2 **Check one option (provide supporting documentation):**

The names of candidates appear on the official ballot in traditional Chinese characters as well as in English. The Department of Elections can provide this transliteration or translation for candidates for local office, or the candidate may provide documentation of established use of a name in Chinese.

If a candidate has a character-based name by birth, that can be verified by birth certificate or other valid identification, the candidate may use that name on the ballot instead of a phonetic transliteration. A candidate who does not have a character-based name by birth, but who identifies by a particular character-based name and can demonstrate that they have been known and identified within the public sphere by that name over the past two years, may use that name instead of a phonetic transliteration.

- I request that the Department of Elections, working with a qualified Chinese-language translator, provide a Chinese transliteration or translation of my name for all materials where it is legally required.
- I am providing documentation of established use of a particular Chinese transliteration or translation of my name for the Department to review. I understand that the Department's decision whether to accept a proposed transliteration or translation is final.
- I have a character-based name by birth and am providing supporting documentation of this name.

To the Department of Elections:

Before I ran for the Board of Education in 2020, I was given the following Chinese name by a family friend:

艾善德

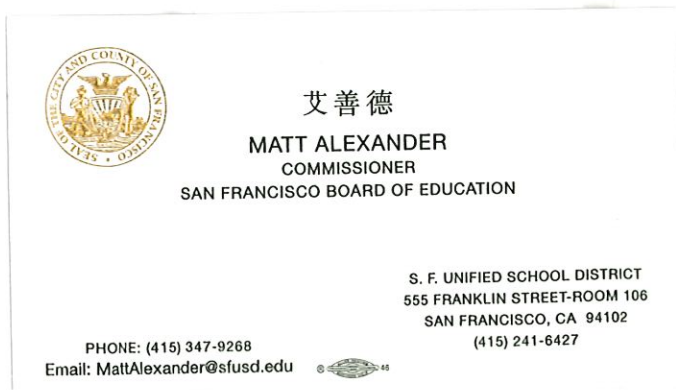

The sounds mimic Alexander, my family name in English.

I have been using this Chinese name since 2020 and request to continue using it on the 2024 ballot.

As supplemental evidence, attached is a business card printed in 2021 when I began my role on the Board of Education.

Please let me know if I can provide any additional information.

Thank you!
