The DAO establishes a standard that requires all off-sale alcohol licensed businesses to maintain clean, well-lit, and safe premises and follow applicable laws for alcohol sales.

DAO Fees and Enforcement

DAO is a team effort and requires participation from:

- Type 20 or Type 21 Off Sale Licenses with the California Department of Alcohol Beverage Control (ABC)
- Relevant business associations
- Residential and commercial property owners and tenants

What if my business sells alcohol on the internet?

You are still required to pay the annual fee, and keep the Performance Standards and certificate/license for your records.

Why do I have to pay the annual fee if I already have a state license to sell alcoholic beverages?

The state of California (ABC) issues licenses to businesses to sell alcoholic beverages. The DAO is a San Francisco City & County land use law passed in 2006 that establishes a fee-based approval process for businesses to use property (premises) for the sale of alcoholic beverages.

Where do the fees for the DAO go?

Fees from the DAO go toward supporting city agencies in implementing DAO activities to strengthen neighborhood and community partnerships in order to promote the health, safety and welfare of San Francisco's residents and visitors.

What if I don't comply with the DAO?

Failure to comply may result in penalties or other actions.
