Project Description

A draft EIR has been prepared by San Francisco Planning in connection with this project as required by the California Environmental Quality Act (CEQA) to study the project’s potential physical environmental effects.

The approximately 68,090-square-foot (approximately 1.6-acre) project site at 3400 Laguna Street is located on a corner lot southeast of the Laguna and Bay streets intersection in the Marina neighborhood. The site is bounded by Bay Street to the north, single- and multi-family residences near to and along Octavia Street to the east, Francisco Street to the south, and Laguna Street to the west. The project site has been occupied by the Heritage on the Marina residential care retirement community since 1925. Heritage on the Marina

consists of five existing structures of approximately 83,200 gross square feet: the Julia Morgan Building, the Perry Building, the Perry Building Connector, the Health Center, and the Caretaker’s Cottage. The proposed project would continue to operate as a residential care facility. The proposed project would demolish two of the five existing buildings (the Perry Connector and the Health Center) and construct two new buildings over a below-grade garage (the Bay Building and the Francisco Building) of heights not to exceed 40 feet (excluding rooftop appurtenances) and in the same locations as the demolished structures. The proposed project would renovate the Julia Morgan Building and the Perry Building. In total, the proposed project would add approximately 58,380 square feet of institutional use, and increase the number of residential care suites by 23 from 86 to 109.

Draft EIR: The draft EIR finds that implementation of the proposed project would not lead to any significant and unavoidable project-level or cumulative impacts. The draft EIR provides a detailed project description, an analysis of physical environmental effects of the project, and identifies feasible mitigation measures and alternatives that would avoid or lessen the severity of project impacts. The draft EIR is available for public review and comment on the San Francisco Planning Department’s website at sfplanning.org/sfceqadocs and at the San Francisco Permit Center, 49 South Van Ness Avenue, 2nd Floor, San Francisco, CA 94103. Paper copies and electronic copies (on a USB drive) of the draft EIR are available upon request to the EIR coordinator. Referenced materials are available through the following Planning Department’s web pages: sfplanning.org/sfceqadocs and sfplanning.org/resource/permits-my-neighborhood.
