- d. Soda Tax 5 Year Blog Posts

Series of blog posts on the 5-year soda tax events and can be found on the [soda tax webpage](#).

7. SF Food Security Landscape Presentation [Discussion and Possible Action] – 30 minutes – 34:12

Chester Williams on behalf of the Food Security Taskforce shared with the SDDTAC that they have been working on the Biennial Food Security report of the status of food insecurity in San Francisco and what issues will arise in the new year specific for families who are in need of food support.

Eric presents on food security data on current state in SF. He shares that food insecurity does not exist in a silo and is deeply connected to other social determinants of health such as housing and transportation. Income equity in SF is a major factor of food insecurity. High rates of food insecurity are seen among: individuals <200%FPL (67%), people experiencing homelessness (47%), households with children (30%) and birthing individuals (10.2%). The food security taskforce recently learned that there will be closure of all SF Main Food Bank pop-up pantries over the next 18 months, impacting 18,000 households and that they will be reducing home delivered grocery program by 40% which would impact 5,200 households due to reduction in funding at all levels of government. More information can be found on the [food security taskforce webpage](#).

Dr. Paula Jones presents on the Healthy Food Purchasing Supplement Program (HFPS), which provides financial resources to purchase more fruits and vegetables at grocery stores, corner stores, and farmers markets. The program has served 14,839 in fiscal year 22-23. Looking to align with committee's priorities and will continue this year with the same vendors, and next fiscal year solicit for a new request for proposals.

Priti Rane presents the work of SDDT funded \$700k managed through DPH. Goal is to reduce rates of food insecurity and improving birth outcomes for low-income pregnant people. Serving 1500+ pregnant households in WIC, receiving \$40/month in fruit and vegetable vouchers for 9 months.

She also shared program impact on health and policy. SDDT funds have been critical as hunger and food insecurity have increased. HSPS supports food systems, food justice, choice, local business, and local farms.

Member asked what presenters would recommend as the SDDTAC makes its budget recommendations? It is important to inform community to know that there are these programs to support families and individuals and to look at less funds how funds can be utilized. SDDTAC needs to look at priorities particularly in low-income communities. SDDTAC should zero in on key elements that really need the money.

Jamey thanks presenters. Interested in the outcomes from Priti's presentation 37% decrease on preterm birth, asks for more information and . Priti responds compared Eat SF participants with Alameda County WIC participants, it showed the odds of participants enrolled in WIC and Eat SF. Study conducted in 2018-2019 when \$40 went further.

Member asks why food insecurity was lower in 2021 than in 2022? Paula responds that it was due to pandemic era funding ending. Since the Mayor has the final say to the SDDT budget, how should the Mayor know that this issue is significant. Member adds to communicate with organizations and community members to advocate for themselves so that the Mayor's Office is aware of these issues. Important to elevate voices and share what is being funded via marketing.

Veronica mentions Feeding 5000 event this weekend. Requested to serve 8200 households, however funding could only serve 6,100 households.

8. BREAK - 5 minutes
9. SDDT SDDTAC Budget Recommendations FY 24-25 [Discussion and Possible Action] 60 minutes
  - a. Overview of SDDT subcommittee FY 24-25 budget recommendations

Staff provides overview of FY 2023-2024 and FY 2024-2025 SDDTAC budget recommendations and Mayor's Office allocation. The Controller's Office provides forecasted SDDT revenue, which is the amount the SDDTAC provides their budget recommendations.

Member asks about tracking underspending and whether it can move around? Staff responds that SDDTAC cannot move money around but can make a recommendation to move to a different category. Member recommends pursuing information on getting back data on unspent SDDT city funded agencies. If difficult to get responses now, could plan to make request earlier in the year to support SDDTAC budget recommendations process. Members agree to make requests in the following year.

- b. Open Discussions on SDDTAC Budget Domains

SDDTAC will revisit at next meeting.

<b>Budget Descriptions: SDDTAC recommends investing in strategies that support mental health and well being and workforce pathways for impacted/priority populations.</b>	
<b>COMMUNITY-BASED GRANTS</b>	<p>City Departments should contract directly with CBOs through an RFP process managed through the Community Health Equity and Promotion (CHEP) Branch of the Department of Public Health. CBG should support community-based programs and services that address the health inequities of those most targeted by the beverage industry. Funding should go to Community Based Organizations (CBOs) and Faith Based Organizations (FBOs) for the following strategies:</p> <ol style="list-style-type: none"> <li>1. Health Education activities including, chronic disease prevention, healthy eating and active living, tap water promotion, oral/dental health</li> <li>2. Physical Activity opportunities, including: a) Dance and movement, sports, yoga, walking groups, biking, etc.; b) Changes to the built environment (ie sidewalks, streets, parks, buildings, etc) or safety of the built environment that facilitates increased physical activity and active transportation);</li> <li>3. Food Security, including: a) Community-based pantries, community-based hot meals, community kitchens and community home delivery services; b) Increased financial resources (i.e. wages, income, government nutrition supplements, vouchers, etc.); c) Changes to the built environment that facilitate food security; and d) Pursuit of institutional or local policies that facilitate food security; and e) Food Access, including community kitchens and community home</li> </ol>

	<p>delivery services.</p> <p>4. Water Promotion, such as support for Spa Water Supplies, station maintenance/beautification, refillable water bottles to distribute to communities, water testing</p> <p>5. Community Based Participatory Research</p>
Food As Medicine MediCal Waiver Program	<p>One time infrastructure and capacity building grants for 10 community based food organizations to prepare them to contract with health plans, use medical coding and billing, share confidential patient information, and other areas needed to access Medi-Cal funding for meals and groceries and nutrition services rendered. This funding will build off of the successful capacity building cohort piloted in FY 2022-2023 which included 7 CBOs receiving both tailored, individualized technical assistance and cohort-level training and capacity building. Currently no CBOs are contracted with the SF Health Plan, the main Medi-Cal managed care plan serving the city, to deliver medically supportive food and nutrition services.</p>
CBOs working with SFUSD	<p>Recommend 3% of all CBO funding should go towards CBOs implementing programs/initiatives that take place in school settings. Funding to issue grants to CBOs should follow the guidelines above.</p>
<b>SFUSD</b>	
School Food, Nutrition Ed	<p>To improve the quality and appeal of school meals and support nutrition education to increase participation in school meal programs (for example: cooking and serving equipment, staff professional development, and innovative procurement and menu strategies to increase freshly prepared food). Funding will target schools with the largest populations of high-risk students that are disproportionately targeted by the sugary drinks industry.</p>
Student Led Action	<p>Support student led efforts to decrease consumption of sugary drinks and increase awareness of sugary drinks consumption among students, with focus on schools with the largest populations of high-risk students that are disproportionately targeted by the sugary drinks industry. SFUSD should provide to SDDTAC a proposal of how funding will be spent through student led action. Funding to also support adequate staffing for implementation.</p>
<b>FOOD ACCESS</b>	
Healthy Food Purchasing Supplement*	<p>Support programs that increase financial resources to purchase healthy food such as vouchers and food purchasing incentives. This investment should be RFP'd out to CBOs and FBOs. Funding should support programs and services that increase financial resources to purchase healthy food; access to healthy fruits and vegetables while minimizing processed foods for high-risk communities; foods that are affordable and convenient; and programs that support the consumption of healthy foods including the ability to prepare and store meals and the knowledge of basic nutrition, food safety and cooking. Priority programs should incorporate a community-based food security perspective and have demonstrated increased ability of food insecure residents to purchase, access, and consume consumption of healthy, fresh, low-to-no</p>

	cost and culturally appropriate foods, including but not limited to food vouchers/incentives, transportation and delivery and prepared foods.
Healthy Retail	Supporting small business to increase healthy food access in high risk and impacted communities and neighborhoods by: 1) supporting business operations; 2) promoting community engagement; and 3) improving the retail environment.
<b>ORAL HEALTH</b>	
Community oral health task forces	Support development of community infrastructure such as oral health community task forces that incorporate diverse stakeholders for outreach, education, and interventions to address the oral health needs of children in high risk populations.
School-based sealant application	Support SF DPH oral health staff providing cavity-preventing sealants to high-risk populations within SFUSD schools. Sealants protect the chewing surfaces of teeth from cavities. Over 80% of cavities are on the chewing surfaces of back teeth. There is a direct relationship between sugary drink consumption and dental cavities.
School-based education and case management	Support dedicated SFUSD oral health staff to implement school-based health preventive education and dental care coordination programs within SFUSD schools serving high risk target populations. SFUSD oral health staff are key partners in CavityFree SF, SF's local oral health coalition.
<b>INFRASTRUCTURE</b>	
Marketing/Promotion/Outreach	Funds to DPH/CBOs/Private media firms to support media and communications that include 1) grassroots, community-driven awareness campaigns about the intent of the SDDT and the impact of the allocated funds; 2) city wide communications campaign highlighting the impact and importance of the SDDT; 3) communications materials for merchants; and 4) and communicate the harmful impact of sugary drinks and healthy alternatives. Examples include community-driven, messaging, print, online, and social media campaigns. This also includes regular communication to SF Board of Supervisors, Mayor's Office, Board of Education and other elected officials via newsletters and other mechanisms.
Evaluation/Research/Data Support/Capacity Building	<b>A. Professional Services</b> i) Technical assistance for funded CBO and FBO, ii) evaluation to develop framework and evaluate city agencies, CBO and FBO, and process evaluations from applicants, etc. iii) city attorney to provide ongoing technical consultation; iv) project management agency to offset fiscal intermediary costs. <b>B. Materials/Supplies</b> for meetings and printing costs <b>C. Data</b> for collection (pricing), analysis (Nielsen) and purchase (IRI) <b>D. Capacity Building</b> for SDDT initiative <b>E. City Attorney Consultation</b>
Infrastructure Staffing	<b>A. Personnel</b> 1) Backbone staffing to support SDDTAC 2) Staffing to support DPH SDDT implementation of community based grants 3) Staffing to support research/evaluation of SDDT impact.
<b>WATER ACCESS</b>	
Water Access - SFUSD	SFUSD water station installation. Also, invest in signage and art to 3 stations to pilot evidence-based community informed model for what designs should be and water education. Allows for comparison of usage between pilot stations with artwork/education and those without.

<b>Water Access - Public Spaces</b>	Public water station installation. Also, invest in signage and art to 3 stations to pilot evidence-based community informed model for what designs should be and water education. Allows for comparison of usage between pilot stations with artwork/education and those without.
<b>RECREATION &amp; PARKS PHYSICAL ACTIVITY &amp; WELLNESS</b>	
Peace Parks	To support staffing and supplies, including healthy food, for Peace Parks programs in target populations.
SVIP: Peace Parks Transportation	Transportation for Peace Parks participants
REQUITY: Outreach, Scholarships, recreation equity	Requity offers free dynamic, engaging, and culturally-relevant recreation programming to youth under 18 living in shelters, foster care, public housing, or in housing developments. Through a combination of onsite and hyper-local program, coupled with extensive outreach, Requity increases access to and participation in RPD's existing programs and scholarships by educating and informing families on what RPD can offer them.
<b>LACTATION</b>	To fund a breastfeeding coalition to organize collective efforts across San Francisco to enable increased breastfeeding among Priority Populations. This coalition will mobilize action on policy, systems, and environmental (PSE) changes to increase breastfeeding rate and duration, leveraging community strengths and tackling structural barriers to reduce inequities to breastfeeding support. This would include funding for backbone support to engage community stakeholders in a strategic planning and engagement process to develop a framework for short and long term goals embedded in principles of equity; help align breastfeeding support services in San Francisco including hospital, outpatient, and community based services to improve access to breastfeeding support; and provide technical assistance to partnering agencies (such as child care centers and businesses with less than 50 employees) to operationalize and implement breastfeeding friendly policies and practices. Funding will also support community based organizations that are already supporting breastfeeding.

\* Funding should support programs and services that increase financial resources to purchase healthy food; access to healthy fruits and vegetables while minimizing processed foods for high-risk communities; foods that are affordable and convenient; and programs that support the consumption of healthy foods including the ability to prepare and store meals and the knowledge of basic nutrition, food safety and cooking. Priority programs should incorporate a community-based food security perspective and have demonstrated increased ability of food insecure residents to purchase, access, and consume consumption of healthy, fresh, low-to-no cost and culturally appropriate foods, including but not limited to food vouchers/incentives, transportation and delivery and prepared foods.

\*The Board of Supervisors made a series of adbacks in the FY 17-18 budget. When the Board of Supervisors makes changes to the Mayor’s budget, some of these changes are “adbacks” denoting the Board’s decision to add funds back for a particular service. Adbacks become part of an agency’s baseline budget.
