

DKO 10.02 DPA Rec Grid and SFPD Responses  
Stage 2

#	DPA Recommendations for DKO 10.02	SEC or p. #	Date Submitted	SFPD response	SFPD explanation	Open/Closed
R1	<p>Section B.4 (p. 2) states "RANGE REQUALIFICATION. Officers must show proficiency with their department-issued primary firearm in accordance with criteria and frequency as dictated established by the Training Division."</p> <p>DPA recommends adding a minimum frequency of one year. As the DKO reads now, an Officer might not need to qualify for ten years if that is a recommendation of the training division (extreme example). The International Association of Chiefs of Police has suggested firearms training should be held three times a year.</p>	Section B.4 (p. 2)	9/21/22	Recommendation will not be included in draft DKO	Per the SFPD Rangemaster there is no current POST requirement for frequency of re-qualification. However, the Department currently requires members to qualify two times each calendar year and has done so for more than two decades.	
R2	DPA recommends adding a section on storage requirements for primary weapons at the officer's home. I.e., if a weapon is taken to the officer's home, the weapon shall be stored in an approved weapon safe or with an approved trigger lock. (This may not be needed if the officer does not take their weapons home.)	New section	9/21/22	Recommendation will not be included in draft DKO	This requirement would not be enforced, the Department would have no authority to inspect a member's private residence for compliance and would be difficult to specify an approved storage device based on the number of such devices available. Possibly feasible if it is not a "shall" but a "should" or advisement. Already existing CA Law regarding proper storage around children as well.
