This Collective Bargaining Agreement (hereinafter Agreement) is entered into by the City and County of San Francisco (hereinafter City) acting through its designated representatives and the Service Employees International Union, Local 1021 (hereinafter Union).

ARTICLE I – REPRESENTATION

A. RECOGNITION

Classifications Currently Represented

1. The City acknowledges that the Union has been certified by the Municipal Employee Relations Panel or the Civil Service Commission as the recognized employee representative, pursuant to the provisions as set forth in the City's Employee Relations Ordinance, for the classifications listed in Attachment A and employees in these classifications who perform duties for the City and County of San Francisco. The provisions of this Agreement shall apply to said employees to the extent authorized by law as provided in Charter Section A8.409-1.

Placement of New Classifications

2. Any non-supervisory, new or amended classification or reclassification not claimed by another Union and related to SEIU-represented classes shall be automatically assigned to a bargaining unit represented by SEIU. The current practice as established by the Employee Relations Ordinance will continue for supervisory classes. The Union will be notified within seven (7) calendar days of any such assignments.
3. Whenever a new class is created by the Department of Human Resources which is the result of consolidation or splitting off of one or more former classes, and in those instances when the duties and responsibilities of the new class(es) are the same or similar to those of the former class(es), then the bargaining unit assignment and representation shall continue to be the same as for the former class(es) without notice and appeal procedures required by the CSC Rule and provisions of the San Francisco Administrative Code.
4. Should there be a dispute regarding appropriate unit assignment of any such classification(s), such dispute shall be resolved in accordance with the grievance and arbitration procedure.

Applicability of the Agreement to All Newly Recognized Classifications

5. The terms and provisions of this Agreement shall also be automatically applicable to any classifications for which the Union has become appropriately recognized during the term of this agreement. Such classifications shall also receive the appropriate differentials and premiums applicable to related classifications.
6. Issues related to classification descriptions shall be subject to the meet and confer process with final review by the Civil Service Commission. Issues related to the effects of classification decisions on hours, wages, terms and conditions of employment shall be subject to negotiations and interest arbitration.

B. INTENT

7. It is the intent of the parties signatory hereto that the provisions of this Agreement shall become binding upon adoption or acceptance by the City and ratification by the general memberships of

the Union or upon a final decision rendered by an arbitration panel pursuant to the interest arbitration procedure under Charter Section A8.409.

8. Upon adoption, the provisions of this Agreement shall supersede and control over contrary or contradictory Charter provisions, ordinances, resolutions, rules or regulations of the City to the extent permissible by Charter Section A8.409.
9. In the event the parties reach a tentative agreement, the Employee Relations Director and the Union negotiating team shall present a full tentative agreement, signed by the Employee Relations Director and representatives of the Union negotiating team, to the City and the Union general membership for ratification within sixty (60) days of signing such full tentative agreement together with their recommendations.
10. Pursuant to the provisions of the Meyers-Milias-Brown Act, as amended, the City agrees to meet and confer with the Union in advance regarding any proposed changes in working conditions within the scope of representation.

C. MANAGEMENT RIGHTS

11. Except to the extent there is contained in this Agreement express and specific provision to the contrary, nothing herein shall be construed to restrict any legal city rights concerning direction of its work force, or consideration of the merits, necessity or organization of any service or activity provided by the City. The City shall also have the right to determine the mission of its constituent departments, officers, boards and commissions; set standards of services to be offered to the public; and exercise control and discretion over the city's organization and operations. The City may also relieve employees from duty due to lack of work or funds, and may determine the methods, means and personnel by which the City's operations are to be conducted.
12. However, the exercise of such rights does not preclude represented employees or the union from utilizing the grievance procedure to process grievances regarding the practical consequences of any such actions on wages, hours, benefits or other terms and conditions of employment.

D. NO WORK STOPPAGE

13. It is mutually agreed and understood that during the period this Agreement is in force and effect the Union will not authorize or engage in any strike, slowdown, or work stoppage. Represented employees are also bound by the above. The City agrees not to conduct a lockout against any of the employees covered by this agreement during the term of this Agreement.

E. OBJECTIVE OF THE PARTIES

14. It is agreed that the delivery of municipal services in a safe, efficient, effective and courteous manner is of paramount importance to the City and its employees. Such achievement is recognized to be a mutual obligation of the parties to this Agreement within their respective roles and responsibilities.
15. Recognizing the challenging fiscal realities facing San Francisco and the State of California, the parties agree that in order to preserve City services and employment, they must work cooperatively to identify operational efficiencies, explore additional sources of revenue, and, if necessary, reduce the size of the City workforce through attrition, retraining and reorganization.

The parties further agree that it is in their mutual interest to avoid unnecessary reductions in direct public services and to prevent existing City employees from becoming jobless and therefore they mutually agree that they shall focus their efforts to maintain programs and public service jobs to the fullest extent possible.

F. UNION SECURITY

Application

16. Except as provided otherwise herein, and in accordance with applicable federal, state and local law, the provisions of this Section shall apply to all employees of the City in all classifications represented by the Union.

Payroll Deductions

17. Each pay period, the Controller shall make membership fee deductions from the regular periodic payroll warrant of each employee who is a Union member. In order for the Controller to deduct membership dues, the Union must certify to the City, in accordance with procedures established by the Controller’s Office in effect as of April 29, 2019, that the Union has and will maintain authorizations for the dues deductions, signed by the employees from whose salary or wages the City will make the dues deductions.
18. Nine (9) working days following payday the Controller will promptly pay over to the appropriate Union all sums withheld for membership dues. The Controller shall also provide with each payment a list of employees paying dues. All such lists shall contain the employee's name, employee number, classification, department number and the amount deducted. A list of all employees in represented classes shall be provided to the Union monthly.
19. Nothing in this Section shall be deemed to have altered the City's current obligation to make insurance program or political action deductions when requested by the employee.
20. The Union shall be entitled to collect, through the payroll deduction method, membership dues, COPE deductions, and any special membership assessments, and through that system, may make changes as may be required, from time-to-time, subject to the Union providing certification that it has and will maintain an authorization for the applicable deductions, signed by the employees from whose salary or wages the City will make the deductions. The Union shall give the Controller appropriate written notice of any changes in existing deductions, or the establishment of new bases for deduction, in accordance with procedures established by the Controller’s Office in effect as of April 29, 2019.
21. At the time of fingerprint processing, the City will provide new permanent and provisional employees represented by SEIU Local 1021 with a Union-provided packet of information regarding the Union. The Union will provide this information in sealed envelopes, one of which will be distributed to each new employee. The City may advise such employees that the packet is being provided pursuant to a Memorandum of Understanding with the Union and the contents are neither known nor endorsed by the City.

Indemnification

22. The Union agrees to indemnify and hold harmless the City for any loss or damage arising from the operation of this Agreement.

G. OFFICIAL REPRESENTATIVES AND STEWARDS

Official Representatives

23. The Union may select as many as one employee member of such organization from the appropriate unit represented by such organization, and one additional such employee member for each two-hundred and fifty (250) employees in such unit; or fraction thereof, in excess of two-hundred (200) employees in such unit, to attend, during regular duty or work hours without loss of compensation, meetings scheduled with the Civil Service Commission, the Department of Human Resources, the Director of Employee Relations, or designee, when such meetings have been scheduled for the purpose of city-wide Agreement meeting and conferring on all matters within the scope of representation affecting such appropriate unit, and to participate in the discussions, deliberations, and decisions at such meetings. The selection of such employee members, or substitutions or replacements therefore, and their attendance at meetings during their regular duty or work hours, shall be subject to the following:
24. a. The organization's duly authorized representative shall inform in writing the department head or officer under whom each selected employee member is employed that such employee has been selected.

Stewards are not authorized to act in said capacity unless on said list.

31. The Union recognizes that it is the responsibility of the shop steward to assist in the resolution of grievances at the lowest possible level.
32. Upon notification of an appropriate management person, stewards and designated officers of the Union, subject to management approval, which shall not be unreasonably withheld, shall be granted reasonable release time to investigate and process grievances, disciplinary appeals and attend meetings with Management without loss of pay or benefits. Union Stewards shall advise their first level supervisors prior to engaging in Union business. Such notification of release time shall normally be made at least forty-eight (48) hours in advance, but shall not be unreasonably denied regardless, and shall include the area or work location where they will be investigating or processing grievances, disciplinary appeals or meetings with Management. The Union will attempt to ensure that shop steward release time will be equitably distributed. Absent special circumstances, not more than one Shop Steward and one Shop Steward Trainee shall be released to represent an employee at the same time in the same meeting. If the Union thinks there are special circumstances warranting more than one Shop Steward and one Shop Steward Trainee at a particular meeting, the Union should notify the department forty-eight (48) hours in advance, and the parties shall mutually agree on the number of Union stewards released to attend.
33. In emergency situations, where immediate disciplinary action must be taken because of a violation of law or a City departmental rule (intoxication, theft, etc.) a shop steward shall not unreasonably be denied the right to leave the shop steward's post or duty to represent the employee.
34. Except in emergency situations, an investigative, disciplinary or grievance meeting shall be rescheduled if a Shop Steward is denied release time.
35. Shop stewards shall not interfere with the work of any employee. A shop steward may interview an employee during the employee's regular work time in order to investigate or process a grievance or disciplinary appeal with the approval of the employee's supervisor, which shall not unreasonably be withheld.
36. Stewards shall be responsible for the performance of their work load, consistent with release time approved pursuant to rules established herein.
37. Stewards shall receive timely notice of and shall be permitted to make appearances at departmental orientation sessions in order to distribute union materials and to discuss employee rights and obligations under this Agreement.
38. Any meeting of shop steward and supervisor shall be held in private surroundings and shall be held in a quiet and dignified manner.
39. Newly-elected Stewards shall be allowed four (4) hours paid release time for Union Steward training within six (6) months of appointment of a Steward. 44. The parties agree that Union representatives have a reasonable right of access to non-work areas (bulletin boards, employee lounges and break rooms) and to hallways, in order to reach non-work areas to verify that the terms and conditions of this Agreement are being carried out and for the purpose of conferring with employees. The parties agree that union access to work locations will not disrupt or interfere with a department's mission and services or involve any political activities.
45. Union representatives must identify themselves upon arrival at a City department. Union representatives may use Department meeting space with a reasonable amount of notice, subject to availability.
46. In work units where the work is of a confidential nature and in which the department requires it of other non-employees, the department may require that union representatives be escorted by a department representative when in areas where said confidential work is taking place.

Proceeds from sales made through the vending machines shall be deposited in a special fund under the direction and control of the Union and allocated exclusively for the benefit of employees' recreation and welfare.
51. It is the understanding of the Parties that Union will not establish vending machines in the Recreation and Parks Department that compete with vending machines currently established in the Department that contribute to the operating revenues of the Department.
52. Effective July 1, 2014, the Union shall not establish any new vending machines, but the Union may continue operating vending machines where already established.

If the employee is not meeting standards, the supervisor will meet with the employee and, upon request, the union representative, to identify ways for the employee to bring the employee’s performance to a satisfactory level.

C. SUBCONTRACTING OF WORK

89. Due to the size of the bargaining unit and the diversity of the classifications and employees within the unit, which enable the employees to perform various services in the diverse communities served by the City, the Mayor and the Union agree that, for the term of this Agreement, the Mayor shall instruct the City's Department Heads over whom they have budgetary authority that:
90. The City shall not initiate or approve contracting out any routine work currently performed by existing employees represented by the Union.
91. The City shall not lay off current bargaining unit members or eliminate existing bargaining unit positions as a result of contracting out.
92. This instruction shall not in any way affect (i) existing contracts (which shall include proposed contracts funded with monies appropriated in the 1996-97 budget), (ii) renewals, amendments or extensions of those contracts, or (iii) new contracts either for services already contracted out or arising from the City's receipt of new and/or additional federal, state, or grant funds designated for new or unique programs. However, such funds shall not include growth in general fund or enterprise revenues in force and effect at the time of the signing of this Agreement.

93. The Mayor agrees that it is not the intent of the City to use the contracting out process to avoid prevailing wages, compliance with MBE/WBE requirements, or payment of health or other benefits.
94. Notwithstanding any other provision of this section, the Mayor may propose pursuant to the City's standard procedures to contract out work currently performed by existing City employees (a) where external funding sources require the use of outside third parties to perform services; or (b) in emergency situations, as determined by the Mayor and upon a majority vote of the Board of Supervisors.
95. Should the Mayor determine that the restrictions contained in this section unduly interfere with a department's or the City's ability to provide appropriate services to the diverse communities within the City, the Mayor and the Union agree to meet in order to resolve the concerns. If the Mayor and the Union cannot mutually agree, the matter shall be submitted to an arbitrator, selected pursuant to the provisions of Article IV (Grievance Procedure) of this Agreement, who shall decide the issue of whether a proposal to contract out work may be initiated by the Mayor.
96. The City agrees that it will not assign work currently performed by SEIU-represented employees to any other bargaining unit.
97. The City agrees that only City employees are authorized to hire, fire, execute performance evaluations, and discipline SEIU-represented employees.

99. The Union shall respond within twenty-one (21) days from the date of receipt of the above information with a request to meet.
100. The City agrees to discuss and attempt to resolve issues relating to:
 101. Possible alternatives to subcontracting;
 102. Questions regarding current and intended levels of service;
 103. Questions regarding the Controller's certification pursuant to Charter Section 10.104(15);
 104. Questions relating to possible excessive overhead in the City's administrative-supervisory/worker ratio;
 105. Questions relating to the effect on individual worker productivity by providing labor saving devices; and
 106. Questions regarding services supplied by the City to the Contractor.

107. The City agrees that it will take all appropriate steps to ensure the presence at said meetings of those officers and employees (excluding the Board of Supervisors) of the City who are responsible in some manner for the decision to contract out so that the particular issues may be fully explored by the Union and the City.

Personal Services Contracts

108. The parties recognize that the use of contracting out for personal services should be used for limited reasons. “Prop J” contracts are covered by the “Prop J” paragraphs of the MOU and not the following paragraphs.

109. Contracting for work customarily performed by bargaining unit employees is permissible under limited circumstances described in the Civil Service Commission’s December 19, 2023, Policy on Personal Service Contracts, as may be amended¹, or when otherwise required by federal, state, or local law or requirements of court decisions or orders.

110. For purposes of this article, work customarily performed by bargaining unit employees is work performed by classifications within the unit. The City agrees that only City employees are authorized to hire, fire, execute performance evaluations, and discipline SEIU Local 1021-represented employees.

111. The City shall not displace current bargaining unit members as a result of contracting out. The term “displace” includes laying off, demoting, involuntarily transferring to a new class or location, reducing the hours for current bargaining unit members. Displacement does not include changes in shifts or days off, nor does it include reassignment to other positions within the same class and general location.

112. Section III.A of the Civil Service Commission’s December 19, 2023, Policy on Personal Service Contracts, as may be amended², sets forth the circumstances in which services customarily performed by bargaining unit employees may be contracted out. Contracting out should be used sparingly and treated as an option of last resort, not as a means to replace employees with contractors. Factors that may be considered appropriate for contracting out include but are not limited to the following:

- a. Immediately needed services to address unanticipated or transitional situations, or services needed to address urgent situations that do not rise to the level of an “emergency”;
- b. Short-term or capital projects requiring diverse skills, expertise, and/or knowledge;
- c. Services required on an as-needed, intermittent, or periodic basis (e.g., peaks in workload); or
- d. Circumstances where there is a demonstrable potential conflict of interest (e.g., independent appraisals, audits, inspections, third party reviews and evaluations).

¹ Neither party is waiving any arguments as to whether revisions to the policy are subject to the meet and confer process.

² Neither party is waiving any arguments as to whether revisions to the policy are subject to the meet and confer process.

Pilot Personal Services Contract Review Process

113. The Union and City agree to a pilot PSC notification and review program as described in this paragraph 113 beginning no sooner than January 1, 2025, but no later than July 1, 2025. This pilot program shall expire on June 30, 2027 unless the Parties mutually agree to extend it. Prior to implementation of this new process, the process for review of personal services contracts shall continue as set forth in the July 1, 2022 - June 30, 2024 MOUs between the City and SEIU 1021 (paragraphs 106-118).
- a. Prior to submission of a personal service contract request to the Department of Human Resources and/or Civil Service Commission or at the time the City issues a solicitation for work customarily performed by bargaining unit employees, whichever occurs first, the City shall provide notice to the Union with the following information:
 - i. The anticipated duration of the contract;
 - ii. The scope of work under the contract;
 - iii. The final solicitation, if published or if no solicitation exists or will be used, any other information that would normally be included in a solicitation; and
 - iv. The reason, as set forth in the Civil Service Commission’s Policy on Personal Service Contracts as amended from time to time or others, that the City is relying on as justification for its contracting decision.
 - b. The Union shall have ten (10) calendar days to request to meet with the City over the proposed contract after receiving the notice required by paragraph 113.a. Discussions shall include, but not be limited to, possible alternatives to contracting or subcontracting, whether the department staff has the expertise and/or facilities to perform the work, and steps the City has taken to address job vacancies. Upon request by the Union, the City shall make available for inspection any and all pertinent background and/or documentation relating to the service contemplated to be contracted out. The Union and City shall conduct such meeting no later than ten (10) calendar days from the date the Union requested to meet. If the City is unable to meet within ten (10) calendar days, the timeline for the Union to commence the Fact-Finding Review set forth in paragraph 113.c.ii will be tolled by another ten (10) calendar days.
 - c. Fact-Finder Review: For disputes that cannot be resolved through the meeting contemplated in paragraph 113.b, the Union may utilize the Fact-Finder Review outlined in this paragraph 113.c five (5) times per year. The number of times the Union may utilize the Fact Finder Review may be increased by mutual agreement of the parties.
 - i. If, following the meeting contemplated in paragraph 113.b, a dispute exists between the Parties about whether the City may contract out work customarily performed by bargaining unit employees, the Union may submit the matter to Fact-Finding Review.
 - ii. To commence the Fact-Finding Review, within five (5) calendar days following the meeting contemplated in paragraph 113.b, the Union must make a written objection to the Human Resources Director, containing specific and detailed factual information to support its opposition to the proposed personal service

- contract, and documentary evidence or declarations in support of the Union’s position.
- iii. A standing factfinder or factfinder(s) will be appointed to address disputes submitted under this Paragraph 113.c, and the Parties will preschedule at least two (2) days per month for such hearings. The Parties will mutually agree on a list of factfinder(s) prior to the commencement of the Fact-Finding Review process. The Parties agree to split the factfinders’ fees.
 - iv. Within five (5) calendar days of the Union’s request for a Fact-Finding Review, the factfinder shall review the evidence submitted by the Union under subparagraph (c.ii) and determine whether sufficient evidence exists to warrant a hearing on the dispute. The factfinder shall make a determination based on the evidence provided by the parties. If the factfinder determines that the Union has not submitted sufficient evidence, the factfinder shall dismiss the Union’s request for a hearing.
 - v. If the factfinder determines that the Union has submitted sufficient evidence to warrant a hearing, the factfinding hearing will occur on the next prescheduled hearing date. This hearing shall follow the generally accepted rules and structure of expedited hearings, however, the parties agree that either party may be represented by legal counsel.
 - vi. The factfinder(s) will address whether the circumstances described by the City as the basis for contracting out exist. The factfinder(s) shall recommend whether the contracting out proposal shall be approved, denied or modified. The factfinder may also recommend the adoption of any proposals the union presents as an alternative to contracting out. The factfinder’s recommendation may also outline timelines and intermediate steps for remedying the disputed matter.
 - vii. The factfinder must provide any recommendations to the Parties within five (5) calendar days of hearing the dispute; however, the factfinder may extend the time for providing recommendations up to fourteen (14) calendar days. The Parties will make the factfinder’s recommendation a part of the record before the Civil Service Commission prior to the Commission’s hearing on the disputed personal service contract or to the Human Resources Director in accordance with the Civil Service Commission’s December 19, 2023 Policy on Personal Service Contracts, as may be amended³.

The computation of holiday time off shall be rounded to the nearest hour.

463. a. If the employee is receiving a salary in the employee's present classification equal to or above the entrance step of the promotive class, the employee's salary in the promotive class shall be adjusted to two (2) steps to the closest step representing a ten percent (10%) increase in the salary grade over the salary received in the lower class but not above the maximum of the salary range of the appropriate classification.
464. b. If the employee is receiving a salary in the employee's present classification which is less than the entrance step of the salary range of the promotive classification, the employee shall receive a salary step in the promotive

class which is closest to an adjustment of ten percent (10%) above the salary received in the class from which promoted. The proper step shall be determined in the biweekly salary grade and shall not be above the maximum of the salary range of the promotive class.

2. Provisional to Promotive

465. Consistent with the Temporary Employees' Agreement attached hereto, a provisional appointee who accepts appointment to a promotive position from a regular eligible list shall have the employee's salary in the promotive appointment based on the salary in the employee's regular civil service next lowest rank position from which the employee gained promotive eligibility, except as herein provided.
466. If the following conditions are met, the salary in the promotive appointment shall be not less than the salary received under provisional appointment:
467. a. That the employee was serving under permanent provisional appointment for at least six (6) months immediately prior to accepting such regular promotive appointment.
468. b. That the employee received a salary above the entrance rate of the compensation schedule in the permanent limited tenure appointment.

474. b. Appointment above entrance rate is justified based on the experience, education, training, skill, and/or performance of the appointee.
475. c. A severe, easily demonstrated and documented recruiting and retention problem exists, such that all city appointments in the particular class should be

above the normal step. If so, all incumbents shall be advanced to the same step at which the new employee is hired. In this case, the incumbents shall otherwise maintain their original anniversary date in the class.

476. The Appointing Officer seeking such Appointment Above Entrance, through a designated sender, shall submit a written notice to a designated recipient for the Union.

When an employee promoted to a higher classification during a prior fiscal year receives a lesser salary than if promoted in the same class and from the same salary step during the current fiscal year, the employee's salary shall be adjusted on July 1 to the rate the employee would have received had the employee been promoted in the current fiscal year.

480. The salary and anniversary increment date shall be adjusted for any employee promoted from one class to a higher classification who would receive a lesser salary than an employee promoted at a later date to the same classification from the same salary step in the same base class from the promotional examination was held.

2. *Salary Increase in Next Lower Rank Classification*

481. When a classification that was formerly a next lower rank in a regular civil service promotional examination receives a salary schedule higher than the salary schedule of the classification to which it was formerly promotive, the rate of pay to an employee who was promoted from such lower class shall be equivalent to the salary the employee would have received had the employee remained in such lower class.

3. *Flat Rate Converted to Salary Range*

482. An employee serving in a class in the prior fiscal year at a flat rate which flat rate is changed to a compensation schedule number during the current fiscal year shall be paid on the effective date of such change the step in the current salary schedule closest to, but not below, the prior flat rate and shall retain the original anniversary date for future increments, when applicable.

4. *Continuation of Salary Step Earned Under Temporary Appointment*

483. When an employee is promoted under temporary appointment to a higher classification during a prior fiscal year and is continued in the same classification without a break in service in the current fiscal year, or is appointed to a permanent position in the same classification, such appointment shall be in accordance with the provisions of this Agreement, provided that the salary shall not be less than the same step in the salary schedule the employee received in the immediately prior temporary appointment.

5. *Credit for Non Permanent Service*

484. A non permanent employee who has completed six (6) months or more of non permanent employment within the immediately preceding one (1) year period before appointment to a permanent position in the same class shall be appointed at the next higher step in the one (1) year required service from the date of permanent appointment. Permanent employees working under provisional appointment in other classifications or temporary appointments from eligible lists in other classifications shall have their salary adjusted in the provisional or temporary class when such employees reach their salary anniversary date in their permanent class.

Compensation Upon Transfer or Reemployment

1. *Transfer*

486. An employee transferred from one department to another, but in the same classification, shall transfer at the employee's current salary, and if the employee is not at the maximum salary for the class, further increments shall be allowed following the completion of the required service based upon the seniority increment anniversary date in the former department.

2. *Reemployment In an Intermediate Classification*

487. An employee who has completed the probationary period in a promotive appointment that is two or more steps higher in an occupational series than the permanent position from which promoted and who is subsequently laid off and returned to a position in an intermediate ranking classification shall receive a salary based upon actual permanent service in the higher classification, unless such salary is less than the employee would have been entitled to if promoted directly to the intermediate classification. Further increments shall be based upon the increment anniversary date that would have applied in the higher classification.

3. *Reemployment In a Formerly Held Classification*

488. An employee who has completed the probationary period in an entrance appointment who is laid off and is returned to a classification formerly held on a permanent basis shall receive a salary based upon the original appointment date in the classification to which the employee is returned. An employee who is returned to a classification not formerly held on a permanent basis shall receive a salary based upon actual permanent service in the classification from which laid off.

Salary Step Placement Resulting from Status Grant

489. Employees who are granted status in another class where the salary grade is higher than the current class shall be placed at the same salary step in the new class as the employee was at in the former class and maintain the employee’s anniversary date.

H. NON-PERMANENT EMPLOYEES

Testing of Non-Permanent Employees

490. The Union and the City shall meet upon the request of either party regarding classifications that have excessive numbers of non-permanent employees. If deemed by the parties to be useful, they may establish a joint committee for the purpose of reaching an agreement which shall be submitted to the Civil Service Commission for approval, if required by Charter. Nothing herein shall be construed, however, as the Union's agreement to proceed with rule of the list appointments in a manner other than the process previously established between the Union and the Civil Service Commission under Rule 113.

491. Non-permanent employees with two years or more of continuous service in class and who: (a) are available for appointment from an eligible list, and (b) are displaced because of the appointment of another eligible, and (c) are not offered employment in a comparable position, shall receive severance pay as follows:

| | |

| ten or more years of service in class | three weeks of pay per year of service |

Save-Our-Services Labor/Management Committee

492. Both the City and the Union recognize the need to:

- review the use of public/private partnerships;
- review the use of personal services contracts; and
- use “as-needed” and/or other non-permanent employees for operational purposes under certain circumstances, but desire to ensure such non-permanent appointment status is not used inappropriately.

493. In pursuit of this goal, the parties agree to the creation of an SOS Labor/Management Committee consisting of four (4) City representatives and four (4) representatives from SEIU, whose members shall be granted release time to take part in meetings of the Committee.

494. The Committee shall meet at least monthly, and shall work cooperatively to:

- a. identify and recommend processes for ending long-term provisional and as-needed employment;
- b. review utilization patterns within departments;
- c. identify departments that may be better staffed with a higher percentage of permanent positions;
- d. review and make recommendations on the use of public/private partnerships; and
- e. review and make recommendations on the use of personal services contracts with the goal to reduce personal service contracts.

- f. Identify and address those departments whose use of Prop F and As-Needed employees may be inconsistent with Civil Service Rules.

495. The Committee shall complete its work no later than the expiration of this agreement, unless the parties mutually agree to a later date. The Committee shall submit quarterly reports to the Human Resources Director and the Union.

Flat Step Classifications

496. Effective July 1, 1996, represented classes which are currently at a flat biweekly rate shall be converted to the corresponding salary schedule for which the third step is closest to the current flat rate. Employees in prior flat rate represented classes shall be appointed to the step which recognizes the length of service in the classification. Employees with less than six months continuous service shall be appointed to step three. Employees with more than six months, but less than eighteen months continuous service shall be appointed to step four. Employees with more than eighteen months continuous service in the same class shall be appointed to step five.

Part-Time Employees

497. A represented employee working less than full-time, who would not receive a salary increment adjustment otherwise, shall be granted a one-time step increase, not to exceed top step of class, when the employee completes 1040 hours of service in the employee's classification.

Seniority

498. The first date of hire in a classification shall be used to break seniority ties of permanent employees in the same classification who have gained or shall have gained permanent status under ATP.

Data

500. It is the intent of the parties to curtail and limit the use of long-term provisional employment. Accordingly, the parties will continue to make efforts to install and support procedures and policies designed to achieve that objective. Access to relevant data is essential to the Unions' involvement in this process. It is agreed, therefore, that the Department of Human Resources shall provide to the Union a monthly report on computer diskette. Two data sets shall be included on the diskette. The first will include employee name, class name and number and employment status, time in position, and total number of employees represented by the Union by department and classification. The second will list all represented classes containing any provisional employees. It will indicate the list adoption date if a list exists and one or two additional dates related to the list adoption process. The parties may mutually agree to add data fields that may be requested by the Unions that do not infringe upon privacy or violate law.

I. SENIORITY INCREMENTS

Entry at the First Step

1. Advancement Through Salary Steps

502. Employees hired on or after July 1, 2012, shall advance to the second step and each successive step upon completion of the one (1) year required service.
503. Each year of satisfactory service normally shall make an employee eligible for consideration for salary advancement within the salary range of the employee's classification, except where such employee is in a class for which there is a single rate of pay. If an employee's service is not deemed satisfactory, based on a written performance appraisal, the employee may not be eligible for consideration for salary advancement.
504. If an employee does not receive a performance appraisal within forty-five (45) days of the employee's performance appraisal due date, and a written notice of intent to withhold the increase no later than fifteen (15) days before the step increase due date, and the employee is scheduled for a step increase, the appraisal for said year shall be considered satisfactory and any step increase due will be provided to the employee retroactively to the employee's anniversary date. Denial of a step increase is subject to appeal through the expedited arbitration procedure of this Agreement.

Conversion from Salary Set by Charter Section 8.400

506. Employees with at least six months continuous service in their current classification, shall be eligible to receive annual salary step increments based on their length of service in their current classification. After six months of continuous service, employees at step one shall be eligible to advance to the second step in the salary grade. Thereafter, they shall receive subsequent salary increments on the anniversary dates of the first increment until they reach the fifth step. Non-permanent employees who receive a salary step increment and thereafter become permanent, shall receive subsequent salary increments on the anniversary date of the first increment until they reach the fifth step.

Date Increment Due

507. Increments shall accrue and become due and payable on the next day following completion of required service as an employee in the class.

Lay-Off

508. An employee who (1) is "laid off" from a permanent appointment, (2) is immediately and continuously employed in another classification with the City, either permanent or temporary, and (3) is thereafter re-employed in the employee's permanent position without a break in

service, shall, for the purposes of determining salary increments, receive credit for time served while laid off from the employee’s permanent appointment.

J. HEALTH PLAN

Health and Dental Benefits

509. Maintenance of Benefits: The current benefits level shall be maintained for the duration of this agreement.
510. Effective July 1, 2014 through December 31, 2014, the City shall be obligated to contribute the same monthly amount towards employee health benefits as it did on June 30, 2014, and shall continue to make contributions at that level until December 31, 2014. To the extent the City does not, for any reason, make timely contributions set forth above, then it shall hold the affected employees harmless for any additional contributions up to the negotiated amount for said period of delay.

Health Coverage Effective January 1, 2015

511. Effective January 1, 2015, the contribution model for employee health insurance premiums will be based on the City’s contribution of a percentage of those premiums and the employee’s payment of the balance (Percentage-Based Contribution Model), as described below:

1) Employee Only:

512. For medically single employees (Employee Only) who enroll in any health plan offered through the Health Service System (HSS), the City shall contribute one hundred percent (100%) of the total health insurance premium.

2) Employee Plus One:

513. For employees with one dependent who elect to enroll in any health plan offered through HSS, the City shall contribute ninety-six percent (96%) of the total health insurance premium, provided however, that the City’s contribution shall be capped at ninety-six percent (96%) of the Employee Plus One premium of the second-highest-cost plan.

3) Employee Plus Two or More:

514. For employees with two or more dependents who elect to enroll in any health plan offered through HSS, the City shall contribute eighty-three percent (83%) of the total health insurance premium, provided however, that the City’s contribution shall be capped at eighty-three percent (83%) of the Employee Plus Two or More premium of the second-highest-cost plan.

4) Contribution Cap

515. In the event HSS eliminates access to the current highest cost plan for active employees, the City contribution under this agreement for the remaining two plans shall not be affected.

5) Average Contribution Amount

516. For purposes of this agreement, to ensure that all employees enrolled in health insurance through the City’s HSS are making premium contributions under the Percentage-Based Contribution Model, it is agreed that, to the extent the City’s health insurance premium contribution under the Percentage-Based Contribution Model is less than the “average contribution,” as established under Charter section A8.428(b), then, for the life of this agreement, expiring June 30, 2017, in addition to the City’s contribution, payments toward the balance of the health insurance premium

under the Percentage-Based Contribution Model shall be deemed to apply to the annual “average contribution.” The parties intend that the City’s contribution toward employee health insurance premiums will not exceed the amount established under the Percentage-Based Contribution Model. The parties intend that, for the life of this agreement, expiring June 30, 2017, the City’s contribution toward employee health insurance premiums will not exceed the amount established under the Percentage-Based Contribution Model.

Joint Commitment to Raise Quality and Lower Costs

517. The City and SEIU Local 1021 shall, no later than 120 days following the execution of this agreement, form and jointly petition HSS to participate in a joint labor-management committee to do the following, including but not limited to:
518. Promote the following policy priorities:
- i. Healthcare cost and quality transparency
 - ii. Prevention of anti-competitive practices
 - iii. Fair hospital pricing and payment reform
 - iv. Health and wellness for employees
 - v. Supporting development of a common public purchasers’ position on health care transparency and accountability
519. Upon the request of the City or the Union, the Committee shall meet quarterly, or less frequently by mutual agreement, to provide opportunities for review and discussion of HSS contracting strategies, HSS studies and reports, and ideas for expanded vendor reporting and accountability, and to review, discuss and advance strategies to reduce excess health care cost growth.
520. The Committee shall be comprised of four (4) Union appointees and four (4) City appointees (two (2) of which may be HSS appointees). The City shall provide the Union members of the Committee, including witnesses to testify before the Committee, with fully-paid release time to participate in Committee meetings and caucuses.

Dental: Fiscal Year 2011-2012 and Thereafter

521. Notwithstanding paragraph 524, employees who enroll in the Delta Dental PPO Plan shall pay the following premiums for the respective coverage levels: \$5/month for employee-only, \$10/month for employee + 1 dependent, or \$15/month for employee + 2 or more dependents.
522. Consistent with the terms of ordinances which are adopted by the Board of Supervisors and pursuant to Charter Section 12.202, the City shall propose changes to the Health Services eligibility criteria to provide for the enrollment of provisional, regularly scheduled employees upon appointment.
523. Subject to Charter requirements and in accordance with its meet and confer obligations under the Meyers Milias Brown Act, the City agrees to meet with SEIU and other affected unions in the event a Charter amendment is proposed which would require or permit the City to provide employees with health insurance coverage through CalPERS.
524. Dental: The City shall continue to contribute a monthly amount per represented employee sufficient to continue the family dental coverage specified in the Memorandum of Agreement signed and dated March 31, 1992.

K. LONG TERM DISABILITY INSURANCE

525. The City shall provide to employees with six months continuous service a Long Term Disability (LTD) plan that provides, after a one hundred eighty (180) day elimination period, sixty percent (60%) salary (subject to integration) up to age sixty-five. Employees who receive payments under the LTD plan shall not be eligible to continue receiving payments under the City's Catastrophic Illness Program.

L. BENEFITS WHILE ON UNPAID LEAVE OF ABSENCE

526. The City will cease payment of any and all contributions for employee health and dental benefits for those employees who remain on unpaid status in excess of twelve (12) continuous weeks, with the exception of approved sick leave, workers' compensation leave, family care leave, or mandatory administrative leave. Following expiration of the employee's family care leave, the employee may request personal leave due to hardship (pursuant to the procedures of the Department of Human Resources). Paid benefits shall continue during this approved personal leave. In addition, the City will continue payment of all regular contributions for employee health and dental benefits for an employee on a holdover list during the time period that the employee verifies that the employee does not have alternative health care coverage. The verification process shall be established by the Department of Human Resources and the Union.

527. It is not the intent of the City to schedule any employee less than twenty (20) hours per week for the purpose of avoiding the payment of benefits.

M. RETIREMENT

1. Proposition C

528. A. The parties recognize the requirement under Charter Section A8.409-9 to negotiate cost-sharing provisions that produce comparable savings and costs to the City and County as are produced through the Charter's SFERS employee contribution rate adjustment formulae. The parties intend this Section to effectuate the cost sharing provisions of San Francisco Charter Section A8.409-9. The parties further acknowledge that: (i) the annual SFERS employer contribution rate is determined by the SFERS actuary and approved by the SFERS Board for each fiscal year; and (ii) the annual employer contribution rate for SFERS for FY 2012-13 is 20.71%.

529. B. The parties agree that, when the applicable SFERS annual employer contribution rate is more than 12.00%, bargaining unit members in CalPERS shall make the mandatory statutory employee contribution described in paragraph 534 plus an additional mandatory contribution to effectuate San Francisco Charter Section A8.409-9 (the "Prop. C Contribution"). The Prop. C Contribution is determined, as set forth in the chart below, based on the employee contribution rate which corresponds to the SFERS annual employer contribution rate for that fiscal year. For example, for FY 2012-2013, based on the employer contribution rate of 20.71%, the Prop. C Contribution will be 2.5% of covered compensation for miscellaneous safety bargaining unit members in CalPERS earning at the annual rate of less than \$100,000, and 3% of covered compensation for such bargaining unit members earning at the annual rate of \$100,000 or more.

| Employer Contribution Rate for Comparable SFERS Employees | Additional Employee Contribution/Reduction for Misc. Safety < \$100K | Additional Employee Contribution/Reduction for Misc. Safety > \$100K |
|---|--|--|
| 0% | (4.0%) | (5.0%) |
| 0.01% - 1.0% | (4.0%) | (4.5%) |
| 1.01% - 2.5% | (3.75%) | (4.25%) |
| 2.51% - 4.0% | (3.5%) | (4.0%) |
| 4.01% - 5.5% | (2.5%) | (3.0%) |
| 5.51% - 7.0% | (2.0%) | (2.5%) |
| 7.01% - 8.5% | (1.5%) | (2.0%) |
| 8.51% - 10.0% | (1.0%) | (1.5%) |
| 10.01% - 11.0% | (0.5%) | (0.5%) |
| 11.01% - 12.0% | 0% | 0% |
| 12.01% - 13.0% | 0.5% | 0.5% |
| 13.01% - 15.0% | 1.0% | 1.5% |
| 15.01% - 17.5% | 1.5% | 2.0% |
| 17.51% - 20.0% | 2.0% | 2.5% |
| 20.01% - 22.5% | 2.5% | 3.0% |
| 22.51% - 25.0% | 3.5% | 4.0% |
| 25.01% - 27.5% | 3.5% | 4.0% |
| 27.51% - 30.0% | 3.75% | 4.25% |
| 30.01% - 32.5% | 3.75% | 4.25% |
| 32.51% - 35.0% | 4.0% | 4.5% |
| 35.01% + | 4.0% | 5.0% |

530. C. The Prop. C Contribution:
- (i) will be paid by the City to CalPERS, effectuated via a pre-tax reduction in salary pursuant to Internal Revenue Code Section 414(h)(2);
 - (ii) will not be included in the gross income of the bargaining unit members for certain tax reporting purposes, that is, for federal, state, or local income tax withholding, unless and until distributed either through a pension benefit or a lump sum payment;
 - (iii) will be included in the gross income of the bargaining unit members for FICA taxes when they are made;
 - (iv) will be reported to CalPERS as City contributions to be applied against the City's CalPERS reserve, and will not be applied to the bargaining unit member's individual CalPERS account;
 - (v) will be included in the bargaining unit member's compensation as reported to CalPERS and the affected bargaining unit members shall not be entitled to receive any of the contributions described above directly instead of having them paid by the City to CalPERS; and
 - (vi) will be considered as part of the bargaining unit member's compensation for the purpose of computing straight-time earnings, compensation for overtime worked, premium pay, and retirement benefits, and shall be taken into account in determining the level of any other benefit which is a function of, or a percentage of, salary.

531. D. In the event that the Prop. C Contribution is zero, i.e. the annual SFERS employer contribution rate is between 11-12%, Section C above will not apply. In the event that the Prop. C Contribution is a negative number, i.e. the annual SFERS employer contribution rate is less than 11%, Section C above will not apply and the Prop. C Contribution will be treated as a City pick up of the bargaining unit members' mandatory CalPERS retirement contribution under paragraph 533 to the extent of the Prop. C Contribution.
532. E. Any City pickup of an employee's mandatory retirement contribution shall not be considered as a part of an employee's compensation for the purpose of computing straight-time earnings, compensation for overtime worked, premium pay, or retirement benefits; nor shall such contributions be taken into account in determining the level of any other benefit which is a function of our percentage of salary. The City reserves the right to take said contributions into account for the purpose of salary comparisons with other employers.
533. F. Notwithstanding the above paragraphs, in the event that a change in state law causes the implementation, during the term of this Agreement, of an increase in the employee contribution to CalPERS for employees covered by this Agreement, either party may elect to reopen this Agreement to address the impact of the change in state law. This reopener shall be subject to the impasse resolution procedures and criteria set forth in Charter Section A8.409-4.

2. Employee payment of employee contribution to CalPERS

534. For the duration of this agreement, members of the bargaining unit in CalPERS shall pay the employee share of mandatory retirement contributions effectuated via a pre-tax reduction in salary. These mandatory retirement contributions:
- (i) will be paid by the City to CalPERS, effectuated via a pre-tax reduction in salary pursuant to Internal Revenue Code Section 414(h)(2);
 - (ii) will not be included in the gross income of the bargaining unit members for certain tax reporting purposes, that is, for federal, state, or local income tax withholding, unless and until distributed either through a pension benefit or a lump sum payment;
 - (iii) will be considered as part of the bargaining unit member's compensation for the purpose of computing straight-time earnings, compensation for overtime worked, premium pay, and retirement benefits, and shall be taken into account in determining the level of any other benefit which is a function of, or a percentage of, salary; and
 - (iv) the affected bargaining unit members shall not be entitled to receive any of the contributions described above directly instead of having them paid to CalPERS.

Temporary Employees

535. Effective 5/1/95 retirement benefits will be provided to temporary employees who have worked at least 1040 hours.

Retirement Buy Back

536. It is the intent of the City that the Retirement System shall continue to authorize the pre-tax buyback of pension credits by qualified members.

As set forth in Charter Section A8.409-5, the parties acknowledge that this paragraph is not subject to Charter Section A8.409’s impasse resolution procedures.
548. The parties agree to meet and confer regarding possible implementation of the PERS 3% at 55 retirement benefit for eligible employees covered by this Agreement. In the event of a conflict where two or more employees desire the same vacation period or days off, the supervisor shall grant the preference of the more senior employee, after taking into account the needs of the service.

588. The Citywide "Paperless Pay" Policy applies to all City employees covered under this Agreement.
589. Under the policy, all employees shall be able to access their pay advices electronically on a password protected site, and print them in a confidential manner, using City Internet, computers and printers. Such use of City equipment shall be free of charge to employees, is expressly authorized under this section of the Agreement, and shall not be considered "inappropriate use"

under any City policy. Pay advices shall also be available to employees on a password protected site that is accessible from home or other non-worksites computers, and that allows the employees to print the pay advices. Employees without computer access or who otherwise wish to receive a paper statement shall receive assistance to print hard copies of their pay advices through their payroll offices upon request, on a one-time or ongoing basis.

590. In addition to payroll information already provided, the pay advices shall reflect usage and balance (broken out for vacation, sick leave, etc.) the employee’s hours of compensatory time, overtime, and premiums earned during the relevant payroll period. The City shall maintain electronic pay advices and/or wage statements for at least seven (7) years.
591. Under the policy, all employees will have two options for receiving pay: direct deposit or bank pay card. Employees not signing up for either option will be defaulted into bank pay cards.
592. Every employee shall possess the right to do the following with any frequency and without incurring any cost to the employee:
1. Change the account into which the direct deposit is made;

Y. APPOINTMENT PROCESSING

596. Newly appointed employees shall be provided paid release time to complete post-hire, appointment processing.

Z. PAID SICK LEAVE ORDINANCE

597. Should the Civil Service Commission amend the Civil Service Rules to allow eligible employees covered by this Agreement to access their sick leave with pay credits after three continuous months of regularly scheduled paid service instead of requiring six continuous months of such service, San Francisco Administrative Code Chapter 12W Paid Sick Leave Ordinance shall be deemed expressly waived in its entirety by the Union, and said amended provision shall apply to covered employees.

AA. LIFE INSURANCE

ARTICLE IV – GRIEVANCE PROCEDURE & PERSONNEL FILES

A. GRIEVANCE PROCEDURE

Definition

604. A Grievance shall be defined as any dispute which involves the interpretation or application of, or compliance with this Agreement, or discipline.

Grievance Description

605. The Union and the City agree that grievances shall include the following:

- 606. a. The basis (specific reason or reasons) and date of the grievance as known at the time of submission;
- 607. b. The date of the incident giving rise to the grievance;
- 608. c. An explanation of the harm that occurred;
- 609. d. The name, classification, and department of the affected employee or employees;
- 610. e. The section(s) of the Agreement which the Union believes has been violated;
- 611. f. The remedy or solution being sought by the Grievant.

Procedure

- 612. The management representative named in the Steps of this grievance procedure may appoint a designated representative to act on the management representative’s behalf with the accompanying authority to settle the grievance at the appropriate grievance step.
- 613. Only the Union shall have the right on behalf of a disciplined employee to grieve the discipline.
- 614. Grievances related to a suspension of an employee may be submitted initially at Step II of this procedure within fifteen (15) calendar days of the date of final notice of disciplinary action.
- 615. Grievances related to a termination of an employee must be submitted initially at Step II of this procedure within fifteen (15) calendar days of the final notice of termination.

Monetary Relief

616. Except for grievances based on alleged violations of Article III.D. (Out of Class Work, Acting Assignment), in no event shall a grievance include a claim for money relief for more than a thirty (30) working day period prior to the initiation of the grievance. For grievances based on alleged violations of Article III.D. (Out of Class Work, Acting Assignment), in no event shall a grievance include a claim for money relief for more than a forty-five (45) working day period prior to the initiation of the claim. In the event that the parties agree to settle a grievance through a formal settlement agreement containing a back pay provision or in the event that an arbitrator makes an award pursuant to this MOU’s grievance procedure that includes back pay, the City will issue a payment in the appropriate amount within 90 days from the date the settlement agreement is fully executed or, in the case of an arbitration award, within 90 days from either: (a) the date of receipt of an arbitration award that sets forth a specific dollar amount of back pay; or

(b) the date the parties verify and agree on the specific back pay calculation. If the City does not meet this 90-day deadline, the grievant(s) shall be entitled to interest at the rate of 5% per year beginning on the 91st day until the date the payment is issued. In the event that either party moves to judicially challenge the arbitration award, the ninety (90) day deadline shall apply upon the resolution of such challenge, assuming the resolution to the judicial challenge is final and contains a specific dollar amount as discussed above.

Time Limits

- 617. The parties have agreed upon this grievance procedure in order to ensure the swift resolution of all grievances. It is critical to the process that each step is followed within the applicable timelines. Steps are skipped only by mutual agreement or as otherwise provided by this Agreement.
- 618. All time limits referred to in this section are binding on each party.
- 619. A time limit may be extended by the Union and the Management Official responsible for the decision making at the particular step of the process by agreement entered into prior to the expiration of the time limit. This agreement must be confirmed in writing by the party initiating the extension request. Failure by the Union to follow the time limits, unless mutually extended, shall cause the grievance to be withdrawn. Failure of the City to follow the time limits shall serve to move the grievance to the next step.
- 620. Any deadline date under this procedure that falls on a Saturday, Sunday or Holiday shall be continued to the next business day.

Steps of the Grievance Procedure

Informal Discussion with Immediate Supervisor

- 621. An employee having a grievance may first discuss it with the employee's immediate supervisor, or the next level in management, to try to work out a satisfactory solution in an informal manner. The employee may have a representative at this discussion.

Step I Immediate Supervisor

- 622. If a solution to the grievance, satisfactory to the employee and the immediate supervisor is not accomplished by informal discussion, the Union may pursue the grievance further.
- 623. The Union shall submit a detailed written statement containing the specifics of the grievance to the immediate supervisor within fifteen (15) calendar days of the facts or event giving rise to the grievance, or within fifteen (15) calendar days from such time as the employee or Union should have known of the occurrence thereof. In cases alleging sexual harassment, the time limit during which to file a grievance shall be four (4) months.
- 624. The immediate supervisor will make every effort to arrive at a prompt resolution by investigating the issue. The immediate supervisor shall respond in writing within ten (10) calendar days.

Step II Department Head/Designee

- 625. If the grievance is not satisfactorily resolved in Step I, the written grievance shall be advanced, containing a specific description of the basis for the grievance, the specific reason or reasons for

rejecting the lower step response, and the resolution desired. The Union shall have fifteen (15) calendar days from receipt of the Step I response to submit the grievance to the Department Head or designee. The parties shall meet within fifteen (15) calendar days, unless a mutually agreed upon alternative is established. The department head/designee shall, within fifteen (15) calendar days of receipt of the written grievance, or within ten (10) calendar days of the date the meeting is held, whichever comes later, respond in writing to the grievant and the Union, specifying the Department Head/designee’s reason(s) for concurring with or denying the grievance.

Step III Director, Employee Relations/Designee

626. If the decision of the department head/designee is unsatisfactory, the Union may, within fifteen (15) calendar days after receipt of the Department's decision, submit the grievance in writing stating the specific reason or reasons for rejecting the lower step response and advancing the grievance to the next step to the Employee Relations Director.
627. The Director or designee shall have fifteen (15) calendar days after receipt of the written grievance in which to review and seek resolution of the grievance and respond in writing.
628. Subject to applicable law, the Director of Employee Relations shall have authority to settle grievances at this step.

Step IV Final and Binding Arbitration (except termination grievances)

629. Should there be no satisfactory resolution at Step III, the Union has the right to submit and advance the grievance to final and binding arbitration within thirty (30) calendar days of receipt of the Step III response by submitting a request for arbitration to the ERD Director. The ERD Director shall issue a letter referring the Union to the City Attorney’s Office within thirty (30) calendar days of receipt. The Union shall contact the City Attorney’s Office by letter, copied to the Employee Relations Director, via US mail, within thirty (30) calendar days of the date of the ERD Director’s letter referring the Union to the City Attorney’s Office. The parties shall utilize a standing panel for arbitrator selection. To select an arbitrator from the standing panel, the parties shall strike arbitrators alternately from the standing panel until one arbitrator remains to hear each particular case. The party who strikes first will alternate between the parties; however, the first party to strike will be determined by lot, coin flip or other comparable method. The parties acknowledge that in a particular case they retain the right to be able to mutually agree to select an arbitrator who may or may not be on the standing panel.
630. The parties will utilize a standing arbitration panel of 7 arbitrators (“Standing Panel”), plus two alternates. To form this Standing Panel, the parties will simultaneously exchange a list of 9 proposed arbitrators. From the two lists, those arbitrators who appear on both lists shall be selected. To complete the Standing Panel, the parties will strike the names remaining on the two lists until the Standing Panel is completed. The first alternate will be the last name struck and the second alternate will be the second to the last name struck. The party to strike first will be determined by lot, coin flip or other comparable method.
631. If an arbitrator is no longer available or willing to serve on the Standing Panel due to death, retirement, incapacity, or other reason personal to the arbitrator, the position becomes vacant and the first alternate will replace that arbitrator. The second alternate will replace any other arbitrator whose position becomes vacant prior to the annual process described in paragraph

635(c) below. If there are additional vacancies, those vacancies will be filled annually pursuant to the method described in 635(c) below.

632. Every January, the parties will fill any vacancies as follows:
633. (a) Any arbitrator on the Standing Panel (other than an alternate) who has not been selected for any case in the preceding calendar year will be removed from the Standing Panel and the position will become vacant.
634. (b) Any arbitrator on the Standing Panel or serving as an alternate who is no longer able or willing to serve due to death, retirement, incapacity, or other reason personal to the arbitrator, will be removed and the position will become vacant.
635. (c) Any vacancies described in 633(a) and/or 634(b) above, will be filled as follows: each January, the parties will simultaneously exchange a list containing the names of additional proposed arbitrators equal to the number of vacancies that exist, including vacant alternates. From the two lists, arbitrators who appear on both lists shall be selected as Standing Panel members. If the number of names on both lists is greater than the number of vacancies on the Standing Panel, then the assignment to the Standing Panel will be determined by alternate striking of such names until the Standing Panel is filled. The last name(s) stricken will become the alternates according to the method described in Paragraph 630 above. If additional vacancies remain, the parties will alternately strike the names remaining on the two lists until the Standing Panel is completed. The party to strike first will alternate between the parties each year. Any vacant alternate position(s) will be filled according to the striking method described in paragraph 629. An arbitrator cannot serve on the Standing Panel and as an alternate at the same time.
636. (d) When filling any vacant positions as set forth in Paragraph 635(c), the parties will simultaneously exchange the lists by January 31, and will complete the selection process no later than February 15. (If either the January 31 or the February 15 date falls on a weekend or holiday, the deadline for the submission of names will be the next business day.) Any party that fails to exchange a list of arbitrators, or to engage in the selection process by the dates set forth above, will be deemed to have waived its right to submit a list of arbitrators under this provision.
637. Except when a statement of facts mutually agreeable to the Union and City is submitted to the arbitrator, it shall be the duty of the arbitrator to hear and consider facts submitted by the parties.
638. The City and the Union must commence selecting the arbitrator and scheduling the arbitration within thirty (30) calendar days of ERD's receipt of the Union's arbitration request. The parties agree to recommend to the selected arbitrator that the hearing be scheduled within ninety (90) calendar days of the arbitrator's selection. Should the designated arbitrator be unable to comply with this requirement, the parties shall by mutual agreement commence contacting other arbitrators on the panel, beginning with the last struck, until an arbitrator is selected who will meet such requirement.
639. The arbitrator shall have no authority to add to, subtract from, or modify the terms of this Agreement.

640. The parties shall encourage the arbitrator to make the arbitrator’s awards within forty-five (45) calendar days following the receipt of closing arguments or briefs. The decision of the arbitrator shall be final and binding on all parties.
641. Each party shall bear its own expenses in connection therewith, including legal fees and costs. Each party expressly waives any right to an award of attorney’s fees or costs in any grievance proceeding. All fees and expenses of the arbitrator and court reporter and report, if any, shall be borne and paid in full and shared equally by the parties. Transcript costs shall be paid separately by the party requesting the transcript. If parties mutually request, and the arbitrator agrees, a court reporter may not be required.
642. Individuals who may have direct knowledge of the circumstances relating to the grievance may be present at the request of either party at the hearing. In the case of employees of the City, they shall be compensated at an appropriate rate of pay for time spent.

Step IV Final and Binding Arbitration (termination grievances only)

643. The parties agree to use their best efforts to arbitrate grievances appealing the termination of employment within ninety (90) days of the Union’s written request to arbitrate.

Expedited Arbitration

644. Suspensions up to and including fifteen (15) days and written warnings shall be processed through an expedited arbitration proceeding. By mutual written agreement entered into, before or during Step III of the grievance procedure, the parties may submit other grievances to this expedited arbitration process. At least one day each month will be used for these grievances. The expedited arbitration shall be before an arbitrator to be mutually selected by the parties who shall serve until the parties mutually agree to remove the arbitrator or for twelve (12) months, whichever comes first. Alternatively, at the time of the selection of the arbitrator, either party may request a list of seven (7) appropriately experienced arbitrators from the American Arbitration Association from which the arbitrator will be selected by the method of striking names. The parties shall not use briefs. Every effort shall be made to have bench decisions followed up by written decisions. These decisions will be final and binding, and shall not be used in any other cases except those of the grievant involved. Transcription by a certified court reporter shall be taken but shall be transcribed only at the direction of the arbitrator.
645. Each party shall bear its own expenses in connection therewith. All fees and expenses of the arbitrator and court reporter and report, if any, shall be borne and paid in full and shared equally by the parties.
646. In the event that an expedited arbitration hearing is canceled resulting in a cancellation fee, the party initiating the request or causing the cancellation shall bear the full cost of the cancellation fee, unless a mutually agreed upon alternative is established.

Rights of Individuals

647. An employee may not be disciplined or discharged without just cause and without written notice of the intended action. The City agrees to follow the principles of progressive discipline.

648. Employees who are released or disciplined during their initial probationary period or during any probationary period established by this Agreement, may appeal the release or discipline provided that the grounds for the grievance or appeal shall be limited to a claimed violation of the provisions of Article II.A. (Discrimination Prohibited or Reasonable Accommodation). In such an appeal the employee shall bear the burden of proof with respect to the claimed violation.
649. Employees covered by this agreement with temporary status shall be subject to termination or dismissal for just cause only, and the rights described in these sections of the Agreement, including the right to expedited or regular arbitration, in the appropriate case, upon their completion of six (6) months of service.

Skelly Rights

650. An employee subject to suspension or discharge, shall be entitled, prior to the imposition of that discipline or discharge, to a hearing and to the following:
651. a. A notice of the proposed action; and
b. The reasons for the proposed discipline; and
c. A copy of the charges and the materials upon which the action is based; and
d. The right to respond, either orally or in writing, to the authority initially imposing the discipline.
652. The Skelly meeting shall be presided over by a management representative who is not in the same department as the employee and not connected with the incident giving rise to the discipline.

B. PERSONNEL FILES

653. Only one (1) official personnel file shall be maintained on any single employee. The official file shall be located in the Department's personnel office unless another location is designated and the employee notified in writing. Each employee shall have the right to review the contents of the employee's official personnel file upon request. Nothing may be removed from the file by the employee but copies of the contents shall be provided to the employee at the employee's request. Copies in excess of 100 pages shall be at a charge of 10 cents per page.
654. With the written permission of the employee, a representative of the Union may review the employee's personnel file when in the presence of a departmental representative and obtain copies of the contents upon request. Copies in excess of 100 pages shall be at a charge of 10 cents per page.
655. An employee shall have the opportunity to review, sign and date any and all material to be included in the file except routine matters chronicling job and pay charges. The employee may also attach a response to such materials within thirty (30) days of receipt. All material in the file must be signed and dated by the author. The City may transmit documents to the employee at the employee's last known address by means of U.S. mail or hand-delivery, except disciplinary notification, which must be sent by certified mail when the employee is on leave.
656. With the approval of the employee's Appointing Officer or designees, the employee may include material relevant to the employee's performance of assigned duties in the file.

657. No action to impose discipline against an employee shall be initiated more than thirty (30) days from the date the employer knows of the conduct after diligent and timely investigation except for conduct which would constitute the commission of a crime. Initiation of discipline for the purposes of this provision is the date of the charging letter or notice. The discipline imposed may take into account conduct which is documented in the employee's personnel file or was the subject of a prior disciplinary action.
658. Except for the specific disciplinary matters provided below, materials relating to disciplinary actions in the employee's personnel file which have been in the file three (3) years or more shall not be used. At the request of the employee, materials relating to disciplinary actions which are three (3) or more years old shall be removed, provided there has been no reoccurrence of the conduct on which the discipline was based. The performance evaluations are excluded from this provision.
659. Materials relating to disciplinary actions for misappropriation of public funds or property; misuse or destruction of public property; the use or being under the influence of drugs or alcohol at work; acts which would constitute a felony; acts which present an immediate danger to the public health and safety; or acts of harassment or discrimination based on protected status which have been in the employee's personnel file for five (5) years or more shall not be used. At the request of the employee, material relating to such disciplinary actions which are five (5) or more years old shall be removed, provided there has been no recurrence of the conduct on which the discipline was based.
660. Notwithstanding the above, if an employee believes the employee's personnel file contains a personnel evaluation that negatively references employee's authorized and proper use of leave under the Family and Medical Leave Act (FMLA) or the California Family Rights Act (CFRA), the employee should notify the employee's Department's Personnel Officer and/or Equal Employment Opportunity Officer, who shall review the matter and ensure any reference to such use of FMLA or CFRA leave is removed from the evaluation.

Performance Information

661. Negative information regarding any individual employee's performance shall not be publicly displayed, except as may otherwise be required by law or court order. In no way does this section preclude the city from publicly recognizing positive employee performance.

ARTICLE V - TRAINING

A. CAREER OPPORTUNITIES

662. As described below, the City will establish a Career Opportunities Program to offer employees career advancement opportunities including educational courses and programs of study, including certification and licensure. This program does not limit any other education leave to which an employee may be entitled.

B. TUITION REIMBURSEMENT

663. Budget. The City agrees to allocate one hundred twenty thousand dollars (\$120,000) per each year of this Agreement to the Tuition Reimbursement Program. Unused funds shall not be carried forward to the next fiscal year.

664. The Union shall be sent a quarterly report of the persons who have applied for tuition reimbursements, purpose of reimbursement, and monies allocated.

665. Eligible Employees. Any employee who works at least 20 hours per week with a minimum of one (1) year continuous service in any classification represented by the Union immediately prior to receipt of application is eligible for tuition reimbursement.

666. Eligible Expenses. Until such funds are exhausted, and subject to approval by the Appointing Officer or appropriate designee, an eligible employee may utilize up to a maximum of \$1,000 per fiscal year for tuition, registration fees, books, professional conferences, professional association memberships, professional journal subscriptions, professional certifications, and licenses relevant to the employee's current classification. Employees in classifications 2574 Clinical Psychologist and 2575 Research Psychologist may receive up to two-thousand dollars (\$2,000) per fiscal year. Solely at the discretion of the Appointing Officer or designee, such funds may be supplemented with department funds budgeted for training, subject to the restrictions of applicable law, including Administrative Code Chapter 12X. All expenses must be relevant to the employee's current classification or a classification to which the employee might reasonably expect to be promoted. No reimbursement shall be made for expenses that are eligible for reimbursement under a Federal or State Veterans benefit program.

667. Pre-Approval. Application for reimbursement shall be prepared through the Online Tuition Reimbursement System provided by the Department of Human Resources. Courses require pre-approval by the Appointing Officer (or designee) and the Human Resources Department, neither of which shall be unreasonably denied. Such application for tuition reimbursement shall be made prior to the date of enrollment in the course and, if approved by the Appointing Officer (or designee) and the Human Resources Department in the Online Tuition Reimbursement System, reimbursement shall be subject to successful completion of the course.

668. Travel. In addition, subject to approval by the Appointing Officer or designee, and as permissible under applicable law, including Administrative Code Chapter 12X, employees may utilize up to \$250 of the funds available to them for that fiscal year under this article to pay for up to 50% of the cost of necessary travel outside of the nine Bay Area Counties for approved training. Travel reimbursement rates shall be as specified by, and guidance regarding Chapter 12X provided in, the Controller's Accounting Policies and Procedures. Tuition Reimbursement Funds may not be used for food.

669. Approval and Timing. An employee may submit a pre-approval request for an expense incurred in the current fiscal year or prior fiscal year. An employee cannot submit a request for an expense occurring in a future fiscal year. Reimbursements will not be paid until the employee provides proof of payment and proof of satisfactory completion. If an employee provides notice of resignation, the employee must submit the expense report and receive all online approvals before separating from the City.
670. Certifications, Licenses and Continuing Education. When a certificate, license or registration is required by the City or the State as a condition of employment, the employee shall be reimbursed for the amount of the fee for the renewal of such certificate, registration or license and any related continuing education through Tuition Reimbursement. Employees will not be required to utilize these Tuition Reimbursement funds for Department-mandated training.
671. Should an employee not have access to the technology necessary for an on-line process, departmental human resources staff will facilitate the reimbursement process during employee worktime.

C. INSERVICE TRAINING

672. The City agrees to institute inservice training for represented employees by mutual agreement. Training may include, but is not limited to, instruction that will qualify for required CE credits, certificate and license requirements as required for continued employment in the employee's current classification. Required attendance shall be considered a duty assignment for purposes of payment of salary.

D. EDUCATIONAL LEAVE

673. Educational leave may be granted for the purpose of educational or vocational training in a field related to the employee's current position and any training to which a veteran is entitled pursuant to the laws of the United States or the State of California.
674. Educational leave may be approved for appointees for a period of up to one (1) year. Requests for educational leave of longer than one year must be renewed each year.
675. An employee on educational leave shall not accept other employment without approval of the appointing officer except for employment in vacant positions with the City and County during school vacations.
676. As soon as records are available, the employee shall periodically present to the appointing officer a record of completed educational work.

E. WORK TRAINING PROGRAM

677. Employees in permanent civil service appointment may be approved with pay to attend accredited educational institutions for up to sixteen (16) hours in any one (1) week, to attend classes during regular working hours. Work training program hours shall not count towards required onsite work hours. Participants in the Work Training Program must attend an accredited educational institution approved by the Human Resources Director. Subject to the availability of funds, the following is required:

678. 1. Permission to attend classes during regular working hours must be approved by the Appointing Officer and the Human Resources Director or their designees. Approval is subject to the availability of funds for replacement of employees, where replacement is required. Employees approved to participate may enroll in classes through the program for up to two (2) years. At the conclusion of each semester, employees must submit unofficial transcripts to their departmental personnel officer from the approved accredited educational institution to qualify for the next semester. The Appointing Officer and the Human Resources Director or their designees may approve the request subject to availability of funds for replacement where replacement is required. After two (2) years of participation in the program, employees may reapply for the program. Qualified employees who reapply shall be placed at the bottom of the waitlist of qualified applicants. The cost to the City of the Work Training Program shall not exceed \$500,000 per fiscal year. Unused funds shall not be carried forward from fiscal year to fiscal year.
679. 2. Eligible Employees. Any permanent civil service employee who works at least forty (40) hours per week with a minimum of one (1) year continuous service in any classification represented by the Union immediately prior to receipt of application is eligible for the Work Training Program.
680. 3. Pre-Approval. Applications shall be accepted on a first come, first serve basis. Application for the program shall be administered by the Department of Human Resources. Courses must be related to a degree, certification or other minimum qualification of a City job class the applicant aspires to. Application to the program requires pre-approval by the Appointing Officer or designee and the Human Resources Director or designee, neither of which shall be unreasonably denied. Such application for the program shall be made prior to enrollment in an accredited educational institution. Should the employee not have access to the technology necessary for an on-line process, departmental human resources staff will facilitate the application process during employee worktime. All applications shall be accepted through an online website. The City shall announce on the DHR website the date online applications are accepted and the deadline date for submission. The City will notify the Union and employees who may be eligible, at least 60 days prior to the application date. Applicants shall be notified if they are approved or rejected from the program within a reasonable period.
681. 4. Not later than July 1, 2023, the City and the Union shall meet to discuss potential avenues of career advancement (e.g., Museum Guard to Parking Control Officer, Medical Evaluations Assistant to Registered Nurse), and, if mutually agreed, expand the Work Training Program. In the event that there are qualified applicants from the same classification, citywide seniority will be the determining factor. In the event of applicants with the same citywide seniority date, classification seniority shall be the determining factor.
682. 5. Such assigned time with pay for educational purposes shall only be granted when the class session is during a regular work shift and the employee cannot be reassigned to another work shift.
683. 6. Such assigned time for educational purposes shall not be granted if the course is available at a time other than the employee's regular work shift.

684. 7. Such assigned time for educational purposes with pay shall not be granted to employees who are eligible for other benefits through the Veterans' Administration, the State Department of Veterans' Affairs or other benefit programs.
685. 8. The department head will be responsible for reviewing and checking the attendance of the employee in class during the specified assigned time and the employee on such assigned time must return to work status when school is not in session. Continued participation in the program shall be subject to successful completion of the courses enrolled and attended each semester. Qualified employees must submit proof of course completion at the end of every semester prior to reapplying for continued participation in the program. Qualified employees must receive passing grades on all courses enrolled and attended under the program in order to continue participation in the program.
686. 9. Employees granted such time to attend classes, who leave City employment voluntarily, prior to a two (2) year period following completion of the educational course or courses shall be required to repay an amount equivalent to the payroll cost of such assigned time for leave for the Work Training Program.

F. SPECIAL EDUCATIONAL LEAVE FOR HEALTH RELATED PERSONNEL

687. Each regularly scheduled full-time or part time employee (excluding as needed employees) who works a minimum of 20 hours per week and who has served in one of the classifications enumerated below for more than ninety (90) days which requires a valid license or re-licensure, certification or re-certification or registration or re-registration, shall be allowed the necessary number of hours of educational leave with pay per re-licensure cycle to attend formally organized courses, institutes, workshops or classes that relate to the particular classifications' studies to fulfill the requirement.
688. Such educational leave with pay shall include CPR certification for LVN's, LPT's and other classifications who are required to re-certify CPR for re-licensure, if DPH does not provide CPR on an in service basis.
689. It is the intent of the Board of Supervisors that leave pursuant to this paragraph shall be granted subject only to the reasonable staffing requirements of the departments and that in the granting of such leave, preferences shall be given to the employee having the earliest re-licensure date.

ARTICLE VI – HEALTH & SAFETY

A. HEALTH AND SAFETY

Policy

727. The City acknowledges its responsibility to provide safe, healthful work environments for City employees and users of City services. Every employee has the right to safe and healthful working conditions, including the right to functioning and effective heating, cooling, and ventilation systems in indoor workspaces. The City agrees to continue its Citywide safety training program to ensure, to the maximum extent possible, safe, violence-free worksites. Employees shall have input into the safety training programs in their respective departments.
728. Upon request of the Union, Departments will meet with the Union to discuss and address safety concerns relating to facilities or other spaces where employees are assigned to work while the facility or space is open to the public. These discussions may include proposals to provide cellular phones, personal alarm devices, additional security personnel, security escorts to and from public transportation depots and parking facilities during and proximate to the workday, and/or other options where appropriate.
729. The City agrees to maintain and regularly update its Illness and Injury Prevention Program, which may include training programs for designated Departmental in-house safety officers. Departmental in-house safety officers shall be encouraged to seek input from the Joint SEIU Labor-Management Occupational Health and Safety and Workers' Compensation Committee, as defined in paragraph 741, if available.
730. Where the employee has a good faith belief that a work assignment presents health and safety risks outside those normally associated with the work, the employee may refuse to begin or continue a work assignment.
731. When in such a case an employee declines to begin or continue a work assignment, the employee shall notify the in-house safety officer of the situation. The in-house safety officer shall promptly investigate the complaint. While the employee is awaiting the arrival of the in-house officer, and until the officer has made a determination of the safety, the employee shall not be required to perform the disputed assignment. The City shall post in all areas where notices are regularly posted the name and contact information of the safety officer and update as necessary via e-mail if the safety officer changes.
732. If the safety officer determines that the complaint is valid, that decision shall override the "departmental" management decisions, including abatement procedures or employee re-assignments. If, after investigation, the in-house officer determines that the work assignment does not present an unsafe condition, the officer shall notify the employee. The employee shall then have the following options:
1. continue the work in reliance on the decision;
 2. request a re-assignment, which shall not be unreasonably denied; or
 3. continue to refuse the work assignment.
733. If the employee elects option three, the employee shall not be paid unless the employee executes an agreement that if it is ultimately determined that the complaint was invalid, the money shall be repaid to the City. If it is ultimately determined that the employee's complaint was valid, and

the employee has not elected to be paid, the employee shall be made whole for all lost wages and benefits.

734. Employees shall not be subject to discipline or retaliation for exercising any rights under this Section unless it is finally determined that the employee's complaint was made or pursued in bad faith or for ulterior motives unrelated to the merits of the dispute.
735. The Union may employ or assign its own safety consultant to investigate the situation in conjunction with the City's in-house officer. If after consultation between the two, the dispute remains unresolved, it shall be submitted for final determination to a neutral arbitrator selected pursuant to the provisions of the section covering Expedited Arbitration (paragraphs 644 - 646) or another mutually agreed upon third party.

The parties acknowledge the importance of the EAP process and counseling and will work collaboratively to improve these services for bargaining unit members. The City will make best efforts to expand EAP capacity, with priority for employees who are victims of assault.

797. Sick leave without pay may be approved for employees for the period of the illness provided that requests for prolonged leave shall be renewed every six (6) months and provided further that such leave shall not be extended beyond a period of one (1) continuous year unless a designated physician advises that there is a reasonable probability that the employee will be able to return to employment.

1. *Prohibition Against Employment While on Sick Leave Without Pay*

798. Employees are prohibited from working in any other employment when on sick leave without pay unless, after considering the medical reason for the sick leave without pay, the appointing officer grants permission for the employee to engage in outside employment.

Compulsory Sick Leave

799. An appointing officer or designee who has reason to believe that an employee is not medically or physically competent to perform assigned duties, and if allowed to continue in employment or return from leave may represent a risk to co-workers, the public and the employee, may require the employee to present a medical report from a physician designated by the Human Resources

Director certifying the employee's medical or physical competency to perform the required duties.

800. The appointing authority shall notify the employee in writing of the specific incidents or behavior that is considered to cause risk to co-workers, the public or the employee.
801. If the employee refuses to obtain such physician's certificate or if as a result of a medical evaluation, the employee is found not to be medically or physically competent, the appointing officer or designee may place the employee on compulsory sick leave and shall immediately report such action to the Human Resources Director. If the examining physician determines that the employee is not medically or physically competent and recommends the imposition of sick leave, the physician shall specify the duration of such leave.
802. At the request of the employee, the appointing authority or designee at the level of Departmental Manager shall meet with the employee - and if the employee requests, a representative of the Union - prior to the imposition of a compulsory leave. The employee shall be informed of the employee's right to have a representative present.
803. Written notice of the imposition of compulsory leave shall be sent to the employee prior to the effective date of the leave.

Appeal of Imposition of Compulsory Sick Leave Following Re-examination

804. An employee placed on compulsory sick leave may appeal the imposition of compulsory sick leave to the Human Resources Director within fifteen (15) calendar days of the effective date of the leave. The Human Resources Director shall appoint a medical specialist not in the City and County service who practices in the City and County of San Francisco, to conduct an evaluation and to report the findings. This evaluation shall be conducted at the cost of the City and County. The decision of the medical specialist shall be final and no further appeal shall be allowed. If the medical specialist confirms the compulsory sick leave, the specialist shall specify the duration of the leave.
805. An employee may remain on compulsory sick leave until such time as the employee is found to be competent to return to duty by a physician designated by the Human Resources Director. The compulsory sick leave may be abridged with the approval of the physician designated by the Human Resources Director.

Disability Leave

806. An employee who is absent because of disability leave and who is receiving disability indemnity payments may request, by submitting a signed option statement to the employee's department following the release from disability leave, that the amount of disability indemnity payment be supplemented with salary to be charged against the employee's supplemental disability credits so as to equal the full salary the employee would have earned for the regular work schedule. The regular work schedule shall be that schedule in effect at the commencement of the disability leave.
807. Supplemental disability credits shall be an account separate from, but equivalent to, the employee's accumulated unused sick leave with pay credit balance except that the supplemental disability credit account shall be adjusted as provided below.

808. Failure to exercise the option to supplement disability indemnity payments within 90 calendar days following release from disability leave will preclude later requests.
809. Supplemental disability credits shall be used at the minimum rate in units of one hour.
810. The employee's department shall submit separate timerolls to reflect this action only after the Retirement System certifies the amount of disability indemnity payment, if any, for the period.
811. Salary may be paid on regular timerolls and charged against the unused sick leave with pay credit balance during any period prior to the commencement of the determination of eligibility for disability indemnity payment without requiring a signed option by the employee.
812. When an employee has used sick leave with pay credits and the Retirement System subsequently determines that the employee was entitled to disability indemnity payment for the period of absence, provision shall be made for adjusting the employee's sick leave with pay credit balance and for reimbursing the appropriate City fund for the amount of sick leave with pay credits charged and paid.
813. An employee who uses supplemental disability credits to supplement disability indemnity payments shall, while on disability leave, earn supplemental disability credits at the same rate as sick leave with pay credits.
814. Upon return to duty, an employee who has used supplemental disability credits shall earn sick leave with pay credits at the normal rate and shall earn supplemental disability credits at twice the rate that sick leave with pay credits are earned until such time as the total hours of supplemental disability credits used are regained.
815. Should an employee suffer a recurrence or a new injury before all supplemental disability credits are regained, the supplemental disability credit balance shall be that balance existing at the beginning of the pay period in which the recurrence or new injury occurs and shall be adjusted for the amount of supplemental disability credits subsequently earned and sick leave with pay credits subsequently used.

Use of Sick Leave with Pay Credits to Supplement State Disability Insurance

816. Sick leave with pay credits shall be used to supplement State Disability Insurance (SDI) at the minimum rate in units of one hour.
817. Vacation, CTO, or other paid time as well as SDI payments to an employee who qualifies and who has accumulated and is eligible to use sick leave with pay credits shall be supplemented with sick leave with pay credits so that the total of SDI and sick leave with pay calculated in units of one-hour provides up to, but does not exceed, the regular take home salary the employee would have received (excluding voluntary or optional deductions) for the normal work schedule excluding overtime.
818. An employee who wishes not to supplement, or who wishes to supplement with compensatory time, vacation or floating holidays must submit a written request to the appointing officer or designee within seven calendar days following the first date of absence.

819. Employees who are supplementing SDI earn sick leave with pay credits at the normal rate only for those hours of sick leave with pay credits used.

Military Leave, War Effort and Sea Duty Leaves

Military Leave

1. Military Leave - Authority
820. Military leave is governed by the provisions of applicable Federal and State laws, by Charter provision and by this provision.
2. Military Leave - Time of War
821. Leaves of absence shall be granted to officers and employees for service in the armed forces of the United States or the State of California or for service on ships operated by or for the United States government in time of war and for a period not to exceed three months after the conclusion of such service, but not later than one year after the cessation of hostilities, except in case of disability incurred while in active service with the armed forces or the merchant marines when such disability shall extend beyond such period.
3. Military Leave - Time of Peace
822. Whenever any officer or employee shall, by order of the government of the United States or by lawful order of any of its departments or officers, or by lawful order of the State of California, or any of its departments or officers, be directed in time of peace to report and serve in the armed forces of the United States, or in the armed forces of the State of California, said officer or employee shall be entitled to a leave of absence from the employee's office or position during the time of such service and for a period not to exceed three months after the expiration thereof.
4. Military Leave - Permanent Appointees
823. Any officer or employee on military leave, who prior to such leave has been appointed to a permanent position in the City and County service, shall be entitled to resume such position at the expiration of the leave, and in determining and fixing rights, seniority, salary and otherwise which have accrued and shall inure to the benefit of such officer or employee, the term of military leave shall be considered and accounted as part of the employee's service to the City and County.
5. Military Leave - Proof of Duty
824. Officers and employees requesting military leave shall file with the Human Resources Director a copy of the orders necessitating such service prior to the effective date of the leave of absence and upon return from such leave shall submit a copy of the discharge or release.
6. Military Leave - Salary While on Temporary Leave
825. Employees who have been employed by the City and County or any other public agency or have been on military duty for a period of not less than one year continuously prior to the date upon which temporary military leave not exceeding 180 calendar days begins shall, as required by the State of California Military and Veterans' Code (Section 395), receive their regular salary or compensation for a period not to exceed 30 calendar days

of such military leave in any fiscal year or more than 30 calendar days during any period of continuous military leave.

War Effort Leave

826. The Board of Supervisors may provide by ordinance that leaves of absence shall be granted to officers and employees during time of war for service directly connected with the prosecution of the war or national defense or preparedness.

Leave for Sea Duty as Licensed Officer

827. In time of war or while any act authorizing compulsory military service or training is in effect, the Board of Supervisors may provide by ordinance that leaves of absence shall be granted to officers and employees for sea duty as licensed officers aboard ships operated by or for the United States government. The Commission shall amend this section to implement such ordinance.

Leave to Accept Other City and County Position

828. Such leave by an employee may be approved for the duration of such appointment

Leave for Civilian Service in the National Interest

829. Such leave may be approved for permanent appointees for a period of up to one year. Requests for such leave of longer than one year must be renewed each year.

Leave for Employment as an Employee Organization Officer or Representative

830. Leave for permanent appointees may be approved for the duration of such service.

Family Care Leave

831. Permanent employees who have one or more years of continuous service in any status may be granted up to one year of unpaid family care leave for the following reasons:

832. 1) The birth of a biological child of the employee;
833. 2) The assumption by the employee of parenting or child rearing responsibilities. Family care leave does not apply to an employee who temporarily cares for a child for compensation, such as a paid child care worker;
834. 3) The serious illness or health condition of a family member of the employee, the employee's spouse or domestic partner, a parent of the employee or the employee's spouse or domestic partner, the biological or adoptive child of the employee, or a child for whom the employee has parenting or child rearing responsibilities; or
835. 4) The mental or physical impairment of a family member of the employee, the employee's spouse or domestic partner, a parent of the employee or the employee's spouse or domestic partner, the biological or adoptive child of the employee, or a child for whom the employee has parenting or child rearing responsibilities, which impairment renders that person incapable of self-care.

836. Family care leave is unpaid leave. At the employee's request, and when approved, family care leave shall be granted in addition to accumulated compensatory time off, vacation time, floating holiday time or sick leave as specified under Sick Leave - Illness or Medical Appointment of Child.

837. Paragraphs 831 through 836 above shall apply to non-permanent employees.

Witness Leave

838. An employee who is summoned for witness shall be entitled to leave with pay less the amount of witness fee paid for the period required for such service. An employee who is summoned to serve as a witness in cases which involve outside employment or personal business affairs shall be placed on leave without pay unless vacation leave or compensatory time is requested.

839. Paid witness leave shall be only from an employee's scheduled duty time and shall not include hours outside of scheduled hours of work or on days off. But employees shall not be expected to work on any shift on days they have served as a witness.

840. An employee who takes vacation leave while on witness leave shall receive regular salary.

Religious Leave

841. Religious leave shall be without pay unless the employee elects to use accumulated compensatory time off, vacation time, or floating holiday time.

Personal Leave

842. Personal leave for permanent employees may be approved for a period of up to 12 months within any two-year period.

B. RETURN TO WORK

843. The City will make a good faith effort to return an employee whose request for reasonable accommodation is pending, or an employee who is pregnant or who has sustained an injury or illness and whose doctors certify that the employee is temporarily unable to perform specified aspects of the employee's regular job duties to temporary modified duty within the employee's medical restrictions. Duties of the modified assignment may differ from the employee's regular job duties and/or from job duties regularly assigned to employees in the injured employee's class. Where appropriate modified duty is not available within the employee's classification, on the employee's regular shift (including regular days off), and in the employee's department, the employee may be temporarily assigned pursuant to this section to work in another classification, on a different shift (including different days off), and/or in another department. The City will make a good faith effort to avoid assigning the employee to work on a different shift or different days off, and will appropriately train the employee for the new assignment. After a period of three (3) months, the parties shall evaluate the modified duty assignment in conjunction with the employee's medical restrictions. It is understood that modified duty assignments are temporary only.

844. An employee who is absent because of an occupational or non-occupational disability and who is receiving Temporary Disability, Vocational Rehabilitation Maintenance Allowance, State Disability Insurance, may request that the amount of disability indemnity payment be

supplemented with salary to be charged against the employee's accumulated unused sick leave with pay credit balance at the time of disability, compensatory time off, or vacation, so as to equal the normal salary the employee would have earned for the regular work schedule.

845. An employee who wishes not to supplement, or who wishes to supplement with compensatory time or vacation, must submit a written request to the Appointing Officer or designee within seven (7) calendar days following the first date of absence. Written requests made subsequent to this time shall be effective at the start of the payroll period following the request. Disability indemnity payments will be automatically supplemented with sick pay credits (if the employee has sick pay credits and is eligible to use them) to provide up to the employee's normal salary unless the employee makes an alternative election as provided in this section.
846. Salary may be paid on regular time-rolls and charged against the employee's sick leave with pay, vacation, or compensatory time credit balance during any period prior to the determination of eligibility for disability indemnity payment without requiring a signed option by the employee.
847. Sick leave with pay, vacation or compensatory time credits shall be used to supplement disability indemnity pay at the minimum rate of one (1) hour units.
848. Notwithstanding any other provision of this Agreement, the supplemental disability income credit program shall continue in effect during the term of this Agreement, except that the employee's pay shall be supplemented under the program up to the employee's approximate net pay rather than gross pay.

C. FAMILY MEDICAL LEAVE

849. The parties acknowledge the obligation of the City to enforce the rules and regulations set forth in the Family Medical Leave Act and the California Family Rights Act.

ARTICLE VIII– SCOPE

A. FINALITY OF AGREEMENT

850. This Agreement sets forth the full and entire understanding of the parties regarding the matters herein. This agreement may be modified, but only in writing, upon the mutual consent of the parties.
851. In the event management seeks to institute a change in methods or operations within the scope of representation under state law or the charter which it believes is not covered by this Agreement, the parties shall begin to meet and confer as required by state law within fifteen (15) working days from the date receipted written notice is received by the Union at the affected Union's executive offices. Said notice shall state the proposed change, an explanation of the reason(s) for said change, as well as the effect on represented employees that would result.
852. Management, except in the event of an emergency as defined by state law, shall advise the union of the date of the intended implementation of such proposed change, which shall be no sooner than forty (40) working days from the date receipted written notice is received by the Union.
853. In the event the parties do not reach agreement thereon, the union may grieve and take to expedited arbitration such disagreements as it may have. The authority of the arbitrator is to determine:
854. 1. Whether the city's proposed change(s) violate the terms of this agreement and, if so, what shall be the remedy;
855. 2. To determine whether there are negative practical consequences of any such proposed changes on wages, hours benefits or other terms and conditions of employment as to which the parties have not agreed and, if so, how such consequences shall be dealt with. The arbitrator, in making that determination, has no authority to negate the change of methods or operations.
856. 3. The Employee Relations Ordinance in the Administrative Code shall not apply to the application of this section.
857. 4. Failure by either party to engage in meeting and conferring in accordance with this provision will result in forfeiture of such party's rights under this section.
858. 5. Nothing in this agreement shall have application to changes of Civil Service rules excluded from bargaining pursuant to Charter Section A8.409-3 except as they may affect compensation.

B. SAVINGS CLAUSE

859. Should any part hereof or any provisions herein be declared invalid by a court of competent jurisdiction, such invalidation of such part or portion of this Agreement shall not invalidate the remaining portions hereof and the remaining portions hereof shall remain in full force and effect for the duration of the Agreement.

C. HOLD HARMLESS

860. The Union shall assume the defense of, indemnify and hold the City harmless from any and all claims, demands, suits, or any other action arising from agency shop provisions herein, or from complying with any demand for termination hereunder.

D. DURATION OF AGREEMENT

861. This Agreement shall be effective July 1, 2024 and shall remain in full force and effect through June 30, 2027.

862. This Agreement shall remain in full force and effect through that date and from year to year thereafter unless either party serves written notice on the other at least sixty (60) days prior to June 30, 2027, or June 30th of any subsequent year of its desire to open the Agreement for the purpose of meeting and conferring on proposed changes.

863. The effective date of those provisions herein that have been determined by the arbitration board established pursuant to Charter Section A8.409.4 shall be the date that the board issues its decision.

acuity, shift, the specialization of various areas, changes in the specialization of the units, structural changes in the delivery of patient services and qualitative changes in average acuity. The City will establish two (2) Patient Care Committees, one for Laguna Honda Hospital and one for San Francisco General Hospital, including all Department of Public Health clinics. Each committee will be comprised of four (4) bargaining unit employees selected by the Union and four (4) representatives of the City selected by the City. The parties may mutually agree to expand the number of representatives to the committees as the need may arise.

3. Meetings

The City will allow four (4) hours every two (2) months of release time for each employee member of the committee to attend meetings. Ten (10) days' notice shall be given by the moving party along with an oral or written proposed agenda. Authorized employee representatives will be granted time off to attend committee meetings, provided they have given their supervisor at least five (5) days' notice. Additional meetings may be scheduled by mutual agreement. The scheduling of any meetings will be subject to operational requirements of the hospitals.

RESOLUTION OF STAFFING ISSUES

1. Review Committee

If the patient care committee cannot reach agreement on a recommendation, the issue may be referred to a Review Committee of four (4) for consideration and recommendation. Two (2) representatives shall be selected by the Union and two (2) by the City. A majority of the review committee may invite resource persons to attend and participate in such review committee meetings. Such resource persons may review all relevant information before the committee pertaining to the subject matter under consideration and offer advice to resolve differences between the parties. The review committee may adopt recommendations by a majority vote of all four (4) members of the review committee.

2. Recommendations Implementation Process

3. Resolution of Staffing Issues

The determination of the third-party neutral shall cover no more than a single staffing issue at a time. The determination shall not add to or modify the MOU, nor shall it cause the City to violate the terms of any City labor agreement or any local, state or federal law. In reaching a determination, the third-party neutral must take into account area standards regarding staffing, state and federal laws, physicians’ recommendations regarding quality of care, business needs, the City’s financial ability to comply with the proposed resolution, and any other relevant information presented by the parties. In determining a staffing issue, the third-party neutral’s determination must fall within allocated DPH resources.

4. Selection of Neutral Third Party

Unless the parties agree otherwise, the third party neutral shall be selected by alternately striking names (first strike determined by lot) from the following list of five (5):

(All names to be subject to mutual agreement)

If a senior candidate is not retained in the assignment, the senior candidate shall receive a written explanation.
3. Seniority shall be determined by the length of time served in each classification at SFGH. This shall include all temporary, limited tenure and permanent time worked at SFGH provided there is no break in service in excess of six months.

The scheduling of in-lieu days shall be by mutual agreement by the employee and the Department. Such days off must be taken within the fiscal year of the date of the holiday or the following fiscal year.

Should the Department make a holiday overtime assignment, the assignment will be made in addition to staff already assigned to work the paid holiday as part of their regular shift. A holiday overtime assignment shall not involuntarily displace a regularly scheduled employee.

Using the City-wide seniority list for each Unit, the rotation shall begin with the most senior qualified employee in the classification for which the holiday assignment is being made, and continue down through the seniority list. Each employee who accepts or declines an offer to work on a City-designated paid holiday will not have another opportunity until all other Unit employees in the classification have had an opportunity to accept or decline an offer to work on a paid holiday.

Should there be no volunteers to work on a paid holiday after providing the opportunity to all employees in the rotation, the manager may assign the least senior employee in the rotation to work on the holiday.

The only remedy for grievances regarding the holiday overtime rotation process shall be the opportunity to work on the following paid holiday.

D. Floating Holidays

Unless otherwise agreed to in writing between the employee or Union and the supervisor, floating holidays shall be requested by employees on or before March 1 of each fiscal year. If the employee does not request the employee's floating holiday by March 1, the Department will unilaterally schedule the floating holiday. - B. In the event vacation scheduling pursuant to paragraph A hereof is impractical, the following procedure will apply. Prior to January 1st of any year, any employee may submit up to three (3) choices of a preferred vacation period. The Department shall approve such choices on the basis of employee seniority within the employee's classification and shift at the facility and shall post a list of scheduled vacations within thirty (30) days. Any employee who fails to submit a choice or any new employee who misses the sign-up period shall schedule vacation by mutual agreement with the Department, provided that such scheduling shall not supersede a vacation scheduled by prior submission.

- F. The Department will solicit input and feedback from the employees designated by the Union who use lifting equipment at SFGH and LHH. This information will be submitted to the Product Evaluation Committee prior to the purchasing of such equipment.

SECTION 14. EPIC and LEAN PROCESS

The Department and the Union shall meet monthly (or less frequently by mutual agreement) through implementation of the EPIC electronic health record system to discuss updates to the system. The Department and the Union will attempt to agree on dates and agendas in advance so that a reasonable number of topic-appropriate Union and Department representatives may attend. The foregoing is not intended to limit or prejudice either parties' rights or obligations under the MMBA, or foreclose other means of communication about the EPIC electronic health system.

The Department is involved in an agency-wide initiative to improve efficiency and patient care, known as "LEAN." If the LEAN initiative results in significant and adverse impacts to working conditions of employees, the City will meet and confer as required under the MMBA.

If, on and after the effective date of this Agreement, management determines that it wishes to establish additional special assignment positions, it shall give written notice to the Union of that intent and, upon demand, shall meet and confer with the Union with regard to any such proposal.

POLICY CONCERNING SUBSTANCE ABUSE

I. General Policy Applicable to Airport Commission Employees

- A. Employees are required to notify the Airport Human Resources Department in writing of any criminal drug statute conviction for a violation occurring in the workplace no later than five (5) days following such conviction. Failure to make this notification may result in disciplinary action, up to and including discharge.
- B. It is also the Airport's policy that the use of controlled substances and alcohol by any employee while on the job is prohibited and provides the same penalties for violation as set forth above. The definition of "use" is not limited to actual consumption of controlled substances and alcohol (or any other means of introducing such drugs or alcohol into one's system) while on the job; "use" also is defined to include evidence of the presence at the levels indicated in Appendix A, of controlled substances or alcohol in an employee's system while on the job, irrespective of when the substance may have been consumed by the employee or otherwise introduced into the employee's system. In the case of alcohol, use is further defined later in this document.
- C. In certain circumstances, alcohol and drug addictions may be considered illnesses. If an employee suspects that the employee has an alcohol or drug problem, help is readily available to the employee and the employee's family if the employee self-identifies as outlined in D. below before commencement of an investigation or disciplinary process. Employees coming forward under these circumstances will not be disciplined absent other issues (e.g. using drugs while on duty). Information on professional and self-help programs for intervention when a substance abuse problem is suspected is available from the City's Employee Assistance Program ("EAP") and the Airport Human Resources Department.
- D. Under conditions described below, the Airport will assist employees who identify themselves to the Airport as having a drug and/or alcohol problem and demonstrate their willingness to seek and accept professional help for their addiction.
 - 1. Such assistance might include granting the employee a leave of absence, if such leave is determined to be necessary by substance abuse professionals, to obtain treatment for or help with the problem.
 - 2. An employee who self-identifies and fulfills the employee's obligations for rehabilitation as recommended by an Airport-authorized Substance Abuse Professional ("SAP") may be subject to return-to-duty and follow-up testing as described in Section IV.E.

3. The employee must self-identify to an Airport supervisor prior to being approached by Airport managerial personnel with reasonable suspicion that the employee has a substance abuse problem causing unacceptable on-duty behavior or prior to being asked to submit to a drug or alcohol test. Self-identifying after notification of a drug or alcohol test will not relieve the employee of the requirement to take a test, nor will it be cause to prevent the implementation of disciplinary action on the basis of the results of the test or refusal to be tested. Likewise, an employee's self-identification following any conduct which constitutes a violation of this policy will not prevent disciplinary action.
 4. The Airport has designated the Airport Human Resources Director as the contact person responsible for answering questions about this Policy and programs to assist employees.
- E. The Airport retains all rights under the Civil Service Commission Rules and/or the Collective Bargaining Agreement if applicable to place employees on compulsory sick leave for on-the-job behavior that jeopardizes the safety of themselves or others.

II. Policy of Testing for Reasonable Suspicion

- A. The Airport may test with reasonable suspicion for the presence of alcohol and or controlled or illegal drugs at levels set forth in Appendix A, for the following classifications:
- 9202 Airport Communications Dispatcher
 - 9203 Senior Airport Communications Dispatcher
 - 9204 Airport Communications Supervisor
 - 9212 Aviation Security Analyst
 - 9213 Airfield Safety Officer
 - 9220 Aviation Security Operations Supervisor
 - 9221 Airport Operations Supervisor
 - 1929 Parts Storekeeper
- B. The Airport may test all employees under the reasonable suspicion for the presence of alcohol.
- C. Purpose - The purpose of reasonable suspicion testing is to provide management with a method of identifying employees who may pose a danger to themselves and others in their performance of their job duties because of their use of drugs or alcohol, or both. Employees may be at work in a condition that raises concern regarding their safety. A supervisor must make a decision as to whether reasonable suspicion exists to conclude that substance abuse may be causing the behavior. The supervisor making this determination will be trained in the facts, circumstances, physical evidence, physical signs and symptoms, or patterns of performance and/or behavior that are associated with use.

- D. Reasonable suspicion testing will be administered when a supervisor who has received training as set forth in II.C. above observes covered employee behavior indicating possible drug use or alcohol misuse.
1. The supervisor must observe and describe specific behavioral, performance, or contemporaneous physical indicators of probable drug use or alcohol misuse. Upon making such observation, the supervisor will determine whether the supervisor believes the employee to be using drugs or misusing alcohol and order the employee to undergo testing as appropriate.
 2. The supervisor will obtain the opinion of a second trained supervisor, if circumstances permit. If both supervisors agree that reasonable suspicion exists, the employee will be escorted to the collection site by a supervisor and will be provided transportation home after testing is completed. The employee may, at the employee's request, instead of being tested, be evaluated by a medical physician at SFO Medical Services, if a physician is available. However, such an examination may involve diagnostic tests, including the drawing of blood or urine. If a physician is unavailable, the employee shall submit to the required test.
 3. An employee who is tested for reasonable suspicion where the results are not available immediately will be placed on administrative leave without pay pending receipt of the test results. If the employee passes the test(s), all lost pay shall be restored to the employee unless there was conduct which may supply an independent basis for disciplinary action.
 4. Testing will cover the substances listed in Section III.F.1. below.
- E. Procedures for reasonable-suspicion testing are described in Sections III.F. and G. below.
- F. Employees employed in "safety sensitive" positions as described in Section III.A., who test positive may be subject to return-to-duty and follow-up testing as described in Section III.H.

III. Policy Applicable to Safety-Sensitive Employees

- A. The Airport has determined that the following classifications are subject to this section:

9202 Airport Communications Dispatcher
 9203 Senior Airport Communications Dispatcher
 9212 Aviation Security Analyst
 9213 Airfield Safety Officer

9220 Aviation Security Operations Supervisor
9221 Airport Operations Supervisor
1929 Parts Storekeeper

The Parties hereby acknowledge and recognizing that to the extent that federal law mandates that more stringent standards or procedures apply to Airport employees, those standards and procedures shall supersede those set forth herein. The Airport shall advise the Union of its determination that higher standards must apply, and will meet and confer with the Union regarding any impact of such a determination on matters within the scope of bargaining. Nothing herein shall constitute a waiver of the Union's right to challenge any Airport determination that higher standards must apply through available judicial processes.

- B. No employee may perform a safety-sensitive function when that employee has a prohibited drug, or an alcohol concentration of 0.02 or more, in the employee's system. Employees who are covered by this section currently include all persons in the following job classifications:

| | |
|------|--|
| 9202 | Airport Communications Dispatcher |
| 9203 | Senior Airport Communications Dispatcher |
| 9212 | Aviation Security Analyst |
| 9213 | Airfield Safety Officer |
| 9220 | Aviation Security Operations Supervisor |
| 9221 | Airport Operations Supervisor |
| 1929 | Parts Storekeeper |

- C. An employee in a safety-sensitive position may not consume alcohol for at least eight hours following an accident or until the employee undergoes a post-accident alcohol test, whichever occurs first.
- D. Possessing or consuming alcohol while on Airport property is also a violation of this Policy, with the following exceptions:
1. Consumption, possession, sale or purchase of alcohol in certain approved restaurant, cocktail, conference or recreational facilities of the Airport when employees are not on working time and or not in uniform; and
 2. Possession of alcohol in sealed containers in an employee's private vehicle on Airport property or while being transported in compliance with applicable legal requirements.
- E. The Airport recognizes that confidentiality of information obtained in the drug and alcohol testing process is a critical concern to all employees who have been or will be tested. The Airport will handle test results and employee information in a confidential manner. All participants in the collection, testing and reporting

process will be informed of their responsibility to protect the employee's privacy and testing program confidentiality. Testing records and results will be released only to the limited designated personnel authorized to receive such information.

- F. All employees performing safety-sensitive functions, as provided in III.A. above, shall be subject to urine drug testing and alcohol testing by an evidential breath testing (EBT) device, for reasonable suspicion (see G. below), following an accident (see H. below), on a random and unannounced basis, and prior to return to duty and on a follow-up basis after rehabilitation (see I. below).
1. Drugs to be tested for include marijuana, cocaine, opiates, phencyclidine (PCP), and amphetamines. Alcohol concentration is measured by EBT.
 2. If an employee in a safety-sensitive position refuses to take a required drug or alcohol test, tests positive for any of the above-listed drugs, or shows an alcohol concentration of 0.04 or greater, such employee shall be immediately relieved of the employee's safety-sensitive functions, shall be referred to the Medical Review Officer ("MRO"), and may be subject to discipline based on the facts of the case, up to and including discharge.
 3. If an employee tests positive for alcohol with an alcohol concentration of at least 0.02 but less than 0.04, that employee shall immediately be removed from service; said employee shall be counseled, and shall be advised to seek professional help in the event the employee may have a substance abuse problem. More than one instance of showing an alcohol concentration in this range will subject an employee to more serious disciplinary action. If an employee is seen drinking alcohol while on duty, the employee may be subject to serious discipline, up to and including discharge for the first offense.
 4. If an employee adulterates a specimen for drug or alcohol testing or otherwise falsifies or attempts to falsify the testing process or results, such employee will be subject to severe discipline.
- G. "Reasonable suspicion" testing as used in this policy means a drug or alcohol test required when a supervisor or manager reasonably suspects an employee of using a prohibited drug or alcohol while on the job, and when a second trained supervisor or manager, if one is available, agrees that reasonable suspicion exists.
- H. "Post-accident" testing as used in this policy means a drug or alcohol test required in the event of an occurrence (accident), in which an individual dies, or any nonfatal accident involving an Airport vehicle in which an individual is injured and immediately receives medical treatment away from the scene, or in which one or more vehicles involved sustains disabling damage as a result of the occurrence and must be towed away. A post-accident drug test will be administered to an employee or employees when an accident, as defined above, has occurred and the

employee performed a safety-sensitive function that either contributed to the accident or cannot be completely discounted as a contributing factor in the accident. An employee will be subject to alcohol testing in a post-accident situation only when the employee's conduct causes a supervisor or manager reasonably to suspect that the employee may be under the influence of alcohol.

- I. "Return-to-duty" testing as used in this policy means a drug or alcohol test required when the Airport allows an employee who did not pass a drug or alcohol test to return to work or when an employee has self-identified before any testing is required and has successfully completed an appropriate rehabilitation program. The SAP must determine that the employee may return to duty. Employees returning to duty as described in this paragraph may be given unannounced "follow-up" drug or alcohol tests, or both, if recommended by the SAP. Such follow-up tests shall not exceed a two year period, unless special circumstances prompt the SAP to recommend an extension of this period.

IV. Drug and Alcohol Testing Procedures

SFIA/SEIU drug testing procedures shall be based on Department of Transportation (DOT) standards. The procedures set forth below were established as of July 2000 and are for general informational purposes. To the extent these procedures have been modified by more current DOT standards, DOT standards shall supersede those set forth here.

A. Pre-Employment Testing

1. Purpose - The purpose of pre-employment testing is to identify applicants who have consumed a prohibited drug in the recent past. This behavior has the potential to impact the workplace and may present an unacceptable safety risk to the employee, coworkers, passengers, and the general public. The Airport will not hire an applicant who tests positive in a pre-employment drug test.
2. Coverage – Applicants, except current City employees, seeking the following positions will be required to submit to urine drug testing as part of the selection process:

- a. Candidates applying for the following positions are subject to pre-employment drug testing:

9202 Airport Communications Dispatcher
9203 Airport Senior Communications Dispatcher
9204 Airport Communications Supervisor
9212 Aviation Security Analyst
9213 Airfield Safety Officer
9220 Aviation Security Operations Supervisor

9221 Airport Operations Supervisor
1929 Parts Storekeeper

- b. Applicants, except current City employees, for classifications whose incumbents must obtain security clearances because of their access to areas secured by U.S. Customs will also be subject to pre-employment testing. Such classes currently include:

| | |
|------|--|
| 2708 | Custodian |
| 2716 | Custodial Assistant Supervisor |
| 2718 | Custodial Supervisor I |
| 2719 | Janitorial Services Assistant Supervisor |
| 7268 | Window Cleaner Supervisor |
| 7392 | Window Cleaner |

- c. Applicants who test positive, or who decline to be tested, will not be further considered.
3. Pre-employment drug testing shall be administered only after the candidate has been given and has accepted a conditional job offer. The conditional offer shall specify that a final offer shall be conditioned upon, among other things, negative drug test results.
 4. Collection and testing procedures for pre-employment drug testing will be the same as for other types of testing as described in paragraph F, as applicable to the circumstances, except that the individual will not be escorted to or from the collection site.

B. Random Testing

1. The Airport will administer random drug tests to employees in classifications listed in Section III.A. of the Policy Concerning Substance Abuse Random drug tests will be conducted without advance notice during employees' normal working hours.
 - a. All employees will be placed in a random testing pool, from which random selection shall be made. The Human Resources Director or designated representative shall notify said employees in as confidential manner as reasonably possible.
 - b. The random numbers or other identifiers assigned to all employees who have been selected for random testing shall be immediately returned to the pool, so that everyone has an equal chance of being selected for the next round of testing.

2. The Airport will annually require at least 25% of the covered employees to undergo drug testing, except that the Airport Director may revise the testing rate after reviewing data concerning the rate of positive tests in the previous calendar year. Random testing will be conducted throughout any given year at a relatively steady rate, although the days of the week and the times when testing is conducted will vary.

C. **Reasonable Suspicion Testing** All employees shall be subject to reasonable-suspicion testing in classifications set forth in Section II.A. and B.

D. **Post-Accident Testing**

1. **Purpose** - The purpose of post-accident drug testing is to determine whether substance abuse has been a causative factor in an accident in which an individual dies or is injured or disabling damage occurs to one or more vehicles involved. Although the first concern is the health of any accident victim(s), post-accident drug and alcohol tests must be performed as soon as possible after the accident and after it is determined that the employee's performance cannot be ruled out as a contributing factor.
2. Post-accident drug tests must be administered whenever a safety-sensitive employee is involved in an occurrence (accident) with an Airport vehicle in which an individual dies. Testing is also required when in an occurrence an individual suffers bodily injury and immediately receives medical treatment away from the scene of the accident, or in which the Airport vehicle or another vehicle involved incurs disabling damage and is transported away from the scene by a tow truck or other vehicle. In such nonfatal accidents, the Airport will test a covered employee on duty in the vehicle if the employee has been cited or if the Airport Human Resources Director or designated representative determines the employee's performance could have contributed to the accident.
 - a. In the event of an accident described in 1. above, urine specimens must be collected, not later than eight (8) hours after the accident, from every employee who performed a safety sensitive function that either contributed to the accident or cannot be conclusively ruled out as a contributing factor to the accident. Ordinarily, specimens will be collected as soon as possible after the accident, allowing for treatment of any injuries first.
 - b. Alcohol testing will be conducted only when the employee's conduct, besides the mere fact of being involved in an accident, causes a supervisor or manager reasonably to suspect the employee may be under the influence of alcohol. An alcohol test should be administered within two (2) hours of the accident, and must be administered within eight (8) hours of the accident.

- c. The decision to administer post-accident drug and alcohol tests will be made by an Airport supervisor.
 - d. Supervisors will explain the reason for the tests to each employee to be tested and will escort employees to the collection site.
 - e. Employees involved in occurrences as defined in paragraph D.2. above must remain available for testing following the accident and should be paid for this time. The supervisor shall inform the employee(s) when the employee(s) may leave. If an employee leaves the scene without authorization or is otherwise unavailable for testing, the employee shall be considered to have refused the test and shall be subject to appropriate discipline.
3. If reasonable suspicion (see b. above) is also found in post-accident situations, the employee will be transported home and placed on administrative leave without pay until test results are received. The employee will be reinstated and any lost pay will be restored should the test results be negative.

E. Return-To-Duty and Follow-Up Testing

1. Purpose - The purpose of return-to-duty testing is to provide assurance that the employee is presently free of alcohol and/or any prohibited drugs and is able to return to work without undue concern about continued substance abuse. The purpose of follow-up testing, which will be specified by the Airport's SAP according to the circumstances of each case, is to ensure that an employee's recovery from substance abuse is continuing so that the possibility of accidents and injuries is minimized.
2. Any employee who refuses to take or does not pass a required drug or alcohol test, and is not discharged, may not perform a safety sensitive function until the employee passes a drug or alcohol test, or both, and the SAP has determined that the employee may return to duty. The leave and pay status of any such employee before return to duty will depend upon the circumstances.
3. Employees who are subject to follow-up testing must undergo unannounced testing if such testing is recommended for the SAP. The duration and frequency of their tests will also be determined by the SAP, but may not exceed 2 years unless circumstances arise which cause the SAP to recommend an extension. The terms and conditions of any return to work situation will depend upon individual facts.

4. Employees subject to follow-up testing will at all times remain in the random testing pool so that such employees may be required to undergo random testing in addition to follow-up testing.

F. Procedures Common to Pre-Employment, Reasonable Suspicion, Post-Accident, Random, Return-to-Duty, and Follow-up Drug Testing

1. When an employee must be tested for reasonable suspicion or following an accident, the employee will be escorted by a supervisor to the collection site. Upon arrival at the collection site, the employee will be required to follow the instructions of collection site personnel. In other situations, the employees will not be escorted.
 - a. The employee will be required to complete a urine custody and control form, the purpose of which is to ensure proper identification, handling, and confidentiality of the specimen.
 - b. The employee will provide a urine specimen in a private enclosure according to instructions of collection site personnel.
 - (1) The employee will be provided with a securely wrapped single-use collection cup or specimen bottle, to be opened in front of the employee.
 - (2) The employee will be required to provide a specimen of not less than 45 milliliters (ml.) of urine.
 - (3) The collection site person will pour the urine into two specimen bottles (if a collection cup is used) or pour off urine in excess of 30 ml. from the specimen bottle used for collection into another specimen bottle. This process will result in a split sample consisting of the primary specimen of 30 ml. of urine and the split specimen of at least 15 ml. of urine.
 - c. The specimens will be sealed and labeled by collection site personnel. The employee will observe the sealing and initial the labeling. The specimens will be transported to a laboratory approved by the Department of Health and Human Services ("DHHS") for actual testing.
 - d. If the employee is unable to provide at least 45 ml. of urine, the collection site person will instruct the employee to drink not more than 24 ounces of fluids during a period of up to two hours. The employee will then be directed to provide another specimen, and if the employee provides 45 ml. of urine, the first specimen shall be

discarded. If the employee fails to provide 45 ml. of urine, the specimen shall be discarded and the employee referred to the MRO, who shall refer the employee for medical evaluation to determine whether the individual's inability to provide an adequate specimen is genuine or constitutes a refusal to submit to a drug test. Applicants who do not provide 45 ml. of urine after this procedure shall not be considered further in the selection process.

- e. Employees will be escorted or directed to report back to their work sites or vehicles, as the case may be. If an employee is being tested for reasonable suspicion, the Airport will arrange for transportation to the employee's residence.
2. In certain limited circumstances, the specimen collection will be monitored.
- a. If there is reason to believe that an individual has adulterated the specimen or otherwise compromised the collection process, that individual will be asked to provide a specimen under the direct observation of a same-gender collection site person. The following circumstances may result in a request that an individual provide a specimen under direct observation:
 - (1) The employee has presented a urine specimen that falls outside the normal temperature range (90.5-99.8F) and declines to provide a measurement of oral body temperature by sterile thermometer or shows an oral temperature that varies more than 1C/1.8F from the temperature of the specimen.
 - (2) The last urine specimen provided by the employee (the most recent test) was determined by the laboratory to have a specific gravity of less than 1.003 and a creatinine concentration below .2 g/L.
 - (3) The collection site person observes conduct clearly and unequivocally indicating an attempt to adulterate the specimen (for example, substituting urine in plain view or presenting a specimen containing blue dye).
 - b. If the employee refuses to cooperate with the collection process, the collection site person will inform the Airport Human Resources Director or designated representative and shall fully document the non-cooperation on the urine custody and control form. Failure to cooperate may result in disciplinary action, up to and including discharge. In the case of pre-employment testing, any failure to

cooperate by an applicant shall disqualify the applicant for further consideration in the selection process.

3. The laboratory will perform screening of the specimens using a technique known as immunoassay. All positive results will be confirmed using a second technique known as gas chromatography/mass spectrometry.
4. All test results will be reported by the laboratory to the Airport's MRO, who is a licensed physician with knowledge of substance abuse disorders, in a manner designed to ensure confidentiality of the information. Only specimens confirmed positive by gas chromatography/mass spectrometry will be reported as positive by the laboratory to the MRO.
5. The MRO, after appropriate review, will report test results to the Human Resources Director or designated representative.
 - a. In the event of a positive test result, the MRO shall give the individual an opportunity to discuss the test result with the MRO before reporting the result as positive to the Airport.
 - b. The employee shall be given twenty-four (24) hours to respond to the MRO's attempt to contact the employee; failure to respond within that time will cause the MRO to request that the Airport's Human Resources Director or designated representative contact the employee and direct the employee to contact the MRO immediately.
 - c. The MRO shall examine any alternative medical explanations offered by the individual to explain any positive test result.
 - d. If the MRO determines that there is a legitimate explanation for a positive test result, the MRO shall report that result to the Airport as negative.
 - e. The MRO shall verify a result as positive to the Airport without direct contact with the tested employee when:
 - (1) The employee expressly declines the opportunity to discuss the test; or
 - (2) The Human Resources Director has directed the employee to contact the MRO and more than two (2) days have passed without such contact occurring.

- f. The MRO shall notify each employee who has a confirmed positive test that the employee has seventy-two (72) hours in which to request a test of the split specimen.
- 6. When the MRO reports a positive result for an employee and depending on the facts of the case, the employee may be subject to disciplinary action, up to and including discharge
- 7. All test results will remain strictly confidential, whether maintained by the laboratory, the MRO, or the Airport.
 - a. Individual test results may be released to a third party only if the tested individual signs a specific written authorization to release the results to an identified person or if proper legal authority compels such release.
 - b. The MRO will report results only to the Human Resources Director or designated representative.
 - c. The MRO will provide to the individual the individual's tests result upon request by the individual.
 - d. The Human Resources Director or designated representative will share this information only on absolute need-to-know basis. Those receiving this information will be informed of its confidentiality.
- 8. An employee (or applicant) who does not pass a drug test administered under the Policy Concerning Substance Abuse may request that the split urine sample be tested by submitting a written request to the MRO within seventy-two (72) hours of notification by the MRO to the employee of the employee's right to request another test. The MRO will then direct, in writing, the laboratory to provide the split sample to another DHHS-certified laboratory for analysis.
 - a. If testing of the split sample fails to reconfirm the presence of the drug(s) or drug metabolite(s) found in the primary specimen, the MRO shall cancel the test. The MRO shall also cancel the test if the split specimen is unavailable, inadequate for testing, or untestable. The MRO shall declare that the employee has passed the test in any circumstance where a second test is not possible through no fault of the employee or that test fails to confirm the presence of any prohibited substance(s).
 - b. The employee who has not contacted the MRO within the seventy-two (72) -hour period may present to the MRO information documenting circumstances, such as serious illness or injury that

unavoidably prevented the employee's timely request for testing of the split sample. If the MRO determines the employee's information adequately explains the employee's failure to contact the MRO, the MRO shall then direct the testing of the split sample be performed.

9. An employee who refuses to take a required drug test will be presumed to have tested positive, and shall be subject to appropriate disciplinary action, based upon the facts of the case, up to and including discharge.
10. An employee who does not pass, or who refuses, a required drug test and is not discharged shall be referred to the Airport's SAP for evaluation. The SAP shall be a licensed physician who has knowledge of substance abuse disorders and their treatment.

G. Alcohol Testing Procedures

1. Alcohol testing will be accomplished by means of an evidential breath testing device (EBT) approved by the National Highway Traffic Safety Administration and listed on its Conforming Products List. The EBT measures an employee's alcohol concentration in exhaled breath.
2. Alcohol testing will take place at a testing site or facility and will be conducted by persons qualified as Breath Alcohol Technicians.
 - a. Employees and applicants to be tested will either report or be escorted to the testing site for testing. The test will be administered by a properly trained Breath Alcohol Technician (BAT).
 - b. The BAT shall be trained to proficiency in the EBT the BAT is using and in the alcohol procedures specified in this Policy.
 - c. The alcohol test shall be conducted in a manner that provides the employee with privacy to the greatest extent applicable.
 - d. The EBT must be secured with no unauthorized access at any time. Only one test will be conducted at a time, and the BAT may not leave the testing site while the preparations for testing or the test itself is in progress.
3. Testing process
 - a. The individual to be tested must present to the BAT positive photo identification (such as a driver's license or Airport identification card).

- b. The employee or applicant and the BAT must complete, date and sign a form indicating that the employee or applicant is present and providing a breath specimen. A copy of the completed form will be provided to the tested individual.
- c. The BAT will initially conduct a screening test.
 - (1) The BAT will open an individually sealed, disposable mouthpiece in view of the employee or applicant and attach it to the EBT.
 - (2) The BAT will instruct the employee to blow forcefully into the mouthpiece for at least six seconds or until an adequate amount of breath has been obtained. The BAT will then show the employee the test result displayed on the EBT or on the printed result.
 - (3) If the result of the screening test is an alcohol concentration less than 0.02, no further testing is required and the test result will be considered as negative.
 - (4) If the test result shows an alcohol concentration of 0.02 or greater, a confirmation test will be performed.
- d. The confirmation test must be conducted at least 15 minutes, but not more than 20 minutes, after the completion of the screening test.
 - (1) During the interval between tests, the employee may not eat, drink, or put any substance into the employee's mouth. The employee will also be instructed not to attempt to belch. (However, the test will be conducted even if the employee disregards the instructions.)
 - (2) The confirmation test is conducted using the same procedures as the screening test, with a new mouthpiece.
 - (3) If results of the screening and confirmation tests differ, the confirmation test result is deemed to be the final result.
 - (4) If the result displayed on the EBT is not the same as that on the printed form, the test will be canceled, and the EBT removed from service.
- e. Following completion of the testing, the BAT will sign and date the form, and the employee will sign and date the certification

statement. The BAT will attach the alcohol test result printout directly onto the alcohol collection form with tamper-proof tape (unless the results are printed directly on the form).

- f. In the event of an incomplete test, the BAT must begin a new test using a new alcohol testing form with a new sequential test number.
- g. Refusal by an employee to complete and sign the alcohol testing form, to provide an adequate amount of breath, or otherwise to cooperate with the directions of the BAT will be deemed a refusal to be tested, will result in a presumed positive test, and may subject the employee, depending on the facts of the case, to disciplinary action, up to and including possible discharge. Refusal by an applicant to do any of these things will result in rejection from employment.
 - (1) If the employee fails to provide an adequate amount of breath, the employee shall be immediately referred to a physician, who shall determine the employee's medical ability to provide an adequate amount of breath.
 - (2) If the physician determines that there is no valid medical reason for the inadequate breath, the employee's failure will be considered a refusal to take the test.
- h. If a screening or confirmatory test cannot be completed, the BAT must, if practicable, begin a new test using a new alcohol testing form with a new sequential test number.

4. Test Accuracy

- a. The above procedures must be followed rigorously for each test.
- b. Alcohol tests will be considered invalid when one or more of the following occur:
 - (1) The external calibration check of the EBT produces a result outside the allowed tolerance levels.
 - (2) A device other than an NHTSA-approved EBT is used.
 - (3) The BAT does not wait 15 minutes between the screening and confirmatory tests.

- (4) The alcohol test form with the attached EBT printout is not completed correctly. Employee and BAT signatures, or relevant BAT remarks, should be included.
- (5) The EBT fails to print the confirmation results, the sequential test number on the EBT is not the same as the number on the printout, or the alcohol concentration displayed on the EBT is different from what is printed out.

5. Consequences of Positive Result

- a. Any safety-sensitive employee whose confirmation test shows an alcohol concentration of 0.02 or greater shall be removed from service and will be advised to go to the Employee Assistance Program or to seek other appropriate treatment in the event the employee may have a substance abuse problem. A second such incident will result in disciplinary action. If a safety-sensitive employee's test results are 0.04 or greater, the employee will be immediately removed from service, escorted home, and referred for an evaluation by the MRO or SAP. Depending on the facts of the case, that employee may also be subject to appropriate discipline. In addition, the MRO or SAP must approve of the employee's participation in a rehabilitation program, if appropriate, if the employee is permitted to return to work.
 - (1.) The MRO or SAP shall determine, among other things, the employee's fitness for duty, whether and what rehabilitation programs may be appropriate, the period of time the employee should be subject to follow-up alcohol testing after return to duty as discussed elsewhere, and whether follow-up drug testing should also be included.
 - (2.) Assessment by the MRO or SAP shall be scheduled as soon as is feasible. The employee shall not be permitted to work in the interim.
 - (3.) Assessment by the MRO or SAP shall not affect the Airport's right to discipline, including discipline an employee including discharge if circumstances warrant, for being under the influence of alcohol.
- b. If a non-safety sensitive employee's confirmation test is less than 0.04, the employee will be allowed to return to work, barring other extenuating circumstances. If a non-safety sensitive employee's confirmation test is 0.04 or greater, that employee will be advised to seek treatment in the event the employee may have a substance abuse problem. The employee

may be counseled or disciplined, depending upon the test result level and upon the circumstances and behavior of the employee. The employee shall be relieved of duty for the remainder of the shift and escorted home a second such incident may result in more severe action.

If a non-safety sensitive employee's confirmation test is 0.08 or higher that employee shall in addition to the above, be referred to the MRO or SAP.

V. Employee Self-Identification

- A. Employees having substance abuse problems may self-refer to the Airport's Employee Assistance Program through an Airport supervisor or through the Human Resources Department, or may otherwise self-identify and seek rehabilitation for a chemical dependency problem without penalty. The Airport encourages employees having substance abuse problems to self-identify, and will assist in coordinating treatment, including authorizing applicable periods of leave for the employee to be treated. (Each case, however, will be evaluated on its own facts.) Self-referral or self-identification after notification of a required drug or alcohol test will not relieve the employee of the requirement to take a test, nor will it prevent the administration of disciplinary action on the basis of the test results or a refusal to be tested.

This Agreement is by and between the City and County of San Francisco (San Francisco International Airport) and Service Employees International Union Local 1021. This Agreement will remain in effect through June 30, 2022 and run concurrent with the Citywide collective bargaining agreement unless extended by mutual agreement.

A copy of these Human Resources guidelines will be made available to each library employee and at each work location.

Section 3. Health, Safety and Emergency

In accordance with Article 6, Health and Safety, the Library agrees to continue the Library Health, Safety and Emergency Committee for the purposes of reviewing health, safety and emergency issues relating to the Library employee working conditions.

This Committee, as part of its responsibilities, will review safety and emergency procedures. This Committee shall meet not less than once every three (3) months, or as needed. The City Librarian shall designate up to seven (7) additional members which shall be representative of the staff, including paraprofessional/clerical, librarian, janitorial, security and management, including two (2) members nominated by the Union.

The Library shall make copies of all emergency procedures readily available at all work locations.

Section 4. Staff Development

The Library agrees to continue the practice of providing staff committee participation in the identification, provision and funding of staff training and development.

A committee of staff representatives from all Library classifications shall be convened, under the direction of the departmental Personnel Officer, to identify and fund training opportunities, consistent with management priorities, for all Library classifications. The Union may nominate two members of this Committee. It shall be responsibility of the Committee to develop training opportunities as broadly as possible for all Library classifications and expend training funds in accordance with established Committee procedures. Library Management shall establish a review and approval procedure for individual staff training requests. Staff training requests will be reviewed and may be approved by appropriate management prior to being forwarded to the Educational Opportunity Committee, a subcommittee of the Staff Training and Development Committee, for consideration. The Staff Training and Development Committee shall, through the Departmental Personnel Officer, provide quarterly reports to Library Management of training, expenses and Library staff who have attended.

Whenever possible the Staff Development and Training Committee shall use existing City agencies to secure staff training.

Whenever possible staff training shall be provided during regular shift hours. If training occurs outside normal work hours the Library shall have the option to either change the employees work shift for the duration of the training or to provide compensatory time, based on the needs of the service.

Employees who are required to attend training shall be funded, and such required training shall not be optional.

Section 5. Reduced Work Schedule

The Library shall consider requests from full-time employees for voluntary reduced work schedules each fiscal year. The application process will begin in May. By June 1 the employee will be notified if the employee's request is approved or rejected for the next fiscal year. Reduced work schedules shall be approved in an equitable manner. Conditions and criteria for approval of RWS shall be discussed with the Union in April of each year.

A Reduced Work Schedule shall not be less than twenty (20) hours per week or for less than three (3) continuous months during the fiscal year. Once the request is approved, the Library or the employee may request a review at three (3) month intervals. A three (3) month notice for revocation of the RWS will be given by each party. An employee may request alteration or cancellation of the employee's RWS contract for promotion or reassignment purposes.

An employee may appeal a denial of the employee's RWS request to the City Librarian within fourteen (14) calendar days of the denial. The City Librarian will render a decision within five (5) working days of the appeal.

Section 6. Attendance at Meetings

If the Library Commission requests Union representatives at the regularly scheduled Library Commission Meeting, the Library shall allow one (1) Union representative paid release time to attend that meeting. Paid release time will be granted only if the meeting is held during the representative's regularly scheduled work time.

Management will approve release time based on the needs of service and an equitable distribution among the work units in the Library.

Section 7. Preparation Time

Although management maintains the prerogative to structure work assignments as it sees fit and recognizes its obligation to negotiate with the Union about the effect of changes in the structure of work assignments, employees will be provided with time for preparation during the work day.

Section 8. Staff Lounges

The Library believes that adequate staff lounges for the Main Library and the branches are desirable, and will make efforts to provide such areas. The Library will actively seek additional space and funds so that such lounges can be provided. Should a space currently in use as a staff lounge be needed for some other purpose, including renovation, the Library will meet and discuss alternatives with the affected staff with the intent of preserving a staff lounge area for that facility.

Section 9. Volunteers

In addition to the language that exists in the current Collective Bargaining Agreement between SEIU and the City, the Library agrees to the following language: The Union shall be given a copy of each new approved volunteer position description as soon as it is prepared by the volunteer coordinator, or shall be provided information about pending volunteer position descriptions upon request of the Union Business Representative.

The provisions of the Collective Bargain Agreement Volunteer SEIU and the City, paragraphs 126 - 127 Volunteers, SWAP, CALWORKS, CAAP Workforce, or others not covered by the agreement shall govern the use of volunteers in the Library and the pay of the supervisors of such volunteers.

Section 10. Meal Breaks (Unpaid)

The Library shall not require any employee during an eight (8) hour shift to take a meal break before at least three (3) hours of their shift have elapsed, nor after five (5) hours of their shift have elapsed.

Section 11. Schedule of Work

The Library will continue the current practice of a rotating weekend schedule for FT employees, unless operational exigencies require otherwise. Each division will mutually agree with affected staff on the frequency of rotation.

The Library will consider requests by employees who wish to be on a work schedule that includes weekend hours on a continuing basis, and will try to accommodate such requests, based on the needs of public service.

Section 12. Staff Safety

No employee shall be required to work alone on any floor of a branch or department of the Main Library during open hours, or the facility (or floor/department of the facility) shall be closed to the public.

HEALTH CARE REFORM

Letter of Agreement In Support of National Health Care Reform

The Union and the Employer agree to write and sign a joint letter in support of national health reform. The letter will be based upon the following ideas and set of principles.

Skyrocketing health care costs threaten the living standards of workers and the financial stability of state and local governments.

The parties recognize that the problem cannot be solved through collective bargaining alone. Health care costs cannot be adequately controlled on a plan-by-plan, employer-by-employer, or even on a state-by-state basis. Rather, a national framework for a health care system that works in partnership with the states is required to solve the three related problems of cost, quality, and access.

National health care reforms should recognize the best of local and state initiatives, including health care reforms that improve access, maximize delivery of cost-effective preventive care, and establish medical care payment programs designed to reduce overall medical costs. The parties recognize that cooperation between labor and management will increase their effectiveness in achieving changes in state and federal policy that both support.

Universal Coverage: Health system reform must guarantee health care as a right, not a privilege, with universal coverage and access for all people who live in California and in the United States, regardless of culture, class, ethnicity, and sexual orientation.

Role of Public Health Departments and Public Sector Providers: Public health departments provide essential population-focused health promotion and disease prevention services that are not typically included as part of individual health care benefits through insurance coverage. Examples of these services include disease control, health education, public health nursing services, disaster planning, emergency medical services and environmental protection services. These services must be recognized and adequately funded in any health reform plan.

Even under the most comprehensive national plan, public sector providers will be essential to any health care delivery system. This is for at least three reasons: First, the public sector must always be ready to respond to health care crises, such as the HIV epidemic. Second, the public sector must be available to provide services to those who do not have access to other providers. Finally, there will always be individuals whose circumstances have not been planned for in the comprehensive health care plan, and services need to be available to them through the public sector. It is absolutely essential to provide access for persons who are not able to receive appropriate health care service in other ways through the preservation of a strong and well-financed institutional safety net.

Comprehensive Benefits: There must be a guaranteed broad-based benefit package that emphasizes coordinated preventive and primary care services for individuals. Covered services must include disease prevention and health promotion programs which will assist in long-term cost containment. The plan should also include specified programs currently provided by public health departments, including mental health, family planning, long-term care, and substance abuse services.

Cost Containment: Health reform must include a package of cost containment measures to control operating and capital expenses because excess costs ultimately limit access to services. These measures should be based on appropriate regulatory provisions and should cover all components of the health system, without creating barriers to appropriate care. Appropriate cost controls include evaluations of technology and procedures, utilization of the most appropriate procedures at the most appropriate level of care, resource planning for distribution of capital and medical technology, and global budgeting.

Financing: Health reform must recognize that individuals in society ultimately will pay for the financing of any health system. The health system should be financed through a combination of progressive financing mechanisms that reflect ability to pay.

Quality Assurance: There must be mechanisms and safeguards to ensure effective and efficient organization of services and high quality care. Mechanisms should include a process of appeal to ensure that patient rights are respected. Quality assurance should also address the cultural competence of care and assess whether culturally and linguistically appropriate services are being delivered.

Development of Health Workforce: Comprehensive health system reform must include support for the education and training of health care workers to ensure: (1) adequate financing; (2) appropriate supply and distribution of workers, geographically and across specialties; (3) affirmative action to reach to goal of appropriate representation of all cultural and ethnic minorities in the health care workforce; and (4) culturally competent care through multicultural education and training of all providers.

Ongoing Planning and Evaluation with Consumers, Communities and Providers: To ensure accountability to providers and consumer communities and the protection and promotion of consumer rights, there must be mechanisms to ensure ongoing planning and evaluation of the system. These mechanisms include consumer satisfaction surveys, community-based needs assessment, measures of quality of care, technology assessment, and diverse representation on all advisory committees

INTERPRETER CLASSIFICATION SERIES

This letter is to confirm additional agreements reached between the City and County of San Francisco and SEIU 1021 on matters not covered by the contract/arbitration award issued by Arbitrator Winograd.

1. Interpreter Classification Series

- A. Subject to the Civil Service Rules for the City and County of San Francisco and to approval by the Civil Service Commission, the Department of Human Resources will perform the analysis to consider the creation of a classification series of Interpreters to be differentiated from 2586 Health Worker II or 2587 Health Worker III by June 30, 2013.
- B. Upon the Civil Service Commission's approval of the Interpreter classification series, the parties will meet to discuss the functions and rate of pay for the Interpreter classes.

PEC-CCSF PSC/JOC/Construction/Maintenance Contracts Committee

Joint Letter of Understanding of Labor Management Committee

During labor negotiations in 2010, the City and the member unions of the Public Employees' Committee (PEC) established a citywide joint labor-management committee, the PEC-CCSF PSC/JOC/Construction/Maintenance Contracts Committee ("Committee"). The memorandum of understanding between the PEC member unions and the City specifically charged the Committee with:

- a) reviewing areas of General Fund and Enterprise PSCs and other city contracts, including construction/maintenance contracts, affecting members with the goal of ensuring appropriate use of Civil Service classifications;
- b) exploring establishing workload forecasting by city departments; and
- c) reviewing PSC processes, form(s) and tracking of PSCs, and RFP notice requirements and recommending improvements.

The Committee's mission statement, adopted on May 13, 2011, affirmed that the City and the PEC are dedicated both to the long-term, responsible stewardship of the limited resources entrusted to the City and County of San Francisco and to the delivery of high-quality services to its residents.

The Committee sought to review and improve the process for providing analysis and oversight of Personal Services Contracts ("PSCs"), Job Order Contract ("JOCs"), and Construction/Maintenance Contracts, and to ensure that the PSC process is transparent and complies with civil service and good government principles.

Further, the Committee sought to empower, support, and encourage employees to expand their training, knowledge, and skills, to meet the changing service and technological needs of the City.

The work of the PEC-CCSF PSC Committee was vital in increasing awareness of the extent of City outsourcing through PSCs, and resulted in an increased understanding that outsourcing can be reduced through effective utilization of City resources already in place, including employees and departments. The Committee recognizes the importance of knowledge transfer for effective utilization of City employees, and to reduce overall project and ongoing maintenance costs, and the value of workload forecasting for effective planning for City staffing needs.

The following are joint accomplishments and recommendations by the Committee, pursuant to memoranda of understanding that established this special joint citywide labor-management Committee.

- **Accountability and Transparency in Personal Services Contracting – Establishment of PSC Database**

- 1.a) As a result of the work of the Committee, the PSC process has been made more transparent, resulting in the creation of a PSC database, which will enhance internal efficiency, create greater accountability, and shall allow all interested parties to access data that has historically been unavailable electronically. The PSC database will enable tracking and monitoring of Personal Services Contracts submitted to and approved by the Civil Service Commission, and all City unions shall be able to access data, and produce and generate reports from the database.

1.b.) Effective July 1, 2012, all departments submitting requests for approvals of PSCs shall utilize and enter all information into the PSC database regarding their request for a PSC.

1.c) Accountability in Financial Reporting of City Expenditures on PSCs

In FY2012-13, the City will initiate and develop a timeline within three (3) months, and the City will make its best efforts to complete the project by July 1, 2013, which will provide publicly accessible and reportable information specifying for each approved Personal Services Contract:

1. the amount of the approved contract(s)
2. the name(s) of the contractor(s) and subcontractor(s)
3. the duration of the contract(s)
4. the amount encumbered by the City each year for each contract
5. the amount expended by the City each year for each contract

1.d) DHR will meet with a subcommittee of PEC representatives, and with Department of Technology representative(s) to recommend the creation and implementation of additional fields to be added to the PSC database to monitor and track progress in implementing knowledge transfer.

The City will continue to meet and discuss the design, production, development, and implementation date of this second phase of the PSC database with PEC representatives, which shall be incorporated into the existing PSC database.

2. Clarification of the PSC Factors Considered by the Civil Service Commission

The Committee shares the understanding of City policy, being that where there is a merit system, services provided to the public are delivered by public employees hired through the merit system. The Committee agrees that the following definitions clarify the factors which departments may use as the basis for requesting approval of a PSC by the Civil Service Commission, and jointly agrees to present these recommended clarifications to the Civil Service Commission. The Committee will jointly draft, agree to, and then submit a memorandum to the Civil Service Commission clarifying the intent and understandings reached with regard to the agreed-upon factors. The recommendations on the factors are not intended to limit or extend the Civil Service Commission's authority over Personal Services Contracts.

Factor # 1: Immediately needed services; services needed to address emergencies or unanticipated situations.

Factor # 2: Short-term or capital projects defined by the Local 21/PUC Capital Improvement Program,⁴ requiring diverse skills, expertise and/or knowledge.

Factor # 3: Services required on an as-needed, intermittent, or periodic basis (e.g., peaks in workload).

Factor # 4: Regulatory or legal requirements, or requirements or mandates of funding source(s) which limit or preclude use of Civil Service Employees.

4 Appendix C, 1.3 of Local 21 MOU

Factor # 5: Services that require resources that the City lacks (e.g., office space, facilities or equipment with an operator).

Factor # 6: Circumstances where it is an apparent⁵ or demonstrated conflict of interest (e.g., independent appraisals, audits, inspections, third party reviews and evaluations).

Factor # 7: Cases where future funding is otherwise uncertain such that the establishment of new civil service positions, classes or programs is not feasible.

2.a) A Frequently Asked Questions (FAQ) will be developed jointly by the PEC and the City to help clarify these Factors, in conjunction with the work being done in 1.d).

3. **Knowledge Transfer**

The Committee has reached an understanding of the importance of Knowledge Transfer to:

- Strengthen internal City capacity to provide services sustainably to residents of San Francisco;
- Build on the City's capacity to effectively utilize its most valuable resource - City employees;
- Strengthen recruitment and retention of City employees.

Accordingly:

3.a. **City agrees to adopt and disseminate the advancement of knowledge transfer as City policy.**

“Departments are encouraged to seek to empower, support, and encourage employees to expand their training, knowledge, and skills to meet the changing service and technological needs of the City.”

3.b. **Implementation of Citywide Policy on Knowledge Transfer**

3.b.1) With regard to Personal Services Contracts involving specialized skills, knowledge, or expertise, communication - including from the Department of Human Resources to departments, in the FAQ, pop-up information in the PSC database, and in departmental training(s) involving PSCs - will include the following:

- The need for “specialized skills/ expertise” not possessed by Civil Service classifications is intended to be temporary and not ongoing.
- Departments are encouraged to empower, support, and encourage employees to expand their training, knowledge, and skills to meet the changing service and technological needs of the City.

3.b.2) Departments requesting approval of Personal Services Contracts involving specialized skills, knowledge, or expertise - As part of the Knowledge Transfer policy, when submitting requests for approval of Personal Services Contracts involving specialized skills, knowledge, or expertise, departments shall provide information to the Civil Service Commission and PEC unions, including through the PSC database, responding to:

- a) What specific support will the Department provide, such as providing knowledge transfer of current staff, to help build internal capacity to do this work? If none, explain why not or the limitations.
- b) Is there a plan to transition this work back to the City? If so, please explain. If

⁵ Using the “reasonable person” standard.

not, explain why not.

Departments are encouraged to use creative and innovative methods to promote knowledge transfer, including the use of interdepartmental work orders and train-the-trainer approaches to enhance capacity of City employees.

3.b.3) Departments receiving approval of Personal Services Contracts involving specialized skills, knowledge, or expertise - As part of the Knowledge Transfer policy, after Civil Service Commission approval of PSCs involving specialized skills, knowledge, or expertise, departments shall report on a quarterly basis, responding to:

- c) What specific support did the Department provide, such as providing knowledge transfer of current staff, to help build internal capacity to do this work? If none, explain why not or the limitations.

DHR's Workforce Development Division will review quarterly and analyze departmental commitments and progress on knowledge transfer in connection with an approved PSC related to "3.b.2)" and "3.b.3)" above, and report findings to the Civil Service Commission.

4. **Workload Forecasting**

The parties recognize that workload forecasting is an effective planning tool to forecast staffing needs. The parties recognize that changes in workload may be driven by different factors, including changes in budgets or proposals for new capital projects, new information systems, or new government services.

The benefits for the City of San Francisco are significant, including:

- Increased capacity to proactively respond to changing demands for services.
- Improve the shared understanding of managers about upcoming work and upcoming changes in staffing levels, particularly for project-driven workloads such as capital projects and IT projects.
- Support proactive steps to achieve a better balance between workload and staffing to avoid layoffs or outsourcing of work.

4.a. PSCs – When requesting approval of PSCs, departments will provide information responding to the following questions:

(A) What efforts has the department made to obtain these services through available resources with the City, including through use of interdepartmental work orders?

(B) If this is an ongoing need for service,

- a. Has the Department requested additional staff to meet this ongoing requirement for service? If so, what is the status of that request?
- b. If not, is the Department willing to hire additional staff to create the capacity to do this work?

4.b. During the two-year budget process, departments will provide a workload forecast of staffing levels for 24 months, which will include:

- Projecting the number of FTE's required to do work;

- Forecasting how the changes in workload would change the number of full-time equivalent employees (FTE's) needed to deliver the work;
- Projecting budgetary changes from the previous year for contractors/consultants required for temporary specialized services, and contractors/consultants required to meet temporary peak workload situations

AS-NEEDED BARGAINING UNIT MEMBERS

Effective as of the term of the MOU, the parties agree as follows:

A. Job Experience Crediting:

1. Effective July 1, 2014, the City shall implement a pilot Job Experience Crediting program to be in effect for 3 years, sunsetting June 30, 2017, unless the parties mutually agree to extend the program.
2. Job Experience Crediting, as described below, shall apply to classifications in which at least fifteen percent (15%) of the total base (i.e., pay code WKP) hours worked in the classification in the twelve (12) months ending three (3) months prior to the anticipated job posting date were performed by Temporary Exempt, Category 16 employees.
3. The parties further agree that any classification may be subject to the pilot Job Experience Crediting Program by good faith mutual agreement of both parties.
4. The Department of Human Resources shall establish and administer Classification Based Examinations (“CBT”) and direct the design and administration of Position-Based Examinations (“PBT”) using a Job Experience Crediting approach that acknowledges applicant work experience(s) related to the target job classification, based on the following criteria:
 1. Recency of the relevant work experience;
 2. Relevancy of the experience to the classification for which the exam is being offered;
 3. Time served in the position where the relevant experience was obtained; and
 4. Verification of satisfactory performance associated with the relevant work experience.
5. The purpose of the Job Experience Crediting approach is to assign experience points based on the factors listed in 1 through 4, above. A two (2) part examination/selection process for the identified classifications will be administered, as follows:
 - a. All interested applicants, as part of the initial application process, will be asked to identify their relevant, recent, work experience(s), and time served in the position where the relevant experience was obtained. Verification of satisfactory performance associated with the relevant work experience may be required with the submission of the application.
 - b. Review of minimum qualifications (MQs) of all applicants. Only those applicants who meet, or exceed, the MQs will be invited to participate in Part 1 of the process: the qualifying examination.
 - c. Applicants who are successful in the qualifying examination will continue to Part 2: the job experience assessment.

6. Final ranking on the eligible list will be based on a combination of passing score on the qualifying examination and job experience points credited to eligible applicants.
7. The City agrees to review the pilot Job Experience Crediting program design plan with the Labor Management As-Needed Adherence Committee prior to implementation.
8. The City shall cooperate with requests by the Union on behalf of current non-permanent employees for data that helps establish their eligibility for the Job Experience Crediting Program.
9. The parties shall jointly seek Civil Service Commission approval to expand the Commission's policy to allow temporary exempt (Category 16) employees who are reachable under the certification rule to be selected for permanent appointment without participating in additional selection processes.

B. Limitations and Remedies:

1. Under this paragraph and without affecting examination eligibility for past employment, for hours worked on or after July 1, 2012, City use of TEX 16 ("As-Needed") employees in SEIU represented classifications will be limited to operational necessity where permanent full or part-time status is not feasible or readily available (e.g., seasonal work, sporadic work, filling in for leaves or absences, vacations, emergency overtime, disasters, or classifications which are intended for training purposes only, and as otherwise provided by Civil Service Rule 102.23.6). The City may not use As-Needed (Charter Section 10.104.16) employees to avoid hiring employees in permanent status or to circumvent the denial of departmental requests to fill vacancies. Employment conditions prior to the term of this Agreement will not be sufficient standing alone to constitute a violation of this limitation, but may be admitted as evidence.
2. Violations of this side letter can be appealed through the grievance and arbitration procedure under Article IV of the MOU, and Arbitrator Robert Hirsch, or another mutually agreed upon arbitrator, shall serve as the Arbitrator. The arbitrator's factual findings will be binding on the parties. For violations of this side letter, the arbitrator may order the City to implement appropriate affirmative remedies, including monetary relief. The arbitrator may not order relief that is inconsistent with, or interferes with, the authority reserved by the Charter to the Mayor, the Board of Supervisors, the Civil Service Commission, Retirement System, or Health Services System. This limitation includes any order affecting matters within the exclusive jurisdiction of the Civil Service Commission's establishment and administration of the civil service merit system on matters that are excluded from bargaining under Charter Section A8.409-3. Under this paragraph, an arbitrator may make an advisory recommendation to the Mayor or Civil Service Commission on matters that are beyond the scope of an arbitrator's authority.

Regarding the two pending grievances asserting violations of the Side Letter (ERD Reference Nos. 00-13-2718 and 00-14-2737), the parties agree to submit the unresolved grievable issues to mediation with Arbitrator Robert Hirsch on or after November 1, 2014 during meetings of the Labor Management As-Needed Adherence Committee. If the parties are unable to resolve the issues through mediation by December 20, 2014, unless otherwise agreed to by the parties, the parties will submit the two grievances listed above, under Article IV of the MOU and in accordance with the Side Letter, to be heard by Arbitrator Robert Hirsch no later than March 1, 2015, unless otherwise agreed to by the parties, or another arbitrator if Arbitrator Hirsch

declines. With respect to these two grievances, the City reserves all rights under the Meyers Milias Brown Act and with Charter section A8.409, et seq. regarding substantive arbitrability and remedy.

Notwithstanding the foregoing reservation of rights in the immediately preceding sentence, the City agrees to submit to arbitration the issue of whether the City complied with Paragraph B.1, on page 191 of the July 1, 2012 – June 30, 2014 CBA between the City and the Union.

3. Information to Enforce As-Needed Work Limitations and Remedies:

The Union acknowledges that the City will rely on data readily available through its eMerge PeopleSoft system and will fulfill Union requests for information primarily using data available through this system. To the extent practical, the City will provide the data in searchable and sortable format(s).

Consistent with the preceding paragraph, on a quarterly basis, the City will provide the Union the following information in electronic searchable format with data going back as far as is available, and in no event further back than August 2012:

- a. A listing of names, classifications and departments of all TEX/As-Needed employees (including Public Service Aides and Public Service Trainees) employed in the SEIU Local 1021 bargaining unit as of the date of the report;
- b. The number of hours each TEX/As-Needed employee (including Public Service Aides and Public Service Trainees) in the SEIU Local 1021 bargaining unit have worked as of that month in the current fiscal year, and the total number of hours that employee has worked as of that month in the previous 12 months;
- c. Specification of whether each of the TEX/As-Needed employees (including Public Service Aides and Public Service Trainees) currently employed in the bargaining unit is designated as Category 16 or 17 under the Charter;
 - i. If the TEX/As-Needed employee is Category 16, the Departmental justification for the use of the category. Upon request by the Union, the City will provide more detailed information, e.g., explanation of “backfill” or “seasonal” justifications;
 - ii. If the TEX/As-Needed employee is Category 17, to the extent available in the eMerge system, the name and classification of the employee for whom they are backfilling;
- d. “Request to fill” position forms the Department submits requesting new PCS positions.

All reports will be provided via a secure file transfer protocol (FTP) transmission.

C. Labor Management As-Needed Adherence Committee

1. The existing Labor Management As-Needed Adherence Committee will continue in effect. The purpose of the Committee shall be to ensure compliance with this Side Letter, including the obligations to reduce inappropriate use of As-Needed employees. The Committee shall be tasked with identifying job classifications where there appears to be inappropriate use of As-Needed employees, and request timely corrective action. The Committee may issue quarterly

reports to the Mayor, and appropriate Departments to remedy inappropriate use of As-Needed employees.

2. The Committee shall be comprised of six (6) Union appointees and six (6) management appointees. The City shall provide the Union members of the Committee, including witnesses called to testify before the Committee, with fully-paid release time to participate in Committee meetings and caucuses. The Committee will make a good faith effort to resolve disputes to avoid the necessity of the Union filing grievances alleging violations of this Article.

D. Public Service Aides/Trainees

1. Within 120 days of the effective date of this Agreement, the Department of Human Resources commits to survey City departments, who employ incumbents in the 9900 classification series, to obtain updated job descriptions (task statements) for positions allocated to the 9900 series. Copies of the surveys shall be provided to the Labor Management As-Needed Adherence Committee. Based on the survey, DHR will conduct an audit to confirm whether the duties assigned to the surveyed position(s) are consistent with the intent of the 9900 classification series. Generally work assignments consistent with the classification series include but are not limited to:
 - participating in job-related work experience opportunities,
 - performing functions and assuming responsibilities, as assigned, as training for employment in the designated target position(s), and as preparation for the target classification examinations;
 - attending remedial and/or technical education classes related to duty assignment.
2. Audit findings will be presented in a formal audit report and will be made available to the Labor Management As-Needed Adherence Committee.

PARK RANGER SHIFT BID PILOT PROGRAM

To ensure the safety of the parks and facilities used daily by the public, and to meet the challenges of providing coverage for over 200 such areas with 3400 acres in a 40+ square mile area, shift schedules must be carefully managed and assigned. There is a need for staffing 24/7/365, and there is a limited number of staff to accomplish this.

Given the above needs and limited staffing, the appointing officer or designee will develop and assign shifts, using the criteria set forth below:

1. Ensuring the safety of the park visitors and users;
2. Ensuring the safety of staff;
3. Enhancing the ability and experience of Park Ranger;
4. Ensuring the proper mix of experience and training on each shift; and
5. Consider individual needs of staff (employee leave scheduling, etc.).

Shift Bidding Process:

Once shifts are developed and assigned by the Department, the remaining shifts will be open to the bidding process. A minimum of seventy percent (70%) of the developed shifts will be held open for bidding, going down to fifty percent (50%) when hiring in flux for training and rotation for new hires. This pilot program will be in effect for 3 years, sunsetting June 30, 2017, unless the parties mutually agree to extend the program. Prior to the sunset of the program, the Department will determine the effectiveness of the program, as well as the interest of the Park Rangers in continuing the bidding process.

Criteria for Bidding:

1. Only Civil Service class 8208 Park Rangers who have passed SFRPD probation may bid;
2. Bidding will be done by seniority in position;
3. The least senior employees in inverse order will be assigned to any shifts in which no successful bids have been placed;
4. No Park Ranger may stay on the same shift for longer than 24 months;
5. All shift bids are subject to the approval of the Appointing Officer, or designee, and may be adjusted to ensure an appropriate skill/experience mix, and compliance with applicable laws; and
6. The final approved shift assignments shall be posted in two conspicuous places in Park Patrol headquarters.

In the event a Park Ranger must be moved from the Park Ranger's current shift to another shift, the Department will attempt to utilize the above criteria, however, once a Park Ranger has moved to a new shift, the Officer will not be allowed to re-bid until the next scheduled shift-bidding process begins.

The Department will offer shift bids two times per year, with the first shift bid beginning in early January, and the second shift bid beginning in July of each calendar year.

DEPARTMENT OF EMERGENCY MANAGEMENT (DEM) LUNCH PERIOD

For classifications 8238 Public Safety Communications Dispatcher and 8239 Public Safety Communications Supervisor, employees will be required to work 8 hours within 8.25 hours or 10 hours within 10.25 hours. As an example, a typical 8.25-hour day shift schedule would typically be as follows:

- 6:45 am start;
- Paid line-up time will routinely occur within the first 15 minutes of the shift;
- A 60-minute lunch period, consisting of 45 minutes paid, of which 30 minutes shall be encumbered, and 15 minutes unpaid and unencumbered. The Department shall have the discretion to determine whether the first half or the second half of the lunch period is paid and encumbered, and shall notify the employee which half of the lunch will be encumbered prior to the start of the 60-minute lunch period; and
- A 3:00 pm end-shift time.
- Rest breaks per MOU

For purposes of this side letter, paid and encumbered time means if an employee leaves the premises during the lunch period, the employee must be able to return within 15 minutes if called back to work during the encumbered portion of the lunch break. Thus, the Department can call an employee on paid and encumbered time back to work before the Department is required to bring in another employee on mandatory overtime, however, the Department shall first seek employees to work voluntary overtime.

Any DEM general orders or department memoranda dated on or before June 30, 2014 that are inconsistent with this side letter are superseded by this side letter to the extent of the inconsistency, and such general orders or department memoranda may be updated to be consistent with this side letter without any further meet-and-confer.

PROPOSED EMPLOYEE TRANSIT CREDITS

Key Details as of April 28, 2014
San Francisco International Airport

1. If an Airport Commission employee wishes to receive funds for authorized transit, airporter bus, or organized vanpool commute expenses, they must (1) establish a transit benefits payroll deduction account, currently managed by WageWorks at the following url: (<http://www.wageworks4me.com/ccsf/>) and choose a transit or vanpool provider to receive funds approximately 60 days before the start of the month an employee would receive benefits; (2) relinquish their Airport parking facility access card, hang tag, or parking authorization to Parking Management by the start of the month for which transit credits would be provided; and (3) after the end of each calendar month during which an employee expects to receive City transit credits, record the following data for the subject month: days worked, commutes for which transit or vanpool transportation was used, transit or vanpool operator(s) used and the employee's normal home transit stop.
2. In order to have sufficient funds in their account to use transit or vanpool transportation for the first month, employees will need to commence payroll deduction the previous month.
3. By the end of each month of payroll deduction, WageWorks will bill the City for authorized transit or vanpool deductions by each enrolled employee in that month. The City will credit up to \$130 per month back to WageWorks. Future payroll deductions will be reduced in the amount of the credit. If an employee's transit or vanpool deductions total less than \$130 in a month, the City would credit the actual amount.
4. To allow for family emergencies, enrolled employees could park in SFO public garages up to three days per month. If they buy a book of 5 employee tickets the rate is discounted to \$13 per day. Employees would be reimbursed in full anytime during the month, once per month for up to 3 days of public parking, at the offices of garage operator New South Parking. Draft guidelines have been established by Parking Management.
5. Employees would be able to opt in or out of the Transit Credit Program on a quarterly basis. If an employee chooses to leave the program and receive full-time parking privileges once again, with sufficient prior notice a new parking card, hang tag, or parking authorization would be issued, and the employee would be removed from the list of employees eligible for the WageWorks transit credit. If an employee can document a residential move of more than 0.2 mile, the employee could opt in or out at the start of the month closest to the move.
6. If approved, the Transit Credit Program would take effect as soon as possible in FY 14-15.
7. In the event of a BART closure of a day or more, the Airport would endeavor to operate free parking shuttle buses between SFO, the Caltrain station in Millbrae, and the San Francisco Bay Ferry terminal in South San Francisco. This service was implemented during two BART strikes in 2013. Samtrans service may also be available.

WELLNESS

The City proposes the following to address the convenience and accessibility issues raised in the union proposal to provide employees use of sick leave for wellness activities:

- In consultation with the Executive Officer of the Civil Service Commission, the City will issue a clarification to departments and employees as to appropriate use of sick leave, which includes care and consultation with medical providers including, but not limited to, biometric screenings, flu shots and other preventive care and assessments.
- The Health Service System (HSS) will explore piloting shorter on-site workout classes to make it easier for employees to exercise during lunch breaks (more on this in response below).
- The City will issue a policy encouraging departments to allow adjusted work schedules, where operationally feasible, to facilitate the ability of employees to participate in exercise programs in conjunction with the workday. These arrangements could include allowing later or earlier starting and ending times, or longer lunches, with adjustments to start or end times to make up time. The policy will also include a reminder that floating holidays, vacation, and compensatory time off are available for these purposes as well.
- As part of the Citywide wellness program, HSS is planning a voluntary confidential employee Health Risk Assessment (HRA) survey regarding the baseline health of our employee population. This is a critical first step in engaging employees in wellness, and ensuring that program activities are appropriately targeted.
- The City is willing to explore expansion of existing tuition reimbursement programs to contribute towards the purchase of “fitness activity trackers” (e.g., Jawbone or FitBit) as a pilot program. In such event, the City would attempt to negotiate group discounts from these companies.

In response to the proposal to provide employees free use of Recreation and Park Department (RPD) exercise programs and facilities, the City proposes that the parties instead explore the expansion of the on-site wellness offerings by HSS. Potential ideas include:

- Conduct an employee survey to identify the most-desired programs, and best times and locations to offer them;
- Alter current class offerings to 30 or 45 minutes in length, to make them more accessible to employees on lunch break;
- Based on survey results, work with HSS and RPD to explore having RPD staff provide programming either on-site, or where needed, with fee waivers at specific RPD facilities;
- HSS is also actively engaging with area counties to explore collaboration on health and wellness issues.

THE CITY AND COUNTY OF SAN FRANCISCO
REGARDING PAID EMPLOYEE ORGANIZATION OFFICER LEAVE ARRANGEMENT**

Officers assuming responsibilities for union business during this paid leave are working at the sole direction of the Union and are not performing any duties under the direction of the City. If an Officer becomes ill or injured while on paid Union Leave, the Officer is not eligible for Workers' Compensation benefits because they are not performing work required or requested by the City.
7. At the conclusion or termination of leave granted under this Sideletter, the City shall reinstate the Officer to the same position and work location held before the leave, or, if not feasible, a substantially similar position without loss of seniority, rank, or classification as provided in Government Code section 3558.8.
8. The Union agrees to indemnify and hold the City harmless from any claims by any party as to the acts and omissions of the Officers on paid Union Leave, as follows:
 - a. The Union shall indemnify and save harmless the City and its current and former officers, agents and employees (collectively, "Indemnitees") and, if requested by the City, shall defend Indemnitees against any and all loss, cost, damage, injury, liability and claims thereof, arising directly or indirectly out of or relating to the conduct, acts and omissions of the Officers while on paid Union Leave, including but not limited to the Officers' use of facilities or equipment provided by the City or others. The foregoing indemnity shall include reasonable fees of attorneys, consultants and experts, and costs, including such fees and costs incurred by the City in investigating and defending any claims against Indemnitees.

 - c. If the City tenders of defense of any claim to the Union, the Union has an immediate and independent obligation to defend Indemnitees from any claim that actually or potentially falls

within this Paragraph 8, even if the allegations are or may be groundless, false or fraudulent. This obligation arises at the time the City tenders the claim to the Union and continues at all times thereafter.

The SEIU, Local 1021, IFPTE, Local 21 and the City agree to establish a committee to meet and discuss the possible consolidation of the 2585, 2586, 2587 and 2588 Health Worker class series and the 2589, 2591 and 2593 Health Program Coordinator class series by January 1, 2027. These discussions will include looking at facilitating progression through these classifications and the creation of distinct medical interpreter classifications. These discussions are not subject to the impasse resolution procedures.

DEPARTMENT OF HUMAN RESOURCES - CITY HIRING PROCESSES SIDE LETTER

The parties are entering into this side letter to identify and set in motion, to the extent permissible under the San Francisco City Charter and Civil Service Rules, expedited selection processes to address the City's current vacancy rate in permanent civil service positions and reliance on project-based (Charter section 10.104.18) positions. Given the significant number of vacancies, expected retirements, and reliance on overtime and temporary employees, the parties recognize the urgency to make changes to the City's hiring processes in order to best deliver critical services to the public.

First, the Department of Human Resources is committed to using existing tools and resources to streamline City hiring processes, including:

- I. expanding the use of online on-demand exams and continuous class-based testing;
- II. streamlining hiring selection and approval processes to deliver qualified candidates to departments more quickly.

Second, the parties recognize that under the City Charter section 10.101, the Civil Service Commission has the legal authority to establish examination and appointment rules, and many of those rules must either be amended, updated or rescinded to provide a merit-based system that better serves applicants, City employees and departments.

To that end, the DHR Director will seek appropriate Civil Service Rule amendments to allow the City to fill vacant permanent positions more rapidly, including amendments that will make it easier for Charter Section 10.104.18 (Category 18) employees to seek Permanent Civil Service (PCS) appointments.

The parties agree to the following process to review and identify San Francisco Charter Section 10.104.18 (Category 18) positions in classifications represented by the Union that are appropriate for conversion to Permanent Civil Service (PCS).

Process:

Step 1: Identify Positions for Possible Conversion

The City shall present positions grouped by Job Classification for conversion to PCS by the target dates listed below. Should the Union disagree with a position not identified for conversion, the City and the Union will meet to discuss after the target date.

- 1) All Category 18 appointments in a classification where the number of appointments is greater or equal to 50 as of July 1, 2024. Target date: December 31, 2024.
- 2) All Category 18 appointments in a classification where the number of appointments is greater or equal to 20 as of July 1, 2024. Target date: June 30, 2025.
- 3) All remaining Category 18 appointments. Target date: December 31, 2026.

Step 2: Testing Process for Positions Converted from Category 18 to Permanent Civil Service

The testing process shall be either:

Option A:

The DHR director will propose changes to the Civil Service Rules to allow the City to use alternative merit-based selection procedures to address the positions identified for conversion to PCS, and to provide an expedited pathway for PCS appointments.

Option B:

Conduct the appropriate exam for each identified position in accordance with DHR procedures and the Civil Service Rules.

Under both Option A and B, the Union and the City agree to use “rule of the list” as the default certification rule for all eligible lists positions identified through this process.

Step 3: Duration of Probationary Period

If the successful candidate in the converted position has served in the hiring Department for at least 2,080 hours in the same classification, then the employee’s probationary period shall be 40 hours, excluding any time off for leave, vacation, other types of time off (not including legal holidays), or overtime.

This process will not supersede Article II.B. Probation in the parties' MOU unless expressly agreed upon by the parties.

The parties agree to meet bimonthly for Fiscal Year 2024 – 2025 to address issues related to identification and conversion. Thereafter, the parties agree to meet quarterly.

The City and the Union agree to meet as soon as practicable to discuss making additional joint proposals to the Civil Service Commission requesting the Civil Service Rule changes described above.

Nothing in this side letter shall prevent either party from proposing rule changes, making recommendations, or taking other actions at the Civil Service Commission outside of the process set forth in this side letter to streamline City hiring processes.

SIDE LETTER OF AGREEMENT

THE CITY AND COUNTY OF SAN FRANCISCO AND SEIU Local 1021

The parties mutually agree to this Side Letter to the Collective Bargaining Agreement (“CBA”) between the City and County of San Francisco and the Service Employees International Union, Local 1021 (July 1, 2022-June 30, 2024). This section is not subject to the grievance and arbitration procedure of this Agreement.

CITY WIDE LABOR MANAGEMENT COMMITTEE

The City and the Union understand and agree that it is the objective of all parties to provide quality services to residents in a work environment that is safe for employees and in which employees' concerns about their terms and conditions of employment are discussed and addressed. To promote these shared goals, the parties agree to establish a City-Wide Labor Management Committee for SEIU-represented employees (the "SEIU-City LMC").

- a. **Membership:** The SEIU-City LMC shall be composed of twelve (12) core members; six (6) appointed by the Union and six (6) appointed by the City. Additional subject matter experts shall be permitted to attend meetings upon mutual agreement. SEIU represented employees shall be released in advance of SEIU-City LMC meetings for reasonable caucus time and to attend the meeting.
- b. **Meeting:** Upon request of the Union, the SEIU-City LMC shall meet on a bi-monthly basis following ratification of this Agreement. The meetings shall normally be scheduled for the third Wednesday of each month, unless a different date in the month is mutually agreed upon by the City and the Union. No later than seven (7) calendar days prior to the scheduled meeting, the City and the Union shall provide each other with their proposed agenda items to be discussed at the meeting. If the City does not receive the Union's proposed agenda items seven (7) days in advance, the City may cancel the meeting. Items not on the agenda shall not be discussed absent mutual agreement. Meetings shall be rotated between the parties' office locations, unless the parties agree otherwise. The meetings shall be scheduled to last at least one (1) hour and in no event shall they last more than three (3) hours.
- c. **Purpose:** The purpose of the SEIU-City LMC is to discuss and address issues surrounding SEIU-represented employees' terms and conditions in a constructive manner. The SEIU-City LMC members will investigate concerns that are brought to their attention and attempt to make unanimous recommendations to address concerns.
- d. **Resolution of Issues:** When the City decides to implement a recommendation made by the Committee, the City shall inform the Committee of the decision in writing and include an estimated timeframe for implementation. Should the City decide not to implement the SEIU-City LMC's recommendation, the Committee shall be informed in writing and include the reasons not to implement. The City will attempt to respond to Committee recommendations no less than sixty (60) days from when the recommendation is received, but in no case more than ninety (90) days from when the recommendation is received. Upon written request from the Union, once each fiscal year, the Mayor will meet with the Union to discuss three (3) unresolved issues. The Union will submit the three (3) unresolved issues two (2) weeks in advance of the meeting. Recommendations or decisions of the SEIU-City LMC must be consistent with the San Francisco Charter, Codes, Civil Service Rules, City policies, and provisions of this Agreement. Recommendations or decisions shall not be grievable under the grievance procedure contained in this Agreement.
- e. Nothing in this provision shall abridge or otherwise modify any right guaranteed by another provision of this Agreement. The Union and City acknowledge that this Committee does not have any authority to modify terms of this Agreement, nor to bargain over changes in wages, hours, and working conditions of bargaining unit employees.

APPENDIX A: UNION ACCESS TO NEW EMPLOYEES PROGRAM

I. Purpose

The purpose of this agreement is to memorialize the rights and obligations of the City and the Union in accordance with CA Government Code Sections 3555-3559, through the creation of a single, City-wide Union Access to New Employees Program applicable to all City Agencies and all City Employee Unions.

II. Notice and Access

- A.** The City shall provide the Union written notice of, and access to, new employee orientations (hereinafter NEOs) as set forth below. It is the City's policy that NEOs are mandatory for all newly-hired employees. It is the City's intent that NEOs take place as promptly as possible after the first day of employment. Within thirty (30) calendar days of the start of employment, newly-hired employees will be scheduled to attend the next available NEO. NEOs shall be scheduled during an employee's regularly scheduled, paid time. In the event that a newly-hired employee's regular schedule is outside of a scheduled NEO, the Department may make a one-time adjustment to the employee's work schedule in order to accommodate this requirement.

In the event an employee does not attend the NEO that the employee was scheduled to attend, said employee will be automatically enrolled to attend the next available NEO. If the employee does not attend the subsequently scheduled NEO, the Union NEO Coordinator may contact the Departmental NEO coordinator to arrange a meeting with the employee pursuant to Section F., below.

- B.** Application: New employees include, but are not limited to, newly-hired employees whose positions are permanent, temporary, full-time, part-time, per diem, seasonal, provisional, or as-needed.

C. Notice

1. **Single Point of Contact:** The Union agrees to provide the City with a single point of contact (hereinafter, Union NEO Coordinator) and the City agrees to provide the Union with a single point of contact for each Department (hereinafter, Departmental NEO Coordinator), which will be updated by the City and the Union on an as-needed basis.
2. **Notice of Schedule:** For any NEO that takes place on a regular, recurring schedule, the sponsoring Department shall be responsible for providing annual notice to the Union. For NEOs that are not offered on a regular, recurring schedule, the sponsoring Department shall provide no less than ten (10) business days' notice. Said notices shall be provided by email, to the Union NEO Coordinator. This requirement shall apply to all NEOs in which City personnel provide newly-hired employees with information regarding employment status, rights, benefits, duties, responsibilities, or any other employment-related matters.

3. Notice of Enrollment: Notice shall include a list of new employees represented by the Union scheduled to attend the NEO. If practical, the City agrees to provide additional identifying information including, but not limited to, classification and department. Six months from enactment, in the event the City is unable to provide classification and department information in the Notice of Enrollment, the Union can reopen this Agreement for the sole purpose of meeting and conferring over the identifying information provided in this Section II.C.3 Notice of Enrollment. Said meeting and conferring shall not be subject to the impasse procedures in Government Code Section 3557. The Department sponsoring the NEO shall provide the foregoing information no less than five (5) business days prior to the NEO taking place. The Department will make best efforts to notify the Union NEO Coordinator of any last-minute changes. Onboarding of individual employees for administrative purposes is excluded from this notice requirement.
- D. Citywide and Departmental NEOs: New employees in those Departments identified in Attachment A shall attend a citywide NEO, sponsored by the Department of Human Resources. This citywide NEO shall take place at minimum on a monthly basis. Departments identified in Attachment B will conduct respective Departmental NEOs. At the City's discretion, Departments may be added to or removed from either Attachment A or Attachment B. For the citywide NEO, DHR will adhere to the Department notice requirements in Section C., above. The City will provide the Union with thirty (30) calendar days' notice prior to moving a Department from Attachment A to B, or vice versa. Every City Department shall be listed on either Attachment A or Attachment B.
- E. Access and Presentation: At all NEOs, the Union shall be afforded thirty (30) minutes to meet with represented new employees who are present, unless the Union's Memorandum of Understanding (MOU) provides for more than thirty (30) minutes. The right of the Union to meet with newly-hired employees is limited to only those employees whose classifications fall within the Union's bargaining unit. The City shall ensure privacy for the Union's orientation, and it shall take place without City representatives present. This requirement can be met by providing either a private room or a portion of a room with sufficient distance from other activities in the room to limit disruption. The Department responsible for scheduling the NEO shall be responsible for including Union presentations on the agenda. The Union's presentation shall occur prior to any meal break, and will not be conducted during a scheduled break time. One (1) of the Union's representatives may be a Union member designated by the Union. Such member(s) shall be released to attend under the terms and conditions specified in the MOU. If not otherwise provided for in the MOU, the Union may request release of a Union-designated member to attend the NEO. Release time shall not be unreasonably withheld. Said request shall be made to the Employee Relations Division no less than three (3) business days in advance of the scheduled NEO. The Union agrees to limit its presentation to only those matters stated in Section H., below.
- F. Alternate Procedures: In the event the Union identifies one or more new employees who did not attend the Union's presentation as described in Section E., above, the Union may contact the Departmental NEO coordinator to schedule a mutually-agreeable fifteen (15) minute time slot for the Union to meet privately with the new employee(s). If the number of such identified employees is five (5) or more at a particular location, the Union NEO Coordinator and Departmental NEO Coordinator will work together to schedule a mutually agreeable thirty (30)

minute time slot for the private meeting. One (1) of the Union's representatives may be a Union member designated by the Union, and such member shall be released to attend under the terms and conditions specified in the MOU. If not otherwise provided for in the MOU, the Union may request release of a Union-designated member as provided for in Section E., above. This alternate procedure shall also apply to any employee who has promoted or transferred into the bargaining unit.

1. The Union NEO Coordinator shall coordinate with the new employee(s) referenced in the preceding paragraph and the Departmental NEO Coordinator to schedule a fifteen (15) minute meeting during normally scheduled hours, which shall not be during employee's break or meal period, for the Union representative(s) to meet privately with, and provide materials and information to, the new employee(s). City representatives shall not be present during said meeting. The Union agrees to limit its presentation to only those matters stated in Section H., below.
2. In the event the proposed time cannot be accommodated, the Union NEO Coordinator and the Departmental NEO Coordinator shall work together to find a mutually agreeable time within ten (10) business days of the Union's request.
3. Department of Elections: Any new employee of the Department of Elections who is classified as Temporary Exempt (Category 16), whose duration of appointment is one (1) pay period or less, and works on an as-needed work schedule will receive written materials provided by the Union in lieu of attending a Citywide or Departmental NEO, a private meeting with the Union as provided for in Section F., above, or a Periodic Union Orientation as provided for in Section G., below.

- G. Process for Periodic Union Orientations:** By mutual agreement, the Union NEO Coordinator and the Departmental NEO Coordinator may schedule periodic thirty (30) minute Union orientations. Periodic Union orientations may be scheduled on an every-other-month, quarterly, or other basis.

The following Departments shall maintain existing Union orientation arrangements: Department of Emergency Management; Sheriff's Department; and Police Department.

The 311 Customer Service Call Center shall maintain existing practice with respect to Union access to 311 Customer Service Agent Training.

- H. Union Orientation Presentations:** The Union agrees to limit its presentation to a general introduction to its organization, history, by-laws, and benefits of membership. The Union agrees not to engage in campaigning on behalf of an individual running for public elected office and ballot measures during the NEO, or other topics that would be considered beyond general discussion on the benefits of Union membership.

III. Data Provisions

Subject to the limitations contained in CA Government Code Section 3558, the City shall provide the Union with all required information on newly-hired employees to the extent it is made available to the City. In addition, within ten (10) business days of the conclusion of each NEO, the

City agrees to provide the Union with a stand-alone report containing a list of employees, including classification code and division, who were scheduled to, but did not attend each NEO.

IV. Hold Harmless

The Union agrees to hold the City harmless for any disputes that arise between the Union and any new employee over application of this Agreement.
