San Francisco Department of Public Health

Dr. Grant Colfax
Director of Health

City and County of San Francisco
London N. Breed
Mayor

Board of Supervisor Budget hearings are happening based on Mayor's Proposed budget on Thursday, June 13 @ 10am [bac061324 agenda \(sfbos.org\)](#). DPH budget will be presented including soda tax budget.

6. **Review of Mayor's Proposed FY 24-25 SDDT Budget** 30 minutes [discussion and possible action]

Staff provides overview of meeting with Shalini Rana, health policy advisor and Jack English, Mayor's Budget Office Analyst on 6/6 with SDDTAC co-chairs and subcommittee chairs. Mayor budget priorities are food access/security and cutting any outreach and education activities.

Staff provides overview of comparison of SDDTAC budget recommendations vs. Mayor's proposed budget FY 24-25. Organizations in Healthy Communities grants are part of a 3-year grant cycle and are now preparing loss of funding with 1 month notice. HSA funding there is a [table](#) describing where HSA expects to spend the \$4.8 and additional funding (not soda tax funding) will not be in effect on July 1st.

Member shared during the meeting with Shalini and Jack, that since community-based organizations contracts are being cut for them to advocate to the Board of Supervisors or to look for other sources of funding. Member suggests going to Board of Supervisors meetings to provide comment, otherwise the budget will pass as usual.

Public comment:

Vanessa Bohm, CARECEN – was at the meeting with the Mayor's Office staff with Shalini and Jack; outraged that outreach and education are not considered to be integral to direct service. Appalling to hear that the Mayor made their decisions by focusing on direct service and not including outreach and education. The oral health taskforces do direct services and curious to know how the Mayor came to those decisions. The taskforces have hired to do the work and now they will lose their jobs. All infrastructure that was created for the oral health taskforces will be lost including connecting families to direct care. Asking SDDTAC to inform (via letter) to Mayor and Board of Supervisors about SDDT budget cuts specifically on oral health cuts. Taxpayers wanted the soda tax revenue to go back to the community.

Gabriella Castallenos, CARECEN, Mission Children's Oral Health Taskforce. Shedding light on the importance of outreach and education to the community. While the Mayor wants to support direct service work which is incredibly important, it is also important to see the shortcomings of this decision. In engaging the community, Latinx parents are not returning the consent forms of the dental sealant program, where the SDDT funds will be going to. However, it is not reaching the parents and there are a variety of barriers, such as language. The taskforces have been boots on the ground in the community. Currently working on focus groups to identify what are the reasons why consent forms are not being returned. What's more direct than that, asking them about their concerns, barriers, etc. Please encourage that this outreach and education is essential to the work and concerns of what the community members needs are.

Kent Woo, NICOS, Chinatown Oral Health Taskforce – SFUSD has noted that this has been the most successful year that dental sealant consent forms have been completed, working with the taskforces. The Mayor and Board of Supervisors needs to hear and know that you stand by the SDDTAC budget recommendations.

Staff share that the deviation of Mayor’s proposed budget from the SDDTAC budgets recommendations is unprecedented. All avenues to providing your testimony is important. Committee has to agree to sending letter to Board of Supervisors and Mayor.

Member shares that it is valuable to be at the Board of Supervisors budget hearing. Member would like to take the lead with a draft letter and identify which SDDTAC members are available to make statements at the Board of Supervisors meetings.

Funding will target schools with the largest populations of high-risk students that are disproportionately targeted by the sugary drinks industry.
Student Led Action	Support student led efforts to decrease consumption of sugary drinks and increase awareness of sugary drinks consumption among students, with focus on schools with the largest populations of high-risk students that are disproportionately targeted by the sugary drinks industry. SFUSD should provide to SDDTAC a proposal of how funding will be spent through student led action. Funding to also support adequate staffing for implementation.
FOOD ACCESS	
Healthy Food Purchasing Supplement	Support programs that increase financial resources to purchase healthy food such as vouchers and food purchasing incentives. These funds should be RFPed out to CBOs and FBOs. Addbacks become part of an agency's baseline budget.
