7. South of Market Community Action Network (SOMCAN), SDDT Grantee Presentation – Angelica Cabande [Discussion and Possible Action] – 20 minutes

Angelica Cabande, executive director SOMCAN presents their SDDT funded project. SOMCAN was established in 2000, is a multi-issue and multi-strategy organization that nurtures the lives of youth, families, individuals, and workers. SOMCAN works on issues such as tenant rights, community planning, environmental justice, Filipino language access and culturally competent direct services.

SDDT funded work is the Sigla Program – to improve well-being of Filipinos in SF and to address the community's chronic health issues and to improve built environmental conditions that contribute to chronic disease. The SIGLA program includes areas of:

- Leadership Development and Advocacy: where community ambassadors learned about community outreach and advocacy. The ambassadors used the skills they gained and worked on 2 campaigns for the 11th & Natoma Park and the Active Communities Plan (ACP) to provide input to MTA.
- Education and Outreach: education to community at public festivals and Bessie Carmichael Elementary School on impact of sugary drinks on the body. Yoga, dance and Siglathon (Run and Walk Event).

SDDTAC members thank Angelica for their work and loved the Siglathon video that was shared.

Public Comment:

Uzuri Pease Green- happy to see presentation and Siglathon video. Would like to connect with SOMCAN for translation services.

8. Ultimate Impact, SDDT Grantee Presentation – Rocky Beach [Discussion and Possible Action] – 20 minutes

Rocky Beach, executive director of Ultimate Impact. All staff at Ultimate Impact play a role of coaching and direct service for youth in the community. The organization's mission is to empower youth from underrepresented communities to develop confidence, teamwork, and accountability through the sport and community of ultimate. Ultimate Impact utilizes ultimate frisbee specifically in sports to engage youth and connect them with opportunities, teach them about healthy lifestyle, looking at the intersection of youth, development and sports.

Ultimate Impact was launched in 2016 and is now in over 30 schools in the Bay Area and populations served are in alignment with the SDDT priority populations. Ultimate Impacts goals include:

- Building lasting relationships with youth and their families
- Support youth in learning about and leading healthy lifestyles
- Teach and foster leadership and important life skills on and off the field
- Connect youth with resources, friendships, networks, and opportunities

SDDT funding supported healthy lifestyle programming for almost 2,000 youth in 2023-2024. The funding also helped to launch weekly programs at new schools: James Denman Middle School and Malcolm X Academy Elementary School.

SDDTAC members thank Rocky for his presentation and fostering teamwork and confidence for youth. Does Ultimate Impact hope to expand? Rocky responds, yes

Does Ultimate Impact have other sources of funding? Rocky responds yes, we have a diversity of funding sources and a donor base.

9. BREAK – 5 minutes

10. People's Budget Coalition Addback Funding Concerns, Anya Worley-Ziegmann, People's Budget Coalition [Discussion and Possible Action] 15 minutes

Staff welcomes Anya to the SDDTAC meeting and shares that the health department is awaiting instructions from the Mayor's Office on the Board of Supervisors addback dollars added to the city budget after the original cut from the Mayor's Office. DPH is waiting on instructions in order to move forward with the SDDT contracts that are on hold.

Anya Worley-Ziegmann, Coalition Coordinator of the People's Budget Coalition. The coalition have nearly 150 members which include non-profits, and labor unions. The People's Budget Coalition is here to SDDT grantees that they are here to support and see the SDDTAC recommendations fully filled. The coalition is to support community members to understand the city budget process.

She is presenting to explain the city budget process. In December 2023, the Mayor issued instructions that city departments would have to cut their budgets by at least 10%. Initially the health department did not identify the SDDT as a potential cute source. By the time the Mayor's

San Francisco Department of Public Health

Dr. Grant Colfax
Director of Health

City and County of San Francisco
London N. Breed
Mayor

budget came out, the Mayor did choose to cut from the SDDT budget recommendations, which has not happened before, as this has been a source of targeted funding. The People's Budget Coalition would like to push back against one narrative that was coming out of the Mayor's Office, there was roughly \$10Mil from SDDT and that the Mayor was reducing the recommendations of SDDTAC in order to fund more HSA food programs. The coalition is pushing that back to say that the Mayor can point to anything that is funded in the city budget and say that the SDDT are going to do that. However, the coalition found out that if HSA food programs are also getting cut and the commissions are getting cut, the funds are not going to either of these programs when the funds are being cut. Wherever in the budget, the budget is increasing at the City Administrator's Office, the Police and Sherriff's Departments.

At the Board of Supervisor's meeting, every supervisor across the Board indicated how much they support SDDT and to get the funds back through add back dollars. However, all of the add back funds have been put on a complete pause until December. This was funding that was restored to keep existing programs running. The People's Budget Coalition will be having a rally on 9/25/24 at 12pm to advocate for the entire people's budget, to add back funds to get out the door as programs are at risk of shutting down and the loss of staff. The coalition will be there as a source of information.

<https://forms.gle/TGGaLwcC2dHLSd6J9>

SDDTAC member noted that a quote was added from the SDDTAC chairs in the coalition's press release.

SDDTAC member asked what SDDTAC can do to support? Anya responded that it will take people power and speaking with media and organizing together.

SDDTAC member asked what does this mean with an election year? Anya responded that she will fund things that the Mayor wants to get funded.

Public Comment:

Uzuri Pease Green, C.A.R.E. - really frustrating to hear all of this. The C.A.R.E. program had to stop people from working, then dip into other funding to pay staff who already have done the work and is still doing it. We can't even go to the rallies to support because we have to be there for the community and support despite the promise of "I'll pay you in December" and will be we be able to be retroactively be paid since July. C.A.R.E. has worked hard to get the SDDT funding and promised people and it is affecting so many individuals. C.A.R.E. had to let staff go who was pregnant and it is just difficult.

Eleana Binder, Policy Manager at Glide – Glide is part of the People's Budget Coalition. Grateful that Glide was to be part of the PSE SDDT grant program to address chronic disease in the Black community. Still unclear on the future of the grants and understand that the SDDTAC is supportive of the intent of the SDDT funds and work. We want to make sure the funding comes out into the

San Francisco Department of Public Health

Mayor

community to realize the vision that the SDDTAC has and the original intent of the SDDT funds.
Thank you.

Colleen Rivecca, TNDC - showing solidarity and support and thanks and appreciation for having this conversation and the SDDTAC thoughtful recommendations. Upsetting to hear that the Mayor was pitting food programs against each other, as an excuse for sort of marking these cuts, which make no sense more palatable. And also the Mayor noting that some of the contracts were underperforming, which are not true. Repeatedly having to advocate is frustrating.

Vanessa Bohm, CARECEN – Absolutely devastating that the organizations that received funding, oral health taskforces. Once you take away the funding, they disappear and they don't come back. So the years that have been invested in addressing community health issues just go down the drain. It's devastating and disheartening to do the advocacy in June and July and this is where we are now. Hopeful that we can organize and really share the message that soda tax funding was meant to go directly to the community, this is what voters wanted, what community members wanted and we have to remind the Mayor that is the intent of the soda tax and not to increase the budget of other things.

11. Review of Questions on Reporting for HSA SDDT Funding [Discussion and Possible Action] – 20 minutes

Michelle Kim shares and reviews HSA reporting questions created initially at the Infrastructure subcommittee. There are a lot of questions the SDDTAC would like to know and have created these questions to be forthcoming and have specific questions for HSA when they report to the SDDTAC. The question categories include: HSA budget overview, food security/access, Request for Proposals Process and Reporting.

SDDTAC member asked if HSA budget includes labor costs? Staff will include that as part of the questions. Staff will ask DPH food security staff on who we can connect with at HSA.

SDDTAC chair adds with the iteration of the questions, she can include an introductory that includes history of the soda tax, the intention of the soda tax and what has been done, etc.

SDDTAC member asks if these funds are already in HSA's budget and it is not premature to ask them these questions, do they have a plan? Staff responds that it should be in their budget and we shouldn't have to wait.

SDDTAC members asks we believe the reason that HSA is receiving this much funding from soda tax is because it is the agency that provides the most funding for food assistance, or are there underlying political influences between HSA and the Mayors office? Staff respond that around food security in the health department, millions of dollars (food vouchers and other funding) to address inequities in food security as well as the impact that food insecurity has on people's health. That is how the health department is doing food work different from HSA food work.

SDDTAC member notes that the chairs have reached out to Shalini Rana, Mayor's Health Policy Advisor around questions regarding HSA but have yet to hear back.

Public Comment:

Anya Worley-Ziegmann – The People’s Budget Coalition has observed the Mayor making cuts to the budget is that she went over every general fund revenue source, so that’s why the SDDT was targeted for cuts. Cannot speak to why HSA would be chosen to receive SDDT funds instead, but hopefully that is a helpful framing from the coalition, and that SDDT funds are not legally required to be spent on a specific purpose and looks like it will be a general trend. Super thoughtful questions and looking forward to what HSA has to say.

12. Subcommittee Update [Discussion and Action] 10 minutes

- a. Co-Chair Update - Waiting to hear back from someone from the Mayor’s Office regarding the BOS add back dollars; added some language to the press release of the People’s Budget Coalition; looking at elections this year as some counties are having conversations to possibly having a dedicated soda tax and not in the general fund.
- b. Infrastructure - Review of HSA reporting questions and next meeting is October 21st.
- c. Community Input – Did Not Meet
- d. Data & Evidence – Reviewed HSA questions, discussed how to market/communicate the work of the SDDT grantees, to create a one-page impact slide; SDDTAC info as part of the Shape Up SF Coalition newsletter; subcommittee approved SDDT 2024 Data Brief

13. Committee Member Proposed Future Agenda Items [Discussion and Possible Action] – 5 minutes

	Budget Descriptions
COMMUNITY-BASED GRANTS	City Departments should contract directly with CBOs through an RFP process managed through the Community Health Equity and Promotion (CHEP) Branch of the Department of Public Health. CBG should support community-based programs and services that address the health inequities of those most targeted by the beverage industry. Funding should go to Community Based Organizations (CBOs) and Faith Based Organizations (FBOs) for the following strategies:
Health education, food security, physical activity	<ol style="list-style-type: none"> Health Education activities including, chronic disease prevention, healthy eating and active living, tap water promotion, oral/dental health Physical Activity opportunities, including: a) Dance and movement, sports, yoga, walking groups, biking, etc.; b) Changes to the built environment (ie sidewalks, streets, parks, buildings, etc) or safety of the built environment that facilitates increased physical activity and active transportation); and Food Security, including: a) Community-based pantries, community-based hot meals, community kitchens and community home delivery services; b) Increased financial resources (i.e. wages, income, government nutrition supplements, vouchers, etc.); c) Changes to the built environment that facilitate food security; and d) Pursuit of institutional or local policies that facilitate food security; and e) Food Access, including community-based food systems, approaches, community-based pantries, community based hot meals, community kitchens and community home delivery services, etc. Water Promotion, such as support for Spa Water Supplies, station maintenance/beautification, refillable water bottles to distribute to communities, water testing Community Based Participatory Research
CBOs working with SFUSD	Recommend 3% of all CBO funding should go towards CBOs implementing programs/initiatives that take place in school settings. Funding to issue grants to CBOs should follow the above guidelines.
SFUSD	
School Food, Nutrition Ed	To improve the quality and appeal of school meals and support nutrition education to increase participation in school meal programs (for example: cooking and serving equipment, staff professional development, and innovative procurement and menu strategies to increase freshly prepared food). Funding will target schools with the largest populations of high-risk students that are disproportionately targeted by the sugary drinks industry.
Student Led Action	Support student led efforts to decrease consumption of sugary drinks and increase awareness of sugary drinks consumption among students, with focus on schools with the largest populations of high-risk students that are disproportionately targeted by the sugary drinks industry. SFUSD should provide to SDDTAC a proposal of how funding will be spent through student led action. Funding to also support adequate staffing for implementation.
FOOD ACCESS	
Healthy Food Purchasing Supplement	Support programs that increase financial resources to purchase healthy food such as vouchers and food purchasing incentives. These funds should be RFPed out to CBOs and FBOs. Funding should support programs and services that increase financial resources to purchase healthy food; access to healthy fruits and vegetables while minimizing processed foods for high-risk communities; foods that are affordable and convenient; and programs that support the consumption of healthy foods including the ability to prepare and store meals and the knowledge of basic nutrition, food safety and cooking. Priority programs should incorporate a community-based food security perspective and have demonstrated increased ability to food insecure residents to purchase, access, and consume consumption of healthy, fresh, low-to-no-

	cost and culturally appropriate foods, including but not limited to food vouchers/incentives, transportation and delivery and prepared foods.
Healthy Retail	Supporting small business to increase healthy food access in high risk and impacted communities and neighborhoods by: 1) supporting business operations; 2) promoting community engagement; and 3) improving the retail environment.
ORAL HEALTH	
Community task forces	Support development of community infrastructure such as oral health community task forces that incorporate diverse stakeholders for outreach, education, and interventions to address the oral health needs of children in high risk populations.
School-based sealant application	Support SF DPH oral health staff providing cavity-preventing sealants to high risk populations within SFUSD schools. Sealants protect the chewing surfaces of teeth from cavities. Over 80% of cavities are on the chewing surfaces of the back teeth. There is a direct relationship between sugary drink consumption and dental cavities.
School-based education and case management	Support dedicated SFUSD oral health staff to implement school-based oral health preventive education and dental care coordination programs within SFUSD schools serving high risk target populations. SFUSD oral health staff are key partners in CavityFree SF, SF's local oral health coalition.
INFRASTRUCTURE	
Marketing/Promotion/Outreach	<p>Funds to DPH/CBOs/Private media firms to support media and communications that include:</p> <ul style="list-style-type: none"> A. Grassroots, community-driven awareness campaigns about the intent of the SDDT and the impact of the allocated funds B. City-wide communications campaign highlighting the impact and importance of the SDDT C. Communications materials for merchants D. Communicate the harmful impact of sugary drinks and healthy alternatives <p>Examples include community-driven, messaging, print, online, and social media campaigns. This also include regular communication to SF Board of Supervisors, Mayor's Office, Board of Education and other elected officials via newsletters and other mechanisms.</p>
Evaluation, Research, Data Support and Capacity Building	<p>Professional services:</p> <ul style="list-style-type: none"> Technical assistance for funded CBO and FBO Evaluation to develop framework and evaluate city agencies, CBO and FBO, and process evaluations from applicants, etc. City attorney to provide ongoing technical consultation Project management agency to offset fiscal intermediary costs <p>Materials/Supplies for meetings and printing costs Data for collection (pricing), analysis (Nielsen) and purchase (IRI) Capacity Building for SDDT initiative City Attorney Consultation Infrastructure Staffing</p>

*The Board of Supervisors made a series of addbacks in the FY 17-18 budget. When the Board of Supervisors makes changes to the Mayor's budget, some of these changes are "addbacks" denoting the Board's decision to add funds back for a particular service. Addbacks become part of an agency's baseline budget.
