

Offering Algebra 1 to Eighth Graders*

Digest by the Ballot Simplification Committee

Status: Approved Digest

On: Monday, November 27, 2023

Members: Packard, Anderson, Unruh, Wong

Deadline to Request Reconsideration: 4:00pm Tuesday, November 28, 2023

The Way It Is Now: The San Francisco Unified School District (School District) is a public agency that is separate from the City and operates the San Francisco public school system. The School District previously offered Algebra 1 courses to students in eighth grade. The School District currently offers Algebra 1 courses to students starting in ninth grade.

The Proposal: Proposition _ would make it City policy to encourage the School District to offer Algebra 1 to students by their eighth-grade year and to support the School District's development of its math curriculum for students at all grade levels.

A "YES" Vote Means: If you vote "yes," you want to make it City policy to encourage the School District to offer Algebra 1 to students by their eighth-grade year and to support the School District's development of its math curriculum.

A "NO" Vote Means: If you vote "no," you do not want to adopt this as City policy.
