- This legislation allows for the permanent provision of Remote Public Comment at the Board of Supervisors (BOS) and its Committees, and removes the 30-minute time limit on the total amount of public comment per item for all, in these Hearings.
- As of this writing, non-BOS public bodies may set their own specifications for total time limits for remote public comment, as long as they follow provisions for providing modifications (accommodations) for people with disabilities.
- The Mayor's Office on Disability issued [guidance on accessible hybrid public meetings](#), which is posted on our website homepage under *Resources*.

State Legislation:

CPUC Autonomous Vehicles (AV) Permit approval: On June 2, 2022 the California Public Utilities Commission (CPUC) voted to approve a permanent operating permit for Cruise, the first permanent operating permit in the Country. **Additional approvals are under consideration.**

Agenda Items for future MDC Hearing consideration, action, or resolution:

It is recommended that Council members review **all active local disability-impacts legislation first**, for time sensitivity. You may also consider:

- **Safe-Passage and Street Safety follow-ups:** Department of Emergency Management (DEM) Marketing Campaign Disability Focus Group took place April 20, 2023. The Council may consider a follow-up on this as well as updates on how accessibility barrier reporting has changed or improved since the March presentation to the MDC by our DEM Colleagues.

- **Dining Reusables follow-up:** Department of Environment (ENV) Disability Focus Groups concluded in April. The Council may consider hearing from the Department on the outcomes of this Focus Group work.
- **Disability employment updates:** Citywide data collection efforts pertaining to employees with disabilities, reasonable accommodation provision for employees, and ASL interpretation support from our colleagues in Department of Human Resources.
- **[Accessible Business Entrance Program](#) and Title II Barrier removal:** This month, MOD has worked extensively with the Department of Building Inspection (DBI) related to the City’s compliance with this program, as well as general (non-ABE) barrier removal obligations under ADA Title II. The Council may consider requesting an update on these items.
- **[Age and Disability Friendly San Francisco](#) Implementation:** The second cycle of recommendations related to this Plan is underway. The Council may consider hearing from Disability and Aging Services on initiative progress.
