1. **Overview:**
   a. This document was designed and created during BHS’ planning and implementation of CalAIM.
   b. Providers are required to use the correct service code that identifies the reimbursable activity described in the progress note.
   c. SMHS services dated 7/1/23 and after should reflect the correct CalAIM “local code” and service descriptions.

2. **Document Structure:**
   a. There are 09 tables in this document – each table contains procedure codes associated with the specific services:
      i. Assessment Codes Table (Red)
      ii. Crisis Intervention Codes Table (Orange)
      iii. Plan Development Codes Table (Green)
      iv. Medication Support Services Code Table (Yellow)
      v. Referral Codes Table (Blue)
      vi. Rehabilitation Codes Table (Pink)
      vii. Therapeutic Behavioral Services Codes Table (Purple)
      viii. Therapy Codes Table (Grey)
      ix. Supplemental Services Codes Table (Black)
   b. For each table, the columns contain information:
      i. CPT/HCPCS Code: this is the procedure code used for billing each service
      ii. Code Service Description: this provides the written description of the CPT/HCPCS code in the previous column
      iii. Code Guidance and Usage: this provides additional guidance for the use of each code
      iv. Allowable Disciplines: this identifies which type of provider is allowed to utilize this code
      v. Documentation Tips: this provides additional detail related to specificity of required documentation

3. **General Coding Guidance:**
   a. CPT codes and time ranges: these are defined within the AMA’s CPT/HCPCS coding guidelines.
   b. If the service code billed is a patient care code, **direct patient care** means time spent with the patient for the purpose of providing healthcare. If the service code billed is a medical consultation code, then **direct patient care** means time spent with the consultant/members of the beneficiary’s care team. **Direct patient care** does not include travel time, administrative activities, chart review, documentation, utilization review and quality assurance activities or other activities a provider engages in either before or after a patient visit.

4. **Sources of Information, Guidance:**
   a. American Medical Association (AMA)
      i. CPT version, 2023
      ii. HCPCS version, 2023
      iii. CPT and HCPCS code sets are updated annually, effective 1/1 of the new year
   b. DHCS
      i. Information Notices: [https://www.dhcs.ca.gov/formsandpubs/Pages/Behavioral-Health-Information-Notice-%28BHIN%29-Library.aspx#D](https://www.dhcs.ca.gov/formsandpubs/Pages/Behavioral-Health-Information-Notice-%28BHIN%29-Library.aspx#D)

Care management services for behavioral health conditions, directed by physician. At least 20 minutes

Use this code when care management services are provided by clinical staff, under the direction of a qualified clinician, for behavioral health conditions or substance use issues. Reported for at least 20 minutes of clinical staff time, directed by a physician or other QHP, per calendar month.

Documented services must encompass the required elements listed in the code descriptor. Required elements for reporting are:

- initial assessment or follow-up monitoring, including the use of applicable validated rating scales;
- behavioral health care planning in relations to behavioral/psychiatric health problems, including revision for patients who are not progressing or whose status changes;
- facilitating and coordination treatment such as psychotherapy, pharmacotherapy, counseling and/or psychiatric consultation; and
- continuity of care with a designated member of the care team.

Mental health service plan development by non-physician, 15 minutes

Use this code for selection of treatment targets in collaboration with family members and other stakeholders.

Document the development of written protocols for treating and measuring all treatment targets.

### Community-based wrap-around services, per 15 minutes

Use this code when coordination of care between providers in the Mental Health System and providers outside the Mental Health System. Activities can include:
- Case management (service coordination)
- Counseling (individual, family, group, youth, and vocational)
- Crisis care and outreach
- Education/special education services, tutoring
- Family support, independent living supports, self-help, or support groups.

All disciplines

- Can only be used to show that a delivery-system coordination of care has occurred.
- Specific documentation of time must be included as this code is per each 15 minutes.
- Documentation should address all components included in each client’s wrap-around program.

| INDTPY         | 90832            | Psychotherapy, 30 minutes with patient | Use this code for 30 minutes of psychotherapy that utilizes re-education, support, reassurance and insight discussions to affect behavior modification and improve family dynamics. Report 90833 if a separate E/M service is performed during the same encounter | MD/DO, PA, PhD/PsyD, LCSW, MFT, NP, CNS, LPCC | Documentation should include, but is not limited to the following:  
- Modalities and frequency  
- The interventions provided  
- The Plan (e.g., next steps planned action steps by the provider or by the client, collaboration with the client, collaboration with other provider(s) and any update to the problem list as appropriate)  
- Face-to-face service that may include involvement of family members, patient must be present  
- Documentation must include total time of psychotherapy |
| INDTPY         | 90834            | Psychotherapy, 45 minutes with patient | Use this code for 45 minutes of psychotherapy that utilizes re-education, support, reassurance and insight discussions to affect behavior modification and improve family dynamics. Report 90836 if a separate E/M service is performed during the same encounter | MD/DO, PA, PhD/PsyD, LCSW, MFT, NP, CNS, LPCC | Documentation should include, but is not limited to the following:  
- Modalities and frequency  
- The interventions provided  
- The Plan (e.g., next steps planned action steps by the provider or by the client, collaboration with the client, collaboration with other provider(s) and any update to the problem list as appropriate)  
- Face-to-face service that may include involvement of family members, patient must be present  
- Documentation must include total time of psychotherapy |
| INDTPY | 90837 | Psychotherapy, 60 minutes with patient | Use this code for 60 minutes of psychotherapy that utilizes re-education, support, reassurance and insight discussions to affect behavior modification and improve family dynamics when performed with an E/M service.
Report 90838 if a separate E/M service is performed during the same encounter.
Add-on G2212 may be used to extend the time for this code. | MD/DO, PA, PhD/PsyD, LCSW, MFT, NP, CNS, LPCC | Documentation should include, but is not limited to the following:
- Modalities and frequency
- The interventions provided
- The Plan (e.g., next steps planned action steps by the provider or by the client, collaboration with the client, collaboration with other provider(s) and any update to the problem list as appropriate)
- Face-to-face service that may include involvement of family members, patient must be present
- Documentation must include total time of psychotherapy |
| 90847 | 90847 | Family psychotherapy (conjoint psychotherapy) (with patient present), 50 minutes | Use this code for 50 minutes psychotherapy with the patient’s family and the patient to identify challenges, improve coping skills and change patterns of behavior. Do not report services less than 26 minutes. May be used on the same day as an individual psychotherapy service when the services are separate and distinct for the patient. | MD/DO, PA, PhD/PsyD, LCSW, MFT, NP, CNS, LPCC | • Session is for 50 minutes; time range is 26 minutes or more
• Documentation must include total time of the psychotherapy |
| 90849 | 90849 | Multiple-family, group | Use this code for psychotherapy with | MD/DO, PA, PhD/PsyD, | • Involves working with families that have a member who has similar developmental or mental disorders |
psychotherapy, 15 minutes

several families in group therapy.

90849 should be reported separately for each beneficiary receiving group therapy.

Add-on G2212GRP may be used to extend the time for this code.

LCSW, MFT, NP, CNS, LPCC

- Treatment is focused on the family unit, rather than on the individual
- Documentation must include total time of the psychotherapy

GRPTPY 90853

Group psychotherapy, 15 minutes

Use this code for psychotherapy with several individuals who are experiencing similar stressors simultaneously. Does not include a multiple-family group.

GRPTPY (90853) should be reported separately for each beneficiary receiving group therapy.

Add-on G2212GRP may be used to extend the time for this code.

MD/DO, PA, PhD/PsyD, LCSW, MFT, NP, CNS, LPCC

- Involves working in a group setting that may include several patients
- Documentation must include total time of the group psychotherapy
