¹ Individual and household counts are not deduplicated. Analysis based on site address. The majority of meals documented in the table are through community meal site, Glide, which does not track individuals and households. Therefore this table underestimates number of people reached.

² Based on client residential zip code

³ Based on distribution site location with the exception of a portion of clients for whom groceries were delivered while their assigned sites were closed

⁴ Based on service site zip code. Because clients may visit multiple sites, the sum of individuals served by zip code exceeds the total served citywide

⁵ Individual and household counts are not deduplicated. Analysis based on site address. Some sites are locations used for one-time distributions, for example an annual event.

⁶ Other category for this program combines data from the following zip codes: 94159 and 94612

⁷ Other category for this program combines data from the following SF zip codes: 94113, 94140, 94142, and 94155 and Non-SF Zip codes: 93426, 94533, 94572, 94596, 94606, 94901, 94947, 95677, 95816

¹¹ Other category for WIC program comprised of the followin non-SF zip codes: 94014, 94015, 94080, and 94509

--- indicates data was not provided.

¹² Zip code data was not provided for the following programs: Alemany Farmers Market, Bulk Food Distribution to housing sites for people living with HIV, Food Bridge to Health (FB2H), Food Empowerment Market Pilot (Division: Citywide Food Access Team)

¹³ Data in process for SFUSD

¹⁴ This analysis is separated from the first Meal Support table because it is based on client zip rather than site zip, as this program involves families redeeming meals at restaurants, not picking up meals at a site.

¹⁵ Food Empowerment Market will serve residents of District 10 zip codes
