## **KNOW YOUR RIGHTS UNDER THE SUNSHINE ORDINANCE**

Government's duty is to serve the public, reaching its decisions in full view of the public. Commissions, boards, councils, and other agencies of the City and County exist to conduct the people's business. This ordinance assures that deliberations are conducted before the people and that City operations are open to the people's review. For information on your rights under the Sunshine Ordinance (Chapters 67 of the San Francisco Administrative Code) or to report a violation of the ordinance, please contact: Sunshine Ordinance Task Force Administrator  
City Hall – Room 244 1 Dr. Carlton B. Goodlett Place, San Francisco, CA 94102-4683,  
415-554-7724 (Office); 415-554-7854 (Fax), E-mail: SOTF@sfgov.org

Copies of the Sunshine Ordinance can be obtained from the Clerk of the Sunshine Task Force, the San Francisco Public Library and on the City's website at [www.sfgov.org](http://www.sfgov.org). Copies of explanatory documents are available to the public online at <http://www.sfbos.org/sunshine> or, upon request to the Commission Secretary, at the above address or phone number.

## **LANGUAGE ACCESS**

Per the Language Access Ordinance (Chapter 91 of the San Francisco Administrative Code), Chinese, Spanish and or Filipino (Tagalog) interpreters will be available upon requests. Meeting Minutes may be translated, if requested, after they have been adopted by the Family Violence Council/Mayor's Task Force on Anti-Human Trafficking. Assistance in additional languages may be honored whenever possible. To request assistance with these services please contact the Minouche Kandel 415-252-3203, or [minouche.kandel@sfgov.org](mailto:minouche.kandel@sfgov.org) at least 48 hours in advance of the meeting. Late requests will be honored if possible.

	<b>Budget Descriptions: SDDTAC recommends investing in strategies that support mental health and wellbeing and workforce pathways for impacted/priority populations.</b>
<b>COMMUNITY-BASED GRANTS</b>	City Departments should contract directly with CBOs through an RFP process managed through the Community Health Equity and Promotion (CHEP) Branch of the Department of Public Health. CBG should support community-based programs and services that address the health inequities of those most targeted by the beverage industry. Funding should go to Community Based Organizations (CBOs) and Faith Based Organizations (FBOs) for the following strategies: 1. Health Education activities including, chronic disease prevention, healthy eating and active living, tap water promotion, oral/dental health 2. Physical Activity opportunities, including: a) Dance and movement, sports, yoga, walking groups, biking, etc.; b) Changes to the built environment (ie sidewalks, streets, parks, buildings, etc) or safety of the built environment that facilitates increased physical activity and walking and biking for utilitarian trips, sometimes referred to as active transportation 3. Food Security, including: a) Community-based pantries, community-based hot meals, community kitchens and community home delivery services; b) Increased financial resources (i.e. wages, income, government nutrition supplements, vouchers, etc.); c) Changes to the built environment that facilitate food security; and d) Pursuit of institutional or local policies that facilitate food security. 4. Water Promotion, such as support for Spa Water Supplies, station maintenance/beautification, refillable water bottles to distribute to communities, water testing 5. Community Based Participatory Research
Health education, food security, physical activity	
Food As Medicine MediCal Waiver Program	One time infrastructure and capacity building grants for community based food organizations to prepare them to contract with health plans, use medical coding and billing, share confidential patient information, and other areas needed to access Medi-Cal funding for meals and groceries and nutrition services rendered. This funding will build off the successful capacity building cohort pilot in FY 2022-2023 which included 7 CBOs receiving both tailored, individualized technical assistance and cohort-level training and capacity building. Currently no CBOs are

	contracted with the SF Health Plan, the main Medi-Cal managed care plan serving the city, to deliver medically supportive food and nutrition services.
CBOs working with SFUSD	Recommend 3% of all CBO funding go towards CBOs implementing programs/initiatives that take place in school settings. Funding to issue grants to CBOS should follow the guidelines above.
<b>SFUSD</b>	
School Food, Nutrition Ed	To improve the quality and appeal of school meals and support nutrition education to increase participation in school meal programs (for example: cooking and serving equipment, staff professional development, and innovative procurement and menu strategies to increase freshly prepared food). Funding will target schools with the largest populations of high-risk students that are disproportionately targeted by the sugary drinks industry.
Student Led Action	Support student led efforts to decrease consumption of sugary drinks and increase awareness of sugary drinks consumption among students, with focus on schools with the largest populations of high-risk students that are disproportionately targeted by the sugary drinks industry. SFUSD should provide to SDDTAC a proposal of how funding will be spent through student led action. Funding to also support adequate staffing for implementation.
<b>FOOD ACCESS</b>	
Healthy Food Purchasing Supplement	Support programs that increase financial resources to purchase healthy food such as vouchers and food purchasing incentives. These funds should be RFPed out to CBOs and FBOs. Funding should support programs and services that increase financial resources to purchase healthy food; access to healthy fruits and vegetables while minimizing processed foods for high-risk communities; food that are affordable and convenient; and programs that support the consumption of healthy foods including the ability to prepare and store meals and the knowledge of basic nutrition, food safety and cooking. Priority programs should incorporate a community-based food security perspective and have demonstrated increased ability of food insecure residents to purchase, access, and consume consumption of healthy, fresh, low-to-no cost and culturally appropriate foods, including but not limited to food vouchers/incentives, transportation and delivery and prepared foods.
Healthy Retail	Supporting small business to increase healthy food access in high risk and impacted communities and neighborhoods by: 1) supporting business operations; 2) promoting community engagement; and 3) improving the retail environment.
<b>ORAL HEALTH</b>	
Community task forces	Support development of community infrastructure such as oral health community task forces that incorporate diverse stakeholders for outreach, education, and interventions to address the oral health needs of children in high risk populations.
School-based sealant application	Support SF DPH oral health staff providing cavity-preventing sealants to high-risk populations within SFUSD schools. Sealants protect the chewing surfaces of teeth from cavities. Over 80% of cavities are on the chewing surfaces of back teeth. There is a direct relationship between sugary drink consumption and dental cavities.
School-based education and case management	Support dedicated SFUSD oral health staff to implement school-based health preventive education and dental care coordination programs within SFUSD schools serving high risk target populations. SFUSD oral health staff are key partners in Cavity Free SF, SF's local oral health coalition.
<b>INFRASTRUCTURE</b>	
Marketing/Promotion/Outreach	Funds to DPH/CBOs/Private media firms to support media and communications that include 1) grassroots, community-driven awareness campaigns about the intent of the SDDT and the impact of the allocated funds; 2) city-wide communications campaign highlighting the impact and importance of the SDDT; 3) communications materials for merchants; and 4) and communicate the harmful impact of sugary drinks and healthy alternatives. Examples include community-driven, messaging, print, online, and social media campaigns. This also includes regular communication to SF Board of Supervisors, Mayor's Office, Board of Education and other elected officials via newsletters and other mechanisms.

<b>LACTATION</b>	To fund a breastfeeding coalition to organize collective efforts across San Francisco to enable increased breastfeeding among Priority Populations. This coalition will mobilize action on policy, systems and environmental (PSE) changes to increase breastfeeding rates and duration, leveraging community strengths, and tackling structural barriers to reduce inequities to breastfeeding support. This would include funding for backbone support to: engage community stakeholders in a strategic planning and engagement process to develop a framework for short and long term goals embedding in principles of equity; help align breastfeeding support services in San Francisco including hospital, outpatient, and community based services to improve access to breastfeeding support; and provide technical assistance to partnering agencies (such as child care centers and businesses with less than 50 employees) to operationalize and implement breastfeeding friendly policies and practices. Funding will also support community based organizations that are already supporting breastfeeding.

\* Funding should support programs and services that increase financial resources to purchase healthy food; access to healthy fruits and vegetables while minimizing processed foods for high-risk communities; foods that are affordable and convenient; and programs that support the consumption of healthy foods including the ability to prepare and store meals and the knowledge of basic nutrition, food safety and cooking. Priority programs should incorporate a community-based food security perspective and have demonstrated increased ability of food insecure residents to purchase, access, and consume consumption of healthy, fresh, low-to-no cost and culturally appropriate foods, including but not limited to food vouchers/incentives, transportation and delivery and prepared foods.

\*The Board of Supervisors made a series of addbacks in the FY 17-18 budget. When the Board of Supervisors makes changes to the Mayor’s budget, some of these changes are “addbacks” denoting the Board’s decision to add funds back for a particular service. Addbacks become part of an agency’s baseline budget.
