AGENDA

I. ROLL CALL

II. APPROVAL OF MEETING MINUTES (Action Item). Discussion and possible action to approve the minutes from the meetings on June 21, 2023.

III. PROPOSED LEGISLATION (Discussion and Action). Discussion and possible action item: the Committee will review and discuss state legislation affecting the City and County of San Francisco. Items are listed by Department, then by bill number.

IV. New Business

San Francisco Municipal Transportation Agency

Presenter: Kathryn Angotti

AB 719 (Boerner): Medi-Cal: nonmedical and nonemergency medical transportation

Recommended Position: Support

Requires Medi-Cal managed care plans to contract with and reimburse transit agencies for covered transportation services. Specifically, this bill:

- 1) Requires the Department of Health Care Services (DHCS) to require Medi-Cal managed care plans to contract with public transit operators for the purpose of establishing reimbursement rates for nonmedical medical transportation (NMT) and nonemergency medical transportation trips (NEMT) provided by a public transit operator.
- 2) Requires rates reimbursed by the managed care plan to the public transit operator to be based on DHCS's fee-for-service (FFS) rates for nonmedical and nonemergency medical transportation service.

Environment Department

Presenter: Kyle Wehner

AB 1347 (Ting): Solid waste: paper waste: proofs of purchase

Recommended Position: Support

AB 1347 would require businesses with an annual gross income of \$2 million or more to only print paper receipts if a consumer opts to receive a printed receipt. Health care providers would be exempt from this requirement. In addition, this bill prohibits the use of bisphenols in paper receipts. Bisphenol A (BPA) would be prohibited in receipt paper beginning in 2024, while all bisphenols would be prohibited beginning in 2025.

AB 1489 (Wood): Solid waste: compostable covered materials

Recommended Position: Oppose

As part of its comprehensive statutory scheme, SB 54 ("The Plastic Pollution Prevention and Packaging Producer Responsibility Act"), requires producers of plastic packaging materials to source reduce covered materials by 25%. AB 1489 would exempt compostable plastics these source reduction requirements. Despite its good intent, this bill will weaken SB 54's waste reduction potential by encouraging producer reliance on compostable plastics at the expense of source reduction practices, including packaging redesign and similar waste reduction initiatives.

SB 353 (Dodd): Beverage containers: recycling

Recommended Position: Support

SB 353 makes administrative and technical changes to CRV redemption programs in California. This legislation adds needed stability to the methodology used to process payment of CRV redemption fees. In addition, this bill makes large juice containers eligible for CRV redemption. Together, these changes will streamline the state's payment processing framework, expand opportunities for recycling, and reduce consumer confusion related to container eligibility.

V. GENERAL PUBLIC COMMENT

Members of the public may address the Committee on items of interest that are within the Committee's subject matter jurisdiction and that do not appear on the agenda.
