support the City's workforce development programs. In order to obtain federal funds, state governors must create local areas and the chief elected official of the local area must form a local workforce investment board. (Workforce Investment-Innovation and Opportunity Act of 1998/2014, 29 U.S.C. sections 2801-3101 et seq.) The California Legislature has adopted a statute implementing the federal workforce development program. (California Unemployment Insurance Code sections 14299-14000 et seq.). The local workforce investment board must develop and submit to the governor a fourfive-year plan to administer WIOA funds for local workforce investment programs (the "Local Plan"). The local workforce investment board in San Francisco is Workforce Investment San Francisco, commonly referred to as WISF.

(c) In November 2004, the voters adopted Proposition 11 which created an Office of Economic Analysis under the Controller to report on pending City legislation that may impact the City economically. Proposition 1 also requires the Department Of Economic and Workforce Development to prepare for the Board of Supervisors' approval the Strategic Plan for Economic Development, a three year plan, with periodic updates, that reports on workforce development opportunities in the City.

(d) The Human Rights Commission and the Office of Racial Equity, created by Ordinance No. 188-19, developed a Citywide Racial Equity Framework, which identified workforce development priorities, including collection of race, ethnicity, and other demographic data from participants in City-funded programs in order to develop, implement, and evaluate strategies to advance the City's racial equity objectives.

(e) The San Francisco Economic Recovery Task Force developed 41 policy recommendations through extensive stakeholder engagement during the COVID-19 pandemic response, including recommendations to centralize the City's workforce development programs.
establish program-level monitoring, and coordinate service to the City's most economically vulnerable populations, including Black, Indigenous, and communities of color.

Audits from the Budget and Legislative Analyst’s Office conducted in FY 2019-20 and FY 2020-21 identified the need for citywide coordination of workforce development programs, improved mechanisms for workforce program monitoring and reporting, and mechanisms for citywide workforce planning and management.

An oversight committee comprised of City officers, employees, and workforce community representatives is needed to undertake long- and short-term planning for the City's workforce development programs, to set goals and priorities for these programs, to coordinate workforce development activities among City departments, and to monitor their effectiveness.

A committee comprised of nonprofit organizations that provide services to low-income San Francisco residents and those with barriers to employment is needed to advise the WISF and the oversight committee on client needs and workforce system priorities.
