Chief's Report

- **Weekly crime trends**
- **Major/Significant Incidents**

- ***including a brief overview of staffing and resources for the upcoming APEC Leaders' Meeting 11/12 – 11/17/23.***

Chief Scott reported on crime trends YTD: Violent Crime up 3 percent; homicide up 9 percent; rape down 14 percent; robbery up 14 percent; assault down 6 percent; human trafficking down 18 percent. Property Crimes down 8 percent; burglary down 7 percent; motor vehicle theft up 8 percent; arson down 10 percent; larceny theft down 11 percent. Gun violence is down 6 percent compared to 2022; One shooting incident this week; total 148 incidents resulting in 175 victims YTD. One homicide for the week; there are a total of 49 homicides YTD with 30 resulting from a firearm; 72% overall clearance.

Significant Incident: Homicide during this past week, 10/30/23, 19:18, 300 block of Leavenworth in the Tenderloin. The victim was transported to the hospital for a gunshot wound. The witness said that the victim was walking on the sidewalk when he heard a loud sound that he thought to be a firework. The witness said that the victim screamed in pain, fell to the ground and succumbed to their injuries at the hospital. No arrest has been made at this time. That investigation is ongoing. There was another shooting, Halloween night at 21:10, 15th and Shotwell subject and the victim were involved in a road rage incident where the subject used the vehicle to strike the victim in the victim's vehicle. The physical altercation then happened from there and the subject shot the victim in the lower extremities, still under investigation. Another significant incident of note, there was a home invasion with that resulted in a possible traumatic brain injury to the victim. This happened on the 200 block of Santos in the Ingleside district on 11/2 03:03. Three unknown subjects announced themselves as police officers then kicked in the door of the home. The front door hearing the commotion, residents locked their bedroom door and hid inside the subjects, then kicked down the bedroom door and demanded gold chains. The subjects pistol whipped, kicked and punched the victim. The victim lost consciousness and suffered an 11 inch laceration to their head. The subject also stole gold jewelry, cash and two vehicles from the residence, driving the stolen vehicles. The unknown subjects fled and have not been captured at this time, still under investigation. Stunt driving event, California and Divisadero over the weekend. There were about 50 vehicles in a caravan and officers arrived and dispersed the group and they dispersed in different directions. Officers were able to monitor a small group of about five cars, which traveled westbound on California , and the group eventually dispersed towards downtown and south of market. No arrests have been made at this time, continue those investigations.

Significant arrest: N/A

Strategies: APEC update. Seen several hundred law enforcement officers from outside agencies, actually more than that responding to San Francisco to assist with security. The CHP will send the largest group of officers. The CHP will have a presence at both bridges and at various venues or APEC venues throughout the city. They will have a role in site security, dignitary, escorts as well as they will be available to assist. If needed for any type of civil disobedience that may occur, that's beyond the capabilities of the SFPD, several other bay area law enforcement agencies will also assist in our escort of the dignitaries around the city during APEC, those agencies include San Mateo County Sheriffs, Brisbane Police Department, Belmont Police Department, Daly City Police Department, Foster City Police Department, Menlo Park Police Departmen, San Mateo Police Department and South San Francisco Police Department, their help is very, very much appreciated. San Jose State Police department is also sending officers to help with some of our fixed posts in the site venues as well as the Fairfield Police Department. Total around 50 additional officers and as far as the San Francisco Police Department, every able-bodied officer will be working as the department will mobilize during

this next week, approximately just under 600 officers over the week will be assigned to APEC in various capacities. The rest of the officers will be basically working in the field, working patrol our stations will be staffed. Don't expect any interruption in service in terms of responding to emergency calls for service as a matter of fact, because we're mobilized, each district station will have probably more deployment than they have on a typical night because we do have to plan for contingencies as to contingencies in the event that unexpected things happen or the events go beyond what the scheduled deployment can handle. We have contacted the California Office of Emergency Services, if we need mutual aid, we will request mutual aid. Alameda County is the regional for this region, mutual aid coordinator, we have been in contact with them just drawing up contingency plans. The plan is for the SFPD to handle any protests that happened as if they happen as a result of APEC. If it goes if it goes beyond our capabilities, then we have the CHP if we have to trigger mutual aid, we will do so. And that is really the high level snapshot of APEC for next week. We expect that people, all the dignitaries and their and their staffs to start some of them, I think are already starting to fly into town. But this weekend will probably be when most people fly into town or come to town and they will be here for approximately a week.

PUBLIC COMMENT:

Terry F.: Spoke about owning yourself and perspective. Provided opinion regarding APEC.

Paulette Brown: Spoke about digital posters at the district stations.

Alan B.: Spoke on potential upcoming disturbances regarding time during APEC.
