Project Description

The purpose of the project is to conduct maintenance covering in-kind replacement and repair of the deteriorated timber fender systems on both the south and north sides of the Pier 9 apron. This is needed to achieve a safe and efficient berthing capacity for the pilot boat operations and enable ingress and egress in a timely manner. On the south side at berths 1 and 2, a total of 20, 14" diameter timber piles would be removed and replaced in kind. The pile material is Douglas fir, ACZA-treated and coated with polyurea, a biologically inert coating to comply with the NOAA Fisheries' criteria. On the north side, two fender panels (timber 2x10 boards) and seven timber piles located at the berth would be removed. The repair would be to install two each 18' x 12' square steel fender panels consisting of 18 each UHMW face panels 36" x 48", a 5" steel backing panel consisting of plate front and back with steel channel framing, and two steel H-piles 14" x 117 x 80' long. A total of four steel H-piles would be installed.

Determination

The City and County of San Francisco decided to carry out or approve the project on December 1, 2023 when the San Francisco Port approved the building permit. The project was officially approved on January 2, 2024 when no appeal of the class 1 exemption was filed during the 30-day appeal period. A copy of the documents may be examined at the Planning Department, 49 South Van Ness Avenue, Suite 1400, San Francisco, CA, 94103 in file no. 2023-008919ENV.

1. An Exemption from Environmental Review has been prepared pursuant to the provisions of CEQA under:
 - Ministerial (Sec. 21080(b)(1); 15268)
 - Declared Emergency (Sec. 21080(b)(3); 15269(a))
 - Emergency Project (Sec. 21080(b)(4); 15269(b)(c))
 - Categorical Exemption. Class 1 (Sec. 15301)
 - Statutory Exemption. State code number: _____
 - Community Plan Exemption (Sec. 21083.3; 15183)

2. This project in its approved form has been determined to be exempt from environmental review because it fits the definition of the above-stated classes of categorical exemption and would not trigger any of the exceptions to the issuance of a categorical exemption.
