CR-05 - Goals and Outcomes

Progress the jurisdiction has made in carrying out its strategic plan and its action plan. 91.520(a)

This could be an overview that includes major initiatives and highlights that were proposed and executed throughout the program year.

The overarching objectives for San Francisco’s use of funds, including CDBG, ESG, HOME and HOPWA funds, as reflected in its 2020-2024 Consolidated Plan are the following:

- Families and individuals are stably housed;
- Families and individuals are resilient and economically self-sufficient;
- Communities have healthy physical, social and business infrastructure;
- Communities at risk of displacement are stabilized; and
- The City works to eliminate the causes of racial disparities.

For each objective, there are priority needs and for each priority need, there are goals. The City is dedicated to the articulation of specific performance measures for each goal, to ensure that we are investing our resources to achieve optimal outcomes for our communities. We developed a Five-Year Funding and Indicators of Success Table to assess investment outcomes across the 2020-2024 timeframe of the Consolidated Plan. Performance under each indicator will be tracked against a five-year goal and a one-year goal.

Comparison of the proposed versus actual outcomes for each outcome measure submitted with the consolidated plan and explain, if applicable, why progress was not made toward meeting goals and objectives.
91.520(g)

Categories, priority levels, funding sources and amounts, outcomes/objectives, goal outcome indicators, units of measure, targets, actual outcomes/outputs, and percentage completed for each of the grantee’s program year goals.

Table 1 - Accomplishments – Program Year & Strategic Plan to Date

Assess how the jurisdiction's use of funds, particularly CDBG, addresses the priorities and specific objectives identified in the plan, giving special attention to the highest priority activities identified.

In program year 2021-2022, CDBG, ESG, HOME and HOPWA investments were made in the following program areas:

- CDBG and HOME Affordable Housing Development;
- CDBG Capital Projects;
- CDBG Economic Development;
- CDBG Planning and Capacity Building;
- CDBG Public Services;
- ESG Rapid Re-Housing, Homeless Prevention and Emergency Shelter; and
- HOPWA Capital Projects, Rental Assistance Program and Supportive Services and Operating Subsidies.

Over the course of the 2021-2022 program year, San Francisco strategically used housing and community development funds, including CDBG, ESG, HOME and HOPWA funds, to support affordable housing; support public housing developments; support housing for people with AIDS; renovate and develop community facilities; improve ADA access to community facilities; deliver timely, relevant and effective social services; provide low-income residents with employment readiness skills; support the placement of residents in jobs that pay living wages; provide housing-related services including tenant rights counseling, eviction prevention counseling, tenant-based rental assistance and homeownership counseling; deliver services that help to prevent homelessness; provide shelter and essential social services to homeless individuals and families; and assist small businesses and micro-enterprises. Additionally, CDBG funds were used to support nonprofit organizational capacity building.

Select highlights of the 2021-2022 program year with all funding sources, including federal funding, include:

- 1,018 units of affordable housing were funded to be created
- 469 existing affordable housing units were funded to be preserved
- 10 capital projects were funded, of which seven were funded with CDBG-CV and one was funded with CDBG
- More than 42,000 individuals received a wide range of services, including job training and placement, eviction prevention, assistance with finding and applying for housing, housing and homebuying counseling, homeless, and homeless prevention services;
 - 11,934 individuals received CDBG-funded public services;
 - 2,205 individuals received ESG-funded homeless, homeless prevention or rapid re-housing services;
 - 593 households received HOPWA-funded housing assistance, of which 390 were in San Francisco;
- 1,791 small businesses and micro-enterprises received CDBG-funded business technical assistance;
- 377 jobs were created or retained as a result of CDBG-funded activities;
- Significant progress towards the five-year goals for the six NRSAs;

- The City's leveraging of significant resources through public, private and not for profit support of programs that strengthen and optimize federal funds;
- Increased coordination of services; and
- Improved monitoring and management of sub-recipients.

In general, housing and community development activities that were implemented during program year 2021-2022 served the identified needs. The five-year funding and indicators of success table above shows how the City performed against the goals that were set in the five-year strategic plan and the one-year action plan. The comparison of accomplishment data to goals indicate that the Consolidated Plan activities made a positive impact on the identified needs. However, due to the complexity and extent of the needs in the City, the identified needs are still significant.

Mission

The following are the priority activities that will be carried out under the Consolidated Plan in the Mission NRSA, organized by the Plan's Objectives and Priority Needs.

Objective 1: Families and Individuals are Stably Housed

- Priority Need 1A: Develop and maintain accessible and affordable housing
 - 16 affordable housing projects currently in development in the neighborhood that are estimated to be completed between 2020-2024, which will add or rehabilitate approximately 840 units of affordable housing
 - This includes primarily new construction, along with small sites acquisition, rehabilitation, and inclusionary housing
- Priority Need 1B: Made housing more affordable

- Robustly funded Homeownership counseling programs based in the neighborhood
 - Robustly funded Rental Housing Counseling programs based in the neighborhood
 - Continue and complete Bernal Dwellings RAD rehabilitation project, providing affordable 160 units
- Priority Need 1C: Prevented and reduced homelessness
 - Reduced the inflow of households entering the homeless response system by engaging in diversion or funding prevention services
 - Maintained support to homeless outreach, shelters and social services for people actively experiencing homelessness in the Mission
 - Increased the outflow from the homeless response system by supporting the development of affordable housing and rental assistance
 - Priority Need 1D: Provided services to maintain housing stability
 - Supported Tenant Right to Counsel providers based in the neighborhood, to ensure that residents have access to full scope legal representation when facing eviction
 - Support tenant counseling and education organizations based in the neighborhood

Objective 2: Families and Individuals are Resilient and Economically Self-Sufficient

- Priority Need 2A: Promote workforce development
 - Provided virtual and in-person employment and training services to local residents, through the Mission Job Center including:
 - Job readiness workshops, job search assistance, career planning and connections to employment opportunities.
 - Services in English and Spanish.
 - Career pathways programs for public housing residents, and targeted outreach in five public housing sites in the Mission.
 - Training for tech careers and office administration.
 - Additional Mission-based Workforce partners specialize in providing workforce and training services in hospitality and healthcare.
- Priority Need 2B: Increased opportunities through improved language access and core skills development
 - Supported skills development programs in areas including life skills and personal effectiveness, educational skills (including GED and diploma programs), English as a Second Language training, and workplace readiness skills
 - Supported programs that create clear pathways to more advanced training opportunities, including post-secondary educational programs, more advanced ESL programming at San Francisco City College, and sector-specific job training programs through OEWD and other entities
 - Ensured that skill development programs based in the Mission are funded, and that these programs are accessible to RAD residents
 - Supported financial counseling and education, including intensive one-on-one financial coaching; ensure that these services are located in the Mission
 - Supported digital literacy programs, including programs that provide Internet access and

assist with digital literacy for affordable housing residents and sites, especially at RAD housing sites in the Mission

- Priority Need 2C: Provided equitable access to civil legal services for immigration and other critical issues
 - Ensured that civil legal services providers are located in the Mission, and that residents have access to legal counseling and representation in a wide range of crucial legal areas, and in the necessary languages
 - Due to large number of immigrant families, ensured that legal services are available to them in the neighborhood, and in the necessary languages
- Priority Need 2D: Helped households connect to services
 - Supported a comprehensive continuum of services including enhanced information and referral, service connection to identify and meet short-term client goals, case management to address more complex and/or longer term needs, and case coordination to coordinate services for a client between multiple providers and systems; ensure that these services are available in needed languages (including Spanish as well as Mayan and other indigenous languages), that appropriate translation services are accessible, and that providers are located in the Mission

Objective 3: Communities Have Healthy Physical, Social and Business Infrastructure

- Priority Need 3A: Enhanced community facilities
 - Ensured Mission nonprofit service providers have high quality, stable facilities
- Priority Need 3B: Strengthen small businesses and commercial corridors
 - Provide small businesses with individualized technical assistance through community partners
 - Support neighborhood events to attract people to the corridor, fill vacancies, improve business storefronts, and conduct business outreach and tailored business services
- Priority Need 3C: Supported community-driven comprehensive strategies
 - Leveraged Mission 2020 and Mission Promise Zone planning processes
 - Engaged in community led process to develop an economic recovery and business attraction strategy for Mission Street
- Priority Need 3D: Supported capacity needs of community-based organizations and MOHCD professional partners
 - Built organizational capacity of MOHCD's Mission neighborhood grantees/providers through outreach, relationship building and recruitment, organizational assessments, trainings and coaching, cohort-based and project-based work, subject matter experts, and other technical assistance methodologies

Objective 4: Communities at Risk of Displacement are Stabilized

- Priority Need 4A: Addressed inequitable impacts of economic growth through anti-displacement measures for residents and businesses

- Leverage Calle 24 Latino/a Cultural District to support anti-displacement policies
- Look to the Mission Action Plan as a guide for implementing strategies that reduce displacement and seek stabilization
- Priority Need 4B: Ensured economic growth offers benefits to existing communities
 - Calle 24 Latino/a Cultural District will be an economically vibrant community that is inclusive of diverse income households and businesses that together compassionately embrace the unique Latino/a heritage and cultures of 24th Street and that celebrate Latino/a cultural events, foods, businesses, activities, art, and music.
 - Coordinate with OEWD for job readiness and job placement on affordable housing projects
 - Continue to support job readiness and placement for RAD projects

South of Market

The following are the priority activities that will be carried out under the Consolidated Plan in the South of Market NRSA, organized by the Plan's Objectives and Priority Needs.

Objective 1: Families and Individuals are Stably Housed

- Priority Need 1A: Develop and maintain accessible and affordable housing
 - There are 42 new affordable housing projects currently in development in the neighborhood, which will add or rehabilitate 1,466 units of affordable housing
 - Includes new construction, rehabilitation, and inclusionary units
 - Includes both rental and homeownership opportunities
- Priority Need 1B: Made housing more affordable
 - Robustly funded Homeownership counseling programs based in the neighborhood
 - Robustly funded Rental Housing Counseling programs based in the neighborhood
- Priority Need 1C: Worked to prevent and reduce homelessness
 - Reduced the inflow of households entering the homeless response system by engaging in diversion or funding prevention services
 - Maintained support to homeless outreach, shelters and social services for people actively experiencing homelessness in SOMA
 - Increased the outflow from the homeless response system by supporting the development of affordable housing and rental assistance
- Priority Need 1D: Provided services to maintain housing stability
 - Supported Tenant Right to Counsel providers based in the neighborhood, to ensure that residents have access to full scope legal representation when facing eviction
 - Supported tenant counseling and education organizations based in the neighborhood

Objective 2: Families and Individuals are Resilient and Economically Self-Sufficient

- Priority Need 2A: Promote workforce development

- Provided employment and training services virtually and in-person to local residents through the SOMA Job Center, including:
 - o Job readiness workshops, job search assistance, career planning and connections to employment opportunities.
 - o Access to paid training and on the job training opportunities.
 - o Partnerships with other city/state agencies that offer public assistance, disability, and unemployment services.
 - Additional SOMA-based Workforce partners specialized in providing workforce and training services to veterans and those with developmental disabilities.
- Priority Need 2B: Increased opportunities through improved language access and core skills development
- Supported skills development programs in areas including life skills and personal effectiveness, educational skills (including GED and diploma programs), English as a Second Language training, and workplace readiness skills
 - Supported programs that create clear pathways to more advanced training opportunities, including post-secondary educational programs, more advanced ESL programming at San Francisco City College, and sector-specific job training programs through OEWD and other entities
 - Ensured that skill development programs based in SOMA are funded
- Priority Need 2C: Provided equitable access to civil legal services for immigration and other critical issues
- Ensured that civil legal services providers are located in SOMA, and that residents have access to legal counseling and representation in a wide range of crucial legal areas, and in the necessary languages
- Priority Need 2D: Helped households connect to services
- Supported a comprehensive continuum of services including enhanced information and referral, service connection to identify and meet short-term client goals, case management to address more complex and/or longer-term needs, and case coordination to coordinate services for a client between multiple providers and systems; ensure that these services are available in needed languages, and that appropriate translation services are accessible; ensure that these providers are located in SOMA

Objective 3: Communities Have Healthy Physical, Social and Business Infrastructure

- Priority Need 3A: Enhanced community facilities
- Ensured SOMA nonprofit service providers have high quality, stable facilities
- Priority Need 3B: Strengthen small businesses and commercial corridors
- Provide business retention & attraction services for neighborhood-serving businesses on the Sixth Street action zone
 - Foster events and activations to strengthen foot traffic and build community
- Priority Need 3C: Supported community-driven comprehensive strategies

- Implemented and refreshed Mayor's Central Market/Tenderloin Strategy, which includes SOMA
 - Supported Cultural District planning and strategies
 - Supported block specific groups and strategies, such as on Stevenson and Jessie Street
- Priority Need 3D: Supported capacity needs of community-based organizations and MOHCD professional partners
- Built organizational capacity of MOHCD's SOMA neighborhood grantees/providers through outreach, relationship building and recruitment, organizational assessments, trainings and coaching, cohort-based and project-based work, subject matter experts, and other technical assistance methodologies

Objective 4: Communities At Risk of Displacement are Stabilized

- Priority Need 4A: Addressed inequitable impacts of economic growth through anti-displacement measures for residents and businesses
- Leveraged two cultural districts in this neighborhood:
 - o SoMa Pilipinas – Filipino Cultural District, whose mission is to prevent the displacement of the Filipino community, protect its historic and cultural assets, help develop and sustain its legacy institutions and support its anchor community organizations, while improving the living conditions of the whole community.
 - o Leather and LGBTQ+ Cultural District, whose mission is to preserve, advance, and promote San Francisco's Leather and LGBTQ+ Cultural District as a local, national, and international resource, and as a culturally and commercially enriched neighborhood and district.
- Priority Need 4B: Ensure economic growth offers benefits to existing communities
- Leveraged Central SOMA cultural preservation and community services for current residents
 - Coordinated with OEWD for job readiness and job placement on affordable housing projects
 - Continued to support job readiness and placement for RAD projects

Tenderloin

The following are the priority activities that will be carried out under the Consolidated Plan in the Tenderloin NRSA, organized by the Plan's Objectives and Priority Needs.

Objective 1: Families and Individuals are Stably Housed

- Priority Need 1A: Develop and maintain accessible and affordable housing
- Complete 31 new or rehabbed affordable housing projects currently in development in the neighborhood, which will add or rehabilitate 1,402 units of affordable housing
 - Includes new construction, rehabilitation, and inclusionary units
 - Includes both rental and homeownership opportunities
- Priority Need 1B: Made housing more affordable

- Robustly funded Homeownership counseling programs based in the neighborhood
- Robustly funded Rental Housing Counseling programs based in the neighborhood
- Priority Need 1C: Worked to prevent and reduce homelessness
 - Reduced the inflow of households entering the homeless response system by engaging in diversion or funding prevention services
 - Maintained support to homeless outreach, shelters and social services for people actively experiencing homelessness in the Tenderloin
 - Increased the outflow from the homeless response system by supporting the development of affordable housing and rental assistance
- Priority Need 1D: Provided services to maintain housing stability
 - Supported Tenant Right to Counsel providers based in the neighborhood, to ensure that residents have access to full scope legal representation when facing eviction
 - Supported tenant counseling and education organizations based in the neighborhood

Objective 2: Families and Individuals are Resilient and Economically Self-Sufficient

- Priority Need 2A: Promote workforce development
 - Provided employment and training services to local residents through the Tenderloin Job Center, including:
 - Job readiness workshops, job search assistance, career planning and connections to employment opportunities.
 - Services/information in English, Spanish and Vietnamese.
 - Assistance with employment barrier removal such as basic computer, substance abuse and temporary housing.
 - Additional Tenderloin-based Workforce partners specialize in providing workforce and training services to the Southeast Asian community and to residents wanting tech training/employment and work in the hotel lobby/hospitality industry.
- Priority Need 2B: Increased opportunities through improved language access and core skills development
 - Supported skills development programs in areas including life skills and personal effectiveness, educational skills (including GED and diploma programs), English as a Second Language training, and workplace readiness skills
 - Supported programs that create clear pathways to more advanced training opportunities, including post-secondary educational programs, more advanced ESL programming at San Francisco City College, and sector-specific job training programs through OEWD and other entities
 - Ensured that skill development programs based in the Tenderloin are funded
- Priority Need 2C: Provided equitable access to civil legal services for immigration and other critical issues
 - Ensured that civil legal services providers are located in the Tenderloin, and that residents have access to legal counseling and representation in a wide range of crucial legal areas, and in the necessary languages

- Priority Need 2D: Helped households connect to services
 - Supported a comprehensive continuum of services including enhanced information and referral, service connection to identify and meet short-term client goals, case management to address more complex and/or longer term needs, and case coordination to coordinate services for a client between multiple providers and systems; ensure that these services are available in needed languages, and that appropriate translation services are accessible; ensure that these providers are located in the Tenderloin

Objective 3: Communities Have Healthy Physical, Social and Business Infrastructure

- Priority Need 3A: Enhanced community facilities
 - Ensured Tenderloin nonprofit service providers have high quality, stable facilities
- Priority Need 3B: Strengthen small businesses and commercial corridors
 - Continue to increase efficiency of technical business assistance
 - Continue business attraction efforts that provide affordable goods and services; use SF Shines façade and tenant improvement grants to help facilitate this.
 - Support efforts to upgrade the exterior of commercial buildings and undertake efforts to bring positive activation to storefronts and sidewalks
 - Support businesses in accessing city funding to covid relief
- Priority Need 3C: Support community-driven comprehensive strategies
 - Participation on block groups, such as Golden Gate Safety Group, to support small businesses and residents and address safety and security concerns
 - Launched and supported coordination of ambassador program to improve public safety along commercial corridors
- Priority Need 3D: Supported capacity needs of community-based organizations and MOHCD professional partners
 - Built organizational capacity of MOHCD's Tenderloin neighborhood grantees/providers through outreach, relationship building and recruitment, organizational assessments, trainings and coaching, cohort-based and project-based work, subject matter experts, and other technical assistance methodologies

Objective 4: Communities At Risk of Displacement are Stabilized

- Priority Need 4A: Addressed inequitable impacts of economic growth through anti-displacement measures for residents and businesses
 - Leveraged Compton's Transgender Cultural District to address displacement of this community
 - The mission of the district is to create an urban environment that fosters the rich history, culture, legacy, and empowerment of transgender people and its deep roots in the southeastern Tenderloin neighborhood.

- The transgender district aims to stabilize and economically empower the transgender community through ownership of homes, businesses, historic and cultural sites, and safe community spaces.
- Priority Need 4B: Ensure economic growth offers benefits to existing communities
 - Coordinated with OEWD for job readiness and job placement on affordable housing projects
 - Continued to support job readiness and placement for RAD projects

Visitacion Valley

The following are the priority activities that were carried out under the Consolidated Plan in the Visitacion Valley NRSA, organized by the Plan's Objectives and Priority Needs.

Objective 1: Families and Individuals are Stably Housed

- Priority Need 1A: Develop and maintain accessible and affordable housing
 - Continue phased construction and development of Sunnydale HOPE SF mixed-income housing
 - Public housing replacement units will be constructed within 12 buildings on site, along with 196 affordable units (set at 60% AMI, selected through lottery process)
 - Each building will be 75% replacement units and 25% affordable units
 - Completed Block 6 construction and lease up with 167 units
 - Blocks 3A, with about 79 units of affordable housing, and the Community Center will both start construction in 2023
- Priority Need 1C: Prevented and reduced homelessness
 - Reduced the inflow of households entering the homeless response system by engaging in diversion or funding prevention services
 - Maintained support to homeless outreach, shelters and social services for people actively experiencing homelessness in Visitacion Valley
 - Increased the outflow from the homeless response system by supporting the development of affordable housing and rental assistance
- Priority Need 1D: Provided services to maintain housing stability
 - Supported Tenant Right to Counsel providers based in the neighborhood, to ensure that residents have access to full scope legal representation when facing eviction
 - Supported tenant counseling and education organizations based in the neighborhood

Objective 2: Families and Individuals are Resilient and Economically Self-Sufficient

- Priority Need 2A: Promote workforce development
 - Provided employment and training services virtually and in-person to local residents through the Visitacion Valley Job Center, including:
 - o Job readiness workshops, job search assistance, career planning, public computer access, and connections to employment opportunities.
 - o Services/information in English, Spanish and Chinese.
 - o Assistance with employment opportunities at San Francisco Airport.

- o Assistance with driving opportunities with San Francisco Muni.
 - OEWD partners with Visitacion Valley-based partners who prioritized providing workforce and training services to residents under the HOPE SF program.
- Priority Need 2B: Increased opportunities through improved language access and core skills development
 - Supported skills development programs in areas including life skills and personal effectiveness, educational skills (including GED and diploma programs), English as a Second Language training, and workplace readiness skills
 - Supported programs that create clear pathways to more advanced training opportunities, including post-secondary educational programs, more advanced ESL programming at San Francisco City College, and sector-specific job training programs through OEWD and other entities
 - Ensured that skill development programs are based in Visitacion Valley, and can provide services to diverse population (including services in English, Spanish and Chinese)
- Priority Need 2C: Provided equitable access to civil legal services for immigration and other critical issues
 - Ensured that civil legal services providers have regular presence in Visitacion Valley, and that residents have access to legal counseling and representation in a wide range of crucial legal areas, and in the necessary languages
- Priority Need 2D: Helped households connect to services
 - Supported a comprehensive continuum of services including enhanced information and referral, service connection to identify and meet short-term client goals, case management to address more complex and/or longer term needs, and case coordination to coordinate services for a client between multiple providers and systems; ensure that these services are available in needed languages, and that appropriate translation services are accessible; ensure that these providers are located in Visitacion Valley

Objective 3: Communities Have Healthy Physical, Social and Business Infrastructure

- Priority Need 3A: Enhanced community facilities
 - Ensured Visitacion Valley nonprofit service providers have high quality, stable facilities
- Priority Need 3B: Strengthen small businesses and commercial corridors
 - Continue to provide small businesses with individualized technical assistance through community partners
 - Continue supporting neighborhood events to attract people to the Leland Street corridor, fill vacancies, improve business storefronts, and conduct business outreach and tailored business services
- Priority Need 3D: Support capacity needs of community-based organizations and MOHCD professional partners
 - Build organizational capacity of MOHCD's Visitacion Valley neighborhood

grantees/providers through outreach, relationship building and recruitment, organizational assessments, trainings and coaching, cohort-based and project-based work, subject matter experts, and other technical assistance methodologies

Objective 4: Communities At Risk of Displacement are Stabilized

- Priority Need 4A: Address inequitable impacts of economic growth through anti-displacement measures for residents and businesses
 - Leveraged Cultural Districts to support anti-displacement policies
 - Increase access to resources for small businesses in low-income neighborhoods that want to stay in San Francisco
 - Provide technical assistance and access to resources to existing business to support their stabilization and growth within the neighborhood.
- Priority Need 4B: Ensure economic growth offers benefits to existing communities
 - Coordinated with HOPE SF and OEWD for job readiness and job placement on affordable housing projects, particularly on the Sunnydale HOPE SF site
 - Continued to support job readiness and placement for HOPE SF and RAD projects

Leveraging

Explain how federal funds leveraged additional resources (private, state and local funds), including a description of how matching requirements were satisfied, as well as how any publicly owned land or property located within the jurisdiction that were used to address the needs identified in the plan.

Federal funds were leveraged with all of the additional resources that were originally indicated in the 2021-2022 Action Plan, and MOHCD provided certifications for consistency for other HUD programs.

City and County of San Francisco Local General Fund

In 2021-2022, the City invested additional General Fund dollars to expand the City's community development portfolio. MOHCD disbursed more than \$54 million of local grant funding to support a diverse range of programs, including legal services, eviction prevention, service connection, services to transitional age youth, organizational capacity building, and services to residents of HOPE SF public housing sites. In addition, MOHCD disbursed nearly \$1 million of charitable donations to mitigate COVID-19 impacts through the City's Give2SF program.

During FY 2021-22, OEWD's Invest in Neighborhoods Initiative provided over \$6 million in local funds to local non-profits to support catalytic projects and programs in opportunity communities, to support entrepreneurs and local economic development efforts. These funds contribute to neighborhood vitality, increase economic activity, and leverage and build local leadership and social capital.

- OEWD SF Small Business COVID Relief Grants: SF Relief Equity Grant and SF Relief Community Storefront Anchors Grant: Both of these grants fall under the OEWD SF Small Business COVID Relief Grants. In total, this program supported 253 businesses for a total of \$2,765,000 in funding during FY 2021-2022.
- The SF Relief Equity Grant: supported storefront small businesses that had not yet substantially benefited from any COVID financial assistance programs, had high financial need, and had been most impacted by COVID closure restrictions. Businesses could receive a \$5,000 or \$10,000 award. This program supported 205 businesses for a total of \$1,565,000 in funding.
- The SF Relief Community Storefront Anchors Grant: was awarded to storefront small businesses that uniquely contribute to the culture and vibrancy of San Francisco and its commercial corridors; including long running businesses, entertainment venues and those located within our city's cultural districts or opportunity neighborhoods. Recipients of this grant received a \$25,000 award. This program supported 48 businesses for a total of \$1,200,000 in funding.
- OEWD Disaster Relief Fund: When a disaster occurs, OEWD works with individual businesses to determine the resources and support they might need. This includes the Small Business Disaster Relief Fund that allows businesses impacted by the fire to access up to \$10,000 in funds for inventory replacement, equipment purchases, security deposits for a new lease, employee salaries, or other expenses to stabilize cash flow, and connecting affected employees to job placement services so that there is a minimal gap in employment. This year, the program supported 11 businesses for a total of \$93,150 in funding.
- Access to Capital: By supporting the loan programs, we will be able to address the increasing needs for affordable and fair capital for the City's low-income, minority, and women-owned

micro-entrepreneurs and small businesses. In FY21-22, San Francisco's loan programs provided 369 loans totaling more than \$24 million to small businesses, creating and retaining 781 jobs.

- San Francisco Small Business Development Center (SBDC): For FY21-22, OEWD applied and was awarded a Small Business Administrations (SBA) grant of \$190,00 to implement the SBDC program, a program that provided no-cost business training and business consulting to San Francisco-based businesses. OEWD was awarded an additional \$200,000 by the State of California to implement an Access to Capital Program and Expand Technical assistance under the SBDC.
- Business Retention / Strengthening: Our top priority has been to deploy targeted programs that retain and strengthen our small businesses including real estate and legal assistance, business planning, façade and tenant improvements, and small business grants programs.
- Retention / Relocation: The Retention and Relocation program is a collaboration with Lawyer's Committee for Civil Rights of the San Francisco Bay Area and SF Bar Association to support small businesses in reviewing and negotiating leases to help them stay and grow in San Francisco. In Fiscal year 2021-22, the program assisted 277 clients and supported the strengthening and negotiation of 105 small business leases.

City and County of San Francisco Local Housing Trust Fund

In 2012, the voters of San Francisco approved the creation of the Housing Trust Fund, with funding to begin in 2013. The Housing Trust Fund began with a set aside of \$20 million in general fund revenue and will increase to \$50 million over time. An estimated \$1.1 billion will be invested in affordable housing production over the next 30 years, with more than \$50 million disbursed or encumbered in FY21-22. The Housing Trust Fund will:

- Develop thousands of units of permanently affordable housing for residents whose average median income (AMI) is 60 percent or below. Those projects include the HOPE SF rebuild of Sunnydale and Potrero;
- Preserve the affordability of existing rent-controlled housing by acquiring the properties through MOHCD's Small Sites Program and enforcing affordability restrictions while not displacing any current residents;
- Invest in the conversion of over 3,400 distressed public housing to stable nonprofit private ownership and management under HUD's Rental Assistance Demonstration Program;
- Invest in a down payment assistance program for residents to purchase a home in San Francisco with no-interest loans to first-time homebuyers, with more than \$31 million dedicated to this use through June 2022;
- Create a Complete Neighborhoods program that invests in improved community amenities in neighborhoods impacted by increased housing density;
- Support increased access to rental and ownership housing services;
- Support increased eviction prevention services, and
- Fund a Homeowner Emergency Loan Program to help distressed homeowners remain in their homes.

San Francisco General Obligation Bonds

In November 2015, San Francisco voters approved a \$310 million General Obligation Bond to finance the construction, acquisition, improvement, rehabilitation, preservation, and repair of affordable housing for low and middle-income households. The entire amount of the bonds has been issued, with \$80

million allocated to public housing revitalization; \$150 million for low-income housing with \$50 million of that dedicated to the Mission neighborhood and \$25 million dedicated to the Small Sites program; and \$80 million for middle income housing (80%-175% AMI), funding down payment assistance and development of new middle income housing units, including units specifically targeted to public school teachers. As of June 2022, approximately \$261 million of the bond proceeds have been spent on projects. A total of 1,533 affordable units are anticipated to be produced or preserved by bond proceeds. As of June 2022, 416 units are in predevelopment, 405 units are in construction, and 712 units are completed.

In November 2016, San Francisco voters approved Proposition C which repurposed existing bond authority to issue up to \$260.7 million to address critical housing needs, protect residents and stabilize communities. These bonds are being used to fund MOHCD's Preservation and Seismic Safety Program (PASS), which 1) preserves affordability in existing housing at risk of market-rate conversion, 2) protects San Franciscans living in apartments at risk of displacement, and 3) improves the earthquake resilience of San Francisco's building stock. PASS provides MOHCD's borrowers with low-cost and long-term access to debt financing to acquire, rehabilitate, and preserve existing buildings as permanently affordable housing. Eligible projects may be small buildings like those typically funded by the City's Small Sites Program (e.g., 5 to 25 units), larger multifamily structures (e.g., 25+ units), or Single Room Occupancy hotels (SROs) of all sizes. The first two issuances totaling \$175 million have been completed and as of June 2022 the funds are anticipated to support 52 projects with 1,083 residential and 50 commercial units.

In November 2019, San Francisco voters approved a \$600 million General Obligation Bond for affordable housing, with \$150 million dedicated to public housing, \$220 million for low-income housing, \$60 million for preservation and middle-income housing, \$150 million for senior housing, and \$20 million for educator housing. The first issuance of these bonds in the amount of \$254 million occurred in March 2021. Through June 30, 2022, over \$148 million has been spent or encumbered.

Housing Impact Fees

MOHCD receives various housing impact fees paid by market rate housing developers as a means to meet their inclusionary housing obligations. MOHCD also receives housing impact fees from developers of non-residential development under the Jobs-Housing Linkage ordinance. Additional housing impact fees in specific plan areas are developed by the Planning Department and approved by the Board of Supervisors. Percentages of some fees are dedicated to MOHCD's Small Sites Program and to Permanent Supportive Housing serving formerly homeless households. In 2021-2022, MOHCD spent or encumbered almost \$54 million of impact fees. These loans will support for the construction of 131 new affordable housing units for low-income families and preconstruction activities for 277 units for families, disabled and formerly homeless households.

Program Income from former Redevelopment Agency Assets (Low-Mod Income Housing Asset Fund) –

With the dissolution of redevelopment agencies in 2011, MOHCD assumed responsibility of all former San Francisco Redevelopment Agency housing assets, including administration of any program income received from those assets. In 2021-2022 MOHCD expended or encumbered approximately \$3.4M of these funds, primarily supporting administration of these former assets and new investment in public housing at Sunnydale and Potrero.

Office of Community Investment and Infrastructure (OCII) Funding

The sources of funding for OCII's affordable housing include taxable housing bonds authorized under Redevelopment Dissolution law, "pay-go" tax increment, and developer fees such as jobs-housing linkage fees.

South of Market Community Stabilization Fund (SoMa Fund)

The SoMa Fund was created in 2005 to mitigate the impacts of residential development and provide community stabilization benefits in the South of Market (SoMa) neighborhood. Funds are used to address the impacts of rapid development and gentrification on residents and businesses in SoMa, including affordable housing, workforce and economic development, community cohesion, capital projects and physical infrastructure. A Community Advisory Committee, comprised of seven members representing various stakeholder groups in the neighborhood, makes recommendations to the San Francisco Board of Supervisors on the SoMa Fund's priorities and expenditures.

In 2021-2022, the SoMa Fund released \$1,025,000 of funding to eleven community based organizations including the UCSF Regents, Study Center/Bill Sorro, Filipino American Development Foundation, West Bay Pilipino Multi Service Center, Centers for Equity & Success, Kultivate, Renaissance Entrepreneurship Center, and United Playaz, supporting a variety of services and community facilities, including trauma informed services for the local public school, increased support to small businesses, community action grants, rental housing counseling, tenant counseling, youth services, and college prep services.

Programmatic Agreement for Compliance with National Historic Preservation Act

The City and County of San Francisco, acting through the Mayor's Office of Housing and Community Development, negotiated a Programmatic Agreement (PA) with the California State Historic Preservation Officer (SHPO) and the Advisory Council on Historic Preservation (ACHP) in January 2007. The PA ensures that the City and County of San Francisco meets its obligations under Section 106 of the National Historic Preservation Act and establishes the standards, stipulations and procedures which govern the Section 106 review of City and County of San Francisco projects subject to 24 CFR Part 58. The agreement allows for the expedited review of construction projects which have the potential to affect cultural resources, and which are subject to 24 CFR Part 58. Projects subject to 24 CFR Part 58 include the Community Development Block Grant, Emergency Solutions Grant, HOME Investment Partnership, Housing Opportunities for Persons with AIDS, and other numerous HUD programs.

The review process contemplated by the PA also allows for the exemption of routine capital projects necessary to maintain public facilities in good repair and ensure they comply with existing building codes. Examples of such projects include the replacement of roofing materials, the upgrading of electrical wiring and the repair of fencing. In addition, the PA sets forth methodology for the determining the eligibility of cultural resources for listing on the National Register of Historic Places, consultation with Native Americans, and setting the boundaries of the Area of Potential Effects of different types of projects. The PA does not reduce the level of protection afforded by the National Historic Preservation Act to cultural resources; the PA expedites and streamlines review under the National Environmental Policy Act. The PA is authorized by 36 CFR §800.14(b).

The PA has been used to successfully conduct Section 106 reviews on projects ranging from routine rehabilitation to the construction of housing developments of over 3,600 units. The programmatic

agreement has considerably reduced project implementation time and costs. Every six months, the City files a Programmatic Agreement Compliance Report (PACR) with the California Office of Historic Preservation and the Advisory Council on Historic Preservation. The PACR summarizes Part 58 activities subject to the PA during the previous six months. To date, 30 PACRS have been filed with the SHPO and the ACHP.

Publicly Owned Land and Property

San Francisco currently leverages publicly owned land to strategically deliver essential services when possible. For example, several social service hubs are operated out of City-owned buildings that are master-leased to community-based organizations. In addition, many youth services are located within elementary, middle, or high schools within the public school system. Visitacion Valley, a HUD-approved NRSA, is an excellent example of this leveraging, as it has two different multi-tenant buildings owned by the City and leased to nonprofits to provide a range of childcare, youth, family resource, and senior services, in addition to a public-school base youth services.

In 2002, the City of San Francisco passed an ordinance requiring the transfer of underutilized or surplus property to the Mayor's Office of Housing for the development of affordable housing, particularly housing for the homeless.

Properties that are suitable for housing development are to be sold or leased to a non-profit for the development of affordable housing for the homeless and households earning less than 20 percent of Area Median Income or the property is sold and those proceeds are used to develop affordable housing for the homeless, or affordable housing for households earning less than 60 percent of AMI. Additionally, MOHCD works with other agencies not subject to the Surplus Property Ordinance to acquire properties they deem surplus and develop the sites into affordable housing such as land from the San Francisco Unified School District, the San Francisco Municipal Transportation Agency (SFMTA), and the Port of San Francisco.

In 2021-2022, MOHCD continued construction on surplus Federal property and land owned by SFMTA, completed construction on Port-owned property and continued preconstruction activities on property owned by the school district and land formerly owned by the California Transportation Agency. These projects include affordable housing for low-income and homeless families or special need populations such as very low-income seniors or transition-age youth as well as low and moderate-income households.

CDBG Program Income

MOHCD receives CDBG program income from repayments of economic development or housing loans, or from sale/rental of real property purchased with CDBG or Urban Renewal funds. All program income is receipted in the corresponding revolving loan pool in IDIS and is used for CDBG-eligible activities. In 2021-2022, a total of \$5.7M in CDBG program income was expended, with approximately \$4.6M spent on acquisition and preservation of affordable housing at Throughline Apartments in Chinatown and \$500,000 spent on rehabilitation of housing at South Park in SOMA.

In addition, pursuant to the Yerba Buena Center Redevelopment Project Closeout Agreement that was executed in 1983 between the former Redevelopment Agency and the City, with HUD concurrence, any

income generated from Yerba Buena Gardens (YBG) leasehold revenue or disposition of YBG properties is treated as CDBG program income. Income generated from leases is used exclusively by YBG to cover CDBG-eligible operating costs as described in the closeout agreement. Below is a summary of income and expenses for YBG for program year 2021-22. The City's Real Estate Department maintains both a cash flow and a capital expenditures database for YBG that document the ongoing capital needs that program income balances will be used for.

Summary of Income and Expenses for YBG for 2021-2022	
Beginning Balance, July 1	\$9,782,894
2021-2022 Income	7,477,649
2021-2022 Expenses	(6,663,940)
Net Income/Loss	(813,709)
Ending Balance, June 30	\$10,596,603

ESG Match

The ESG program requires a match in an amount that equals the amount of ESG funds provided by HUD. Matching contributions may be obtained from any source, including any federal resource other than the ESG program, as well as state, local, and private sources. According to ESG regulations, the City may comply with this requirement by providing the matching funds itself, or through matching funds provided by any ESG sub-recipient. For program year 2021-2022, a total of \$1,590,749 in non-ESG funds was provided by ESG sub-recipients to support the emergency shelter, rapid re-housing, and homeless prevention activities funded by ESG.

HOME Match

HOME regulations also require that localities provide a 25% match for HOME project expenditures. Per the HUD HOME match guidance, the match for the HOME program consists of

- + non-federal contributions to the HOME program
- Match liability calculated as 25% of HOME EN funds drawn for the year (PR33 last column)

During the period of 2017-2021, San Francisco had match contributions of \$26.3M and a match liability of \$3.3M. During the years 2017 to 2021, the following were counted as match contributions:

1. \$5.6M loans disbursed in Year 2020 for 500 Turk 15GOB
2. \$9.9M loans disbursed in Year 2018 for 1296 Shotwell 15GOB
3. \$9M loans disbursed in Year 2017 for Eddy and Taylor Housing Trust Fund
4. \$1.6M loans disbursed in Year 2019 for Sunnydale Block 6 15GOB

Fiscal Year Summary – HOME Match

Discuss the difference between goals and outcomes and problems encountered in meeting these goals.

Please note that the numbers in Tables 11 and 12 are for all MOHCD funding sources, and not for only CDBG and HOME funds. MOHCD did not meet its overall housing production goals due to numerous project approval delays and the lack of state and tax-exempt bond financing to fill funding gaps.

Discuss how these outcomes will impact future annual action plans.

Any projects delayed from funding in 2021-2022 will be applied toward the 2022-2023 Action Plan and its affordable housing goals.

Include the number of extremely low-income, low-income, and moderate-income persons served by each activity where information on income by family size is required to determine the eligibility of the activity.

MOHCD used CDBG funding in 2021-2022 to acquire land for future affordable housing development. MOHCD did not use any HOME funds for affordable housing activities in 2021-2022.

CR-25 - Homeless and Other Special Needs 91.220(d, e); 91.320(d, e); 91.520(c) –

Evaluate the jurisdiction's progress in meeting its specific objectives for reducing and ending homelessness through:

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

San Francisco's Department of Homelessness and Supportive Housing (HSH) has a vision to make homelessness rare, brief, and one-time. HSH's aim is a significant, sustained reduction in homelessness, and is accomplishing this by partnering with City stakeholders to achieve goals outlined in the 5-Year Strategic Framework. HSH partners across City departments to triage and coordinate a response to unsheltered homelessness and street conditions, with the goal of connecting individuals experiencing homelessness to services.

The San Francisco Homeless Outreach Team (SFHOT) engages and stabilizes the most vulnerable individuals by connecting them to shelter, housing placements, and other resources. In response to requests for assistance, HSH dispatches SFHOT outreach workers to perform wellness checks and to connect individuals to the Homeless Response System. SFHOT's Encampment Response Team (ERT) ensures that long-term encampments are minimal and that those living in cars/vehicles have access to available resources. To make placements, SFHOT works in small teams to provide outreach and case management to people experiencing homelessness who are living on the streets, and to find Permanent Supportive Housing through the following:

- *Stabilization Care Management* – This service provides short-term stabilization care management for high-risk individuals assessed through Coordinated Entry (CE) as Housing Referral Status who cannot navigate health and human services systems on their own. Care Managers accept referrals from SFHOT through HSH coordinated services, and through high user treatment programs. Within six to twelve months, SFHOT aims to: (1) Stabilize individuals into temporary shelter/supportive housing; (2) Remove barriers to attaining Permanent Supportive Housing (PSH); (3) Secure PSH; and (4) serve as care coordinators for San Francisco Health Network (SFHN) members.
- *Street Outreach Team* – This service provides outreach, engagement, and warm handoffs from the street to (or between) urgent/emergent institutions. First Responders operate 24/7 and respond to requests from 311, Care Coordinators, Police, Fire, and urgent/emergent institutions for transports. Within two hours, they respond to and determine if the individual can be cleared for transport and handoff. First Responders provide targeted outreach to High Users of Multiple Systems (HUMS) and other high-risk individuals identified by 311 and health care coordinators, perform wellness checks, and refer to services, Case Management teams, and other resources.
- *San Francisco Public Library* – This service includes a Psychiatric Social Worker situated at the Civic Center Main Branch who conducts outreach to homeless, marginally housed, and mentally ill library patrons and connects patrons to available services. They educate library staff to improve understanding of behaviorally vulnerable patrons; these trainings help staff to serve this group according to their needs and decrease the number and severity of incidents requiring security intervention. A dedicated social worker also supervises four part-time Health and Safety Associates (HaSAs), library patrons experiencing homelessness served by SFHOT case

management. HaSAs reach out to patrons experiencing homelessness and encourage them to accept case management and other services.

FY21-22 Specific Accomplishments: Outreach efforts in FY21-22 focused on combatting the COVID-19 pandemic to reduce transmission of the virus while simultaneously maintaining efforts to address homelessness. Initiatives included mask delivery, food/water delivery, hygiene, and health education, and expanded wellness checks.

36,754 wellness checks were completed by SF HOT in FY 21-22. This allowed for SFHOT to reach 717 individuals new to the system of care. SFHOT also played a pivotal role in housing placements, placing 69 individuals into permanent supportive housing, 976 individuals in congregate shelter, and 353 individuals in non-congregate shelter, and 553 individuals in navigation centers. During the fiscal year 21,787 waters were distributed along with 4,505 clothing items and 5,734 items of food.

SFHOT provided staff to support outreach requests for the Health Streets Operations Center (HSOC), a partnership across fourteen City agencies to develop an emergency command center to respond to unsheltered homelessness and street conditions. HSOC focused on resolving large encampments by offering appropriate resources to unsheltered individuals and educating them on public health guidance. Ongoing outreach efforts include conducting quarterly tent and vehicle counts in partnership with HSOC and supporting HSOC to reduce encampments by outreaching to inhabitants and offering temporary shelter placements.

Also in FY 21-22, HSH in partnership with the SF Fire Department launched five Street Wellness Response Teams (SWRT), each of which consists of a paramedic and a Homeless Outreach Team member. SWRT is dispatched to provide well-being checks, and to respond to situations involving people experiencing homelessness that require immediate attention but don't meet the threshold of a behavioral health crisis. SWRT is part of an intentional effort to divert non-emergency calls to 911 to teams that are better equipped to meet social and medical calls for assistance.

Addressing the emergency shelter and transitional housing needs of homeless persons

In 2017, HSH published its first 5-Year Strategic Framework which identifies clear goals with benchmarks that include reducing chronic homelessness by 50%, ending homelessness for families with minor children, ending unsheltered family homelessness, and reducing homelessness among Transition Aged Youth (TAY) by 50% by 2023.

HSH continues to expand its Navigation Center portfolio, a type of Temporary Shelter. Navigation Centers are low-barrier shelters with flexible hours and mealtimes which provide services geared to navigate people to housing. Guests can enter with partners, pets, and property. Although permanent housing is the primary goal for people experiencing homeless, temporary shelter and transitional housing continue to be necessary interventions to reduce unsheltered homelessness until the stock of affordable housing increases. HSH continues to work to make shelter and transitional housing safe and accessible with access to housing and treatment services.

- *FY21-22 Specific Accomplishments:* In response to COVID-19, HSH partnered with other City departments to operate 25 SIP Hotels and served over 3,700 guests. These programs minimized disruptions from shelter closures and resulting capacity reductions due to COVID-19. Temporary shelter was provided for over 8,276 guests in 2021, including 2,281 unique guests in SIP congregate

shelters, the SIP RV program, and the SIP hotels. COVID-19 prevention and mitigation strategies were implemented across the shelter system, including physical distancing and enhanced cleaning protocols. HSH partnered with the Department of Public Health to implement health screenings and a response system for shelters with guests who are symptomatic or COVID-positive, creating rapid response plans for outbreaks in shelters. HSH reactivated the adult shelter system by adding additional beds while maintaining spacing and robust safety measures, including daily health screening, social distancing, enhanced cleaning, testing and other preventative measures. In FY 22-23, HSH will reinflate capacity at some adult shelter sites to pre-COVID levels, while several larger congregate shelters will remain permanently at reduced capacity to create more humane environments that are better positioned to weather future pandemics.

Additional FY21-22 accomplishments included:

- A 57% success rate of exits from CE, as measured by exit destinations in the ONE system according to HUD System Performance Measure 7.
- Assisting 537 household to reach a Problem-Solving resolution or to divert them from homelessness.
- Opening four new Temporary Shelter programs including the first Navigation Center to Serve Homeless Transgender and Non-Gender-Conforming People (84 beds).
- Opening a non-congregate cabin pilot program with 70 units.
- Opening a new non-congregate family shelter with 59 units, including designated low-barrier emergency access units available 24/7 to families.
- Opening three hotel-based non-congregate emergency shelters providing approximately 300 units of shelter.
- A 15% reduction of unsheltered people on the night of 2022 PIT Count since 2019.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: likely to become homeless after being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); and, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs

Homelessness Prevention is a key component of achieving HSH's Strategic Framework goals. Prevention strategies include emergency rental assistance, eviction prevention, housing stabilization support, and partnerships with other systems such as senior services, criminal justice, child welfare, and public health to reduce entry into homelessness for households involved in/exiting these systems. Prevention is integral for a robust Homeless Response System (HRS) as it reduces inflow and is critical to reducing inequity in homelessness. Effective prevention requires early identification and assistance to help those at the highest risk of homelessness avoid losing their housing. HSH is part of a citywide Homelessness Prevention and Anti-Displacement System to comprehensively prevent homelessness.

Prevention strategies include:

- Flexible financial and rental assistance to cover a range of potential needs closely tied to securing or retaining housing for households at risk of homelessness.
- Supportive services including housing arrangement coordination, monitoring, and/or delivery of services to help stabilize and prevent homelessness, including financial counseling and developing housing stability plans.

- Engagement and collaboration with partner systems, such as workforce development, schools, and affordable housing providers to identify those at highest risk of homelessness. Public agencies (social services, health clinics, schools, foster care, etc.) play an important role as they are often in contact with these households and can provide information and referrals.
- Access to eviction prevention through education and outreach, expanded legal services, and eviction prevention programs.
- Implementation of prioritization tools in eligibility processes that target vulnerability factors related to homelessness and focus assistance on those at highest risk.

Prevention services are offered by HSH through an online application and through community organizations across the City. Prevention services aim to serve those who are most vulnerable and have established low barriers to entry, trauma-informed practices, and comprehensive language capacity. To prevent homelessness among those leaving publicly funded institutions and systems of care, HSH CE works directly with at-risk individuals leaving jail and prison, and with hospitals, mental health case management agencies, and substance use facilities to ensure access to the Homeless Response System. Known as Access Partners, these organizations include citywide stabilization, psychiatric emergency services, the San Francisco Homeless Outreach Team (SFHOT), and the Zuckerberg San Francisco General Hospital. Pending partnerships include one with the Citywide Case Management Forensic Program which provides intensive outpatient services to individuals experiencing mental illness who are involved in the criminal justice system; with the San Francisco Health Plan which is a local Medi-Cal provider; and with the San Francisco Fully Integrated Recovery Services Team (SF FIRST) which provides intensive wraparound services to high users of multiple services (HUMS). HSH also partners with the local child welfare agency to administer the Transitional Housing Placement Plus program for former foster youth.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

HSH's strategic framework outlines a commitment to help each person find the right path to permanent housing, with different options depending on individual need. Permanent solutions to homelessness include subsidies and housing placements, and time-limited supports (ex: Rapid Rehousing) and time-flexible programs (ex: rent subsidies and Permanent Supportive Housing). Rapid Rehousing (RRH) is a housing program model that assists individuals and families experiencing homelessness to move quickly into permanent housing usually in the private market. Permanent Supportive Housing (PSH) is affordable housing designed for adults and families with chronic illnesses, disabilities, mental health issues, and/or substance use disorders who have experienced long-term or repeated homelessness and provides subsidized housing and supportive services. Rent subsidies help individual households rather than subsidizing rental projects and stay with tenants as they move. The Coordinated Entry (CE) system is the system through which individuals gain access to permanent housing solutions. To assist households with the highest need for services, CE prioritizes based on highest need for permanent housing solutions, including those experiencing long-term homelessness.

Ending Family Homelessness: HSH's current strategic framework prioritized ending family homelessness by December 2022. In FY 22-23 HSH will reassess the status of family homelessness in San Francisco through its updated 2022 PIT Count, as well as update its strategic framework and goals. A significant increase in family PSH resources is also planned for FY 22-23.

Veteran Permanent Housing Solutions: Veterans are an important subpopulation who are historically overrepresented in the homeless population and have experiences that require specific services. To reduce the number of chronically homeless veterans, San Francisco set specific rehousing goals and identified the need to seek additional funding for rent subsidies and rapid rehousing, aimed at ending chronic homelessness among this population. These strategies included incorporating veterans into the CE system, prioritizing Veterans Affairs (VA) ineligible veterans for City services, and expanding service-enriched housing environments for veterans experiencing chronic homelessness. In FY 20-21 and 21-22, the pandemic response Shelter-In-Place hotel program prioritized those most vulnerable to COVID-19, including 184 veterans. This program likely helped reduce unsheltered homelessness among veterans between the 2019 and 2022 PIT Counts. Although the total number of unhoused veterans remained flat at approximately 600 people, the number of sheltered veterans increased from 117 (19%) in 2019 to 201 (33%) in 2022.

Permanent Housing among Youth: Permanent Supportive Housing (PSH) is a key intervention San Francisco is using to meet its strategic goal of reducing youth homelessness by 50% by 2023. In FY21-22, HSH leveraged Homekey funding through the State of California to purchase two hotels with 77 total units for conversion to PSH to serve transitional-aged youth. Wraparound support services will include onsite case management, and referrals to education, employment training, and healthcare, including mental health and substance abuse treatment.

Linkages among City Departments: Many people experiencing or at risk of homelessness are in touch with the City's public institutions and systems of care, including hospitals, mental health programs, detoxification, treatment programs, foster care, and the criminal justice system. These institutions play an important role in identifying those needing assistance to maintain or gain housing. Through comprehensive transition, or "discharge" planning, these individuals upon release can be linked with housing, treatment, and services to facilitate stability and prevent future homelessness. Key aspects of effective discharge planning include assessment of housing and service-related needs at intake; development of comprehensive discharge plans and assignment of a discharge planner/case manager to oversee plan implementation; provision of services that will promote long-term housing stability while in custody/care; and expansion of housing options for people being discharged.

HSH has also begun collaborating with the Department of Public Health related to current and ongoing planning efforts with the goals of ensuring a collaborative and coordinated system of care that can meet the health, behavioral health, and housing needs of people experiencing homelessness or are precariously housed in San Francisco. Further, the planning intends to ensure that clients receive seamless, equitable, and effective care and support when and where they need it.

For individuals experiencing homelessness who are involved with the criminal justice system with non-violent petty misdemeanors and for frequent users of the hospital system, diversion strategies focus on addressing housing, treatment, and service needs to prevent recurring homelessness, repeat offenses,

and to improve health outcomes. “Respite” beds with appropriate medical care are available to recuperate post-hospitalization and can provide a link to community services and housing opportunities.

In addition, HSH was recently awarded a grant from the MacArthur Foundation’s Just Home Initiative with the goal to reduce jail population through housing services and supports with a focus on addressing racial disparities among those who are currently homeless and have justice system involvement. This work builds upon the successes of MacArthur’s Safety and Justice Challenge, which was led by the San Francisco District Attorney’s Office. Through this work, HSH has expanded its partnership with the Criminal Justice System, including with the District Attorney’s Office, Sherriff’s Office, Adult Probation, Jail Health, Public Defender’s Office, and others. This increased collaboration will allow San Francisco to address the unique needs of this population through creative and innovative solutions.

Paths from COVID Shelter in Place sites to Permanent Housing: The process of re-housing Shelter-In-Place (SIP) participants to stable permanent housing is currently underway. To support the demobilization of COVID SIP hotels, HSH has launched new Permanent Supportive Housing (PSH) programs and expanded scattered site PSH options for adults and seniors. Rapid Rehousing (RRH) has also been used as a tool for youth and families to exit COVID emergency shelter. As of August 2022, HSH has transitioned over 1,200 guests from the SIP hotel program into housing, and several hundred more will be permanently rehoused by the end of 2022.

Other Accomplishments in Permanent Supportive Housing: Since July 1, 2020, HSH has expanded the portfolio of Permanent Supportive Housing (PSH) by 2,918 units. This includes 8 new PSH sites that opened in FY21-22, an additional 7 new PSH sites that are opening in the first half of FY22-23, and a significant expansion of San Francisco’s scattered site PSH subsidy program. As of August 2022, San Francisco received four additional Project Homekey awards to acquire the Panoramic, Eula, Mission Inn and City Gardens properties that will provide 437 new PSH units for TAY, adults, and families with children. During FY21-22, HSH placed 2,057 households into permanent housing. In addition, HSH partnered with the San Francisco Department of Public Health to launch a mobile clinical services team to address the physical and behavioral health service needs that support PSH residents to remain stably housed.

CR-30 - Public Housing 91.220(h); 91.320(j)

Actions taken to address the needs of public housing

In 2015, MOHCD closed the financing for Phase 1 of the City's Rental Assistance Demonstration Program (RAD), a HUD initiative that allows for the transfer of public housing buildings to nonprofit ownership. Through this transfer, selected affordable housing teams undertook substantial rehabilitation and preservation work at the properties. In 2016, MOHCD closed RAD Phase 2, bringing the total number of public housing units rehabilitated and preserved to 3,480, and the total value of new resources employed in the effort, including public and private funding, to over \$2 billion. As of September 2020, all 28 projects had completed rehabilitation. A historic transformation effort, San Francisco's RAD program ensures that thousands of the City's most vulnerable residents can permanently enjoy safe, decent, and affordable housing, with new and comprehensive supportive services in every building.

Since 2017, MOHCD has provided technical assistance to owners of 23 San Francisco projects originally subsidized by HUD's Section 8 Moderate Rehabilitation program, in support of RAD conversions that will result in increased operating income for these projects. Comprising a total of 1,052 units, these legacy projects date from the 1980s and 1990s and primarily house formerly homeless individuals. Only one of the 23 projects remains to convert under RAD.

MOHCD is also supporting the transition of six existing HOPE VI projects out of the public housing program and into Housing Choice Vouchers, as well as a five-site, 70-unit scattered sites project that is currently in construction. While not technically a RAD project, the scattered sites transaction incorporates key RAD principles including a right to return for all residents, the provision of new supportive services for residents, and the opportunity to transfer to other RAD units in case of any emergency.

HOPE SF

Background

Launched in 2007 and now spanning four mayoral administrations, HOPE SF is a thirty-year human and real estate capital commitment aimed at creating racially equitable, mixed-income communities in which the original public housing residents can experience the benefits of neighborhood transformation. Leveraging MOHCD's investments in public housing and affordable housing transformation, HOPE SF takes a place-based approach by expanding conditions of inclusion and the re-enfranchisement of public housing residents through deep investments in education, economic mobility, health, and community leadership across four of the largest and most historically isolated former public housing communities in the City: Hunters View, Alice Griffith, Potrero Terrace & Annex, and Sunnydale.

Real Estate Development and Infrastructure

Hunters View. With the completion of Block 10, the final 54 former public housing households at Hunters View were successfully re-housed in their community bringing the percentage of legacy families successfully relocated and retained to 70%, a remarkable achievement compared to the national rate of return of 27.6% for all public housing residents in HOPE VI developments from 1993 to 2014. A total of 286 units have been built so far. Block 10 also houses both a childcare facility and a health and wellness center; it will serve as the community hub of the Hunters View development. The market-rate developer City Ventures will build 80 for-sale townhomes in the community, advancing the mixed-

income vision of HOPE SF. Predevelopment on Phase III, which will bring another 118 affordable units to the community, including 53 public housing replacement units, is underway. Construction on the infrastructure started in Summer 2022 and the housing portion scheduled to start construction in early 2023.

Alice Griffith. Across four phases, 333 units of newly built affordable housing were completed in Double Rock, successfully housing all of the former public housing households, and bringing the retention rate to 82%. Phases 5 and 6, which will provide another 30 public housing replacement units, will begin predevelopment in 2024 or 2025, pending completion of infrastructure improvements by the master developer.

Potrero Hill. In January 2019, for the first time in three generations, new construction at Potrero Hill was complete, with 1101 Connecticut delivering 72 state-of-the-art affordable units, 53 of which are set aside for residents of Potrero's public housing units. Infrastructure construction is underway in Phase 2 in preparation for Block B, the next vertical development, which is scheduled to start construction in August 2022. Block B will deliver up to 167 affordable units, 75% of which will be public housing replacement units, as well as a childcare center and a new park. Block A, a market rate project adjacent to Block B, is in its planning stages and

Sunnydale. The first public housing replacement project at Sunnydale, called Casala (55 units), completed construction and leased up in Fall 2019. 41 Sunnydale public housing residents have been rehoused in brand new units. Construction on Block 6 (167 units) was complete in October 2022, delivering 125 public housing replacement units. Blocks 3A and 3B are in predevelopment and between them will start construction on 172 affordable units in 2023. These blocks will also contain 30,000 square feet of community serving space including a childcare center. The next infrastructure "megaphase" is in predevelopment, as are the next replacement housing projects, Blocks 7 and 9.

Rental Assistance Demonstration (RAD)

MOHCD, San Francisco's affordable housing developers, and the San Francisco Housing Authority (SFHA) successfully joined forces to preserve public housing through HUD's Rental Assistance Demonstration (RAD) program. Our San Francisco initial "RAD Portfolio" included:

- 28 projects in 8 neighborhood clusters
- 3,480 units
- 2 phases

Conversion to nonprofit ownership and operations under RAD meant new project ownership and property management, rehabilitation, and onsite service providers. RAD converted existing public housing funding to long term Section 8 operating subsidies, using both RAD and non-RAD subsidies made available through the disposition of eight SFHA buildings. The combination of RAD and Section 18 rental subsidies allowed the City to leverage over \$720 million in tax credit equity and an additional \$240 million in debt to address rehabilitation needs for 3,480 units of public housing. All 28 projects have finished their rehabilitation and are fully operational with their new owners/operators. Below are the annual updates for FY21-22:

- City supplemental Services Contracts awarded for all 28 projects in July 2021
- Quarterly meetings for RAD Housing Retention working group (property management teams) with a focus on housing stability support

- Quarterly meetings for RAD Services working group (services partners) with a focus on community building, health and wellness, economic self-sufficiency and housing stability

Other RAD conversions outside of the 28-unit portfolio were completed in 2015-2017 and include new units at Alice Griffith and Hunters View HOPE SF sites, as well as a turnkey conversion of Valencia Gardens, San Francisco's most recently completed HOPE VI project, which required no rehabilitation to convert. Below are updates for FY 21-22:

- City supplemental Services Contracts awarded for all 3 projects in July 2021
- Quarterly meetings for RAD Housing Retention working group (property management teams) with a focus on housing stability support
- Quarterly meetings for RAD Services working group (services partners) with a focus on community building, health and wellness, economic self-sufficiency, and housing stability
- Owner has subcontracted with John Stewart Company for property management operations at Alice Griffith.

In FY21-22 the City completed RAD conversions of three additional HOPE VI projects – Bernal Homes, Hayes Valley North, and Hayes Valley South -- in order to move them from public housing to Section 8 and support full rehabilitation of the property. These projects, which are closing out construction, have followed the same process as our Initial RAD projects by adopting timelines and best practices for conversion and occupied rehabilitation projects. Below are updates for FY 21-22:

- City supplemental Services Contracts awarded for all 3 projects in July 2021
- MOU established between the Tenant Council and Owners at 3 new projects
- Construction is completed at Bernal Homes
- Construction is almost complete at Hayes Valley North and Hayes Valley South
- Owner has subcontracted with John Stewart Company for property management operations at Bernal Homes, and Hayes Valley North and Hayes Valley South.

RAD conversions are also being explored for San Francisco's two remaining HOPE VI projects – Plaza East and North Beach Apartments.

Actions taken to encourage public housing residents to become more involved in management and participate in homeownership

The RAD and HOPE SF revitalization programs will increase tenant engagement activities and tenant services substantially. The RAD Services Model and Engagement strategies follows below. At HOPE SF properties, this level of connection is exceeded, with deep case management services and community building supports available to all residents, as further described below.

RAD Services Model

Establish trust; Map assets and identify needs; Begin community activities; Build resident base; Develop neighborhood partnerships

Foundational and ongoing work with residents and community members of Housing Developments by all service providers or those who conduct work there. **All staff are trained in and work through a Trauma Informed System Lens incorporating Racial Equity principles at every opportunity.**

Community Building – Community organizing and events; Increased information and opportunities; Deeper resident and neighborhood partnerships; Implement peer leadership activities; Development of Health and Wellness, Educational, and Economic Mobility activities

Deeper foundational and ongoing work that builds upon Community Engagement. As residents and community members become accustomed to providers staff can begin recruiting peers and engaging them in leadership and skills building activities. This then establishes them as part of the team. Work at this level also includes activities to reduce social isolation, celebrations, and educational/ informational workshops or classes.

Service Connection – Enhanced information and referral with follow up; Intentional Support for Housing Stabilization; Ongoing Health and Wellness, Educational, and Economic Mobility Activities

Once engaged the consistent staff teams who participate in Community Engagement and Community Building work are available for ongoing resources and activities (Health and Wellness, Educational, Economic Mobility) to learn and expose the community to new choices. One-on-one support is available for residents regarding any needs but especially related to housing stabilization. Staff teams are made up of paraprofessional to professional providers who respond quickly to requests with follow up to ensure information / activities are helpful and accurate. Important key element is for onsite providers to have a relationship with offsite city service providers.

RAD Engagement Strategies

- Weekly meetings between Property Management and Services to coordinate efforts to support tenants to remain stably housed.
- Monthly meetings between Services and Tenant Councils for coordination of activities and to gather insight into outreach and engagement of tenants.
- Monthly community meetings to inform tenants about what is happening in their development and provide opportunities for community voice
- Monthly newsletters
- Monthly calendar of activities
- Door to door outreach

HOPE SF Resident Services and Community Building

Each of the four HOPE SF sites will continue to integrate intensive resident services and community building activities, executed by lead on-site service providers in collaboration with neighboring CBOs and city-wide programming. Services teams will focus their efforts towards preparing HOPE SF site residents for the transition to non-profit management, continuing to stabilize the tenant populations, and developing pathways towards economic mobility. They will achieve this through service connection and on-site programming in areas of resident leadership, housing stability, economic advancement, public safety, health and wellness, and education.

In program year 2020-2021, the final two HOPE SF sites (Sunnydale and Potrero Hill) have completed phase one construction of replacement and affordable housing units, and successful relocation of 220 (167 Sunnydale and 53 Potrero Hill) original families into new units. As such, there continues to be services investments in housing stability activities across the four sites to ensure the successful transition and retention in new housing. New investments in Sunnydale and Potrero will leverage learnings from Hunters View and Alice Griffith, encouraging a collaborative approach to tenant education and intensive housing stability supports at the sites.

Across the HOPE SF portfolio, providers will continue to coordinate the training and placement of residents in construction jobs occurring on site. Developers will continue to engage Residents in community space planning efforts across all four sites, managed by the non-profit developers. Additionally, services and programming assisting with the transition to non-profit management will be ramped up, such as those related to financial literacy, workforce development, and tenant education. Community building activities -- such as senior, teen & family programming, community gardening, and community-wide celebrations -- will also continue to be executed at each of the four HOPE SF sites.

All four HOPE SF sites will continue to build on past success of the Peer Health Leadership program and pilot Health & Wellness Centers, with 4 DPH-led on-site wellness centers and activities launched. Similarly, HOPE SF sites will continue to deepen their educational strategies which are executed in collaboration with the four on-site Educational Liaisons, 8 HOPE SF schools, and families at each of the sites.

At Hunters View, the Bayview YMCA has successfully transitioned on-site households into new units. The YMCA will continue to support housing stability activities, as well as act as lead agency for community building and resident engagement activities at the site.

At Alice Griffith, we continue to support and intensify resident focused programs as we have fully transitioned from CHOICE Neighborhoods funding. The Bayview Hunters-Point Multi Services team will continue to link residents with senior programs, family support programming, youth and education programming, afterschool activities, health and wellness activities, and workforce development opportunities. Bayview YMCA will provide support for belonging and community engagement activities. Bayview Association for Youth will more intensively provide education supports to Alice Griffith residents, through the HOPE SF Education Liaison program.

At Potrero Annex/Terrace, Bridge Housing continues to provide community building activities and foster individual participation in planning sessions. These activities included leadership development and safety workshops, healthy living and parenting groups, gardening/sustainability programs, social activities. Potrero Hill Family support Center (Urban Services YMCA) works with residents to assess, connect and support them in workforce, family support, and educational opportunities. The Potrero Hill Neighborhood House will focus primarily on case management and workforce development of transitional-aged youth. Shanti will work as lead agency in a collaborative intended to support housing stability at the site.

At Sunnydale, Mercy Housing, the Bayview YMCA, APA/Visitation Valley Strong Families, and Sunnydale Teen Center work collaboratively to provide outreach, family support, service connections, health and wellness, and educational activities and community convenings to Sunnydale residents. Mercy will work as lead agency in a collaborative intended to support housing stability at the site.

Actions taken to provide assistance to troubled PHAs

By a letter from HUD to the Authority dated March 7, 2019, HUD determined that the SFHA was in default under its HCV Consolidated Annual Contributions Contract ("HCV ACC") and its Low Rent Public

Housing Consolidated Annual Contributions Contract (“LRPH ACC”). After a determination of default, HUD has the authority to take possession of all or a part of the Authority or require the Authority to make other arrangements consistent with HUD requirements that are in the best interests of the public housing residents and families assisted by HUD.

Under the Default Letter, HUD determined that it is in the best interests of the Authority’s public housing residents and assisted families to allow the Authority the opportunity to cure the SFHA Default as follows: (i) the City’s assumption of responsibility of the programmatic and financial functions under the HCV ACC and LRPH ACC, including financial management, program management, wait list and admissions, inspections, eligibility determinations, and lease and grievance procedures, and (ii) outsourcing programmatic and financial administration of the HCV program and LRPH program, including continued outsourcing of Authority’s financial management.

The City approved a Memorandum of Understanding (MOU) between SFHA and the City in December 2019, and reviewed by HUD, outlining the preliminary terms of the City’s assumption of Housing Authority functions as shown below:

Labor Relations

SFHA gave notice to its existing employees on the reduction in Housing Authority staffing, resulting from the City’s assumption of and contracting out of SFHA functions, as required by HUD. SFHA developed severance packages for employees who were impacted and is partnering with the City to assist with finding City jobs for these employees when possible.

Restructuring of the Housing Authority

The MOU provided a preliminary restructuring plan that included:

- Appointment of City staff to provided executive management oversight of Housing Authority functions;
- Plan to contract out the Housing Authority’s public housing and HCV programs; and
- Development of a specific timeline to integrate the Housing Authority’s systems, processes, and the policies with the City for financial oversight, information technology, human resources, real estate, purchasing, and legal oversight. The MOU further provided for the parties (HUD, Housing Authority, City) to commit to the capital funding necessary to redevelop the public housing under HOPE SF; and to continue to convert the public housing units to project based vouchers.

All of these activities have been completed.

Shortfall Funding

HUD maintains a fund to annually augment local housing authorities’ budgets that have a shortfall in their housing voucher programs. HUD provided \$10 million in shortfall funding to the Housing Authority in 2018. According to the MOU, the Housing Authority will apply for HUD’s shortfall funding annually, or as frequently as needed.

Executive Management and Shared Services

- The City will provide executive management staff to the Housing Authority, including a chief executive officer reporting to the Mayor or the Mayor’s designee.
- The Housing Authority will integrate with City services over time, including information technology, human resources, purchasing, real estate, financial systems, and other services. The

timing and process of integration will be developed in consultation with MOHCD, Controller, and General Services Agency. Administration and Oversight

- The annual Housing Authority budget will be submitted to the Mayor and the Board of Supervisors, who may accept or reject the budget. The budget submission will be consistent with City procedures and HUD timelines and requirements.
- Administration of the HCV program and public housing will be contracted to third parties, as required by HUD and discussed above. The Housing Authority will work with the City to procure third-party contractors, but the contracting process must conform to HUD requirements. Contracts for property transactions will be subject to third-party appraisal with the exception of properties conveyed for development of affordable housing.
- Financial management of the Housing Authority will be contracted to a third party with expertise and experience in HUD financial Introduction Budget and Legislative Analyst's Office 10 reporting and requirements. Currently, the Housing Authority contracts with BDO USA LLP for financial management and reporting.
- Issuance of debt by the Housing Authority must be approved by the Authority and the Board of Supervisors.
- Any material amendment to the MOU is subject to prior approval by the Board of Supervisors. Housing Authority Commission
- The Housing Authority Commission is authorized by state law to have seven members, appointed by the Mayor, two of whom must be Housing Authority residents. Under the proposed MOU, the Mayor would appoint four members directly, and three members recommended by motion at the sole discretion of the Board of Supervisors. Of the Mayor's four appointments, at least one must be a Housing Authority resident. Of the Board's three appointments, at least one must be a Housing Authority resident 62 years of age or older.

Non-Housing Assets

- The Housing Authority will (a) inventory non-housing assets, including the building at 1815 Egbert Street, vehicles, and other assets; (b) identify which assets are needed for ongoing operations; and (c) plan disposition of surplus assets in accordance with HUD requirements. Loans made by the City to the Housing Authority will be repaid from surplus funds from the disposition of assets, subject to HUD requirements.

By the end of 2022, SFHA will convert 1,911 remaining units of public housing to the HCV program via HUD's disposition programs: the Rental Assistance Demonstration (RAD) program and the Section 18 Demo/Dispo program. Given SFHA's financial difficulties, HUD has approved the early conversion of these units to HCV in order to stabilize the agency's finances and operations. The only remaining public housing in San Francisco will be at Plaza East (currently in early stages of predevelopment for a potential revitalization) and North Beach.

CR-35 - Other Actions 91.220(j)-(k); 91.320(i)-(j)

Actions taken to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment. 91.220 (j); 91.320 (i)

Addressing Barriers to Housing Production¹

Identify Sites Appropriate for Housing Development

San Francisco is relatively dense and has limited opportunities for infill development. It is critical to identify and make available, through appropriate zoning, adequate sites to meet the City's housing needs—especially affordable housing. The San Francisco Planning Department has successfully developed neighborhood specific housing plans to accommodate the majority of new housing needs anticipated.

In an effort to identify *specific sites* for housing, as well as areas that can be zoned for housing development, all City agencies subject to the Surplus Property Ordinance annually report their surplus properties and those properties are evaluated with regard to their potential for affordable housing development. To the extent that land is not suitable for housing development, the City sells surplus property and uses the proceeds for affordable housing development.

In order to reduce the land required for non-housing functions, such as parking, the Planning Department will consider requiring parking lifts to be supplied in all new housing developments seeking approval for parking at a ratio of 1:1 or above. Also, through area plans, especially in transit-rich neighborhoods, parking may be allowed at a ratio of less than 1:1 in order to encourage the use of public transit and maximize a site's use for housing.

Furthermore, MOHCD worked closely with the Planning Department to enhance the State Density Bonus law to fit the San Francisco context, ultimately developing an affordable housing density bonus program for San Francisco whereby additional residential density above what is permitted by regular zoning would be permitted if the development is 100% affordable housing.

Encourage "Affordability by Design": Small Units & Rental Units

Using less expensive building materials and building less expensive construction types (e.g., wood frame midrise rather than steel frame high-rise) and creating smaller units can reduce development costs per/unit. High development costs are a major barrier to affordable housing development. The City encourages this type of affordability by design.

¹ The following section on Addressing Barriers to Housing Production is cited from the June 2010 Draft Housing Element. The role of the Housing Element is to provide policy background for housing programs and decisions and broad directions towards meeting the City's housing goals. However, parameters specified in the Zoning Map and Planning Code can only be changed through a community process and related legislative process. Thus, not all strategies identified in the Housing Element are certain to be implemented. The Mayor's Office of Housing and Community Development will explore recommendations of the Housing Element as they pertain to findings from the 2013 Analysis of Impediments to Fair Housing Choice.

Secondary Units

Secondary units (in-law or granny units) are smaller dwellings within a structure that contains a much larger unit, using a space that is surplus to the primary dwelling. Secondary units represent a simple and cost-effective method of expanding the housing supply. Such units can be developed to meet the needs of seniors, people with disabilities, and others who, because of modest incomes or lifestyles, prefer or need small units at relatively low rents. Within community planning processes, the City has explored where secondary units can occur without adversely affecting the neighborhood. To that end the Board of Supervisors approved legislation making it easier to legalize in-law units in certain neighborhoods in San Francisco.

Smaller Units

Density standards in San Francisco have traditionally encouraged larger units by setting the number of dwelling units in proportion to the size of the building lot. However, in some areas, the City uses the building envelope to regulate the maximum residential square footage. This will encourage smaller units in neighborhoods where building types are well suited for increased density.

Moreover, the Planning Department allows a density bonus of twice the number of dwelling units when the housing is specifically designed for and occupied by senior citizens, physically or mentally disabled persons. As stated above MOHCD work with the Planning Department to develop a local affordable housing density program that will allow increased density, including 3 additional residential floors above the site's height limit if the housing is 100% affordable.

Rental Units

In recent years the production of new housing has yielded primarily ownership units, but low-income and middle-income residents are usually renters. The City encourages the continued development of rental housing, including market-rate rentals that can address moderate and middle income needs. Recent community planning efforts have explored incentives such as fee waivers and reductions in inclusionary housing requirements in return for the development of deed-restricted, long-term rental housing. The Planning Department will monitor the construction of middle-income housing under new provisions included within the inclusionary requirements of the Eastern Neighborhoods Area Plans and may consider expanding those provisions Citywide if they are successful.

Identify and Implement Creative Financing Strategies

Due to the high cost of housing subsidies required to provide a unit to low and very low-income households (subsidy of \$275,000-\$350,000 required per unit), financing is amongst the most challenging barriers to affordable housing production. Federal and State programs that historically have supported affordable housing development are not being funded. For example, the Federal Low Income Housing Tax Credit program (LIHTC) has, in years past, financed about 90% of affordable housing. In this economic climate and with the elimination of redevelopment agencies and their required commitment of 20% of their tax increment to affordable housing, it the City of San Francisco has stepped up with solutions to finance affordable housing production and preservation with local legislation and bond measures.

Jobs-Housing Linkage Program

New commercial and other non-residential development increase the City's employment base and thereby increase the demand for housing. The City's Jobs-Housing Linkage Program, which collects fees

for affordable housing production from commercial developments, will continue to be enforced and monitored.

Historic Rehabilitation Tax Credits

Planning and OEWD will promote the use of the Historic Rehabilitation Tax Credits to help subsidize rental projects where appropriate and continue to provide information about such preservation incentives to repair, restore, or rehabilitate historic resources towards rental housing in lieu of demolition.

Citywide Inclusionary Housing Program

Planning and MOHCD will continue to implement the Citywide Inclusionary Housing Program, which requires the inclusion of permanently affordable units in housing developments of 10 or more units. MOHCD is also looking to expand the program to allow developers to target higher incomes than what is currently allowed under the Inclusionary Housing Program in exchange for more affordable housing units to be built.

Tax Increment Financing

Tax Increment dollars in the major development projects of Mission Bay, Hunters Point Shipyard and Transbay will continue to be set aside for affordable housing as required by the development agreements for those major development projects and subject to the State Department of Finance's approval.

Housing Trust Fund

San Francisco voters approved Proposition C in November 2012, which amended the City's charter to enable creation of the Housing Trust Fund. It is a fund that shall exist for 30 years payable from set-asides from the City's general fund and other local sources. MOHCD is implementing housing programs or modifying existing programs to account for this funding source and began using funds from the Housing Trust Fund in July 2013.

2015 Proposition A General Obligation Bond Proceeds

San Francisco voters approved Proposition A in November 2015, which approved the sale of \$310 million in general obligation bonds to finance the construction, acquisition, improvement, rehabilitation, preservation and repair of affordable housing for low- and middle-income households, including funding specifically for new development in the Mission neighborhood. Please see the section above for more detail about uses of the bond in 2019-2020.

Reduce Regulatory Barriers

Public processing time, staffing, and fees related to City approval make up a considerable portion of affordable development costs. The City has implemented Priority Application Processing through coordination with the Planning Department, Department of Building Inspection, and Department of Public Works for 100% affordable projects. This expedites the review and development process and reduces overall development costs. Current City policy also allows affordable housing developers to pursue zoning accommodations through rezoning and application of a Special Use District. The Planning Department, in consultation with MOHCD and the development community, is implementing of a San Francisco-specific density bonus program expanding upon the State Density Bonus law, which enables a more expeditious land use entitlement process for projects that are 100% affordable housing than

required by local law and granting unlimited zoning exceptions including an increase in height by 3 floors and substantial increase in residential density.

The City is also exploring mechanisms that maintain the strength of the California Environmental Quality Act (CEQA) and its use as a tool for environmental protection while eliminating aspects of its implementation that are not appropriate and unnecessarily delay proposed projects. For instance, the Planning Department will continue to prioritize projects that comply with CEQA requirements for infill exemptions by assigning planners immediately upon receipt of such applications. Other improvements to CEQA implementation are underway. For example, a recent Board of Supervisors report studied how to meaningfully measure traffic impacts in CEQA.

Address NIMBYISM

Neighborhood resistance to new development, especially affordable housing development, poses a significant barrier. However, NIMBYism can be reduced by engaging neighbors in a thorough and respectful planning process. In order to increase the supply and affordability of housing, the City has engaged in significant planning for housing through Area Plans and other processes that respect community voice and neighborhood character. In general, the Planning Department's review of projects and development of guidelines builds on community local controls, including Area plans, neighborhood specific guidelines, neighborhood Covenants, Conditions, and Restrictions (CC&R's) and other resident-driven standards for development.

Public education about the desirability and necessity of affordable housing is also an ongoing effort. Planning, DBI and other agencies will continue to provide informational sessions at Planning Commission Department of Building Inspection Commission and other public hearings to educate citizens about affordable housing.

As one of the most expensive cities in the United States to live, the need for affordable housing is more acute than elsewhere in the country. Consequently, the need to remove barriers to the production or preservation of affordable housing has become an even more important priority for MOHCD. MOHCD is working closely with other City departments to revisit the City regulations that may serve one public purpose, such as increasing indoor air quality in residential buildings near major roadways but is becoming a barrier to affordable housing production by increasing the development cost of affordable housing by requiring more expensive mechanical ventilation systems. MOHCD will also continue to work with other City departments to improve City process improvements that will help expedite the production of affordable housing be it with the Planning or Building Inspection departments.

Actions taken to address obstacles to meeting underserved needs. 91.220(k); 91.320(j)

Obstacles to meeting underserved needs for San Francisco are related to the extent of need in the City and the diversity of the population of the City. Major obstacles are limited funds, language barriers and gaps in institutional structure.

Due to high housing costs, economic conditions, poverty and unemployment, a significantly large number of low-income San Franciscans are not economically self-sufficient. The limited resources that are available to support programs and services that help individuals and families to become self-

sufficient are inadequate. The situation is made worse by reductions in funding at the federal, state, and local government levels at the same time as needs are increasing due to the weak economy. To minimize the impact of the City's limited resources, MOHCD, HSH and OEWD have increased our strategic coordination with other City departments in an effort to avoid duplication of services and to maximize the leveraging of federal, state and local dollars.

Another major set of obstacles are language barriers. San Francisco has historically been a haven for immigrants. Language barriers impact immigrants' abilities to access necessities such as employment, healthcare, and police protection. Many adult immigrants and refugees are not necessarily literate in their own native languages, and struggle to master the complexities of English. In particular, sophisticated transactions such as legal issues or governmental forms may be confusing. Of all San Franciscans over the age of five, 43% speak a language other than English at home, with the largest language groups being Chinese, Spanish, and Filipino. Fifty-seven percent of the population that speak an Asian language at home are of limited English proficiency (LEP), meaning that they speak English less than "very well." Thirty percent of Asian children are identified as LEP. Twelve percent of San Francisco households are "linguistically isolated" as of 2015 with no one in the household over the age of 14 indicating that they speak English "well" or "very well." Among Asian households, that number increases to 35%. At the individual level, about 21% of all San Franciscans in the 2018 ACS five-year survey indicated that they did not speak English "very well."

In response to this particular obstacle, San Francisco uses CDBG and general fund resources to provide language-appropriate services to linguistically and culturally isolated individuals and families, including translation services, legal services, vocational ESL instruction, information and referral, and case management. Services are provided through these funds to neighborhood-based multi-service community centers.

Another action that will be taken will be granting those households displaced by Ellis Act evictions, owner move-in evictions, fire damage, and former San Francisco Redevelopment Agency displacement first preference to any affordable housing under MOHCD's purview. These households were forcibly displaced from their homes so the San Francisco Board of Supervisors deemed them to have higher priority to be screened for eligibility for MOHCD's affordable housing stock. In order to qualify for this housing, these households must be certified by MOHCD that they meet specific displacement criteria, such as having lived in their residence for at least 10 years (or 5 years if they were seniors or disabled) prior to receiving an eviction notice under the State Ellis Act. MOHCD will also certify if a household was living in the Western Addition or Hunters Point area during the San Francisco Redevelopment Agency's large-scale displacement of residents from those areas under its 1960s urban renewal policies. Should these households be certified that they were displaced by an Ellis Act eviction or by the Redevelopment Agency and given a certificate of preference, then these households would be prioritized for eligibility screening for MOHCD's affordable housing. These certificate of preference holders must meet the housing's eligibility criteria, such as income and household size, for the housing they applied to.

Actions taken to reduce lead-based paint hazards. 91.220(k); 91.320(j)

The City's response system is comprised of several City agencies and non-profit partners to address the problem of lead poisoning, prohibited nuisances code enforcement and dilapidated housing. Over the

past 20 years, MOHCD has participated in a highly collaborative infrastructure of City agencies and non-profit organizations to address childhood lead poisoning, lead hazards, and other health conditions stemming from poor quality housing in low-income communities. DPH collaborates with the Family Childcare Association, the Children's Council, the San Francisco Head Start Program, and other private preschools serving low-income families – to ensure families are educated on lead poisoning prevention and timely lead blood level testing of children under the age of six. As a result, low-income children attending targeted preschools are regularly tested for lead blood content as a commitment to a healthy educational start. Children with a detectable lead blood level are case managed by DPH.

Fundamental to the response system, the DPH code enforcement unit has the legislative authority to cite property owners with a notice of violation whenever there is visibly deteriorated paint in the exterior or interior of a pre-1978 building where children under six may be exposed to the lead hazard. These violations become direct referrals to MOHCD, which provides lead remediation services as part of its single-family home rehab loan program. Additionally, the Department of Environment shall provide lead remediation services as part of its Safer Homes program, addressing toxics and residential health.

Any housing built before 1978 that is or could be occupied by families and will be rehabilitated with MOHCD's financial assistance is required to be assessed for lead-based paint hazards. Should lead-based paint hazards be found then remediation becomes part of the rehabilitation scope of work.

In addition, MOHCD requires funded housing, tenant rights, and other non-profit housing related agencies to provide lead poisoning prevention education to tenant families with young children, information on the Federal Lead Hazard Disclosure Law, and information on MOHCD's Home Rehab program.

Coordinated Entry

In August 2016, Mayor Edwin M. Lee founded the Department of Homelessness & Supportive Housing (HSH) to fundamentally change the way the City and County of San Francisco addresses homelessness. Relying on guidance from people experiencing homelessness, service providers, and other stakeholders in San Francisco, HSH developed a Five-Year Strategic Framework outlining specific goals for HSH's vision to make homelessness a rare, brief, and one-time event with the overall aim of significant, sustained reductions in homelessness. To accomplish this goal, HSH will coordinate alignment of all programs into a Homelessness Response System (HRS) that treats homelessness as an emergency to be responded to quickly and effectively. Please note that the Homelessness Response System covers the entire geographic region defined as the San Francisco CoC. Coordinated Entry (CE) is a key component of this response system. CE is a consistent, community wide intake process to match people experiencing homelessness to available community resources that are the best fit for their situation. CE includes a clear set of entry points, a standardized method to assess and prioritize people needing assistance, and a streamlined process for rapidly connecting people to a housing solution. All homeless individuals and families in San Francisco will complete a standardized assessment process that considers the household's situation and identifies the best type of housing intervention to address their needs. Housing programs—including permanent supportive housing (PSH), will fill spaces in their programs from a community pool of eligible households generated from the standard assessment process. CE will

also fully integrate into the Online Navigation and Entry (ONE) System—San Francisco’s implementation of the Homeless Management and Information System (HMIS). The assessment will build upon the standard intake and be entered directly into ONE and referrals to transitional and permanent housing will be made through the ONE System. This coordinated process will dramatically reduce the burden placed on people experiencing homelessness by removing the necessity to seek assistance from every provider separately and instead streamline access to all the resources in our Homelessness Response System. HSH has launched Adult Coordinated Entry, Family Coordinated Entry, Coordinated Entry for survivors of Domestic Violence, and Coordinated Entry for Youth and their Community Access Points.

Here are some annual highlights for FY 21-22 regarding CE:

- Coordinated Entry for survivors of Domestic Violence – A Community Needs Assessment was completed that included 27 stakeholder interviews, 7 Survivor Listening Sessions, 100 responses collected for the Safe Housing Survey.
- Coordinated Entry for survivors of Domestic Violence facilitated 79 referrals to date for Emergency Housing Vouchers and 25 referrals to DV Rapid Rehousing.
- Adult Coordinated Entry contracted several new Coordinated Entry Adult Access Points: • Swords to Plowshares • St. Vincent de Paul • Dolores Street opening at permanent location in Fall 2022 (already operating on a mobile basis at other locations)
- Initiated Coordinated Entry Evaluation and Reform Project • Phase One evaluation report presented at July LHCB meeting • Three Community Town Halls to inform redesign.
- The Housing and Disability Advocacy Program deployed a new Multi-Disciplinary Team to shelters and navigation centers to help eligible households go through Coordinated Entry assessment, enroll into SSI and public benefits and be referred for housing placement.
- Adult CE has facilitated 31 referrals to federal Emergency Housing Vouchers and partnered with SF Housing Authority to match 906 households to Emergency Housing Vouchers.
- Annual Coordinated Entry Assessments: FY21-22: 8,743 (FY20-21: 7,033)

Entrepreneur Training Program under the Dream Keeper Initiative

The Dream Keeper Initiative (DKI) seeks to address and remedy racially disparate policies so that the dreams of young African Americans and their families are no longer deferred, and they have the needed resources and support to thrive in San Francisco. Economic opportunity investments under this initiative focus on helping African American small businesses and entrepreneurs in San Francisco start, stabilize, or grow their businesses. The DKI Entrepreneur Training Program is directed at providing training and technical assistance to guide businesses toward the growth and stabilization of African American anchor businesses. The program provides access in the form of grants and stipends for enrollment and completion of business training programs including, starting and developing a business, opening a storefront, and digital sales and marketing. In addition, cover small business start-up costs for entrepreneurs who complete training courses. Within 14 months since its launch, the program supported 142 businesses for a total of \$1,294,000 in funding.

Homeowner Emergency Loan Program (HELP)

The purpose of the MOHCD HELP program is to assist San Francisco homeowners in need of a one-time emergency financial assistance loan due to an unforeseen financial hardship.

HELP Funds may be used for:

- Past due mortgage Payments

- Past due HOA monthly dues
- Past due property taxes
- Special assessments (e.g. renovation costs passed down to residents)
- BMR homeowners in need of financial assistance to complete necessary repairs in order to sell property

HOPE SF

HOPE SF is an ambitious cross-sector initiative to transform San Francisco’s most distressed public housing sites into vibrant and healthy communities.

It began with a study. In 2005, the HSA released an analysis of at-risk families known as the “Seven Street Corners Study.” The study came out of an effort to create a consolidated youth database with data from the child welfare and juvenile justice systems. When the data was walking distance of just seven street corners in the city — street corners that overlapped with obsolete public housing sites where families were living geographically, socially, and economically cut off from San Francisco’s robust resources.

In response, Mayor Gavin Newsom set a bold vision of rebuilding dilapidated public housing developments into thriving mixed-income communities that integrated holistic family services, high quality schools, new businesses, public transportation, and green buildings. HOPE SF drew on more than 15 years of learning from HUD’s HOPE VI housing revitalization program. However, unlike the HUD projects in which only a small percentage of residents returned to redeveloped housing sites, San Francisco committed to the principle that families would not be displaced.

In 2007, the mayor and Board of Supervisors secured \$95 million in local bond funding, an amount that eclipsed the nationwide HOPE VI funding for that year, to launch HOPE SF. From the beginning, the initiative brought together expertise from the public, nonprofit, and philanthropic sectors, working together to improve the lives of public housing residents and break the cycle of poverty.

Today, the City and County of San Francisco, the San Francisco Foundation, and Enterprise Community Partners collaborate on HOPE SF with the involvement of many organizations and longtime residents.

HOPE SF will rebuild four housing developments in three southeastern San Francisco neighborhoods: Hunters View and Alice Griffith in the Bayview, Potrero Terrace and Annex in Potrero Hill, and Sunnydale-Velasco in Visitacion Valley. Located in isolated and mostly undeveloped areas, these sites were originally built to temporarily house shipyard workers during and after World War II.

By tripling density, HOPE SF will replace 1,900 public housing units one-for-one and add low-income and market-rate units, ultimately building more than 5,300 homes at multiple levels of affordability. Construction is phased so that residents can remain on site and take part in the transformation of their communities.

Alice Griffith

Originally built in 1962 adjacent to the now-demolished Candlestick Park, Alice Griffith received a \$30.5 million HUD Choice Neighborhood Award in 2012 and is part of the Hunters Point Shipyard/Candlestick Point Neighborhood Development plan. In 2019, all original residents had been rehoused, achieving

nearly 90% retention. Two more affordable projects, including 30 public housing replacement units, will be constructed in 2024-2025. Five Point, the Master developer, is responsible for developing market rate, inclusionary and workforce units. When completed, there will be expanded transit, retail and office space, a research and development campus, and over 300 acres of open space. The proposed total number of units will be 1,150.

Hunters View

Hunters View, originally built in 1956, was the first HOPE SF site to undergo revitalization. Perched on a grassy hill above the old naval shipyard, it has spectacular views of the San Francisco Bay. Of the original families, 70% were retained through the transition between public housing and mixed-income development. Amenities include open spaces, a community center, a childcare facility, a wellness center, a sound studio, and playgrounds. The Phase 3 — affordable and the first two phases of market-rate homes will break ground in 2020. The proposed total number of units will be 600.

Potrero Terrace and Annex

Home to nearly 1,300 people, Potrero Terrace and Potrero Annex — together known as Potrero — are two of the oldest public housing developments in San Francisco. Located at the southeastern edge of the Potrero Hill neighborhood, they were hastily constructed in 1941 and 1955. HOPE SF will rebuild both sections of the 38-acre site into a unified mixed-income development with buildings of varying heights and a park. Phase 1 — construction of the first 72 units was completed in February 2019. The proposed total number of units will be 1,400-1,600.

Sunnydale/Velasco

Sunnydale, San Francisco's largest public housing community, is undergoing a transformation into a mixed-income development of new affordable and market rate housing, street and utility infrastructure, and open spaces. Located at the foot of McLaren Park, the 50-acre site will also include an exciting neighborhood hub and the city's first recreation center in decades, a Boys & Girls Club, and early childhood education centers. The proposed total number of units will be 1,400-1,770.

Opportunities for All

Opportunities for All is a mayoral initiative to address economic inequality by ensuring that all young people can be a part of San Francisco's thriving economy. The initiative serves thousands of high school-aged youths, who are ready and interested in working, as well as provides opportunities for youth who might need additional support, as part of Mayor Breed's efforts to provide paid internships for youth in San Francisco.

Opportunities for All connects young people to employment, training, and post-secondary opportunities. Youth work an average of four weeks and earn \$16.32 per hour for up to 20 hours a week, receive mentorship, and visit local businesses to help them identify careers of interest and begin to plan for their future. Opportunities for All builds on existing work-based learning programs and funding. Across the globe, work-based programs are celebrated for preparing young people for work, keeping them engaged in school and promoting self-efficacy.

Opportunities for All works with the SFUSD, OEWD and DCYF to align efforts and recruit youth participants. This initiative also develops a framework where non-profit service providers and employers

have shared understanding and language around work expectations for youth, track youth progress, and provide tools that help youth plan for their future.

Our Children Our Families Initiative

In November 2014, San Francisco voters approved Proposition C, the Children and Families First Initiative, which created the OCOF Council with the purpose of aligning strategies across City agencies, the School District, and community partners to improve the lives of children, youth, and their families. Prop C outlines OCOF's mandates in addition to extending the Public Education Enrichment Fund and the Children's Fund for another 25 years respectively.

OCOF Council knows that the challenges facing our children, youth, and families; safety, housing stability, economic security, health, education, and employment, are interconnected and cannot be addressed in isolation. In order to achieve the impact we seek, we must work in partnership across all sectors. Our strategies involve a collective impact approach, where we work together in three key areas: data and research, training and capacity building and service delivery system improvement. These strategies will serve as a roadmap for our collaboration across the City, District and Community.

Data and Research

Data and research is at the heart of OCOF's work. We aim to use data to inform all decision making for OCOF's work but also to encourage and promote the use of data across all child and family serving systems.

Focus Areas:

- Convene a Data and Research Advisory Group: The purpose of this group will be to serve as an advisory body to OCOF around measuring the outcomes in the framework, as well as identifying data and research projects that align with OCOF outcomes.
- Monitoring outcomes measures: Develop a plan for monitoring the measures in the Outcomes Framework and informing policy and practice change.
- Support use of shared data for policy and program development: OCOF will use targeted data sharing across the city, school district and community to improve research, policy and/or practice. Work with various experts and stakeholders to develop policies and protocols that facilitate data sharing, as well as identifying existing shared data projects across the city that align and advance OCOF outcomes.

Training and Capacity Building

Strengthening the existing workforce and developing a strong pipeline of new employees across San Francisco through curriculum designed to build capacity and skills of the workforce to understand the impact of trauma on the lives of children, youth and families and develop the skills to build resilience and connection is critical to impacting the outcomes we seek to improve.

Focus Areas:

- Develop curriculum and pilot implementation plans: Develop implementation plans for 5 Training and Capacity Building pillars with a primary focus on a Healing City and a Welcoming City.

- Establish an evaluation plan for each pilot: Along with each pilot plan, the development of an evaluation plan will be necessary to demonstrate the challenges and successes for each pilot. This will inform the scaling and sustainability of the pilot.

Service Delivery System Improvement

Service delivery system improvement is at the heart of much of OCOF's mission. The activities for this strategy will focus on changes to systems in addition to service delivery and programs.

Focus Areas:

- Advance strategies that support service navigation: The goals of the service navigation focus area are to identify gaps and redundancies in services and to help families and service providers easily access available services from all agencies. Within this focus area, there are two components: a service inventory for system navigators and a family friendly service navigating website – www.sffamilies.org.
- Coordinating budgets to achieve shared outcomes: The goal of ultimately coordinating budgets across systems is so that efforts are coordinated to generate additional funding and blended resources are integrated into budget planning. An integral part of achieving coordinated budgets will be the Citywide Spending Analysis, which will determine where resources are spent on child and family serving programs. This will include a landscape of services that link the identified spending categories to specific services.
- Identify and support family friendly City policies and protocols: The goal of advancing protocols and policies that designate San Francisco a "Family Friendly City" is so that families are put at the center of decision making across the city, school district and community.
- Improve Citywide service coordination: The goal of this focus area is to identify gaps and redundancies across various collective impact efforts working with vulnerable children, youth and families in order to improve connections and eliminate duplication of efforts. OCOF will lead and participate in efforts that bring together key decision makers to develop strategies to address service overlap and gaps related to service coordination within San Francisco.

San Francisco Financial Justice Project

The San Francisco Financial Justice Project is the nation's first effort embedded in government to assess and reform fines and fees that have a disproportionate and adverse impact on low-income residents and communities of color. Since its inception in 2016, the Project has worked with partners to eliminate or adjust dozens of fines and fees, and to lift millions of dollars in debt off of tens of thousands of low-income people. Housed in the Office of the San Francisco Treasurer, the Financial Justice Project has two main goals: First, to listen to community groups and local residents to identify fine and fee pain points. Second, to identify and implement doable solutions for government and the courts. Over the last three years, The Financial Justice Project has worked with dozens of community partners, city departments and the courts to enact a range of reforms. Read more [here](#) about The Financial Justice Project's reforms; and [here](#) is a list of fine and fee discounts for low-income San Franciscans.

Sector Based Approach to Workforce Development

The Workforce Development Division of OEWD connects job seekers in San Francisco with employment opportunities in growing industries such as Technology, Health Care, Hospitality and Construction. We provide industry aligned job training and access to job search assistance at community-based neighborhood access points throughout the City, to help provide employers with skilled workers. See

Construction Training Programs

The CityBuild Academy (CBA)

CityBuild Academy aims to meet the demands of the construction industry by providing comprehensive pre-apprenticeship and construction administration training to San Francisco residents. CityBuild began in 2006 as an effort to coordinate City-wide construction training and employment programs and is administered by OEWD in partnership with City College of San Francisco, various community non-profit organizations, labor unions, and industry employers.

Construction Administration & Professional Service Academy (CAPSA)

The Construction Administration and Professional Service Academy (CAPSA) is a semester-long program offered at the City College of San Francisco, Mission Campus. The program prepares San Francisco residents for entry-level careers as professional construction office administrators.

CityBuild Women's Mentorship Program

The CityBuild Women's Mentorship Program is a volunteer program that connects women construction leaders with experienced professionals and student-mentors who offer a myriad of valuable resources: professional guidance; peer support; life-skills coaching; networking opportunities; and access to community resources.

Health Care Training Program

Launched in January 2010, the HealthCare Academy falls under OEWD's sector strategy and is designed to improve the responsiveness of the workforce system to meet the demands of the growing industry. Through a dual customer approach, the HealthCare Academy provides employers with skilled workers while expanding employment opportunities for local residents.

The health care industry and health care occupations have been identified both nationally and locally as a priority for workforce investment due to stable and/or increasing demand for new workers, replacement of retirees, and skills development in response to new technologies and treatment options, as well as evolving service delivery options (including local and federal health care initiatives, such as the Affordable Care Act). Because the health care sector encompasses occupations in such a wide variety of settings and requires various levels of education and skill, it presents excellent opportunities for a broad spectrum of local jobseekers.

The HealthCare Academy engages with industry partners to identify key needs of the industry, including skill requirements, vetting and approving a programmatic framework, review of training curriculum, identifying partnership opportunities, and providing programmatic oversight of any workforce programs related to the health care sector. Collaborative partners include the San Francisco Hospital Council, the DPH (and affiliated hospitals), SEIU-UHW West, UC Berkely's Center for the Public Health Practice, California Health Workforce Initiative, and industry employers: California Pacific Medical Center, Dignity Health, Kaiser Permanente, San Francisco Community Clinics Consortium, Chinese Hospital and Homebridge.

Hospitality Training Program

The Hospitality Initiative, launched in 2011, was designed to effectively coordinate training and employment resources that support the growth of a diverse and well-qualified hospitality sector workforce in San Francisco. In support of this goal are the following objectives: To prepare San Francisco residents for training and employment opportunities in the hospitality sector; to fulfill hiring needs of hospitality sector employers with qualified candidates that are job ready, possess the skills and abilities to perform job duties, and hold knowledge and passion for the industry; to educate workforce system service providers and jobseekers about the hospitality industry and to provide them with relevant and current information on connecting to jobs, careers, and/or relevant training.

Industry partnerships play a critical role in establishing sector programming. Collaborative partners include San Francisco Hotel Council (and affiliated members), Golden Gate Restaurant Association (and affiliated members), San Francisco Travel, Moscone Center, City College of San Francisco, SFUSD, Unite Here Local 2, and community-based organizations and industry employers.

Technology Training Program

Launched in 2012, TechSF is an initiative of OEWD designed to provide education, training and employment assistance to locals who are interested in landing a job within San Francisco's tech sector. TechSF is committed to:

- Providing tech training, free of charge, to San Francisco residents who are interested in landing a job in a tech occupation;
- Partnering with educators, training organizations and employers to ensure our participants have opportunities to skill up and land in a job;
- Ensuring our trainings meet local employer demand; and
- Ensuring our participants are trained not only in in-demand technical skills, but also receive career readiness supports.

TechSF aims to ensure that a highly skilled and diverse talent pool connects to, and thrive in, opportunities in tech while meeting industry talent needs. Careers in tech are not solely isolated to the tech sector. TechSF believes that the skills learned in TechSF training programs can open doors to working in a tech job in many different industries.

TechSF provides opportunities for anyone interested in a career in technology. From the exploratory tech learner to the well-versed programmer who is looking to gain a competitive edge, TechSF has opportunities to step outside your comfort zone.

The TechSF Apprenticeship Accelerator offers job seekers the unique opportunity to acquire essential experience and training to get established in a career in tech.

TechSF provides the opportunity to connect directly with Tech Sector employers through exposure and networking events.

Smart Money Coaching Program

The Smart Money Coaching program by the Office of Financial Empowerment provides free, confidential, one-on-one, personalized financial guidance. A certified financial coach helps households to address financial challenges and goals, including reducing debt, establishing and improving credit score, opening a safe and affordable bank account, and increasing savings. Smart Money Coaching has

locations throughout San Francisco and is available to anyone living, working or receiving services in San Francisco. This initiative is funded through MOHCD, HSA, DAAS, and the Treasurer's Office. These services are available at over twenty sites on a regular basis, including HOPE SF and RAD housing sites, the San Francisco Main Library, and at nonprofit partners of MOHCD and other city departments.

Tenant Right to Counsel: San Francisco's Eviction Defense System

In FY21-22, MOHCD entered its third year of implementation of a City ordinance that resulted from the June 5, 2018 passage of ballot initiative Proposition F, the No Eviction Without Representation Act. Prop F established a policy that all residential tenants facing eviction have a right to full-scope legal representation. This program is called the Tenant Right to Counsel (TRC) and requires eviction legal assistance projects to provide full-scope legal representation to the maximum extent possible (rather than self-help, legal advice and counsel, and limited-scope representation). TRC and the larger eviction defense system is led by the Eviction Defense Collaborative (EDC) in collaboration with eight other legal services organizations.

As a result of Mayor Breed's series of mayoral orders early in the pandemic and subsequent local and state eviction moratoria, San Francisco tenants have been protected from most types of evictions except for evictions based on violence, threat of violence, health/safety issues and Ellis Act. For this reason, most all eviction legal services have been full-scope legal representation as a result of our eviction defense system's available capacity.

Actions taken to enhance coordination between public and private housing and social service agencies. 91.220(k); 91.320(j)

The Director of MOHCD meets on a weekly basis with the Director of Planning, the Director of the department of Building Inspection, the Executive Director of the Office of Community Investment and Infrastructure, the Mayor's Senior Advisor on Housing, staff from the Mayor's Budget Office, and the Director of Development for the Office of Economic and Workforce Development to discuss affordable and market-rate housing development issues citywide.

The Director and Deputy Director for Housing meet monthly with the leadership of the department of Homelessness and Supportive Housing to discuss strategy and align programs.

Affordable housing developers in San Francisco have formed a council that meets on a monthly basis to assist in the coordinated development of affordable housing throughout the City. Staff from MOHCD participates in these monthly meetings to provide a two-way channel of communication between these community-based organizations and the City representatives who are responsible for overseeing City-financed affordable housing.

The City agencies also coordinate in the decision-making at the project level on affordable housing developments in the City, including at the level of individual project funding decisions. The Citywide Affordable Housing Loan Committee makes funding recommendations to the Mayor for affordable housing development throughout the City or to the OCII Commission for affordable housing under their jurisdiction. Committee Members consist of the directors or the director's representative from the Mayor's Office of Housing and Community Development, Department of Homelessness and Supportive

Housing, the Controller's Office of Public Finance and the Office of Community Investment and Infrastructure as successor to the San Francisco Redevelopment Agency (OCII). MOHCD also works closely with OCII and the Department of Homelessness and Supportive Housing to issue requests for proposals (RFPs) or notices of funding availability (NOFAs) on a regular basis to seek applications for particular types of developments. NOFAs are generally issued for projects to serve specific populations (family renters, single adults, seniors, people requiring supportive services, etc.), while RFPs are generally issued for specific development sites. Staff develops funding and general policy recommendations to the Loan Committee.

Staff from MOHCD, OCII, the Department of Homelessness and Supportive Housing also meet on a bi-monthly basis to coordinate the development and operation of the City's permanent supportive housing pipeline and portfolio. This bi-monthly convening provides a regular forum to discuss issues of services coordination, policy, new initiatives, funding opportunities, and emerging needs specific for permanent supportive housing funded by these departments.

MOHCD coordinates closely with the department of Aging to strategize on seniors' housing needs.

Identify actions taken to overcome the effects of any impediments identified in the jurisdictions analysis of impediments to fair housing choice. 91.520(a)

MOHCD has worked on various initiatives to address the impediments identified in the City's Analysis of Impediments to Fair Housing Choice report, including addressing the Impediments to Affordable Housing Development, Impediments to Utilization of Assisted Housing Programs, and Impediments Facing People With a Criminal Record. MOHCD has focused its efforts on increasing affordable housing production through site placement, working with other city agencies to remove regulatory barriers, and creating new financing sources all in order to increase the production of affordable housing as discussed above. To overcome the impediment of utilizing assisted housing programs, MOHCD is developing a centralized online housing notification and application system called DAHLIA. This will centralize how people learn about affordable housing opportunities. It will also simplify and centralize how people apply to those housing opportunities. Additionally, MOHCD continued to work closely with the Human Rights Commission to implement San Francisco's Fair Chance Ordinance in all City-assisted affordable housing in order to address the impediment facing people with a criminal record. The Fair Chance Ordinance requires that affordable housing providers must first screen housing applicants for all other resident selection criteria before reviewing an applicant's criminal record.

CR-40 - Monitoring 91.220 and 91.230

Describe the standards and procedures used to monitor activities carried out in furtherance of the plan and used to ensure long-term compliance with requirements of the programs involved, including minority business outreach and the comprehensive planning requirements

Monitoring for Community Development Activities

Managing Grants and Loans

In program year 2021-22, the Community Development Division of MOHCD administered CDBG public facility, non-workforce development public service and organizational planning/capacity building activities; and HOPWA rental assistance and supportive services programs. MOHCD's Housing Division administered the housing activities of the CDBG and HOPWA programs; and all HOME activities. The Office of Economic and Workforce Development (OEWD) administered CDBG economic development and workforce development activities. The Department of Homelessness and Supportive Housing administered all of the ESG activities.

Activities under the CDBG, ESG and HOPWA community development programs were provided primarily through grant agreements with community-based non-profit organizations which provide a range of services, including legal, job training and placement, case management, information and referral, technical assistance to small businesses and micro-enterprises, homeless, homeless prevention, and housing services.

MOHCD and OEWD provided fiscal monitoring of each project that received CDBG, and HOPWA funds. Monitoring may include both internal and on-site reviews, reviews of the agency's audited financial statements, and reviews of the agency's self-assessment. In addition, MOHCD monitored construction projects for labor standards compliance related to the Davis-Bacon regulations. MOHCD also monitored for access requirements related to Section 504 of the Rehabilitation Act and the Americans With Disabilities Act. Fair Housing, EEO and Local Business Enterprise (LBE) contracting is monitored by the City's Contract Monitoring Division.

Since program year 2006-2007, MOHCD has been part of the steering committee for the City's Joint Fiscal and Compliance Monitoring Task Force, which serves to consolidate fiscal and compliance monitoring among various City departments. This consolidation effort increases communication among city departments, reduces multiple fiscal and compliance site visits to a single joint site visit or self-assessment, and decreases the administrative burden on both non-profit entities and City departments.

For CDBG, ESG and HOPWA Grants

Each agency receiving a CDBG, ESG and/or HOPWA grant entered into a grant agreement which stipulates the conditions upon which the grant was awarded, the performance outputs and program outcomes to be met, and the budget. Regular program performance reports were required of grant recipients, along with financial reports. On-site visits were limited because of COVID protocol; when possible and appropriate visits were performed to determine client eligibility, compliance with Federal and local requirements and program progress. When on site-visits were not possible, desk reviews

would be done. Since most CDBG Public Services grants qualified as limited clientele activities, recipient organizations had to demonstrate that they were verifying income eligibility for their clients to MOHCD and OEWD grant coordinators/community builders at site visits.

For each grant, a MOHCD/OEWD grant coordinator/community builder was responsible for providing technical assistance, reviewing progress reports, conducting on-site visits when appropriate, and evaluating performance outputs and program outcomes. The grant coordinator/community builder was also responsible for reviewing monthly expenditure reports and monitoring for fiscal compliance with regulations and accounting policies. In 2021-22, MOHCD continued to dedicate a full-time staff person to focus exclusively on fiscal and compliance monitoring for all of its federally funded grants.

For COVID-19 Emergency Business Loans

The COVID-19 Emergency Business Loan programs targeted outreach to low-income, women-owned, and minority-owned businesses. Moreover, the loan recipient was required to enter into an agreement that stipulates the loan conditions and repayment schedule. City investment in loan capital has bought down interest rates and fees for San Francisco small businesses to offer 0% interest.

Capacity Building for MOHCD/OEWD Staff and Delegate Agencies

In 2021-2022, MOHCD and OEWD continued to invest in the training of its staff to build internal capacity so that MOHCD and OEWD could better assist its delegate agencies on both organizational and programmatic development. Organizational capacity building needs of delegate agencies include financial management, human resource management, technical assistance with compliance with federal and local regulations, Board of Directors development and program evaluation. MOHCD and OEWD collaborated on aligning requests for proposals to minimize administrative burden for delegate agencies.

During the program year, MOHCD and OEWD staff worked closely with the Controller's Office and other City departments in assisting grantees to build internal capacity and to ensure compliance with all city, state and federal requirements. During the spring of 2022, MOHCD release an RFP that resulted in approximately \$2.26M being distributed in grants to 32 community-based organizations to support their capacity building in areas such as financial management and board development.

Monitoring for Housing Activities

Single Family (Owner-Occupied) Properties

MOHCD closely monitored its single-family owner-occupied MOHCD-funded properties to ensure ongoing compliance with the program requirements, specifically that owners continue to reside in the assisted property; that they retain title to the property; and that property taxes are current. While completing the monitoring process during the pandemic provided unique challenges to MOHCD and its homeowners, physical monitoring of all owner-occupied properties will continue in 2022 on a rolling basis to ensure compliance with regulations and standards of the City's housing programs. In 2021-2022, MOHCD staff brought 15 households into compliance and referred an additional 7 non-program compliant homeowners to the City Attorney's Office for the collection of \$350,000 in legal settlements from noncompliant homeowners.

Multifamily Properties

MOHCD monitors the compliance of 403 City-assisted multifamily rental projects, including 132 CDBG- and HOME-funded rental housing projects to assure compliance with program requirements.

Monitoring activities included review of: (1) tenant income and rent schedules; (2) management and maintenance reports; and (3) income and expense statements, including financial statements and use of program income. MOHCD continues to work with rental property owners and their property management agents to ensure ongoing compliance with tenant income and rent restrictions as well as HUD housing quality standards and local code.

The multi-family monitoring encompassed a wide range of housing types, including family and senior housing; housing for people with special needs; housing for people with AIDS/HIV; permanent housing for the homeless and those at risk of becoming homeless; and transitional housing for homeless families and individuals.

Citizen Participation Plan 91.105(d); 91.115(d)

Describe the efforts to provide citizens with reasonable notice and an opportunity to comment on performance reports.

The Draft 2021-2022 CAPER was available to the public for review and comment between September 9, 2022 and September 23, 2022, and between November 7, 2022 and November 21, 2022. The City published a notice on the MOHCD, OEWD and HSH websites on September 2, 2022 informing the public of the availability of the draft document for review and comment. The notice was also emailed to MOHCD's list of community organizations and stakeholders that is used for outreach purposes. Another notice was published in neighborhood newspapers that are used by the San Francisco Board of Supervisors for outreach purposes. See Appendix C for the proof of publication for the notices of availability of the Draft 2021-2022 CAPER for public review and comment. The public had access to an electronic copy of the draft document on the MOHCD, OEWD and HSH websites.

No comments were received regarding the draft document.

CR-50 - HOME 91.520(d)

Include the results of on-site inspections of affordable rental housing assisted under the program to determine compliance with housing codes and other applicable regulations

Please list those projects that should have been inspected on-site this program year based upon the schedule in §92.504(d). Indicate which of these were inspected and a summary of issues that were detected during the inspection. For those that were not inspected, please indicate the reason and how you will remedy the situation.

In 2021-2022, MOHCD inspected 26 HOME-funded properties. MOHCD designates all units as HOME-assisted units in any project that receives HOME funding. In general, the HOME inspections that MOHCD conducted in FY21-22 revealed no egregious violations, a few serious ones and overall, a higher level of typical findings than usual, mainly due to the pandemic. Property managers suspended regular monthly pest inspections and annual full unit inspections for over a year to prevent the spread of COVID-19. As a result, they were not able to identify maintenance issues that tenants had not reported. In addition, shelter-in-place public health orders made it more challenging to conduct annual income recertifications. Property managers had to conduct them virtually, through regular mail or through indirect delivery/drop-off of documents, rather than sitting down with tenants face-to-face. This made the process less efficient and more time-consuming. As a result, many annual income recertifications for 2020 and 2021 had been conducted late, had been started but not finished or had not been conducted at all. Additionally, the “great resignation” and associated challenges in the labor market led to staffing shortages at both the property management and maintenance levels.

MOHCD requires the owner of each HOME-assisted project to submit a signed certification annually that includes the following statements:

The project has met affordability and other leasing provisions set forth in the funding agreement/s entered into with CCSF during the entire reporting period. As of the end date of the reporting period, _____ units (<i>supply exact number</i>) were occupied or held vacant and available for rental by low-income tenants meeting the income qualifications pursuant to the funding agreement/s entered into with CCSF.
The undersigned has obtained a tenant income certification and/or third party documentation to support that certification from each tenant household occupying a unit restricted to occupancy by income-qualified tenants. All income certifications are maintained onsite with respect to each qualified tenant who resides in a unit or resided therein during the immediately preceding business year.
The total charges for rent and a utility allowance to each income-qualified tenant in a restricted unit do not exceed the maximum rent specified in the funding agreement/s entered into with CCSF as adjusted by the most recent HUD income and rent figures, which have been taken from the figures that are supplied by MOHCD on its website.

**Provide an assessment of the jurisdiction's affirmative marketing actions for HOME units.

MOHCD continues to rigorously review the affirmative marketing efforts of all of its borrowers at initial marketing and when developers open their wait lists. Monitoring marketing efforts continues to improve through MOHCD's online application and listing system called Database of Affordable Housing Listings and Applications (DAHLIA) for new rental opportunities and the replenishment of waitlists for existing affordable housing.

The maintenance and preservation of existing affordable housing is a key housing activity for San Francisco given the age of its affordable housing stock. To this end San Francisco periodically issues Notice of Funding Availability for addressing the most pressing capital needs of existing affordable housing, especially those that impact the health and safety and ultimately the long-term livability of the properties.

Narrative

San Francisco's Mayor's Office of Housing and Community Development (MOHCD) is the lead agency to apply for, accept and expend HOPWA funds on behalf of the San Francisco EMSA, which includes the county of San Mateo.

For both the Five-Year Consolidated Plan and the 2021-2022 annual performance periods, HOPWA program goals and objectives were substantially met as evidenced by maximum occupancy of capital projects and rental assistance programs, service utilization, and program stability. HOPWA funds were disbursed and utilized in a timely way.

Due to the impact of COVID-19 short staffing, staffing turnover and staffing recruitment were major challenges to program implementation. The exorbitant cost of living and inflated San Francisco housing market continually provided barriers, such as longer and more competitive housing searches, for HOPWA tenants.

The HOPWA Program is effectively meeting the local needs of the AIDS housing community to the extent that funding has allowed. MOHCD continues to be very involved with HOPWA contractors to get mutual feedback and collaboration regarding any changing needs or program improvements that need to be made. MOHCD's HIV Housing programs manager has worked to expand the community organizations that partner in ensuring HIV Housing services are provided in a fair and equitable manner.

For fiscal year 2021-2022, MOHCD entered into an inter-governmental fiscal agreement with the San Mateo County AIDS Program which determines priorities for funding, selects project sponsors administers the HOPWA funds, and ensures that all HOPWA regulations have been satisfied for their jurisdiction.

Funding for 2021-2022 is summarized as follows:

County	Funding Per Action Plan	FY 21-22 Expenditures	CARES funding per Action Plan	FY 21-22 CARES Expenditures
San Francisco	\$6,220,119	\$8,080,957	\$303,434	\$41,205
San Mateo	\$821,254	\$821,254	\$0	\$0
Total – San Francisco EMSA	\$7,041,373	\$8,902,211	\$303,434	\$41,205

The following sections (by county) provide an overview of the grantee and community, annual performance under the Action Plan, and barriers and trends as required under Part 1, Sections 5a through 5c, of the HOPWA CAPER Measuring Performances Outcomes. All required charts and certifications are located at Appendix B.

San Francisco Priorities, Allocations and Accomplishments

Grantee and Community Overview

Ensuring HIV/AIDS households are able to navigate housing resources and secure housing is critical to preventing homelessness for the PLWHA community. The San Francisco Department of Public Health noted in recent years the proportion of new diagnoses among persons experiencing homelessness showed an overall increasing trend to 21% in 2018, and leveled at 18% in both 2019 and 2020.² Due to the nature of transmission, the conditions of homelessness can create further spread of HIV. According to data from Ward 86, the largest clinic in San Francisco serving PLWHA, in 2019 nearly a third of the 2,600 patients who visit the clinic are extremely impacted by housing instability. According to San Francisco’s Department of Public Health (SFDPH), the rates of viral suppression are far lower for individuals with HIV who are also experiencing homelessness.

Examining the time trends of financial support available for HIV/AIDS housing services suggests a discouraging outlook. Ryan White CARE and General Fund support have remained approximately the same since 2007. Given inflation, significant increases in housing costs and increasing costs of service delivery over time, plateaus in funding effectively amount to fewer resources available for HIV/AIDS housing. Support from HOPWA funding in 2022 is less than that available in 2007, although costs have increased in every area of housing over the past 10 years.

Looking forward, a new HOPWA funding formula has been signed into law as a result of the Housing Opportunity Through Modernization Act of 2016 that was signed into law on July 29, 2016. This new formula is based in part on the number persons living with HIV/AIDS rather than cumulative AIDS cases, and incorporates local housing costs and poverty rates into the formula. The combination of these factors will negatively impact San Francisco's allocation significantly.

The projection released by HUD in 2021 and 2022 indicated that this new formula has resulted in a reduction in HOPWA funding to San Francisco of as much as approximately \$25,000 per year. The impact of this formula change in San Francisco has the potential to further reduce the number of HOPWA funded subsidies as well as reductions in capital.

Since the creation of the initial Five-Year Plan, the annual HOPWA budget has been developed in consultation with DPH's HIV Health Services Office and the Planning Council. The FY 2021-2022 annual budget was presented to the public through the MOHCD website, at a public hearing for citizens and consumers, and before San Francisco's Board of Supervisors prior to final approval.

The FY 2021-2022 Action Plan anticipated \$10,756,348 in HOPWA funding from annual formula allocation of \$6,220,119 and program income of \$4,536,229.

Expenditures during FY 21-22 totaled \$8,080,957 of which \$4,410,953 was funded from annual formula funds and \$3,670,004 from program income received during FY 2021-2022. CARES expenditures during FY21-22 totaled \$41,205.

	Funding Per Action Plan	FY 21-22 Expenditures	Funding Per Action Plan CARES	FY 21-22 Expenditures CARES
Capital Improvement Projects	\$121,082	\$260,367	\$0	\$0
Rental Assistance Program	\$3,466,707	\$3,488,190	\$60,005	\$21,761
Supportive Services and Operating Costs	2,397,727	\$4,037,437	\$243,429	\$19,444
Housing Information/Referral Services	\$48,000	\$53,514	\$0	\$0
Grantee Administration and Other Activities	\$186,603	\$241,449	\$0	\$0
Total	\$6,220,119	\$8,080,957	\$303,434	\$41,205

The priorities and objectives of the HOPWA program as reflected in the 2021-2022 Action Plan included:

- Rental Assistance Program (186 tenant based rental assistance subsidies)

During 2021-2022, \$3.5 million was spent on rental assistance (43% of total expenditures). The program provided monthly rental subsidies and housing advocacy services to 186 households during FY 2021-22. In addition, case management services and employment assistance/training were provided to 60 clients through the Second Start Program. Partial rent subsidies for the 60 households were funded by a separate HOPWA Competitive Grant.

The cost per unit for tenant based rental assistance (TBRA) continues to be above the national average for this category. This is mainly due to very high housing costs in San Francisco.

- Services and operating subsidies for five residential care facilities for people with HIV/AIDS and two other facilities for people with HIV/AIDS (134 units of transitional short-term housing facilities).

During 2021-2022, \$4.0 million was spent on supportive services and operating subsidies at the 7 transitional facilities (50% of total expenditures) with 134 unduplicated residents assisted. This program was also supplemented with \$267K in San Francisco General Funds during the fiscal year. All residents are required to have an income below HUD's very low-income standard—50% of Area Median Income (AMI).

Case managers at the programs coordinate care for residents ensuring maximum usage of available resources. HOPWA provides the largest percentage of funding to these projects, covering supportive services (including nursing care) and a portion of operating expenses. Funding for these programs and facilities are supplemented with federal Ryan White funds, Section 8 project-based vouchers, project sponsor contributions, and private sector funding including grants and donations.

- Capital Improvement Projects

During FY 2020-2021, \$260,367 was spent on three capital improvement projects approved in prior years, and the three projects were completed. Two projects are in progress with completion projected in the next two years. There are three other capital improvement projects which have been approved for funding through the Request for Proposal (RFP) process, but not yet started.

All HOPWA activities are targeted to very low-income persons living with HIV/AIDS. Every effort is made to ensure that ethnic and gender diversity is achieved during the selection of eligible clients. Each applicant is required to complete a comprehensive eligibility intake to verify medical diagnosis, income level, and place of residency.

Project sponsors are required to provide program evaluation reports on an annual basis.

Barrier and Trends Overview

The following barriers were encountered during the program year:

HOPWA/HUD Regulations: Since the full housing needs of very low-income people living with HIV/AIDS have never been fully met with HOPWA funds, increased HOPWA formula funds would best serve the community. In San Francisco, primarily due to access and adherence to anti-retrovirals, there are more people living with HIV/AIDS every year, meaning that there are more people who need housing assistance provided by HOPWA funds each year. It is very difficult to sustain our current programs, let alone meet the increasing need within the current and recent HOPWA funding allocations. Additional HOPWA funding is needed for capital improvements, repairs of existing projects, and for rental subsidies that are lost over time to attrition due to rising costs. Due to the recent decline in HOPWA funding, San Francisco's ability to provide support for capital improvements will come at the cost of direct services to individuals, a reduction in rental subsidies, and/or a reduction to operating cost support of residential facilities. The flexibility to use a portion of HOPWA formula funds for shallow rent subsidy programs would allow the HOPWA program in San Francisco to lose fewer rental subsidies to attrition over time.

Supportive Services: Long-term residential programs often struggle with the need to provide ongoing mental health support services to long-time survivors with intensive mental health needs. Because these mental health needs often exceed the capacity of existing supportive services offered in these facilities, providers often struggle to balance the needs of the individual who may be struggling with mental and behavioral issues, and the needs of the other facility residents who may have difficulty dealing with the resident as he or she works through their complicated issues. Substance abuse treatment has also been a supportive service area in which providers have asked for more assistance.

Housing Affordability and Availability: Securing subsidies to remain in housing is a key solution to achieving healthy outcomes for PLWHA. In San Francisco, non-payment of rent is the leading cause of eviction. The aforementioned stigma and cost associated with HIV/AIDS care and treatment can create situations that interrupt the ability to pay a fixed rent. A 2012 analysis conducted by the Centers for Disease Control and Prevention found that housing status is the strongest predictor of HIV/AIDS health outcomes. Preserving the housing of PLWHA is a fundamental support to ensure positive health outcomes.

Multiple Diagnoses: The overwhelming majority of HOPWA-served people are multiply diagnosed with substance abuse and/or mental health issues. For those living in or seeking independent subsidized housing, these issues can be barriers to finding and maintaining appropriate housing. While services are available at all HOPWA-funded housing programs, participants must be able to locate housing to participate. For those living in supportive HOPWA-funded housing, mental health and substance abuse issues can make living within a community more difficult for those affected by these issues and others living at the sites. HOPWA-funded housing programs do an excellent job in providing services to people who are multiply diagnosed, but these issues can still present barriers to people as they try to live within a supportive community or the greater community.

Long Term Survivor Health Issues: Though antiretroviral medications continue to sustain and enhance the lives of people living with AIDS, AIDS-related health issues, such as the high prevalence of Hepatitis C and cancers, such as lymphoma, continue to make living with AIDS an unpredictable medical experience. These health issues and the fear and anxiety regarding possible loss of benefits in returning to work continue to be barriers for those already very disabled with AIDS to be able to increase their incomes. Most recently, individuals are beginning to outlive their long-term disability insurance policies, putting their housing status at risk because of the imminent loss of income.

Additionally, several individuals exiting assisted care and long-term medical care facilities have limited incomes making it difficult to find and obtain independent housing. Because of the lack of funding and assisted care provider availability, these individuals who need in home health support are unable to secure such services and therefore must remain in long term facilities thereby reducing the total number of available beds.

Credit, Rental, and Criminal Justice History: Credit, rental, and criminal justice history can be a barrier for many HOPWA-eligible people, particularly those who are seeking independent housing. As was previously mentioned, San Francisco's rental housing market is extremely competitive, so prospective landlords can be highly selective when choosing tenants. Often HOPWA-eligible people without stellar rental histories have difficulty finding housing even once they have received a rental subsidy.

Fair Market Rents: San Francisco is one of the most expensive and competitive rental housing markets in the country. This further limits the pool of housing available to people who have received HOPWA subsidies. Appropriate increases to FMR's should also be considered when determining the amount of HOPWA funding available to an area.

San Mateo Priorities, Allocations and Accomplishments

San Mateo County's share of HOPWA funding for FY 2021-22 totaled \$821,254 and was fully expended during the fiscal year.

Categories	Funding Per Action Plan	FY21-22 HOPWA Expenditures
Rental Assistance Program	\$671,992	\$671,992
Supportive Services	\$102,222	\$102,222
Project Sponsor Administrative Exp	\$47,040	\$47,040
Total	\$821,254	\$821,254

From the total amount of the award, \$671,992 or 82% was utilized to provide housing services including, short-term rent, mortgage, emergency financial assistance, move-in costs, housing information and related project sponsor administrative expenses. \$102,222 or 12% of funding was used to provide case management services.

Housing affordability has turned out to be a long-term challenge for residents of San Mateo County. Housing affordability in the County continues to decline every year, while market average rents continue to climb higher and higher. According to July 2022 County-Level Historic Estimates reports from Apartmentlist.com (<https://www.apartmentlist.com/research/category/data-rent-estimates>), San Mateo's median rent for a single bedroom unit was \$2,234 and for two bedrooms was \$2,831. This is a 4% increase from the previous year. Policymakers, state and county legislators have been trying to come up with legislation to help alleviate the housing crisis.

Some proposed bills to help finance affordable housing may eventually help, but at the present time our clients are not getting a lot a relief. According to a recent study by the National Low Income Housing Coalition (NLIHC) (https://nlihc.org/sites/default/files/oor/California_2022_OOR.pdf) "fair-market" two-bedroom rate of rent \$3,198 in San Mateo County would require at least an annual income of \$127,920 or an hourly rate of \$61.50. These amounts are too high for clients of the program to be able to afford; the difficulty of clients finding employment in general further increases the challenges of affordable housing.

In the past few years, the Housing Authority and some shelters had arrangements/contracts for some units of affordable housing. The number of those units has also decreased due to the demand from the population at large, leaving our clients with even less choices. The effect of the high cost of housing has also affected the price of inexpensive hotels/motels, which are also having a higher demand and are able to increase their prices. All of these factors have had a negative impact on clients of the program. They are having to wait longer for the few housing options available, having to pay more from their disposable income for their housing, sometimes travel farther away to their medical appointments, and some have decided to move to other counties where housing has not been impacted as hard as the bay area and San Mateo County.

- Rental Assistance Program

91 households were assisted during this fiscal year with short-term/emergency rental assistance; 12 of these households also received housing placement services. The 2021-2022 Action Plan anticipated that 107 households would be served during the fiscal year. Also, 146 households received housing information services during the year.

Ninety-nine percent (99%) of clients who responded to a survey reported that the services they received from the program helped them maintain or improve their quality of life.

Ninety-nine percent (99%) of clients who responded to a survey reported being satisfied, or very satisfied, with the services they received during the year.

During the year staff referred 20 clients to a network of local agencies to apply for rent assistance through the COVID-19 Rent Relief Program. MHA staff also helped 4 clients apply to the program or appeal a denial from the program. Three of these four clients received a total of \$35,000; one person's denial appeal was denied but is now being re-reviewed.

- Supportive Services:

For the 2021-22 Action Plan, Supportive Services/Medical Case management projected that 180 persons would receive case management services. 406 individuals received case management for need assessments, information and referrals and comprehensive case management, including treatment adherence and community-based services aimed to increase their access to care, improve their opportunities of achieving a more stable living environment, and reduce their risk of becoming homeless.

Our 2021 San Mateo County STD/HIV Program Client Satisfaction Survey had a larger sample size of 65. In general, 96% are very satisfied or satisfied with their social work and 82% are very satisfied or satisfied with their benefits counseling services. 86% (a 17% increase from 2020) responded that the benefits counselor or social worker improved their access to medical care with 11% stating "I don't know". 55% (10% increase from 2020) said the support services they received at the clinic reduced their risk of homelessness with 16% stating "I don't know".

Barrier and Trends Overview

The following barriers were encountered during the program year:

HOPWA/HUD Regulations

HOPWA regulations limit service to 21 weeks per year. This isn't always practical as it can take more time than that for clients to make progress toward stability. For example, it regularly takes 6 months to receive a response to a Social Security Disability application and clients rarely have enough income to pay rent while they wait. Additionally, recent inflation has led some otherwise mostly stable people to need assistance because of the increases in everyday costs, which are expected to continue into the foreseeable future.

Housing Affordability/Availability

The high cost and unavailability of housing in San Mateo County continue to be barriers to stable housing for our clients. Per "Home for All, San Mateo County," (<https://homeforallsmc.org/challenge/>) a renter of a one-bedroom unit needs to earn \$91,640 per year to be able to pay rent and other living expenses. The average, annual gross income for the people who received MHA financial services last year was \$14,788, or \$1,232 per month, clearly nowhere near the amount needed to rent in San Mateo County.

Credit History

Landlords check apartment applicants' credit histories before renting. Many of our clients have no, or poor, credit histories. Some people request assistance because their adequate credit histories and credit ratings are in danger of deteriorating due to unpaid bills, frequently unpaid medical bills. If not addressed, these renters are in danger of not being able to find housing if they have to leave the apartment or house that they are renting.

Need for more board and care facilities

There is a continuing need of more, and affordable, board and care facilities for people who would benefit from supported housing and, especially, a board and care. Both are in short supply in San Mateo County; our clients cannot afford the rents charged by either

PART 2: Sources of Leveraging and Program Income

1. Sources of Leveraging

Report the source(s) of cash or in-kind leveraged federal, state, local or private resources identified in the Consolidated or Annual Plan and used in the delivery of the HOPWA program and the amount of leveraged dollars. In Column [1], identify the type of leveraging. Some common sources of leveraged funds have been provided as a reference point. You may add Rows as necessary to report all sources of leveraged funds. Include Resident Rent payments paid by clients directly to private landlords. Do NOT include rents paid directly to a HOPWA program as this will be reported in the next section. In Column [2] report the amount of leveraged funds expended during the operating year. Use Column [3] to provide some detail about the type of leveraged contribution (e.g., case management services or clothing donations). In Column [4], check the appropriate box to indicate whether the leveraged contribution was a housing subsidy assistance or another form of support.

Note: Be sure to report on the number of households supported with these leveraged funds in Part 3, Chart 1, Column d.

3. Short-Term Rent, Mortgage and Utility Assistance (STRMU) Summary

In Row a, enter the total number of households served and the amount of HOPWA funds expended on Short-Term Rent, Mortgage and Utility (STRMU) Assistance. In Row b, enter the total number of STRMU-assisted households that received assistance with mortgage costs only (no utility costs) and the amount expended assisting these households. In Row c, enter the total number of STRMU-assisted households that received assistance with both mortgage and utility costs and the amount expended assisting these households. In Row d, enter the total number of STRMU-assisted households that received assistance with rental costs only (no utility costs) and the amount expended assisting these households. In Row e, enter the total number of STRMU-assisted households that received assistance with both rental and utility costs and the amount expended assisting these households. In Row f, enter the total number of STRMU-assisted households that received assistance with utility costs only (not including rent or mortgage costs) and the amount expended assisting these households. In row g, report the amount of STRMU funds expended to support direct program costs such as program operation staff.

Data Check: The total households reported as served with STRMU in Row a, column [1] and the total amount of HOPWA funds reported as expended in Row a, column [2] equals the household and expenditure total reported for STRMU in Part 3, Chart 1, Row 4, Columns b and f, respectively.

Data Check: The total number of households reported in Column [1], Rows b, c, d, e, and f equal the total number of STRMU households reported in Column [1], Row a. The total amount reported as expended in Column [2], Rows b, c, d, e, f, and g, equal the total amount of STRMU expenditures reported in Column [2], Row a.

End of PART 3

In Column [1], report the total number of eligible households that received HOPWA housing subsidy assistance, by type.

In Column [2], enter the number of households that continued to access each type of housing subsidy assistance into next operating year. In Column [3], report the housing status of all households that exited the program.

Data Check: The sum of Columns [2] (Number of Households Continuing) and [3] (Exited Households) equals the total reported in Column[1].

Note: Refer to the housing stability codes that appear in Part 5: Worksheet - Determining Housing Stability Outcomes.

Section 2. Prevention of Homelessness: Assessment of Client Outcomes on Reduced Risks of Homelessness (Short-Term Housing Subsidy Assistance)

Report the total number of households that received STRMU assistance in Column [1].

In Column [2], identify the outcomes of the households reported in Column [1] either at the time that they were known to have left the STRMU program or through the project sponsor's best assessment for stability at the end of the operating year.

Information in Column [3] provides a description of housing outcomes; therefore, data is not required.

At the bottom of the chart:

- In Row 1a, report those households that received STRMU assistance during the operating year of this report, and the prior operating year.
- In Row 1b, report those households that received STRMU assistance during the operating year of this report, and the two prior operating years.

Data Check: The total households reported as served with STRMU in Column [1] equals the total reported in Part 3, Chart 1, Row 4, Column b.

Data Check: The sum of Column [2] should equal the number of households reported in Column [1].

Section 3. HOPWA Outcomes on Access to Care and Support 1a. Total Number of Households

Line [1]: For project sponsors that provided HOPWA housing subsidy assistance during the operating year identify in the appropriate row the number of households that received HOPWA housing subsidy assistance (TBRA, STRMU, Facility- Based, PHP and Master Leasing) and HOPWA funded case management services. Use Row c to adjust for duplication among the service categories and Row d to provide an unduplicated household total.

Line [2]: For project sponsors that did NOT provide HOPWA housing subsidy assistance identify in the appropriate row the number of households that received HOPWA funded case management services.

Note: These numbers will help you to determine which clients to report Access to Care and Support Outcomes for and will be used by HUD as a basis for analyzing the percentage of households who demonstrated or maintained connections to care and support as identified in Chart 1b below.

Total Number of Households	
1. For Project Sponsors that provided HOPWA Housing Subsidy Assistance: Identify the total number of households that received the following <u>HOPWA-funded</u> services:	
a. Housing Subsidy Assistance (duplicated)-TBRA, STRMU, PHP, Facility-Based Housing, and Master Leasing	500
b. Case Management	524
c. Adjustment for duplication (subtraction)	545
d. Total Households Served by Project Sponsors with Housing Subsidy Assistance (Sum of Rows a and b minus Row c)	479
2. For Project Sponsors did NOT provide HOPWA Housing Subsidy Assistance: Identify the total number of households that received the following <u>HOPWA-funded</u> service:	
a. HOPWA Case Management	
b. Total Households Served by Project Sponsors without Housing Subsidy Assistance	0

1b. Status of Households Accessing Care and Support

Column [1]: Of the households identified as receiving services from project sponsors that provided HOPWA housing subsidy assistance as identified in Chart 1a, Row 1d above, report the number of households that demonstrated access or maintained connections to care and support within the operating year.

Column [2]: Of the households identified as receiving services from project sponsors that did NOT provide HOPWA housing subsidy assistance as reported in Chart 1a, Row 2b, report the number of households that demonstrated improved access or maintained connections to care and support within the operating year.

Note: For information on types and sources of income and medical insurance/assistance, refer to Charts below.

1c. Households that Obtained Employment

Column [1]: Of the households identified as receiving services from project sponsors that provided HOPWA housing subsidy assistance as identified in Chart 1a, Row 1d above, report on the number of households that include persons who obtained an income-producing job during the operating year that resulted from HOPWA-funded Job training, employment assistance, education or related case management/counseling services.

Column [2]: Of the households identified as receiving services from project sponsors that did NOT provide HOPWA housing subsidy assistance as reported in Chart 1a, Row 2b, report on the number of households that include persons who obtained an income-producing job during the operating year that resulted from HOPWA-funded Job training, employment assistance, education or case management/counseling services.

Note: This includes jobs created by this project sponsor or obtained outside this agency.

Note: Do not include jobs that resulted from leveraged job training, employment assistance, education or case management/counseling services.

Total HOPWA Housing Subsidy Assistance					

Background on HOPWA Housing Stability Codes Stable Permanent Housing/Ongoing Participation

3 = Private Housing in the private rental or home ownership market (without known subsidy, including permanent placement with families or other self-sufficient arrangements) with reasonable expectation that additional support is not needed.

4 = Other HOPWA-funded housing subsidy assistance (not STRMU), e.g. TBRA or Facility-Based Assistance.

5 = Other subsidized house or apartment (non-HOPWA sources, e.g., Section 8, HOME, public housing).

6 = Institutional setting with greater support and continued residence expected (e.g., residential or long-term care facility).

Temporary Housing

2 = Temporary housing - moved in with family/friends or other short-term arrangement, such as Ryan White subsidy, transitional housing for homeless, or temporary placement in institution (e.g., hospital, psychiatric hospital or other psychiatric facility, substance abuse treatment facility or detox center).

Unstable Arrangements

1 = Emergency shelter or no housing destination such as places not meant for habitation (e.g., a vehicle, an abandoned building, bus/train/subway station, or anywhere outside).

7 = Jail /prison.

8 = Disconnected or disappeared from project support, unknown destination or no assessments of housing needs were undertaken.

Life Event

9 = Death, i.e., remained in housing until death. This characteristic is not factored into the housing stability equation.

Tenant-based Rental Assistance: Stable Housing is the sum of the number of households that (i) remain in the housing and (ii) those that left the assistance as reported under: 3, 4, 5, and 6. Temporary Housing is the number of households that accessed assistance, and left their current housing for a non-permanent housing arrangement, as reported under item: 2. Unstable Situations is the sum of numbers reported under items: 1, 7, and 8.

Permanent Facility-Based Housing Assistance: Stable Housing is the sum of the number of households that (i) remain in the housing and (ii) those that left the assistance as shown as items: 3, 4, 5, and 6. Temporary Housing is the number of households that accessed assistance, and left their current housing for a non-permanent housing arrangement, as reported under item 2. Unstable Situations is the sum of numbers reported under items: 1, 7, and 8.

Transitional/Short-Term Facility-Based Housing Assistance: Stable Housing is the sum of the number of households that (i) continue in the residences (ii) those that left the assistance as shown as items: 3, 4, 5, and 6. Other Temporary Housing is the number of households that accessed assistance, and left their current housing for a non-permanent housing arrangement, as reported under item 2. Unstable Situations is the sum of numbers reported under items: 1, 7, and 8.

Tenure Assessment. A baseline of households in transitional/short-term facilities for assessment purposes, indicate the number of households whose tenure exceeded 24 months.

STRMU Assistance: Stable Housing is the sum of the number of households that accessed assistance for some portion of the permitted 21-week period and there is reasonable expectation that additional support is not needed in order to maintain permanent housing living situation (as this is a time-limited form of housing support) as reported under housing status: Maintain Private Housing with subsidy; Other Private with Subsidy; Other HOPWA support; Other Housing Subsidy; and Institution.

Temporarily Stable, with Reduced Risk of Homelessness is the sum of the number of households that accessed assistance for some portion of the permitted 21-week period or left their current housing arrangement for a transitional facility or other temporary/non-permanent housing arrangement and there is reasonable expectation additional support will be needed to maintain housing arrangements in the next year, as reported under housing status: Likely to maintain current housing arrangements, with additional STRMU assistance; Transitional Facilities/Short-term; and Temporary/Non-Permanent Housing arrangements. Unstable Situation is the sum of number of households reported under housing status: Emergency Shelter; Jail/Prison; and Disconnected.

End of PART 5

The Annual Report of Continued Usage for HOPWA Facility-Based Stewardship Units is to be used in place of Part 7B of the CAPER if the facility was originally acquired, rehabilitated or constructed/developed in part with HOPWA funds but no HOPWA funds were expended during the operating year. Scattered site units may be grouped together on one page.

Grantees that used HOPWA funding for new construction, acquisition, or substantial rehabilitation are required to operate their facilities for HOPWA eligible individuals for at least ten (10) years. If non-substantial rehabilitation funds were used, they are required to operate for at least three (3) years. Stewardship begins once the facility is put into operation.

Note: See definition of Stewardship Units.

End of PART 6

Note: Reporting for this section should include *ONLY* those individuals, beneficiaries, or households that received and/or resided in a household that received HOPWA Housing Subsidy Assistance as reported in Part 3, Chart 1, Row 7, Column b. (e.g., do not include households that received HOPWA supportive services *ONLY*).

Section 1. HOPWA-Eligible Individuals Who Received HOPWA Housing Subsidy Assistance

a. Total HOPWA Eligible Individuals Living with HIV/AIDS

In Chart a., provide the total number of eligible (and unduplicated) low-income individuals living with HIV/AIDS who qualified their household to receive HOPWA housing subsidy assistance during the operating year. This total should include only the individual who qualified the household for HOPWA assistance, NOT all HIV positive individuals in the household.

Chart b. Prior Living Situation

In Chart b, report the prior living situations for all Eligible Individuals reported in Chart a. In Row 1, report the total number of individuals who continued to receive HOPWA housing subsidy assistance from the prior operating year into this operating year. In Rows 2 through 17, indicate the prior living arrangements for all new HOPWA housing subsidy assistance recipients during the operating year.

Data Check: The total number of eligible individuals served in Row 18 equals the total number of individuals served through housing subsidy assistance reported in Chart a above.
