

Adding Your First New Facility

- 1) To begin reporting on your business, select the “Add Facility” button as shown below. If you believe your facility/business has previously been reported on CERS, instead select the “Request Access to an Existing CERS Business” to search for your facility/business. Regardless of which option you select, CERS will direct you on what you need to do based upon the facility information you enter.

- 5) **If your facility's address has already been added/reported on in CERS previously**, you will be shown the following screen. **Carefully** read and select one of the three options. Option #1 is appropriate if the *last known owner/operator* is your business. Option #2 is appropriate if you are the new and/or current owner/operator of the facility. Option #3 should rarely be used as it purposely creates a duplicate facility at the same address—consult your regulator before using this option. Depending upon the option you select, you will be shown additional screens about your business and how to request access to the facility information.

If your facility is new to CERS, go to the next step in this help guide.

Facility Address Already in CERS

A business/organization has previously reported in CERS on a facility with the address you entered. Please select the most appropriate option below.

Facility Name/Address CPA CIVIC CENTER 250 HAMILTON AV PALO ALTO, CA 94301 CERSID 10078156	Last Known Owner/Operator (CERS Business) CPA CIVIC CENTER Last Submittal Date for this Owner/Operator 8/15/2002

Select 1. This is my facility and I am associated with the **last known owner/operator** shown above.

Select 2. This is my facility, but it is no longer owned/operated by the last known owner/operator. **Transfer** this facility to my business.

Select 3. I want to add an **additional** facility at this address for my business (250 Hamilton Ave, Palo Alto, CA 94301). Do not use this option to change ownership of an existing facility (select option #2 instead).

- 6) The next screen asks for information to create a CERS Business/Organization for your facility. If your business will only be reporting on **one** facility, then the default Business Name and Headquarters values shown (based upon our facility information) is sufficient. However, if your business is or will be reporting on more than one facility, you should modify the Business Name to something more general than the facility name you entered (e.g., change *John's Lube and Tune #12* to *John's Lube and Tune*). You can later add and manage multiple facilities (and users) under your CERS Business/Organization. You must provide your business phone number so your regulator can contact you if they have questions, and then select the "Submit" button to proceed.
