Subject: Please shut down the planned Dolores Hill Bomb - July 6

Dear Captain Harvey and Mr Tumlin:

I join my neighbors in urging you to stop the Dolores Hill Bomb. Last year's fiasco was dangerous to everyone and resulted in substantial looting and property damage. The neighbors are sick to death of the antisocial behavior, sideshows, and other flaunting of the law. We call upon the city to shut this event down before it happens.

Given that the parents of the "children" who were arrested last year have brought a class-action suit against the city, preventing the event is entirely logical. The city risks even more damages if it allows this event. When one of these "children" kills or paralyzes himself, the families will again sue the city. Taxpayers have to bear the financial burden in addition to the disruption of our neighborhood.

We call upon you to prevent the event by closing the street or by any means necessary.

Sincerely,

Barbara J Dwyer
resident, Mission Dolores

Good Morning to you all,
I, too, stand behind Barbara's wise words and warnings to stop the Dolores Hill Bomb event.

We must heed the lessons learned from the last years' Hill Bombs. The event is not just about actual skateboarding; the event propels a chaotic behavior which threatens neighbors' safety to themselves, their property, and our beloved Dolores Park.

City officials, please collaborate and coordinate a plan for safety around Dolores Park on July 6. There have been suggestions to barricade specific streets on Dolores, as well as police presence to enforce the barricade.

I also request looking at Church between Liberty and 20th as a potential Hill Bomb, as well as 20th Street between Sanchez and Church. This area is a target spot for sideshows, hill bombs and bikers day and night.

I regularly hear from city officials that public safety is a top priority. You have this specific event/July 6 to plan for public safety and prevent any tragedies.

Prevention is essential here.
Thank you for your immediate attention to this Hill Bomb event.

Sincerely,
Darby
